**Re: Request for Access to Records  
Freedom of Information and Protection of Privacy Act (FOIPPA)**

I am writing further to your request received by the Ministry of Transportation and Infrastructure. Your request is for:

*Copies of any engineering or construction related documents, reports, design drawings, or information on the construction of the Glasgow-Murray Overpass Construction Project. In particular, the geotechnical information (borehole logs, geotechnical reports, topographic surveys and design drawings) for the north end of the overpass (i.e., north abutment), where the bridge deck intersects with 1st Ave. Relevant geotechnical information may also exist as part of projects that involved updates or repair works done to the bridge since construction was completed, and/or update / repair works performed close to the intersection of Glasgow Ave and 1st Ave. The date range is an estimate to ensure that the investigation and construction period for the bridge is included. We think the bridge was constructed in 1973. (Date Range for Record Search: From 1/1/1970 To 12/31/1974)*

These records are provided to you in their entirety.

Your file is now closed.

These records will be published on the BC Government's Open Information website a minimum of ten business days after release. To find out more about Open Information, please access the Open Information website at: [www.gov.bc.ca/openinformation](http://www.gov.bc.ca/openinformation)

The records located in response to your request will be delivered through the BC Secure File Transfer Service. Separate emails will follow from the BC SFT Notification Service directing you how
