Subject: BC Coalition to End Youth Homelessness Meeting: Attendance Requested

Dear Government Partners,

Today I am reaching out for your support on a significant issue that we can and must address in British Columbia: Youth Homelessness. I am also requesting that you or a senior representative of your Ministry join us on Wednesday, May 23rd in Vancouver to participate in our first in-person meeting as a first step in ending youth homelessness. We are asking for each of 10 key Ministries to identify a senior representative (Minister, Deputy Minister, ADM) to join youth, service providers and representatives from other Ministries for this provincially-supported event.

This issue is close to my heart as a young person who began experiencing the trauma of homelessness as a permanent ward of the government. Before the age of 19, I went through 28 different moves in the foster-care system where I toted all my belongings in garbage bags. When I aged out, I ended up living on the streets of Kamloops. My life touched all the ministries including health, mental health, public safety, social development, education and post-secondary. My trajectory of healing and out of homelessness was based on the support of your government to find a way home, which included more than the bricks and mortar.

Today I reach out to you as a young person with lived expertise of youth homelessness. The need is urgent and we must respond as we all have a responsibility and role to play in ensuring every youth has a way home. If one government ministry takes on the role of mom and dad,

we need all the other ministries to be aunties and uncles, community to be sisters and brothers, and the private sector to be cousins. We need to be family for those youth who have none. Young people are dying without a home and there is an urgent need to develop the services they need to be successful. I know firsthand the change that can be made when young people's potential are invested in, they will dedicate their lives to making a difference in others' lives. Youth with lived experience have the solution and we need you to listen.

In 2017, we founded BC Coalition to End Youth Homelessness which now includes more than 25 agencies from across BC and is growing every day to ensure geographic and service diversity and Indigenous representation. Our purpose is to develop a provincial plan to end youth homelessness with strategies for prevention, supports, housing, and information-sharing.

In February 2018, I had the opportunity to meet with Minister Robinson and Minister Simpson to share our strategy to develop a provincial plan to end youth homelessness. Funding was provided with the assistance of the Homeowner Protection Office, branch of BC Housing, to support us to bring together youth, BC communities, and inter-ministerial government partners to co-create priorities for a provincial plan to end youth homelessness. Please see details and deliverables on our attached one-pager.

We ask you to stand with us rooted in action to end youth homelessness in BC. Together we can make a difference in the lives of young people who are the future of our province.

Warm Regards,

Subject: BC Young New Democrats Policy Town Hall Speaker Request

Hello Melanie Mark

The BCYND is planning to host a town hall near the end of May in the Lower Mainland. The topic of discussion would be on affordability and costs of living, especially pertaining to the youth of the province. For example, reducing ferry rates for youth under 25, making prescription medication free for youth under 25, creating youth ICBC rates, etc.)

We are wondering if you might be interested in attending the town hall as one of our primary speakers?

We are very impressed by and excited about the work you've done to make tuition free for youth out of care. This policy directly impacts a group of young people who truly need it.

The overall intent of our townhall is to get our membership thinking about possible policies to address the problem of affordability for young people.

This is our draft structure for the event:

- Introductions and welcome
- Panelists speak for 10min/each
- Q&A for panelists
- Round table discussions among attendees
- Conclusion

We as the YND executive would then use the information and ideas that are created to craft meaningful policies for the YND to pass at our next convention.

We hope to host this event near the end of May and we would confirm a date and location based on the availability of yourself and another speaker.

We would much appreciate your assistance with creating meaningful policy to assist the youth of BC.

Subject: Follow-up from meeting at TRU

Dear Christian,

Please accept this quick follow-up to our very brief introduction at the Health and Population Health Building announcement at Thompson Rivers University last Thursday. As I mentioned, our parent company, Maple Leaf Educational Systems, has been delivering the BC high school program at our schools in China since 1998, as the first BC offshore school and now the largest offshore school system. Our schools in China currently have about 8000 high school students registered as BC students and has graduated over 10,000 student since 1999 with approx. 70% of those coming to Canada for their post secondary studies.

