I am writing further to your request received by the BC Public Service Agency. Your request is for:

All records, including coverage policies, internal employee policies, plan documents, agreements, or similar records, relating to coverage provided to any government employees for the treatment of multiple sclerosis, including information about any pharmaceutical treatments available. (Date Range for Record Search: From 1/1/2024 To 7/10/2024)

These records are provided to you in their entirety.

There are medications covered under the extended health benefit plan for BC Public Service employees for Multiple Sclerosis such as Ocrevus IV Solution (which may also be covered under the provincial plan called BC Pharmacare which is available to all residents of BC), Kesimpta (prior authorization required) and Copaxone. See the MyHR website link below for the employee information on the benefit programs. Canada Life administers the extended health plan for BC Public Service employees according to the attached extended health plan documents.
