**Re: Request for Access to Records
*Freedom of Information and Protection of Privacy Act (FOIPPA)***

I am writing further to your request received by the Ministry of Health. Your request is for:

Yesterday (March 2, 2021) Dr. Bonnie Henry at the press briefing, said re Covid 19, "the older you are, the higher the risk", and "we are following the science of vaccines." She also said that "First Nations (vaccinations) was a priority of mine". The FNHA has said, and both Minister Dix and Dr. Henry have indicated that with respect to First Nations, "they are committed to a whole of community approach", wherein all members of First Nations communities vaccinations will be a priority. I am seeking documents (studies, scientific data or other medical evidence), that the government possesses and/or relied upon to prioritize all First Nations members (including young adults over 18), before others, particularly seniors (who are at higher risk). To put it simply, I want to know the scientific basis for this prioritization. I do not require general information about the real challenges faced by First Nations Communities in BC. (Date Range for Record Search: From 3/1/2020 To 3/3/2021)

Some information has been withheld pursuant to sections 15 (Disclosure harmful to law enforcement), 17 (Disclosure harmful to the financial or economic interests of a public body) and 22 (Disclosure harmful to personal privacy). Section 15 was applied primarily to login information under subsection (1)(L). Section 22 was applied to personal contact information. A complete copy of FOIPPA is available online at:
