Hello Minister Mark,

For the past 25 years, the Federation of BC Youth in Care Networks has had the privilege of watching the successes of BC's incredible children and youth in and from care unfold. Join us in celebrating those successes during this year's BC Child and Youth in Care Week!

We've partnered with the Broadway Youth Resource Centre (3455 Fraser Street, Vancouver) to put on a great party with food, performances, games, and a special appearance by Minister Katrine Conroy on June 6th from 3:30 to 5:30 pm. RVSP to info@fbcyicn.ca or join our Facebook event by June 4.

Thank you!

Ian Mass,

Subject: 152 - A request for extraordinary support

Dear Minister Beare,

My name is Brian Nickel. I am the Director of Development at Vancouver Opera. As you know, our organization has been a leader in performing arts production in Vancouver since the 1960s. Beyond our mainstage work, we are very active in promoting opera and music education in the schools and have quite an extensive Community Outreach Program.

We are privileged to have strong operating financing from the BC Arts Council and are pleased to see that the new Provincial Government is charging forward with its commitment to strengthening support for Arts & Culture.

As the current fiscal year draws to a close, we would like to extend a request to you to consider support for a truly unique and special initiative that, we feel, is a crucial part of how we connect and build the fabric of the community in which we live, work and perform. It involves assistance with the financing of the collaborative work that we do with The Kettle, and, more specifically, for the upcoming production of ***Requiem for a Lost Girl***. The attached proposal presents the project and our request. Your assistance would have an incredible impact both for the upcoming performances and for the future of this collaborative initiative.

Independent of your consideration of this request, we hope that you see fit to join us for the performances on either May 4 or 6, 2018. Permit me to also extend an invitation to our upcoming Festival - ***Russian White Nights: Vancouver Opera Festival 2018***. We would be pleased to host you and guide you through the Festival experience.

I thank you for your consideration.

I have copied two of your colleagues: our local MLA, Minister Melanie Mark and Spencer Chandra Herbert. Our invitation is, of course, extended to them and other members of the Provincial Government as well.

My very best regards,
Brian Nickel, Director of Development

* For travel within Canada or between Canada and the United States, a Canadian tax of \$3.00 CAD may apply to baggage fees. For travel between Canada or the United States and Mexico, the Dominican Republic and Barbados, an applicable local sales tax of \$4.00 CAD may apply to baggage fees. For all other itineraries to/from Mexico, the Dominican Republic and Barbados as well as itineraries to/from South America, an applicable local sales tax of \$21.00 CAD may apply to baggage fees. All above tax amounts are based on the maximum applicable tax amounts per itinerary type. Actual amounts may vary and will be charged in the currency used in your departure airport. Tax amounts are subject to change without notice by local government.

Currency

Fee amounts are displayed in the currency of the first departure city on your ticket. On the day of travel, applicable fees will be assessed in the local currency of the country/region you are travelling from. Certain exceptions may apply where the departure airport does not charge in local currency. The currency exchange rate will be determined by the date of travel.

Stopovers

Checked baggage fees may be reassessed when itineraries include an enroute stopover of more than 24 hours.

Baggage Allowance for Air Canada Altitude and Star Alliance Members

The baggage allowance displayed below applies when you check your bags with Air Canada, Air Canada Express (flights operated by Jazz, Sky Regional, Air Georgian, Exploits Valley Air) or Air Canada Rouge. Please make sure your Air Canada Altitude status level is valid at check-in.

Star Alliance Silver Members: Your baggage allowance is equivalent to that of the fare option you purchased.

* For travel within Canada or between Canada and the United States, a Canadian tax of \$3.00 CAD may apply to baggage fees. For travel between Canada or the United States and Mexico, the Dominican Republic and Barbados, an applicable local sales tax of \$4.00 CAD may apply to baggage fees. For all other itineraries to/from Mexico, the Dominican Republic and Barbados as well as itineraries to/from South America, an applicable local sales tax of \$21.00 CAD may apply to baggage fees. All above tax amounts are based on the maximum applicable tax amounts per itinerary type. Actual amounts may vary and will be charged in the currency used in your departure airport. Tax amounts are subject to change without notice by local government.

Currency

Fee amounts are displayed in the currency of the first departure city on your ticket. On the day of travel, applicable fees will be assessed in the local currency of the country/region you are travelling from. Certain exceptions may apply where the departure airport does not charge in local currency. The currency exchange rate will be determined by the date of travel.

Stopovers

Checked baggage fees may be reassessed when itineraries include an enroute stopover of more than 24 hours.

Dear Minister Mark,

Please 'save the date' and consider attending as my guest, the BC Tech Association 25th annual Technology Impact Awards on Friday, June 1st.

