Student Aid BC DataWarehouse, as of February 2018

Notes :

1. Average Unmet Need represents the difference between a student's Assessed Need and Total Award (Unmet Need = Assessed Need – Total Award). The average calculation includes all students receiving Student Financial Aid funding, includes students with no Unmet Need (Unmet Need = \$0), and treats any negative values as equal to \$0.
2. Historical reports may show variance relating to Average Unmet Need. Over time, the calculation used to report Average Unmet Need has altered. In addition, applicant data can be reassessed which can impact the award and therefore the unmet need calculation.
