**Re: Request for Access to Records**  
***Freedom of Information and Protection of Privacy Act (FOIPPA)***

I am writing further to your request received by the Ministry of Transportation and Infrastructure. Your request is for:

*Copies of all planning and works done relating to highways, roads and paths crossing Whistler Creek at Creekside, Whistler and alterations of the route of Whistler Creek. This is especially with respect to the change from logging roads to a gravel road to Whistler by circa 1965 which was again altered on more than one occasion to become the present Highway 99 and to London Lane which is a road coming off the main route. London Lane appears to be a combination of a portion of two District Lots DL5316 and DL7176. (Date Range for Record Search: From 01/01/1920 To 04/30/2018)*

Please find enclosed a copy of the records located in response to your request. These records are provided to you in their entirety.

The Ministry has added the following statement: "As the request is over a 98 year date range, a complete and thorough search was completed through historical files, however no responsive historical records were found related to this request."

Your file is now closed.

These records will be published on the BC Government's Open Information website a minimum of five business days after release. To find out more about Open Information, please access the Open Information website at: [www.gov.bc.ca/openinformation](http://www.gov.bc.ca/openinformation)