This is a fantastic 1000+ person event at the Vancouver Convention Centre where BC's Tech industry comes together to celebrate the very best in Tech in our province.

It is always a great evening and I would love your company at one of our VIP tables. Can I entice you to be my guest?

Here are the event details:

2018 Technology Impact Awards Celebration:

Date: June 1, 2018

Location: Vancouver Convention Centre - West

Program:

5:00pm - 7:00pm - Reception & cocktails

7:00pm - 9:30pm - Dinner and Awards Gala

9.30pm - midnight - After-party with live entertainment

We look forward to receiving your RSVP by return email by Thursday, May 10th. Please note this invitation is personal and non-transferable.

All my best,

Subject: RE: BCTA letter and meeting request to Minister Mark

Good Afternoon:

I'm following up on the attached letter to see if Minister Mark might be free soon to meet with us to discuss mandatory entry level training for our industry (Class 1).

We are actively working with your Ministry, specifically Assistant Deputy Minister Bindi Sawchuk and her staff on entry level training for our industry, who have been great to work with and are seeking this meeting at the recommendation of Minister Trevena, who we met with last Monday (April 23).

While we are happy to come to Victoria, we are also happy to meet in Vancouver if that is an option recognizing we are based in Langley.

Please note that since sending this letter, we now have a new President & CEO – Dave Earle.

As the Minister is likely aware, we are seeing increased media attention on this topic. Should the Minister, or her staff have any questions, please do not hesitate to call us.

Sincerely,

Cory Paterson

Hello Minister's office,

I hope that I am reaching out through the correct avenue. MLA Olsen would like to request a briefing during the summer with Ministry of Advanced Education staff to follow up on a talk with the BC Colleges regarding the funding support for colleges with relation to private funds and the model Ontario uses.

Ideally this briefing would include both MLA Olsen and MLA Weaver.

Please let me know the best way to go about setting this up.

All the best,

Dear Serena Talbot,

I hope this email finds you well, Serena. Congratulations on your new position in Minister Mark's office! I hope you are settling in well.

I'm not sure if you are aware, but I am the Resource Coordinator with CUFA BC. I understand you spoke with our Executive Director Michael Conlon this morning regarding today's announcement of the new graduate scholarship program for STEM students. Michael asked me to reach out to you to try to schedule a short call between the two of you. Can you please let me know if your schedule allows for a 30 minute call sometime next week, and if so, when might work for you? His schedule is quite open at the moment.

Many thanks,

Dear Hon.Mark:

We are writing to remind you of an invite you recently received for a lunchtime session on May 17th with Dr. Paula Gordon, Medical Director of the Breast Program at BC Women's Hospital and Michelle Di Tomaso, Dense Breasts Canada's founder. They will be speaking on why women in BC need to know their breast density. There are 400 000 women in BC with dense breasts and most are unaware. Women's lives are at risk because they are not being told their breast density after a screening mammogram. BC is one of 3 provinces not sharing this information with the GP or women. As a result, many women are not being given the chance to make informed healthcare decisions and the chance to be proactive. Many are having delayed cancer diagnoses, resulting in more aggressive treatment and worse survival outcomes. We hope you will have the opportunity to attend as this is an important women's issue that needs every MLA's support. Please refer to your invite for more details.

The meeting will take place:

May 17th at 12 pm in the Library Gathering Room

The Speaker's office is providing lunch.

We hope you are able to attend.

Dear Minister Mark,

It was a pleasure to meet you last week during the Creative Industries events.

We briefly spoke about some of the key strategic priorities that the Vancouver Economic Commission (VEC) is mandated to deliver under the Chairmanship of Mayor Roberts, who you know well. There are some clear synergies with our projects and workplans and some of the priorities on

your mandate letter from Premier Horgan. We would welcome the opportunity to host a meeting with you in Vancouver to give you a full briefing on the VEC.

You will have seen the recent announcement this week by Amazon and the Prime Minister for the increase in their workforce in Vancouver to 5,000 over the coming years. Following the announcement we held a roundtable meeting with the Prime Minister and some of Vancouver's other amazing Tech Companies to discuss their business needs in order to grow into Global companies. One of the key factors discussed was education, training and upskilling the local workforce.

This was also echoed by Senior Execs from Amazon when we met with them later in the day, as they have a clear desire to work across the province, with Government and Education establishments, to ensure there is a clear flow of well educated and trained local residents that can be employed in the sector, at all levels. As you have many Tech companies in your Riding, I am sure this would be of interest to you as well as part of your role as Minister. The VEC will continue to work with Amazon as they develop their strategy and workforce in Vancouver, but we will also continue to focus on the Talent Supply priorities for the Tech sector.

