**Re: Request for Access to Records
Freedom of Information and Protection of Privacy Act (FOIPPA)**

I am writing further to your request received by the Ministry of Health. Your request is for:

Records regarding how many professional health care staff were employed prior to October 2021 (nurses, paramedics, doctors) and how many remained employed after the March 24th, 2022 deadline of having to be vaccinated against covid? This includes nurses, paramedics, and doctors. And of the employed nurses, paramedics and doctors, how many have just the two required doses against covid compared to the number of having the required two doses and minimum of one booster? These numbers I seek are for British Columbia only. (Date Range for Record Search: From 9/1/2021 To 6/4/2022)

These records are provided to you in their entirety.

Numbers are not provided for paramedics or doctors, as those records are held by the College of Physicians and Surgeons (for doctors) and BC Emergency Health Services (for paramedics) please reach out to those areas for these records.

Your file is now closed.

These records will be published on the BC Government's Open Information website a minimum of ten business days after release. To find out more about Open Information, please access the Open Information website at: www.gov.bc.ca/openinformation
