Hello Minister Mark,

I wanted to follow-up soon after the event where we met yesterday. It was very nice to have met you in person. Maybe we can have lunch sometime. All the best to you in your role as Minister of Advanced Education, Skills and Development. It is very exciting that you are the 1st First Nation woman elected as an MLA and appointed to cabinet.

Sincerely,

Tina

Hi Melanie,

I hope you are well. Red Fox is hosting an event at the DUDOC space on October 3, to raise awareness of the life and employment skills training we do for and with Indigenous youth and other youth who face social or economic barriers to success. We are doing this in collaboration with J Peachy and his Creative Cafe. Families who participate in Red Fox activities in East Vancouver will be attending, as will supporters and community partners.

There will be an opening by Kat Norris and the Red Fox drum group will perform. Youth will lead active games and circus arts.

We will be launching a short film we are making this summer documenting the impact of Red Fox in the Strathcona area in particular, over the past 11 years.

It would be wonderful if you could join us. The event is from 4pm to 8pm. At 6pm, we would like to invite you to say a few words.

The poster and other promotions won't be coming out until August but I wanted to let you know about the event right away.

thanks, and please let me know if you have any questions,

Subject: INVITATION FROM MDA

Dear Minister Mark,

On Thursday, June 28, MDA Group President, Mike Greenley, will be speaking at the Greater Vancouver Board of Trade on Securing Canada's Place in Space.

We would be pleased if you could join MDA as our guest for this event. Please RSVP to Robert Near at near@prospectus.ca by June 25.

As international space agencies move forward into deeper space, there is an emerging commercial space market in Low Earth Orbit < the final frontier is opening up. Countries and companies are jostling to capture their place in the new space economy and the stakes are high.

Who will lead in this new realm of economic activity? The U.K. aims to capture 10 percent of the global space market by 2030; Luxembourg has set its sights on being the leading space mining country. Canada, the third country in space and an acknowledged world leader in space robotics and Earth observation, has always punched above its weight in space, thanks to past visionary decisions and strategic investments by the Canadian government. Our country faces an important decision in the coming months: Will we

continue to lead or choose to recede?

Mr. Greenley will address these issues and map out MDA's plans to lead as a global space industry player, including introducing new mechanisms for small and medium-size businesses in Canada to engage in the new space economy.

Hi Cindy,

I hope you are well, I am forwarding you an invitation that was sent to the MLA account in error from our Indigenous Services Department.

We are hoping that the Minister would be able to attend this important BCIT event that celebrates the success of our indigenous graduates.

This event is being held on Thursday, June 14th at the Burnaby campus with the dinner starting at 5:30pm.

We understand that the Minister's calendar is probably quite full and would be grateful if she could attend a portion of the evening to meet with the graduates.

Please feel free to give me a call if you have any questions and we appreciate the Minister considering this event.

Dear Minister Mark:

On behalf of Engineers and Geoscientists BC, I'm pleased to extend an invitation to attend our Member Induction Ceremony on Thursday, June 14, 2018 from 5:15 PM to 7 PM at the Sheraton Wall Centre in Vancouver, BC.

Our induction ceremony welcomes and recognizes new members to the professions in the company of their colleagues, peers, family, and friends. New members are invited from across the province, with the majority of attendees residing in the Metro Vancouver region.

The engineers and geoscientists being inducted are helping to keep British Columbians safe by contributing to the development of leading edge technologies, and growing our economy, our infrastructure, and our communities.

This occasion marks a significant milestone in members' careers, defining them as professional, ethical, and accountable. We hope you will be able to join us in celebrating the province's newest professional members.

Event Information:

Member Induction Ceremony

Date: Thursday, June 14, 2018

Time: Arrival – 5:15 PM; Ceremony – 5:30 PM to 7 PM; Greetings – 5:40 PM to 5:45 PM;
Cocktail Reception – 7 PM onwards

Location: Sheraton Wall Centre – Grand Ballroom A/B, 1088 Burrard Street, Vancouver, BC

Attendees: Over 100 new professional members and their guests; members of Engineers and Geoscientists BC's Council

It is provincial legislation under the *Engineers and Geoscientists Act*, which provides us with our mandate to uphold the public interest in the practice of engineering and geoscience.

As BC's licensing and regulatory authority for the professions, achieving certification as a professional engineer, professional geoscientist, or licensee allows individuals to take responsibility for engineering or geoscience work in the province in which they are registered.

To RSVP, or for additional information, please contact Laurel Buss, Communications Officer at lbuss@egbc.ca or 604.412.6052.

I look forward to seeing you in June.

Sincerely,
Ann

Dear Minister Mark,

It is with pleasure that I extend an invitation to Ministry Representatives in our upcoming semi-annual general meeting on July 25 to 28, 2018 at the Vancouver Island University in Nanaimo. Attached to this e-mail is our letter of invitation.

