Re: Request for Access to Records
Freedom of Information and Protection of Privacy Act (FOIPPA)

I am writing further to your request received by the Ministry of Transportation and Infrastructure. Your request is for:

All Non-Conformance Reports (NCRs) issued by the MOT to AIM Roads, Highways Service area 8 and AIM Roads Highways Service area 13 (Date Range for Record Search: From 4/1/2019 To 7/20/2020)

Some information has been withheld pursuant to section 22 (Disclosure harmful to personal privacy) of FOIPPA. A copy of this section of FOIPPA is provided for your reference. A complete copy of FOIPPA is available online at:

http://www.bclaws.ca/civix/document/id/complete/statreg/96165_00

The Ministry has advised:

- Within the Highway Maintenance Agreements, Contractors have the main responsibility for ensuring quality of services. Contractors are required to manage the work in accordance with the Contractors Quality Management System and maintain records to demonstrate compliance with the Agreement. This includes performing internal quality control and a quality assurance on their processes to ensure they provide quality services. They must continually review the

effectiveness of their program and make adjustments to their Quality Management System as a result of these revisions.

- In order to objectively assess the quality of the work delivered by Maintenance Contractors, the Ministry of Transportation and Infrastructure has implemented its own Quality Plan. The main objective of the Highway Maintenance Quality Plan is to confirm, through monitoring and auditing of the contractors performance in the field and through office documentation that the Contractor is meeting the Contract Requirements of the Highway Maintenance Agreement. Systematic monitoring and auditing activities are conducted by Ministry staff at the local and provincial levels, the results of which are used to support the assessment of the Contractor's performance.
- The Ministry of Transportation and Infrastructure's (MoTI) Highway Maintenance Quality Plan and the Contractors' Quality Management System work together to ensure Contractors are meeting or exceeding the requirements of the Highway Maintenance Agreement.
- Where areas of non-performance are not addressed through the contractors Quality Management System the Ministry may issue a Non Compliance Report whereby the contractor is given formal notice to remedy the issue, investigate the root cause and implement a corrective action to prevent reoccurrence.

Your file is now closed.

The records located in response to your request will be delivered through the BC Secure File Transfer Service. Separate emails will follow from the BC SFT Notification Service directing you how to set up an account and where to obtain your records. A guide for using the SFTS is enclosed for your convenience.

These records will be published on the BC Government's Open Information website a minimum of ten business days after release. To find out more about Open Information, please access the Open Information website at: www.gov.bc.ca/openinformation

If you have any questions regarding your request, please contact me at 778 698-2373. This number can be reached toll-free by calling from Vancouver, 604 660-2421, or from elsewhere in BC, 1 800 663-7867 and asking to be transferred to 778 698-2373.

You have the right to ask the Information and Privacy Commissioner to review this decision. I have enclosed information on the review and complaint process.

Sincerely,

BC Government Secure File Transfer Service

Information Access Operations Ad-Hoc User Guide

Introduction

The purpose of this document is to provide the basics skills required to use the Secure File Transfer Service (SFTS) as a temporary user (also known as ad-hoc). Your account has limited functionality and can only be used to receive files from an authorized BC Government user.

How to Log on to the Service

As a temporary user of the SFTS, you must be invited to use this service by being a recipient of a sent package from an authorized user. The first time a BC Government user has sent a package to you, you will receive a welcome email notification with a temporary password to set up your account and a link to the service.

Note that your temporary account's username is your email address. The password is a temporary one and will need to be changed upon the first login.

Home Screen

Once you are successfully logged in, you will see the Home screen with your records package in your Inbox. To download your records, simply click on the records package and then click on the Download button beside the file(s). You will be able to download the package up to five times and all packages will expire 35 days after being received.

Troubleshooting

Your temporary SFTS account has an expiration timer of 7 days, unless the account is logged into again or receives a new package. After a further 7 days after your account has been marked as expired, it will be deleted. You will need to have a new ad-hoc account created by being re-invited to the service.

Passwords expire after 90 days. If you have forgotten your password, but your account is still active, you can use the "Request a password change" link on the Login page. An email will be sent to you providing you the URL to confirm the password change.

If you encounter technical issues with the service, please call the technical support line at 250-387-7000 and select option 3. You will need to advise the representative that you are requesting assistance as an ad-hoc user of the BC Secure File Transfer Service.

<p>How to Request a Review with the Office of the Information and Privacy Commissioner</p>