I look forward to the opportunity to meet you again and discuss further.

All the best.

Subject: Invitation to Bring Greetings – Engineers and Geoscientists BC Induction Ceremony

Dear Minister Mark:

On behalf of Engineers and Geoscientists BC, I'm pleased to extend an invitation to attend our Member Induction Ceremony on Thursday, June 14, 2018 from 5:15 PM to 7 PM at the Sheraton Wall Centre in Vancouver, BC.

Our induction ceremony welcomes and recognizes new members to the professions in the company of their colleagues, peers, family, and friends. New members are invited from across the province, with the majority of attendees residing in the Metro Vancouver region.

The engineers and geoscientists being inducted are helping to keep British Columbians safe by contributing to the development of leading edge technologies, and growing our economy, our infrastructure, and our communities.

This occasion marks a significant milestone in members' careers, defining them as professional, ethical, and accountable. We hope you will be able to join us in celebrating the province's newest professional members.

Event Information:

Member Induction Ceremony

Date: Thursday, June 14, 2018

Time: Arrival – 5:15 PM; Ceremony – 5:30 PM to 7 PM; Greetings – 5:40 PM to 5:45 PM;

Cocktail Reception – 7 PM onwards

Location: Sheraton Wall Centre – Grand Ballroom A/B, 1088 Burrard Street, Vancouver, BC

Attendees: Over 100 new professional members and their guests; members of Engineers and Geoscientists BC's Council

It is provincial legislation under the *Engineers and Geoscientists Act*, which provides us with our mandate to uphold the public interest in the practice of engineering and geoscience.

As BC's licensing and regulatory authority for the professions, achieving certification as a professional engineer, professional geoscientist, or licensee allows individuals to take responsibility for engineering or geoscience work in the province in which they are registered.

To RSVP, or for additional information, please contact Laurel Buss, Communications Officer at lbuss@egbc.ca or 604.412.6052.

I look forward to seeing you in June.

Sincerely,
Ann

Good afternoon,

Please find attached an invitation for Minister Mark to attend the [IC-IMPACTS](#) annual conference taking place at UBC's Vancouver campus on the afternoon and evening of Wednesday, June 13 (keynote addresses, dinner reception and entertainment). IC-IMPACTS is dedicated to the development of research collaborations between Canada and India and was established through the federal Networks of Centres of Excellence (NCE) program.

Professor K. VijayRaghavan, Principal Scientific Advisor to the Prime Minister of India has kindly agreed to deliver the keynote. Other notable speakers include Professor Mario Pinto, President of NSERC; and Professor Roseann O'Reilly Runte, President and CEO, Canada Foundation for Innovation (and former President Carlton University).

The draft program is also attached for your reference.

In October 2017, Minister Mark participated in a research announcement with UBC President Santa Ono, and IC-IMPACTS Director, Dr. Nemy Banthia, showcasing development of a new earthquake-resistant concrete technology – an event and technology that was featured in media across the world in the weeks that followed.

Please let me know if the Minister will attend and we would be happy to work with you to finalize logistics.

Best,

May 11, 2018

Dear Minister,

Physical & Health Education Canada (PHE Canada) and Physical Education in British Columbia (PE-BC) invite you to attend the Welcome Reception and Opening Ceremonies of our 2018 National Physical and Health Education Conference. These events will take place at the Whistler Convention Centre (Whistler, BC) on **May 17-19, 2018**.

The 2018 National Conference supports Physical Education in British Columbia's mandate to provide leadership, advocacy and resources for teachers of physical education. Similarly, this conference supports PHE Canada's role as the country's premier professional organization for physical and health educators, developing resources, policy understanding, and networks to ensure all children and youth lead healthy, active lives.

The 2018 National Conference provides an opportunity for delegates from BC, across Canada, and internationally to network with colleagues and increase their knowledge and skills so that they may continue to foster healthy active living for children and youth in the school community and beyond. We currently have delegates and presenters confirmed from several Canadian provinces, the UK, and the US participating in and facilitating sessions ranging across PE/HE and related fields such as Mental Health/Wellness, LGBTQ+, physical literacy, inclusion, curriculum and assessment, and a host of other professional development opportunities. For more information about our conference, please visit:
<http://www.phecanada.ca/whistler2018>.

We hope that you will be able to join us as we celebrate the educators, physical activity leaders, administrators and academics who will support our future generations in embracing

personally meaningful active and healthy lives.