In 2016 we established the Canadian subsidiary company with a mandate to open schools in Canada and eventually in the US. We are using a 'university school' model - university preparatory academic programs co-located on university campuses. The location of our schools on university campuses underscores for our students the academic, university preparatory focus of our schools and gives them access, through our space and services agreements, to university level libraries, science and technology labs, advanced dual credit courses and the many extra curricular opportunities on campus. At the same time, our school space on campus is removed from the general flow of the university students to provide a safe and highly identified school environment.

s.21

I would be happy to meet with you in Victoria at your convenience to discuss this in more detail to see if a suitable compromise can be reached.

Best regards

Dawn

Good Afternoon,

Could you please forward this to the correct person in the Ministers office and/or the regional director of the Peace Region?

Many thanks,
Carolyn

Good Afternoon,

Sponsorship request for ACUNS – a national student conference: November 1-3, 2018

My name is Carolyn Gibson and I am a PhD student at the University of Guelph studying Arctic ecology in the NWT. I am also the Co-Chair for the Association of Canadian Universities for Northern Studies (ACUNS) 2018 Student Conference, which will be held at the University of Alberta in Edmonton, Alberta from November 1-3, 2018. The theme of the conference is *Landscapes of Northern Knowledge: Peoples, Animals, and Environments* and is open to participants researching in all circumpolar northern countries. We expect around 150 students to attend from across Canada and internationally. We also expect many participants who work in the northern parts in British Columbia!

We are currently seeking sponsorship for the conference and I am writing to you in the hope that your company may be interested in providing support. Specifically, I would like to ask if you would consider sponsoring the costs of lunch for the participants for one day and support our student travel grant program, as a gold sponsor. As a lunchtime sponsor, your logo and information would be displayed and featured during the meal. Further details of sponsorship levels can be found in the attached Sponsorship Package.

The ACUNS Student Conference was established in 2003 in order to increase awareness of northern research and to provide the opportunity for emerging northern scholars from Canada and around the world to gather and discuss some of the most pressing issues facing the North today. This conference is organized by and for graduate students, with the goal of facilitating dialogue and advancing ideas amongst the next generation of northern leaders. Our aim to find solutions to environmental challenges aligns with that of the Ministry of Environment and Climate Change Strategy.

More generally, your support of this conference will:

- Help facilitate dialogue between graduate students on the topics of northern research;
- Allow graduate students to develop networks and gain experience in presenting research;
- Encourage discussion of creative solutions to current and future challenges facing the communities, societies and environments of the North

In previous years, sponsorship has been key to the success of the ACUNS conferences. The conference's track record of bringing together young northern researchers from around the world, makes this conference special and your support will help us to organize and host what we hope will be an outstanding event in Edmonton.

Thank you for taking time to consider sponsoring this conference. I would welcome the chance to speak with you about the conference and about sponsorship opportunities. I have attached a copy of our sponsorship information that provides more details about the conference. Please feel free to contact me at this email.

I look forward to your reply.

Sincerely,

Carolyn Gibson

Subject: Kwantlen Student Association meeting request

Good morning,

I am reaching out to you on behalf of the Kwantlen Student Association, the organization representing students at KPU. This May marks one year since the adoption of sexual violence and misconduct policies at public institutions in BC. Our president, Caitlin McCutchen, would love the opportunity to discuss our students' experiences with the policy so far, and student priorities going forward.

We will be in Victoria on Monday, May 7th, and would love to meet with you then if you are available. We are also always available to meet in Surrey later on when parliament is not in session, or whenever you are on the mainland. We are also able to arrange to travel to Victoria at a different date. Please let me know if there is a time that would work for you, and we can arrange a meeting.

Thanks so much,

MEET WITH UFCW 1518

Hear our poverty reduction plans to create caring communities

Dear Minister Mark

UFCW 1518 represents some 22,000 members across British Columbia in the retail, industrial and community health sectors. We improve quality of life for our members and their communities by standing together to fight for fairness.

UFCW 1518 members will be in Victoria on May 15, 2018, to meet with MLAs in order to discuss poverty reduction strategies that will help create more caring communities. Working together we can improve the lives of our most vulnerable community members in critical areas, such as rental housing, health care, health and safety on the job and workplace fairness.

I hope your busy schedule will allow you to meet with our members. Stefan Nielsen from our office will be following up to schedule a meeting at your convenience.

Sincerely,

Ivan Limpricht, President
UFCW 1518

Dear Minister,

In follow up to our recent correspondence with your office, we request a meeting during the week of May 7-10 in Victoria with myself and Don Prittie, President of Boating BC Association.

In response to our initial letter dated March 1, 2018, we have been contacted by the ITA and are working to resolve our current training issue – although progress has been slow. The recreational boating industry in BC employs 17,000 full-time individuals and contributes in excess of \$2.2 billion to the provincial economy annually. Despite this significant economic contribution, and a 30% growth rate in the last five years, our industry does not easily fit within the ITA's formula for program development. Comprised of small and medium sized business in coastal and inland communities along BC's waterways, these small centres of commerce contribute much economically, yet their number and size makes it difficult to bring training programs to market in their support.

Beyond our current training issue, we seek to meet with government officials to establish a working relationship. If you are not available to host such a meeting, we would greatly appreciate it if you could help to facilitate a meeting with members of caucus.

We look forward to your reply.

Sincerely,
Lisa Geddes

The Honourable Melanie Mark, M.L.A.
Minister of Advanced Education, Skills and Training
Government of British Columbia

Dear Minister Mark:

We are writing to inform you that the Government of Canada has launched an open [selection process](#) to fill the position of President of the National Research Council of Canada (NRC).

We are reaching out for your input and suggestions on potential candidates for this position, as well as to encourage you to share this posting with strong candidates within your network or community.

The NRC plays a unique role in Canada's science, technology, and innovation system, undertaking large-scale, outcome-oriented, and collaborative research programs that address science and innovation needs and opportunities for the country. The NRC is a significant asset for Canada, providing a national network of 3,700 experts and a national system of well-developed research centres that deliver research excellence and innovative applications of science and technology. In addition, the NRC's Industrial Research Assistance Program is well-recognized and supports thousands of small and medium-sized enterprises each year with innovation advice and financial assistance for commercialization. The NRC has a rich, 100-year history that includes the work of many Nobel laureates and countless technology success stories.

The President of the NRC is the chief executive officer of the corporation, with direction over of the work of the organization and its staff. The President reports to Parliament through the Minister of Innovation, Science and Economic Development and works closely with the NRC Council, which provides strategic advice to the organization. Among the broad responsibilities of the position, the President builds and maintains effective collaborations with industrial, university, and government partners to develop and exploit key technologies for Canada and to provide strategic analysis and leadership to integrate key players in Canada's system of innovation, thereby improving the welfare of Canadians and supporting regional and national economic performance. The President must ensure that the NRC is operating as an effective,

efficient, economical, and ethical organization that is focused on client success with an outstanding workforce and an excellent work environment.

The Government of Canada is applying a rigorous approach to Governor in Council (GIC) appointments built on an open, transparent, and merit-based selection process. This approach reflects the fundamental role that Canadians play in our democracy as they serve on commissions, boards, Crown corporations, agencies, and tribunals across the country. It results in the recommendation of high-quality candidates who truly reflect Canada's diversity and bolsters the confidence of Canadians in these important organizations.

More information on the new GIC appointment policy and how to apply to the NRC President selection process can be found on the [GIC appointments webpage](#). Interested candidates must apply online. The review of applications will begin on **May 3, 2018**.

Thank you for your assistance in this important matter.

Sincerely,

The Honourable Navdeep Bains, P.C., M.P.
Minister of Innovation, Science
and Economic Development

The Honourable Kirsty Duncan, P.C., M.P.
Minister of Science and Minister of Sport
and Persons with Disabilities

Madame la Ministre,

Nous vous écrivons pour vous informer que le gouvernement du Canada a lancé un processus de sélection ouvert visant à doter le poste de président du Conseil national de recherches du Canada (CNRC).

Nous sollicitons vos idées et vos suggestions afin de trouver des candidats potentiels pour ce poste. De plus, nous vous encourageons à communiquer cette nomination aux candidats prometteurs au sein de votre réseau ou de votre communauté.

Le CNRC joue un rôle unique dans le système des sciences, de la technologie et de l'innovation au Canada, menant des programmes de recherche collaborative d'envergure axés sur les résultats qui abordent les besoins et les possibilités du pays en matière de science et d'innovation. Le CNRC est un atout majeur pour le Canada, car il offre un réseau national de 3 700 employés spécialisés ainsi qu'un système national d'installations de recherche de pointe et qui fournissent l'excellence en recherche et les applications novatrices en matière de sciences et de technologies. En outre, le Programme d'aide à la recherche industrielle du CNRC est bien reconnu et soutient des milliers de petites et moyennes entreprises chaque année en leur fournissant des conseils en innovation et de l'aide financière pour la commercialisation. Le CNRC possède un riche passé vieux de 100 ans qui comprend les travaux de nombreux lauréats de prix Nobel et d'innombrables exemples de réussite technologique.

Le président du CNRC est le premier dirigeant de l'organisme, et il assure la direction des travaux de l'organisation et de ses employés. Le président rend des comptes au Parlement par l'entremise du ministre de l'Innovation, des Sciences et du Développement économique, et collabore étroitement avec le Conseil du CNRC qui fournit des conseils stratégiques à l'organisation. Parmi les vastes responsabilités qui incombent au président, il y a : établir et maintenir des alliances efficaces avec ses partenaires de l'industrie, du milieu universitaire et du gouvernement afin de développer et d'exploiter des technologies clés pour le Canada; fournir des analyses stratégiques et assurer le leadership afin de réunir des intervenants clés à l'intérieur du système d'innovation du Canada pour améliorer le bien-être des Canadiens en plus de soutenir le rendement économique à l'échelle régionale et nationale. Le président doit s'assurer que le CNRC est géré de façon efficace, économique et éthique, tout en étant axé sur la réussite de ses clients et doté d'un effectif hors pair et d'un excellent milieu de travail.

Le gouvernement du Canada met en œuvre une approche rigoureuse pour les nominations par le gouverneur en conseil (GC) qui s'appuie sur un processus de sélection ouvert, transparent et fondé sur le mérite. Cette approche reflète le rôle fondamental que jouent, dans notre démocratie, les Canadiens qui servent au sein de commissions, de conseils, de sociétés d'État, d'organismes et de tribunaux à travers le pays. Elle mènera également à la recommandation de candidats hautement qualifiés qui reflètent réellement la diversité canadienne, et elle permettra de renforcer la confiance des Canadiens envers ces organismes importants.

Vous trouverez de plus amples renseignements sur la nouvelle politique de nominations par le GC et sur le processus de sélection du président du CNRC sur la [page Web des Nominations par le GC](#). Les candidats intéressés doivent soumettre leur demande en ligne. L'examen des demandes débutera le **3 mai 2018**.

Vous remerciant de votre aide dans ce dossier important, nous vous prions d'agréer, Madame la Ministre, l'expression de nos sentiments les meilleurs.

Ministre de l'Innovation, des Sciences et
du Développement économique

Hello Christian,

I am reaching out today to inquire about scheduling time with folks from your ministry for leadership from the BCIT Faculty & Staff Association. We are planning on being in Victoria on Wednesday, May 30th and would really appreciate some time with DM Baskerville and any other staff your Ministry might think appropriate. Naturally we would also love to meet with Minister Mark but appreciate that her time is very limited and we will likely get to see her on her next visit to BCIT campuses.

This meeting would be to share some of the key issues facing our members and also to hear from you what is important in your work as it pertains to the 1600 members we represent in advanced education.

I look forward to hearing from you.

Dear Minister Mark,

On behalf of the Ambulance Paramedics and Emergency Dispatchers of BC, I am pleased to inform you that paramedics and dispatchers from across British Columbia will be coming to Victoria on May 9th for an advocacy day at the Legislative Assembly.

Please save the date in your calendar!

The Ambulance Paramedics and Emergency Dispatchers of BC invite you to meet with a delegation of paramedics from your region to discuss issues of concern to the profession including the ongoing opioid crisis and how we can more effectively deliver healthcare in our communities. The role of paramedicine is changing and our members are looking forward to telling you about the challenges that they face on a daily basis.

Our over four thousand (4,000) paramedics are the sole Paramedic service providers and our emergency dispatchers service almost the entire province. Our Police and Fire call takers/dispatchers provide services for 37 different agencies and take over 1 million 911 calls per year throughout the province. This year alone, our members have fielded over 550,000 calls already, making us the largest and busiest Paramedic service in Canada and one of the largest in the world. Our Police and Fire call takers and dispatchers provide service for 37 different agencies and take over 1 million 911 calls per year throughout the province.

For many years, the Ambulance Paramedics and Emergency Dispatchers of BC have worked with decision-makers to improve paramedicine in British Columbia through constructive engagement and collaboration.

Representatives from Ambulance Paramedics and Emergency Dispatchers of BC will follow up with your office with a meeting request in the coming weeks. We hope that your schedule is amenable and you are able to accept this invitation. Meetings can also be proactively coordinated with Alik Angaladian at 613-235-1400 x 249 or via email at aangaladian@summa.ca or via Meredith Logan who can be reached at 613-235-1400 x 237 or by email at mlogan@summa.ca.

If you have any questions or require any further information, please do not hesitate to contact us. We are confident that by working together we can develop pragmatic solutions to the challenges that our province's paramedics currently face. Thank you in advance for your consideration.

Dear Melanie,

I hope you are well.

I would like to invite you to speak on a Keynote Panel at the upcoming Canada Gas & LNG Exhibition and Conference taking place on 14-16 May in Vancouver at the Vancouver Convention Centre.

This is the only pan-Canadian Gas & LNG event which brings together the entire value chain from producers through to consumer countries.

The event runs over 3 days and we aim to have 300 conference delegates. We aim to have up to 1000 attendees at the event across the 3 days.

Susannah Pierce from LNG Canada recommended I reach out to you to invite you to speak on the following panel which will take place from 1245-1330 on 16th May.

12:45 Keynote Panel:

How can industry and policymakers work hand-in-hand to create a diverse workforce?

This session will close the conference with a critical discussion around how Canada can ensure that the industry builds a strong diverse and inclusive workforce.

Suggested Speakers:

Tracey Mackinnon, LNG Canada

Honorable Melanie Mark, Minister of Advanced Education, Skills and Training

Kathy Kinloch, BCIT

Senior Representative from EPC

Gary Herman, President Independent Training Authority

Chris Atchison, BC Construction Association

I have attached the conference agenda for your information.

I would be very grateful if you could confirm your availability to participate as soon as possible.

Kind Regards,

Subject: Contact - Partnership

Dear Sirs.,

The Department of International Affairs of Universidade Positivo, the main University of Southern Brazil, is looking for educational partnerships with reputable Institutions that care about promoting the best educational background for those seeking to improve their professional and personal lives.

By being in contact with Lakehead University, including a MoU signature, we discover that the Government of Canada has plans to promote among its students a program to incentive them to study abroad. For that reason, we would like to develop an educational program in partnership considering all the Universities in Canada in order to create a functional benefit to the students from both sides. Considering our boldness to offer the best for its students and your desire to promote unique experiences for your pupils, we would like to arrange a meeting at your headquarters to introduce ourselves personally and to begin to develop this cooperation that will only bring benefits to both Institutions.

Awaiting your reply.

Best regards,

Prof. Ricardo Rodrigues Rio

Hello,

You have been invited to attend the 2018 BC Community Achievement Awards taking place on **April 25th, 2018** at Government House in Victoria. These awards celebrate the spirit, imagination and dedication of outstanding British Columbians, those who raise the quality and character of their communities. You may be receiving this invitation on behalf of one of this year's recipients or because you represent the community in which they live. Recipients will be honoured during a special ceremony taking place in the presence of the incoming Lieutenant Governor of British Columbia, Janet Austin, OBC.

All information regarding the ceremony can be found on the attached pdf invitation.

However, if you have any questions, please do not hesitate to let me know — I'm happy to help. Please kindly **RSVP** by April 18th, 2018 (rsvp@bcachievement.com) should you be able to attend. If we have a mailing address for you, a formal invitation should reach you next week.

Kind regards,

Gaylean

To whom it may concern,

First of all, please allow me, on behalf of the Organizing Committee of the Youth World Cup Live Painting Competition & One Dollar for One Poor Child Charity Event, to express my sincere appreciation and gratification for your attention towards helping poor children worldwide. Thanks to your kind support, so far we have raised 396 schools-in-a-boxes, and helped over 16,000 vulnerable children around the world.

As the Organizing Committee of the 6th Youth World Cup Live Painting Competition, please kindly support us by sending us a *Greeting Letter* for the 6th Youth World Cup Live Painting Competition, which will be included in the preface of the event brochure distributed among participants from over 50 countries, as well the final winner's picture album.

The activities of the 6th Youth World Cup Live Painting Competition include:

Opening and Live Competition

August 5th, 2018 2:00pm - 6:00pm
Richmond Olympic Oval located at 6111 River Rd, Richmond, BC V7C 0A2
Awards and Closing Ceremony

August 11th, 2018 1:30pm- 6:00pm

Richmond Olympic Oval located at 6111 River Rd, Richmond, BC V7C 0A2

The 6th Youth World Cup Live Painting Competition & The One Dollar for One Poor Child Charity Event is a global charity event that is hosted by The Canada Youth Arts Development Foundation and strongly supported by UNICEF Canada. It is a global painting competition for children and youth artists ages 4 to 25 across the world. It is also a global charity event aimed to help children living in poverty worldwide. It provides a valuable platform to raise awareness for children's welfare and access to basic education worldwide. This year's theme: Friendship, Dream and Environment Protection. Successfully hosting the five times Youth World Cup Live Painting Competition since 2012. The Canada Youth Arts Development Foundation raised more than \$100,000 for "School-in-a-Box" program of UNICEF Canada. As a result, 396 Schools became a reality in the poorest areas of the world, providing educational opportunities for children living in poverty. More than 100,000 participants from 50 countries and regions made it a successful event.

It would be an honor for me to have a meeting appointment with you. We hope to get some advice from you on how to better serve the community youth through our event.

Thank you for your time and consideration. We look forward to your reply.

Dear Minister Mark,

It is my pleasure to invite you to open the annual BC Library Conference on Wednesday May 9th, 2017.

The conference opens at 5:30 pm and after a welcome by Gail Sparrow, Former Chief of Musqueam, we would welcome you to the stage to address the 350 librarians and library staff who will be present from across the province. We hope for 5 to 15 minutes of greetings and messaging from you. Conference attendees are from academic and public libraries across the Province. You will find a welcoming audience eager to hear from the Minister of Advanced Education.

I can forward any details you may need and answer any questions.
We look forward to hearing from you at your earliest convenience.

Thank you for considering the invitation. We have never invited a Minister of Advanced Education to our conference before but with the change of government our membership is eager and excited to hear from you.

I look forward to hearing from you.

Subject: BC Coalition to End Youth Homelessness Meeting: Attendance Requested

Dear Government Partners,

Today I am reaching out for your support on a significant issue that we can and must address in British Columbia: Youth Homelessness. I am also requesting that you or a senior representative of your Ministry join us on Wednesday, May 23rd in Vancouver to participate in our first in-person meeting as a first step in ending youth homelessness. We are asking for each of 10 key Ministries to identify a senior representative (Minister, Deputy Minister, ADM) to join youth, service providers and representatives from other Ministries for this provincially-supported event.

This issue is close to my heart as a young person who began experiencing the trauma of homelessness as a permanent ward of the government. Before the age of 19, I went through 28 different moves in the foster-care system where I toted all my belongings in garbage bags. When I aged out, I ended up living on the streets of Kamloops. My life touched all the ministries including health, mental health, public safety, social development, education and post-secondary. My trajectory of healing and out of homelessness was based on the support of your government to find a way home, which included more than the bricks and mortar.

Today I reach out to you as a young person with lived expertise of youth homelessness. The need is urgent and we must respond as we all have a responsibility and role to play in ensuring every youth has a way home. If one government ministry takes on the role of mom and dad,

we need all the other ministries to be aunties and uncles, community to be sisters and brothers, and the private sector to be cousins. We need to be family for those youth who have none. Young people are dying without a home and there is an urgent need to develop the services they need to be successful. I know firsthand the change that can be made when young people's potential are invested in, they will dedicate their lives to making a difference in others' lives. Youth with lived experience have the solution and we need you to listen.

In 2017, we founded BC Coalition to End Youth Homelessness which now includes more than 25 agencies from across BC and is growing every day to ensure geographic and service diversity and Indigenous representation. Our purpose is to develop a provincial plan to end youth homelessness with strategies for prevention, supports, housing, and information-sharing.

In February 2018, I had the opportunity to meet with Minister Robinson and Minister Simpson to share our strategy to develop a provincial plan to end youth homelessness. Funding was provided with the assistance of the Homeowner Protection Office, branch of BC Housing, to support us to bring together youth, BC communities, and inter-ministerial government partners to co-create priorities for a provincial plan to end youth homelessness. Please see details and deliverables on our attached one-pager.

