Minister;

The itinerary has been updated - TRU president Allan Shaver will welcome everyone and give the gift of sweet sage to the Elder. After the blessing, you will step forward as the emcee. The bob cats have been replaced with shovels to be more inclusive. Your emcee notes have been updated accordingly.

I've attached updated itinerary and emcee speaking notes along with the one-pager for tech seats and trades seats at TRU.

- Itinerary – UPDATED
- Emcee notes – UPDATED
- Q&AS – No change
- Key messages – No change
- Invitation – No change

- One pager on TRU trades seats – NEW
- One pager on tech expansion details - NEW

Subject: Haisla Nation Meeting Request

Christian,

I am following up on our conversation from the night of the mining association reception. Since our conversation, we have confirmed that representatives of the Haisla will be in Victoria on

April 15 for a Sunday evening reception, and the following morning, April 16 for meetings.

It is their hope that Minister Mark will be able to attend the reception, and that we will also be able to schedule a meeting with the Minister to discuss Kitimaat area post-secondary education and training issues on the Monday. Attending the meeting will be Chief Councillor Crystal Smith, CEO Jason Majore, and Deputy Chief Councillor Brenda Duncan.

In particular, the Haisla are offering programs through the under-utilized local campus of NWCC, and are interested in discussing the future of that campus and their role in providing education and training there and in the community.

I am available to discuss this further if required at 778-836-2108. You can also reach me at this address if more information is required.

Please also note that Minister Mungall's office has offered to provide some coordination for the days activities, so it is possible you will hear from her office. We are holding a tentative time of 11:30 to 12:30 for Minister Mungall, but are flexible otherwise.

I have copied Carolyn Ringham, Chief Councillor Smith's executive assistant on this message. Could you please include her in any response.

Kind regards,
Michael Gardiner

Would be great to reach out to TTRUST from the description of their mandate. I'm sure Minister Conroy is aware of the program but perhaps there are linkages between our mandates. Especially on skills training side.

Updated with KMs on tech. I've also included our tech core messaging.

Issues of the Day – Wednesday, April 11
8 months and 24 days

Q. Universities and colleges will be hard hit with the new employer health tax. Is there money in the budget to cover the shortfall?

1. The previous government downloaded regressive, unfair MSP premiums onto people.
2. We cut MSP premiums by 50% effective January 1st, 2018.
3. MSP premiums will be totally gone by January 1st, 2020.
4. The transition period will allow us to have conversations with each of our 25 public post-secondary institutions on their own unique situation.
5.  Cuts of \$50 million started in 2013.
6. Cuts of \$6.9 million for ABE started in 2014.
7. Cuts of \$17.1 million for ESL programs started in 2014.
8. We will work through the changes to ensure we protect students by keeping post-secondary education accessible and affordable.
9. In Budget 2018, we're allowing affordable housing to be built by universities and colleges. We're investing in more tech spaces as well as making it free for former youth in care to attend post-secondary education.
10. I'm proud to be part of a government that's investing in education.

Q. You met with Langford's mayor yesterday. Are there plans for increasing post-secondary education opportunities to the West Shore?

1. Our government wants people to be able to access the post-secondary education and training needed for good-paying jobs.

2. RRU is going to look at ways to improve access to post-secondary education in the West Shore in partnership with Camosun and UVic as well as municipalities and the school district.
3. It's way too early to speculate on the delivery, cost or type of programs.

Q. What are you doing to support B.C.'s booming tech sector?

1. Our post-secondary system produces world-class tech talent that supports a booming tech sector along with opening the doors to good-paying jobs. But there's been no significant investment in tech spaces for over a decade.
2. We're adding 2,900 tech spaces to produce 1,000 additional tech-grads a year by 2023. This includes the first full civil and environmental engineering program in the North at UNBC and the first full software engineering program in the Interior at TRU.
3. We're providing \$67.7 million over the next 3 years to support the tech-expansion. This is expected to ramp up to \$42 million a year.

Q. Are you still committed to delivering a completion grant, scholarships for graduate students and scrapping loan interest?

1. Budget 2018 demonstrates our commitment to making life more affordable and delivering services people, including students, depend on. It includes:
 - Eliminating MSP premiums effective January 1st, 2020.
 - Launching a comprehensive housing plan.
 - Making child care more affordable
 - Bringing down the cost of prescription drugs.
 - Increasing support for former youth in care.
2. Work is underway on all of the mandate commitments to ensure we deliver programs that work for students and build the best B.C.
3. We've been quick to tackle affordability and accessibility of education with tuition free ABE, tuition waivers, cutting interest on student loans and investing in tech and trades seats.
4. Budget 2018 includes education and training investments:
 - Confirmation of tuition-free ABE and ELL programs.
 - Hundreds more ECE spaces.

- More tech, computer science and engineering spaces.
 - Half-a-billion dollars for 5,000 new on campus student beds.
5. In February 2018, the ministry provided 17,000 students with \$32 million in loan reduction grants to reduce provincial loan debt based on financial need.

Q. How do you plan to address the shortage of skilled tradespeople?

1. I've been on the job for just 8 months, while **skilled labour shortages are years in the making**.
2. **Apprenticeships are essential to our future workforce**, that's why we're:
 - Increasing opportunities for apprentices to gain on the job experience and complete their training.
 - Making sure women, Indigenous groups have a fair opportunity.
 - Promoting local hiring for government projects.
3. We're working with industry and employers to determine an **effective apprenticeship ratio** for government construction projects. We will maximize our \$15.8 billion investment to train future construction workers.
4. We've launched a more flexible **Workforce Development Agreement** worth \$685 million. New programming will ensure **employers** benefit from investments in skills training, while **workers** benefit from support and training for good-paying jobs.
5. In August 2017, we announced **\$1.67 million for 562 additional trades' seats** to meet labour market demand.
6. Earlier this month, we announced **\$5.4 million to replace outdated trades and tech equipment** so student can learn on industry standard equipment.
7. Our government is committed to thoroughly **examining compulsory trades from all angles** and encouraging an ongoing dialogue amongst stakeholders.
8. Directives in the ITA mandate letter:
 - Build on the expansion of youth trades programs, and increase work experience opportunities for youth apprentices in high school.
 - Support a review of how compulsory designation could improve worker health and safety, consumer protection and environmental safety for certain trades.
9. We're investing \$1.8 million over the next two years to recruit, retain and advance women in the construction trades.

The B.C. government, through the Ministry of Municipal Affairs and Housing, and the Columbia Basin Trust are investing a combined \$220,000 in capital funding for the project. The Province is also providing interim financing of \$297,000.

Once rezoning and renovations are complete, people are expected to move into their units by June 2018. This will be just in time for any tenants who have signed up for summer courses at nearby Valemount College.

The Valemount Learning Society initially recognized a need for this type of housing in the community and is partnering with the Valemount Affordable Rentals Society to operate and manage the building and serve the tenants who will be living there.

This project is part of the Province's commitment to build 114,000 affordable homes, including market rental, non-profit, supported social housing, co-op and owner-purchase housing through partnerships.

Budget 2018 launched the biggest investment in housing affordability in B.C. history – more than \$7 billion over 10 years.

He's been a staunch advocate and a champion for children and families in our province.

I certainly appreciate the passion he brought to the role and I spoke to him on numerous occasions about our shared goal of making life better for some of B.C.'s most vulnerable.

I wish him the best for the future and in his next role.

Furstenau thanks Child and Youth advocate Bernard Richard for his service

VICTORIA, B.C. – Sonia Furstenau, B.C. Green Party spokesperson for children and youth, released the following statement regarding B.C. Children and Youth Advocate Bernard Richard stepping down.

"I have greatly appreciated Bernard's work and his advocacy for children in British Columbia," said Furstenau.

"He has continued to shine a light on the challenges of failures of the child welfare system. In particular, his advocacy for indigenous communities and for the best interests of infants has been in invaluable contribution to our province. B.C. Bernard has shown through his work he is a true advocate for children and families.

"There remains much work to be done on this file. I look forward to the swift appointment of a new representative so that we can continue to give this vital issue the support and attention it deserves."

Shannon and Bindi, I am writing to express sincere thanks from us at the Ministry of Labour for some work that Jeremy did that was over and above his normal workload. We have a special expert committee doing some work for us under the Labour Relations Code and they asked government for some labour market analysis. Only Jeremy could do this work – and not only did he do it, he provided a thoughtful and quality deck that I think will be more than enough for what the committee asked. It is really appreciated as it helped us help them and clearly shows that government does have some wonderful in-house expertise.

Thank you to Jeremy and to you at AEST for allowing us to access this fabulous resource!

Just a quick note to say thanks very much for taking the time to do a video clip for this morning's breakfast organized by Southern Interior Construction Association in celebration of Construction and Skilled Trades Month. Your comments were very warmly received by the crowd of about 250 employers and students here at the College. Everyone, especially those who had an opportunity to meet you in person at the Legislature, told me how impressed they were by your support for the industry and training as well as by your obvious enthusiasm.

Importance: High

Good afternoon,

Be advised that Presiding Member signatures are required for a Bill, which has been uploaded to the Minister's iPad. Signing this afternoon is requested.

Note that two documents require signatures in the following places:

- **Bill 24 complete (sign page 1)**
- **Bill 24 covers (sign pages 1 and 2)**

These documents will be accessible on the Minister's iPad in PDF Expert in the "Signing" folder (please note that the Minister will need to do a Full Sync in order to retrieve the item – and "push changes" and "full Sync" once the Bill has been signed).

Please let me know as soon as possible if you have any questions or anticipate any delays in signing.

Note that additional bills are anticipated for signing later this week.

Thank you,

Dr. Paula B. Gordon, OBC, MD, FRCPC

Dr. Paula Gordon is a Clinical Professor in the Department of Radiology at the University of British Columbia.

She is Medical Director of the Sadie Diamond Breast Program at BC Women's Hospital. Her clinical practice is divided between BC Women's, the Fairmont "X-ray 505" and the Screening Mammography Program of BC. She has a special interest in breast ultrasound and image-guided needle biopsy.

She is a reviewer for several medical journals. During her career, she has published dozens of articles in peer-reviewed journals, attended over 185 conferences, given over two hundred lectures on various aspects of breast screening and diagnosis, and participated as moderator and panel member at international meetings. She is a popular instructor at "Hands-on" workshops where radiologists and surgeons learn how to perform needle biopsies and other procedures with ultrasound guidance.

Dr. Gordon was Chair of the Early Detection Committee of the Canadian Breast Cancer Foundation, BC/Yukon Division, Chair of the Academic Committee of the Screening Mammography Program of British Columbia, Co-Chair of the Workforce Committee of the Provincial Breast Health Strategy, a member of the Steering and Prevention Committees of the Provincial Breast Health Strategy, a member of the Provincial Radiology Expert Committee, a reviewer for the Canadian Association of Radiology Mammography Accreditation program, a reviewer for clinical practice guidelines for the American College of Radiology and the Canadian Association of Radiologists and a member of the Provincial Screening Policy Review Committee.

She also volunteers as a Director of the Board of the Canucks for Kids Fund.

In recognition of her contributions to the field of breast imaging, she was made a Fellow of the Society of Breast Imaging (a section of the American College of Radiology). She has received a Killam Teaching Prize from the University of British Columbia. She was awarded a Queen Elizabeth Diamond Jubilee Medal, and was invested in the Order of British Columbia. In 2014 she was named one of Canada's 100 Most Powerful Women by the Women's Executive Network.

To clarify The request is for me to meet with Chris Tait? Is she aware I met with him for lunch at the leg dining room?
Can someone call her to ask for clarification. I don't need to meet with him again unless there's a clear reason to do so.

Hi Cindy,
I hope this message finds you well in mind, body and spirit. Thank you for your time today, further to our conversation. Melanie had reached out to s.22 Aboriginal Youth intern to see if he could have a short visit with her while he was in Victoria for Program Day 1. Unfortunately the timing did not work, so I offered to make a link in advance of the next Program Day to see if a time could work.

In past years, time has also been scheduled for an intern to meet with the Speaker, the Whip, etc to learn a bit more in depth about the process of the Legislative Assembly. This would supplement the tour the interns do at their orientation week. If it would be possible to have your assistance in arranging this to that would be much appreciated.

I understand Melanie's calendar fills up quickly so I thought I should reach out sooner rather than later. Here are the dates when s.22 will be here in Victoria:

- February 7th
- May 10th

I am cc'ing Bradley Dick who is the Acting Program Lead for AYIP. Please let me know if you have any questions or concerns. Thank you for your time and your consideration.
Sending with gratitude and respect,

Hi Cindy,

Hon. M. Mark made the following introductions yesterday in the House. Please advise our office of any necessary corrections by reply e-mail or by phone at 250-356-1636.

Corrections must be received no later than 12 noon tomorrow so that we are able to correct the transcript before our print deadline.

Thank you for your assistance. If your office has already sent us a list of these names, there is no need to resend.

This is the text as corrected by Hansard Services staff:

Hon. M. Mark: When I thought about what I would say.... It's really hard to introduce one of the most important people in your life. I was 16. I was homeless. I had a backpack. And I

landed on the steps of my Auntie Gerry's house in Ladysmith, and I never knew where Ladysmith was.

She took me in. She made me go to school. She came to my rugby games. She's here in this chamber. I'm so proud of everything that she has done in my life.

We talk about that a lot. All of the members — we didn't make it here on our own.

So will the House please welcome my Auntie Gerry Busch and our family friends Patricia Yonan and Ron Mason.

Hansard is pleased to offer presentation copies of House speeches and debates to Members of the Legislative Assembly and their office staff. They can be ordered in print, DVD and web formats through the [Hansard Broadcasting Media Request Form](#) under Hansard Services on the Legislative Assembly Intranet.
