Re: Request for Access to Records
Freedom of Information and Protection of Privacy Act (FOIPPA)

I am writing further to your request received by the Ministry of Health. Your request is for:

Please provide all of the documents, data and analyses in the possession of Dr. Bonnie Henry, or to which she has access in the files and records of the Ministry which support the following conclusions: younger children are much less likely to get infected; younger children are much less likely to pass it on to others; older children ... often do not get severe infection; older children are able to pass it on to each other. All records which suggest caution against, or do not support, the following conclusions: younger children are much less likely to get infected; younger children are much less likely to pass it on to others; older children ... often do not get severe infection; older children are able to pass it on to each other. A list of scholarly publications whether peer reviewed or not which have studied the impact of spring 2020 school closures on reducing the spread of Covid-19 from any jurisdiction. Records that relate to summer camping experience and the spread of Covid-19 among children. Any public statements, press releases or other method used to retract or clarify the quoted public statement which have been communicated to British Columbians since July 29, 2020.

These records are provided to you in their entirety.

Your file is now closed.

The records located in response to your request will be delivered through the BC Secure File Transfer Service. Separate emails will follow from the BC SFT Notification Service directing

BC Government Secure File Transfer Service

Information Access Operations Ad-Hoc User Guide

Introduction

The purpose of this document is to provide the basics skills required to use the Secure File Transfer Service (SFTS) as a temporary user (also known as ad-hoc). Your account has limited functionality and can only be used to receive files from an authorized BC Government user.

How to Log on to the Service

As a temporary user of the SFTS, you must be invited to use this service by being a recipient of a sent package from an authorized user. The first time a BC Government user has sent a package to you, you will receive a welcome email notification with a temporary password to set up your account and a link to the service.

Note that your temporary account's username is your email address. The password is a temporary one and will need to be changed upon the first login.

Home Screen

Once you are successfully logged in, you will see the Home screen with your records package in your Inbox. To download your records, simply click on the records package and then click on the Download button beside the file(s). You will be able to download the package up to five times and all packages will expire 35 days after being received.

Troubleshooting

Your temporary SFTS account has an expiration timer of 7 days, unless the account is logged into again or receives a new package. After a further 7 days after your account has been marked as expired, it will be deleted. You will need to have a new ad-hoc account created by being re-invited to the service.

Passwords expire after 90 days. If you have forgotten your password, but your account is still active, you can use the "Request a password change" link on the Login page. An email will be sent to you providing you the URL to confirm the password change.

If you encounter technical issues with the service, please call the technical support line at 250-387-7000 and select option 3. You will need to advise the representative that you are requesting assistance as an ad-hoc user of the BC Secure File Transfer Service.

<p>How to Request a Review with the Office of the Information and Privacy Commissioner</p>