Sincerely,

Lisa Manzini

Subject: Invitation: Innovation UBC Robson Square Hub Launch Event

Dear Minister

On behalf of Gail Murphy, UBC VP Research and Innovation, we are pleased to invite you to join us on June 14 to celebrate the official launch of the new Innovation UBC hub at Robson Square.

Innovation is one of three themes that run through the University's new strategic plan. A key form of innovation at UBC is the process through which bold thinking and research discoveries create positive and social impacts. Innovation UBC supports multiple innovation pathways, including research partnerships, commercialization, knowledge exchange and entrepreneurship. Our new hubs in downtown Vancouver and Kelowna provide easy ways to access this support, and encourage collaboration, a second theme in the strategic plan.

At our June 14 event, you can connect with our network, learn more about Innovation UBC and participate in a panel discussion exploring the impact of big data. The panel will explore how big data is affecting every key sector of our economy and will consider the role of policy and ethics in ensuring that this data plays a positive role in building the society we desire. Following the panel, the entrepreneurship @UBC Venture Showcase will provide an opportunity to engage with promising new UBC startup companies.

Space for this opening event is limited. Please RSVP and find more information at <https://innovation.ubc.ca/robson-square-launch>.

Location: UBC Robson Square, 800 Robson St, Vancouver BC

4:50 pm: Doors open

5:15 pm - 6:00 pm: Panel discussion: *Big Data, High Stakes: Understanding the risks and rewards*

With an ever-increasing reliance on big data in almost all that we do, how can we ensure that the benefits outweigh the potential risks? Our panel brings together thought leaders from BC industry, academia, and the public sector to delve into this crucial issue. What are some of the social, health, economic and environmental benefits? How do we deal with potential risks and ethical issues as data users and as private citizens?

Panelists

- **Taylor Owen**, UBC Assistant Professor of Digital Media and Global Affairs
- **Stephen Wu**, Manager of Economic Development at the City of Surrey
- **Sally Aitken**, UBC Professor in the Department of Forest and Conservation Sciences
- **Sara Weinstein**, Data Scientist at Boeing Vancouver Labs

Moderator: **Gail Murphy**, Vice-President, Research and Innovation, the University of British Columbia

6:00 pm - 7:30 pm: entrepreneurship @UBC Venture Showcase & Reception

Welcoming Remarks: **Professor Santa J. Ono**, President & Vice-Chancellor, the University of British Columbia

Engage with some of UBC's newest startup companies involved in entrepreneurship @UBC support programs and connect with us in our new downtown Vancouver space.

Honourable Melanie Mark,

The purpose of this email is to invite you to speak at the [Future Technologies Conference \(FTC\) 2018](#) scheduled from 13-14 November 2018 in Vancouver, Canada.

The Future Technologies Conference presents the best of current systems research and practice, emphasizing innovation and quantified experience. FTC has emerged as the foremost world-wide gathering of academic researchers, Ph.D. and graduate students, research think tanks and developers.

The 2017 conference successfully brought together technology geniuses in one venue to not only present breakthrough research in future technologies but to also promote practicality and applications and an intra- and inter-field exchange of ideas.

Conference features:

- Talks by industry experts on the state-of-the-art
- Lectures by eminent scientists designed to inspire and inform
- Presentations by innovative researchers coming from 50+ countries
- Discussion-oriented sessions and networking breaks to enable collaborations

Keynote presentations and interviews (videos) from 2017 are [here](#).

Previous keynote speakers include:

- Hui Lei, CTO, Watson Health Cloud, IBM
- Michael Gschwind, Chief Engineer, IBM TJ Watson Research Center
- Hugo Pinto, Managing Director, Accenture Digital
- John Martinis, Quantum Pioneer, Google
- Ann Cavoukian, former Information and Privacy Commissioner of Ontario
- Valentina Salapura, IBM Master Inventor
- Nuria Oliver, Director of Data Science Research at Vodafone
- Jan Hofmann, Deutsche Telekom AG
- Marta Kwiatkowska, Professor at University of Oxford
- John Fox, Oxford and Warwick Universities
- John Daugman, Professor at University of Cambridge
- Jane Macfarlane, CTO, HERE
- Hans Georg Zimmermann, Siemens
- Flavio Villanustre, HPCC Systems/LexisNexis

I do hope you can make time in your busy schedule to act as a Keynote Speaker; your experience and comments will add an important dimension to the conference.

Please let me know if this could be possible.

Best,

Rahul Bhatia

Hi Holly, MP John Aldag from Cloverdale-Langley City is going to be in Victoria for the day on May 10th and he has a meeting booked with Minister Fleming regarding French language education and the upcoming Canada- BC Agreement on Minority Language Education. His meeting with Minister Fleming is from 2-230 in Minister Fleming's office. Minister Dix is unavailable but may send a representative. MP Aldag is wondering if Minister Mark might be available to join the meeting or alternately to meet with him at a different time that day. The only time he is unavailable is 12-1:30. Please let me know if anything would be feasible for Minister Mark this day.

Thank you and sorry for the short notice-MP Aldag's trip was very last minute-just booked today!

Thanks!!

I'm writing to request a meeting on behalf of the Co-founder and CEO of [Canada Learning Code](#), Melissa Sariffodeen.

Melissa is planning to be in BC June 25-28, and would love to have the opportunity to sit down with Minister Mark to brief her on Canada Learning Code's work and discuss the landscape of computer science education in BC and across the country.

Canada Learning Code has a number of impressive streams of work deployed across the country right now through their national network of local chapters, and the fleet of 13 CodeMobiles that are hitting the road for the next couple years, funded by the federal #CanCode program. One particular focus of their current work that Melissa specifically hopes to discuss is the advancement of a National Framework for Coding Education.

Please let me know at your earliest convenience whether a meeting could be possible around the dates mentioned above.

Dear Honourable Melanie Mark,

The Wild Salmon Defenders Alliance would like to arrange a meeting with you regarding our concerns over the continued dangerous practices of open net pen fish farms on migration routes of wild salmon and herring. The NDP government has a golden opportunity to remove what is contributing to worrisome dwindling wild salmon stocks and endangered herring by not renewing fish farm tenures that are up for renewal June 20, 2018. This the window of opportunity is fast closing. We need to raise the consiousness of the NDP cabinet and caucus on the value of wild salmon, not only to the wild salmon economy that supports some 10,000 jobs, but also the integrity of the marine and rivershed ecological systems. It is imperative that every precautionary measure is taken to protect wild salmon, and one essential measure would be to remove open net pen fish farms from migration routes of wild salmon and move the aquaculture industry onto land in containment. This is the way forward for aquaculture and wild salmon to co-exist. Going in this direction would honour Indigenous Rights and Title of the Musamagw, Namgis and Mamalilikulla Nations who have been seeking the collaboration of the NDP to remove fish farms from their territorial waters as they have never given their free, prior and informed consent to have them in their territories. It has become a human rights issue as they are witnessing wild salmon, that are integral to their physical and cultural well-bing, collapsing around those fish farms. British Columbians are aware that Canada's regulatory regime is simply not protecting wild fish, and more recently, the federal auditor general confirmed this. Washington State officials have also made overtures to British Columbia to join them in phasing out open net pen fish farms as a step towards rebuilding wild salmon stocks.

We would be happy to review this with you in further detail. We are proposing we have a meeting with you within the next week given the urgency of the situation. We look forward to hearing from you soon.

Sincerely yours,

Eddie Gardner

Good morning,

On behalf of the Honourable Selina Robinson, Minister of Municipal Affairs and Housing, I am responding to your request for a meeting to discuss the Green Technology Education Centre.

Unfortunately, Minister Robinson is unable to accommodate a meeting at this time due to a large volume of meeting requests and an oversubscribed schedule. However, after reviewing your request we have determined that the material falls under the portfolio of the Honourable Melanie Mark, Minister of Advanced Education Skills and Training. If you would like, I can forward your request to Minister Mark's office for review and consideration.

If you would prefer to reach out to Minister Mark's office directly you may do so via email at AEST.Minister@gov.bc.ca or by phone at 250-356-0179.

Selina,

I am sorry you missed today's lunch - you missed a couple of blasts from the family therapy and Jewish Community Centre past. Gerry Zipursky and I both now work at City University of Seattle in Canada.

More importantly, we have also spun off an organization we think is relevant to your mandate. We have designed a community hub called the Green Technology Education Centre (GTEC). GTEC delivers education in urban horticulture and electric vehicle and battery technology, as well as business education with a sustainability and social justice focus. GTEC also provides **student, faculty and community housing** with associated retail amenities. The Green Technology Education Centre (GTEC) is an integrated model of education and community living focused on creating a sustainable future for the planet.

GTEC is the curator of a partnership that includes Kwantlen Polytechnic University, Red River College and Pacific Community Resources Society (PCRS). The inclusion of disadvantaged minorities, in general and indigenous youth, in particular is a GTEC priority and one of the reasons for PCRS' inclusion as an organization with a long youth serving history, including in the area of housing. KPU has available land and we are also in discussion

with BC Housing.

By way of further introducing you to GTEC I have attached an online version of the GTEC Prospectus. We feel a tremendous affinity for your mandate and would like to collaborate with your Ministry in making GTEC a reality. We would very much appreciate the opportunity to sit down with you and your team and further introduce you to GTEC.

Respectfully and with delight,

Arden Henley
President, GTEC Board of Directors

Hi Melanie,

I hope you are well. Red Fox is hosting an event at the DUDOC space on October 3, to raise awareness of the life and employment skills training we do for and with Indigenous youth and other youth who face social or economic barriers to success. We are doing this in collaboration with J Peachy and his Creative Cafe.

Families who participate in Red Fox activities in East Vancouver will be attending, as will supporters and community partners.

There will be an opening by Kat Norris and the Red Fox drum group will perform. Youth will lead active games and circus arts.

We will be launching a short film we are making this summer documenting the impact of Red Fox in the Strathcona area in particular, over the past 11 years.

It would be wonderful if you could join us. The event is from 4pm to 8pm. At 6pm, we would like to invite you to say a few words.

The poster and other promotions won't be coming out until August but I wanted to let you know about the event right away.

thanks, and please let me know if you have any questions,

Emma

Hello Christian,

I am reaching out today to inquire about scheduling time with folks from your ministry for leadership from the BCIT Faculty & Staff Association. We are planning on being in Victoria on Wednesday, May
th

30 and would really appreciate some time with DM Baskerville and any other staff your Ministry might think appropriate. Naturally we would also love to meet with Minister Mark but appreciate that her time is very limited and we will likely get to see her on her next visit to BCIT campuses.

This meeting would be to share some of the key issues facing our members and also to hear from you what is important in your work as it pertains to the 1600 members we represent in advanced education.

I look forward to hearing from you.

Dear Minister Mark,

We are writing to introduce ourselves and officially invite you and your staff to visit SAP Canada's British Columbia offices in Vancouver for a tour and special briefing.

Centrally located in the heart of Yaletown, SAP Vancouver is a flagship of the city's flourishing technology scene, and, as the fourth largest lab in SAP's entire global operation, a flagship of SAP's international business.

At 1,450 full-time employees in the SAP Vancouver office, SAP is BC's largest software employer. We have been growing 10-20% year-over-year for the past three years, adding an average of 150+ full-time, highly-skilled jobs per year, and we intend to continue investing heavily in Vancouver and the province of British Columbia.

Growing our personnel at this rate has meant that our physical footprint has needed to grow as well. For the second time in just three years, we are investing over \$11 million in renovating and expanding our workspace in Vancouver.

We are immensely proud of our space, our people, and the world-class SAP software development

happening right here in British Columbia that is being leveraged all over the globe, and we look forward to sharing it with you.

We would also welcome the opportunity to discuss how SAP can support your mandate to enhance co-op, apprenticeship and work-experience programs for B.C. students; expand technology related programs; and, work to establish technology and innovation centres in key areas of the economy. We are eager to share with you how SAP continues to bring over 150 interns into our office in Vancouver each year for co-op internships as well as our partnerships with UBC, BCIT and Vancouver School Board to encourage young people to choose careers in STEM fields.

As a high-growth, high-tech company with a rapidly expanding presence in British Columbia, supporting skills development in the province is extremely important to SAP, and at any given time, we have approximately 150 paid internship positions in our Vancouver office.

SAP would be honoured to host you on a date and time convenient for you. We look forward to briefing you on the exciting products and solutions being developed, in British Columbia, for British Columbians and the world.

With warm regards,

Dear Hon. Melanie Mark,
Minister of Advanced Education, Skills and Training

On behalf of St. Paul's Foundation CEO Dick Vollet, I am writing to request a meeting with you to discuss the St. Paul's Hospital redevelopment project, and a community relations campaign that the Foundation is launching this month.

As you know, St. Paul's is a remarkable success story, with a culture of compassion and a track record of providing world-leading care for British Columbians – including some of the province's most vulnerable citizens – for over 100 years. With the development of the new St. Paul's hospital and integrated care campus in Vancouver, we have a once-in-a-lifetime opportunity to transform care for British Columbians for generations to come.

As we prepare to engage the community in order to maintain awareness and support for the project, the Foundation would appreciate hearing your views and what you think is important to highlight in

terms of community and provincial priorities.

I would appreciate hearing back from you so that I may schedule time with Mr. Vollet and/or a member of the Foundation board of directors at your earliest convenience.

Kind regards,

Tracy Dallas

Hello Christina,

My apologies for taking so long to email you as I said that I would following our meeting at the Stenberg College symposium (Be The Change). I wanted to thank you and Minister Mark for coming and just say again what a privilege it was to meet and have her there. I was in the audience for Minister Mark's speech and have since watched/shared the video several times and it still has profound impact on me. I know for sure it had the same effect on everyone fortunate enough to be at the Anvil Centre that day because we have heard back from many attendees about it.

As we spoke about briefly on the day, I would very much appreciate the opportunity to meet with the Minister to speak at more length about our sector. In addition to hearing from the Minister her vision for post-secondary education in BC, I would like to speak with her about who we are, what we do and most importantly who our students are and what is important to them. I know that we are a lesser-known component of the Ministry portfolio, and so I'd like to colour in the picture a bit given that I believe that our common values align extremely well with the values of Minister Mark and the Government in general.

Please can you make known my request for a meeting and know that I will do whatever is necessary to make it convenient both in time and location.

Sincerely,

Jeremy Sabell | President

Hello Minister Mark,

I wanted to follow-up soon after the event where we met yesterday. It was very nice to have met you in person. Maybe we can have lunch sometime. All the best to you in your role as Minister of Advanced Education, Skills and Development. It is very exciting that you are the 1st First Nation woman elected as an MLA and appointed to cabinet.

Subject: Visit of Israeli Consul General Galit Baram

To Whom it May Concern,

The Consul General of Israel to Toronto and Western Canada, Galit Baram will be visiting Vancouver from June 1st to 4th for a series of events and meetings in the community. I am looking to see if the Minister would be available in Vancouver during that time to meet with the Consul General for a courtesy meeting. The purpose of the meeting would be to allow the Consul General to introduce her mandate and the work being done by the consulate to strengthen ties with Canada's provinces.

The CG would also like to update the Minister on the partnerships between Israeli and Canadian post-secondary educational Institutions in BC and discuss the possibility of strengthening those ties.

I look forward to hearing back from you.

Hi Holly,

You had mentioned that you were going to send the attached report (that came with this incoming) over in the pouch, so just following up to see if you perhaps have already sent it?

This is going to be a Ministry Direct Response, so I thought it might be helpful for staff to reference if they need to.

Thanks.

Good afternoon,

Please find attached an invitation for Minister Mark to attend the [IC-IMPACTS](#) annual conference taking place at UBC's Vancouver campus on the afternoon and evening of Wednesday, June 13 (keynote addresses, dinner reception and entertainment). IC-IMPACTS is dedicated to the development of research collaborations between Canada and India and was established through the federal Networks of Centres of Excellence (NCE) program.

Professor K. VijayRaghavan, Principal Scientific Advisor to the Prime Minister of India has kindly agreed to deliver the keynote. Other notable speakers include Professor Mario Pinto, President of NSERC; and Professor Roseann O'Reilly Runte, President and CEO, Canada Foundation for Innovation (and former President Carlton University).

The draft program is also attached for your reference.

In October 2017, Minister Mark participated in a research announcement with UBC President Santa Ono, and IC-IMPACTS Director, Dr. Nemy Banthia, showcasing development of a new earthquake-resistant concrete technology – an event and technology that was featured in media across the

world in the weeks that followed.

Please let me know if the Minister will attend and we would be happy to work with you to finalize logistics.

Subject: Invitation: Innovation UBC Robson Square Hub Launch Event

Dear Minister

On behalf of Gail Murphy, UBC VP Research and Innovation, we are pleased to invite you to join us on June 14 to celebrate the official launch of the new Innovation UBC hub at Robson Square.

Innovation is one of three themes that run through the University's new strategic plan. A key form of innovation at UBC is the process through which bold thinking and research discoveries create positive and social impacts. Innovation UBC supports multiple innovation pathways, including research partnerships, commercialization, knowledge exchange and entrepreneurship. Our new hubs in downtown Vancouver and Kelowna provide easy ways to access this support, and encourage collaboration, a second theme in the strategic plan.

At our June 14 event, you can connect with our network, learn more about Innovation UBC and participate in a panel discussion exploring the impact of big data. The panel will explore how big data is affecting every key sector of our economy and will consider the role of policy and ethics in ensuring that this data plays a positive role in building the society we desire. Following the panel, the entrepreneurship @UBC Venture Showcase will provide an opportunity to engage with promising new UBC startup companies.

Space for this opening event is limited. Please RSVP and find more information at <https://innovation.ubc.ca/robson-square-launch>.

Location: UBC Robson Square, 800 Robson St, Vancouver BC

4:50 pm: Doors open

5:15 pm - 6:00 pm: Panel discussion: *Big Data, High Stakes: Understanding the risks and rewards*

With an ever-increasing reliance on big data in almost all that we do, how can we ensure that the benefits outweigh the potential risks? Our panel brings together thought leaders from BC industry, academia, and the public sector to delve into this crucial issue. What are some of the social, health, economic and environmental benefits? How do we deal with potential risks and ethical issues as data users and as private citizens?

Panelists

- **Taylor Owen**, UBC Assistant Professor of Digital Media and Global Affairs
- **Stephen Wu**, Manager of Economic Development at the City of Surrey
- **Sally Aitken**, UBC Professor in the Department of Forest and Conservation Sciences
- **Sara Weinstein**, Data Scientist at Boeing Vancouver Labs

Moderator: **Gail Murphy**, Vice-President, Research and Innovation, the University of British Columbia

6:00 pm - 7:30 pm: entrepreneurship @UBC Venture Showcase & Reception

Subject: Invitation: Innovation UBC Robson Square Hub Launch Event

Dear Minister

On behalf of Gail Murphy, UBC VP Research and Innovation, we are pleased to invite you to join us on June 14 to celebrate the official launch of the new Innovation UBC hub at Robson Square.

Innovation is one of three themes that run through the University's new strategic plan. A key form of innovation at UBC is the process through which bold thinking and research discoveries create positive and social impacts. Innovation UBC supports multiple innovation pathways, including research partnerships, commercialization, knowledge exchange and entrepreneurship. Our new hubs in downtown Vancouver and Kelowna provide easy ways to access this support, and encourage collaboration, a second theme in the strategic plan.

At our June 14 event, you can connect with our network, learn more about Innovation UBC and participate in a panel discussion exploring the impact of big data. The panel will explore how big data is affecting every key sector of our economy and will consider the role of policy and ethics in ensuring that this data plays a positive role in building the society we desire. Following the panel, the entrepreneurship @UBC Venture Showcase will provide an opportunity to engage with promising new UBC startup companies.

Space for this opening event is limited. Please RSVP and find more information at <https://innovation.ubc.ca/robson-square-launch>.

Subject: SAP Vancouver Introduction and Invitation

Dear Minister Mark,

We are writing to introduce ourselves and officially invite you and your staff to visit SAP Canada's British Columbia offices in Vancouver for a tour and special briefing.

Centrally located in the heart of Yaletown, SAP Vancouver is a flagship of the city's flourishing technology scene, and, as the fourth largest lab in SAP's entire global operation, a flagship of SAP's international business.

At 1,450 full-time employees in the SAP Vancouver office, SAP is BC's largest software employer. We

have been growing 10-20% year-over-year for the past three years, adding an average of 150+ full-time, highly-skilled jobs per year, and we intend to continue investing heavily in Vancouver and the province of British Columbia.

Growing our personnel at this rate has meant that our physical footprint has needed to grow as well. For the second time in just three years, we are investing over \$11 million in renovating and expanding our workspace in Vancouver.

We are immensely proud of our space, our people, and the world-class SAP software development happening right here in British Columbia that is being leveraged all over the globe, and we look forward to sharing it with you.

We would also welcome the opportunity to discuss how SAP can support your mandate to enhance co-op, apprenticeship and work-experience programs for B.C. students; expand technology related programs; and, work to establish technology and innovation centres in key areas of the economy. We are eager to share with you how SAP continues to bring over 150 interns into our office in Vancouver each year for co-op internships as well as our partnerships with UBC, BCIT and Vancouver School Board to encourage young people to choose careers in STEM fields.

As a high-growth, high-tech company with a rapidly expanding presence in British Columbia, supporting skills development in the province is extremely important to SAP, and at any given time, we have approximately 150 paid internship positions in our Vancouver office.

SAP would be honoured to host you on a date and time convenient for you. We look forward to briefing you on the exciting products and solutions being developed, in British Columbia, for British Columbians and the world.

With warm regards,

Ryan and Kirsten

Hello Melanie

TRRUST Collective Impact is wondering if you might be willing / available to attend our next collective gathering on June 8th at Creekside Community Centre from 10 to 3 - we would love for you to take a few moments in the morning and share your insights, wisdom and any updates from your ministry.

TRRUST has over 140 members representing more than 44 organizations and ministries working to support youth aging out of care in Vancouver. I know you are committed to making a difference in the lives of young people aging out of government care. We would be honored to have you as our guest. Can you let me know ASAP if you can make it?

Even if you can stay only till noon or lunch we would love to have you.

Thanks for considering and for all you do!

Hey Jeremy,

Sarena wanted me to scan these and email them to you for a draft reply. She would like advice if this should come from the minister or whoever the response should come from. But she wants a MO review.

There was also roses sent, so please include a thank you for those as well.