We see this as a great opportunity to continue conversations between the Ministry and students on educational issues such as open education resources, international education, and student financial aid. Through these discussions, we can work together on improving the post-secondary education in British Columbia.

We have an availability on Friday, July 27 at 11:45 am to 1:00 pm. Please advise if the suggested time and date works. We will do our best to accommodate your schedules.

If you have any questions, please do not hesitate to contact me through e-mail or phone at (604) 733-1880.

I look forward to hearing back from you.

Thank you,

Phoebe Lo

Dear Honourable Melanie Mark and Ms. Shannon Baskerville,

I am writing to provide you with the following press release regarding some fantastic news about BC post-secondary student and secondary students. If I can answer any questions or provide any additional information, please contact me at your convenience.

We would also like to take this opportunity to cordially invite you and any members of your staff to join us at the Premiere and Red Carpet Screening of Student films on Climate Change at the Vancity Theatre in downtown Vancouver on Saturday, June 9. As tickets are limited, we would appreciate being advised by you if you have any interest in us reserving tickets for you, your guests or staff by no later than June 1.

We hope you will help celebrate the success of BC students who are inspiring action against climate change and share the news about great Canadian youth.

PRESS RELEASE!

Three BC student secondary teams are vying to win the national **FOCUS! Climate Change Video Contest** run by the Kimberley Foundation. One BC student at the post-secondary level is also vying for the post-secondary title. The winners will be announced at a public Red Carpet Screening on Saturday June 9, 2018 at the VIFF Vancity Theatre in downtown Vancouver.

In October 2017, the Kimberley Foundation launched the **FOCUS! Climate Change Video Contest** in an effort to engage Canadian youth around the topic of climate change and inspire them to use video as a way of provoking thought, starting conversations and inspiring action to work towards ameliorating the impact of climate change. The key criteria – be creative!

As one of our panel of international judges describes, the result was an “inspiring journey across Canada

hearing the upcoming generation' screen for a change!" In total, the Kimberley Foundation received 160 films involving 400+ students from 85 institutions across 8 provinces.

When you think of the FOCUS! Climate Change Video Contest, do not think short visual lectures on climate change. The diversity of videos cover the spectrum: from pinhole camera portraits of climate change on the Inuit to proposals for new building practices in Vancouver; from haunting story-telling, to humorous live action and provocative stop animation. They are a showcase of the next generation's creative excellence, practiced film-making skills, and clear learning about climate change.

On Saturday June, 9, 2018, the **FOCUS! Red Carpet Screening** will screen the finalists at the post secondary and secondary level, present awards to the winners and screen a montage of highly notable films. A reception will also be held following the screening. The films have been rated "General" with no advisories by Consumer Protection B.C. Tickets are limited but free. They are available online at: <https://kimberley-foundation.org/focus-video-competition/>.

On Monday June 11, the films will be viewable through the Kimberley Foundation website along with several other films that will, together, form a new student-created video library on climate change. We hope this new resource will prove valuable to students, educators and anyone who wants to be inspired to help "change climate change". The website will also feature a weekly updated innovation story hub that showcases climate change innovations and stories globally.

FOCUS! Climate Change Video Contest Finalists are:

Post-Secondary Category:

- Olivia Seneshen, Capilano University, for her film "*A New Blueprint for an Old Home*" [BC student - Vancouver]
- Natalie Baird, University of Manitoba, and Attagoyuk Ilisavik Students, Pangnirtung, for the film "*ᑕᓕᓕᓕᓕᓕᓕ / TARIUQ TAKUJANNIQ / THE OCEAN FROM MY EYE*"

Secondary Category

- Sasha Argirov and Nikita Kalugin, Lord Byng Secondary School, for their film "Frozen in Place" [BC students - Vancouver]
- Kevin (Jin Kwan) Kim, Walnut Grove Secondary School, for his film "What Will You Do About It" [BC student - Langley]
- Sarah Sheppard, Elsie Sheppard, and Julie Sheppard, for their film "The Green Menace"
- Taishi, Jingwen (Alexx), Maple Leaf School – TRU, for her film "Remains" [BC student – Kamloops]

Of the 14 additional films that will be showcased at the screening on June 9, five (5) are also from BC students.

About the Kimberley Foundation <https://kimberley-foundation.org/>

The Kimberley Foundation is a BC registered not-for-profit organization that actively works to promote a love of learning, to stimulate self-directed curiosity about the world, and to support activities and pursuits that inspire, impact, and facilitate positive, environmentally responsible change in the world. It was established as a legacy to Dr. Hugh C. Morris and Mrs. Pat Morris. Dr. Morris was a long time leader in the Canadian geological field and among his many service contributions, at one point was the Chair (1993-1998) of the Canadian Global Change Program.

Hi Cindy,

I hope you are well, I am forwarding you an invitation that was sent to the MLA account in error from our Indigenous Services Department.