We ask you to stand with us rooted in action to end youth homelessness in BC. Together we can make a difference in the lives of young people who are the future of our province.

Warm Regards,

Katherine McParland

Simon Fraser University's Beedie School of Business is proud to host a special evening of conversation with former Prime Minister the Right Honourable Paul Martin on how education sets the path forward in the current time of reconciliation and what we can achieve by working and investing in each other. Paul Martin initiated the ground breaking Kelowna Accord between the Federal, Provincial, Territorial governments and the First Nations, Inuit and Métis

leadership. He is also the founder of the Martin Family Initiative, a non-profit organization focused on supporting the education, health, and wellbeing of Indigenous youth and their communities. Joy Cramer, SFU Beedie's Director of Indigenous Programs, will facilitate the discussion.

The Right Honourable Paul Martin was Prime Minister of Canada (2003-2006) and Minister of Finance (1993 to 2002).

As Minister of Finance, he erased Canada's deficit, recorded five budget surpluses and set Canada's debt ratio on a steady downward track. He cofounded the Finance Minister' G-20.

Among his accomplishments as Prime Minister, Mr. Martin introduced a ten-year plan to improve healthcare and wait times; signed agreements with provinces and territories for the first national early learning and childcare program and created a new financial deal for Canada's municipalities.

Mr. Martin's first act as Prime Minister was to put in motion the process that led to the 2006 Kelowna Accord, a historic agreement with Indigenous people (First Nations, Métis and Inuit), booking funding of five billion dollars for the first five years to eliminate the funding gaps in education, healthcare and housing for Indigenous Canadians.

CTV News reported some six months ago that Statistics Canada assessed the number of Canadian citizens suffering from ME (also known as ME/CFS or SEID) in 2016 at around 560,000 – a dramatic increase from 405,000 in 2015, and more than the number of those suffering from breast cancer, Parkinson’s, and Multiple Sclerosis combined. International studies are showing that ME is more disabling than Multiple Sclerosis, while Canadian research has clearly shown that ME patients are the most underserved patients in Canada, with the greatest unmet needs.

Despite the enormous numbers and the great suffering, ME is still not being taught in medical schools, and most doctors know little to nothing about the disease. ME research in Canada is still woefully underfunded, with only 35 cents allocated per patient, as compared with \$575 per patient for HIV/AIDS, which impacts around 80,000 patients.

Why is such an immense amount of personal suffering simply ignored, and such a

tremendous loss in productivity and societal participation by ME patients left unaddressed?

The answer: **Stigma.**

About Unrest

Jennifer Brea's incredible film is shattering the ignorance and preconceptions of audiences. She shines a light on the stigma faced by millions of patients around the world, showing the depth and breadth of the challenges faced by ME patients, many of who are left housebound and bedbound by this devastating disease.

Jennifer's personal story provides a compelling vehicle for the broader story of ME. While working on her Ph.D. at Harvard, and preparing for marriage with "the love of her life," Jennifer came down with a high fever and serious symptoms, none of which was taken seriously by the medical community. In search for answers, she decided to start recording her experiences with her cell phone. The result is a remarkable work.

Jen Brea has been taking her documentary to film festivals around the world, where it has won numerous awards, having been short listed for the 2018 Academy Awards for best feature documentary. The success and impact of her film has led to high profile media attention, with Jennifer making the rounds being interviewed by major and local newspapers, radio and television. She is a true hero in our cause, and we believe you will be moved, informed, shocked, and see hope in her wonderful documentary. It is not a pretty story that she tells, but she tells it very well.

Following the screening, a panel of local ME patients will participate in a Q & A.

We truly hope you are able to join us this May 12th.

Sincerely yours,

Elizabeth Sanchez

On behalf of Pathways Vancouver, we would like to request a meeting with you to discuss the Pathways to Education program in Vancouver. As a champion of education and community supports to help youth reach their full potential, we think this is a good time to update you on our progress in helping youth living in low-income communities to graduate from high school and transition to post-secondary education, training or employment.

From May 28th to June 1st, our CEO will be in Vancouver and Victoria and we would welcome an opportunity to meet with you at your constituency office or in Victoria.

Thank you for your consideration.

