Re: Request for Access to Records
Freedom of Information and Protection of Privacy Act (FOIPPA)

I am writing further to your request received by the Ministry of Health. Your request is for:

A spreadsheet that shows by year, from 1998 until the end of 2019, how many living peoples applications for MSP Enrollment were destroyed and are no longer stored by any means. Also, a spreadsheet by year from 1998 until the end of 2019, that shows how many joint applications by living people for MSP were destroyed and are not retrievable by any means. Finally, documentation that shows how many people were able to receive MSP without having to follow the Act because of COVID-19, such as waiving the 3 month waiting requirement. As well, all copies of documentation required for an employer and employee to follow so they do not have to pay MSP for an individual who has opted out of MSP.

In response to your follow up for “the copy of your original application for enrolment on BC medical that shows your signature” we reviewed your past FOI requests to the Ministry of Health (HTH-2016-60591 and HTH-2016-61006). We see that you requested for similar information before and we confirm that a comprehensive search was completed in both cases and the record you are seeking no longer exists.

Please note that the Ministry retains MSP applications per the legislation requirements, that is current year + 7 years. Considering your original application was made 20 years ago, all the paper records are destroyed according to the retention schedule.

As requested, please find enclosed a printed copy of the records located in response to your request.

If you have any questions regarding your request, please contact Sindhuja Dasarathi, the analyst assigned to your request, at 236-478-0427. This number can be reached toll-free by calling from Vancouver, 604 660-2421, or from elsewhere in BC, 1 800 663-7867 and asking to be transferred to 236-478-0427.

You have the right to ask the Information and Privacy Commissioner to review this decision. I have enclosed information on the review and complaint process.

Sincerely,

BC Government Secure File Transfer Service

Information Access Operations Ad-Hoc User Guide

Introduction

The purpose of this document is to provide the basics skills required to use the Secure File Transfer Service (SFTS) as a temporary user (also known as ad-hoc). Your account has limited functionality and can only be used to receive files from an authorized BC Government user.

How to Log on to the Service

As a temporary user of the SFTS, you must be invited to use this service by being a recipient of a sent package from an authorized user. The first time a BC Government user has sent a package to you, you will receive a welcome email notification with a temporary password to set up your account and a link to the service.

Note that your temporary account's username is your email address. The password is a temporary one and will need to be changed upon the first login.

Home Screen

Once you are successfully logged in, you will see the Home screen with your records package in your Inbox. To download your records, simply click on the records package and then click on the Download button beside the file(s). You will be able to download the package up to five times and all packages will expire 35 days after being received.

Troubleshooting

Your temporary SFTS account has an expiration timer of 7 days, unless the account is logged into again or receives a new package. After a further 7 days after your account has been marked as expired, it will be deleted. You will need to have a new ad-hoc account created by being re-invited to the service.

Passwords expire after 90 days. If you have forgotten your password, but your account is still active, you can use the "Request a password change" link on the Login page. An email will be sent to you providing you the URL to confirm the password change.

If you encounter technical issues with the service, please call the technical support line at 250-387-7000 and select option 3. You will need to advise the representative that you are requesting assistance as an ad-hoc user of the BC Secure File Transfer Service.

<p>How to Request a Review with the Office of the Information and Privacy Commissioner</p>