April 27, 2018

Dear Minister Mark and Staff,

Invitation to Hydrogen Fuel Cell Vehicle Demonstration at the BC Legislature

The Canadian Hydrogen Fuel Cell Electric Vehicle (FCEV) Coalition of automakers, made up of BMW, Honda, Hyundai, Kia, Mercedes-Benz and Toyota, cordially invite you and your staff to test-drive a Hydrogen Fuel Cell Electric Vehicle on Tuesday May 16 between 9 a.m. and 5 p.m. The event, featuring several zero-emission passenger vehicle models available in consumer markets around the world, will take place directly in front of the Legislature building.

Hydrogen FCEVs are next-generation electric vehicles which produce their own power through an electrochemical process combining stored Hydrogen and atmospheric Oxygen atoms in a fuel cell stack. There is no combustion involved and the only exhaust emission is pure water vapour. Hydrogen-powered vehicles will be essential to reducing emissions, maintaining healthy air quality, and meeting the provincial government's announced greenhouse gas reduction targets as Canada transitions to a lower carbon economy.

The Canadian FCEV Coalition is creating a movement and we want you to be part of it. We hope, through this event, to build awareness of the need for government investment in a viable, sustainable, initial hydrogen fueling network.

We encourage you to book a test drive appointment soon, to ensure your opportunity to get behind the wheel of these remarkable cars and take a short spin! Please RSVP to redger@fasken.com to book a drive time. We look forward to seeing you soon!

Yours Truly,

Robin Edger

Hello

Please find attached a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA). Your analyst for the attached request will be Katherine Ritchie

Please send the records to FOI.Health.Education@gov.bc.ca by May 11, 2018.

Request Due Date: June 5, 2018

You should be aware that FOIPPA obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that the ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits to prove that they have conducted an adequate search for relevant records.

Please do not hesitate to contact your analyst to discuss:

- whether the records may be routinely releasable;
- whether the information is being prepared for public release or is already publicly available;
- whether staff would be available to discuss the request with the applicant, if the applicant is agreeable;
- ways in which an applicant may want to narrow/focus their request to reduce potential fees; and/or
- any other questions or concerns relating to this request.

Subject: Susannah Pierce Recommendation - Keynote Speaker Invitation - Canada Gas & LNG Event 14-16 May, Vancouver

Dear Melanie,

I hope you are well.

I would like to invite you to speak on a Keynote Panel at the upcoming Canada Gas & LNG Exhibition and Conference taking place on 14-16 May in Vancouver at the Vancouver Convention Centre.

This is the only pan-Canadian Gas & LNG event which brings together the entire value chain from producers through to consumer countries.

The event runs over 3 days and we aim to have 300 conference delegates. We aim to have up to 1000 attendees at the event across the 3 days.

Susannah Pierce from LNG Canada recommended I reach out to you to invite you to speak on the following panel which will take place from 1245-1330 on 16th May.

12:45 Keynote Panel:

How can industry and policymakers work hand-in-hand to create a diverse workforce?

This session will close the conference with a critical discussion around how Canada can ensure that the industry builds a strong diverse and inclusive workforce.

Suggested Speakers:

Tracey Mackinnon, LNG Canada

Honorable Melanie Mark, Minister of Advanced Education, Skills and Training

Kathy Kinloch, BCIT

Senior Representative from EPC

Gary Herman, President Independent Training Authority

Chris Atchison, BC Construction Association

I have attached the conference agenda for your information.

I would be very grateful if you could confirm your availability to participate as soon as possible.

Kind Regards,

Will Robson

Hi Melanie,

We are trying to set up our Union Leadership Convention at Whistler, BC in October 23rd-25th, 2018, and we were inquiring if you would be able to accommodate us as a presenter being the first female First Nations Member of the Legislative Assembly of British Columbia and the first female First Nations Cabinet Minister.

As our Unifor Local 2002 is a staunch supporter of the NDP here in British Columbia, you would be awesome with our members as our Local is coast to coast to coast across Canada and we need to stress the importance of reconciliation across Canada with the First Nations Community.

As we are in the planning stages now, we are trying to get a list of presenters that would be available for us.

Can you please provide us with the details of your requirements should you be able to present for us for these dates and we will get back to you.

Looking forward to hearing back from you.

Thanks,