We are hoping that the Minister would be able to attend this important BCIT event that celebrates the success of our indigenous graduates.

This event is being held on Thursday, June 14th at the Burnaby campus with the dinner starting at 5:30pm.

We understand that the Minister's calendar is probably quite full and would be grateful if she could attend a portion of the evening to meet with the graduates.

Please feel free to give me a call if you have any questions and we appreciate the Minister considering this event.

October 9-10, 2018
Hyatt Regency Vancouver
655 Burrard Street, Vancouver

Vancouver and Seattle enjoy a long history of shared culture, shared geography and a shared love of the outdoors. We are entrepreneurs and innovators. We have a common ethos as an inclusive and welcoming society, and we are each our respective nation's gateway to Asia. We are leveraging our strengths in life sciences, clean tech and transportation and our world leading technologies in mixed reality, digital and cloud computing. Together, we can be the next global innovation ecosystem and a leader in solving some of the world's toughest challenges. **Together, we are the Cascadia Innovation Corridor.**

Join fellow leaders in business, academia, tech and government from both sides of the border for a collaborative conference setting the course for Cascadia through to 2021, the 100th Anniversary of the Peace Arch. This year's conference will celebrate the progress that has been made in making the Corridor a reality, and will explore the sectoral opportunities that will build out the Cascadia Innovation Corridor as a global centre for innovation. The conference will launch the evening of October 9th with a reception, followed by full day of engaging content and collaborative workshops on October 10th.

You will hear from top business executives, elected officials and regional, national and international experts on how our two regions can maximize our shared values and competitive

advantages. Delegates will also participate in collaborative workshops and identify specific actions that will elevate the Cascadia Corridor.

You won't want to miss these important discussions and the opportunity to shape the future of the Cascadia Region as a global centre for innovation. Please hold these dates on your calendar. In the coming weeks, you will receive additional agenda and registration information, including hotel reservation details.

For additional information, questions, or to opt-out of this invite please contact info@bccbc.com. For more information on the Cascadia Innovation Corridor, please visit bccbc.com/cascadiacorridor.

Dear Minister Mark,

On behalf of Creative Energy, I am reaching out to request a short meeting with you at your earliest convenience regarding our Fuel Switch project in Vancouver.

The purpose of the meeting is to brief you on the Fuel Switch and to hear your feedback and advice. Attached is a short memo on the Fuel Switch that we have produced for you.

In past months, we have met with your colleagues in Caucus, along with key Ministers and their staff at both the political and departmental levels. We are also advancing this important project with the federal government and the City of Vancouver. The project has been well received by elected officials and staff at both levels.

By way of background, the Creative Energy Fuel Switch project aligns with the provincial government's commitments to invest in reducing GHGs and positioning British Columbia as an international leader in climate action. The Fuel Switch offers a unique and historic opportunity for British Columbia to reduce GHG emissions by 75% for heating more than 200 buildings through a single project – the equivalent to taking 14,000 cars off the road. This is one of the least costly sources of large GHG reductions in the building sector, and considerably less costly than current federal and provincial incentives for electric vehicles.

Creative Energy is one of the largest district energy companies in Canada. Our system in downtown Vancouver currently serves over 200 buildings and is regulated by the BCUC. The system serves many iconic buildings, including several provincial facilities such as BC Place and most notably St. Paul's Hospital, which Creative has served with over 99.99% reliability for nearly 50 years.

In addition to the Briefing Note attached, [here is a link to the executive summary of a feasibility](#)

Subject: Engineers and Geoscientists BC - Celebrate International Women in Engineering Day

Dear Minister Mark:

Saturday June 23rd will be the fourth annual International Women in Engineering Day. Its goals are to raise the profile of women in engineering, celebrate the outstanding achievements of women engineers throughout the world and focus attention on the amazing career opportunities available to girls in this exciting industry.

We are hoping to secure your participation in our efforts to highlight this day and use it to advance our 30 by 30 initiative. This initiative has a goal of raising the percentage of newly licensed engineers who are women to 30 percent by the year 2030; currently this figure is at 17.0 percent, and has held steady at this rate over the last three years.

As a female engineer myself [I have produced a video](#) which will be posted to our social accounts in advance of the day which will speak about my experiences in the profession and the importance of 30 by 30. We will be encouraging our female members to produce similar short 30-45 second videos and tag them with [@EngGeoBC](#) and the hashtags #RaisingTheBar #INWED2018. We will also have an article in our newsletter and [content on our website](#).

We would be thrilled if you would consider creating your own video or just retweet ours to help amplify our message. If you did produce a video you could highlight the recent government announcement to invest in women-in-technology scholarships to inspire a new generation of women to take up science and tech-based professions. Or if you had other ideas on how to help increase the profile of our campaign we would love to hear them.

I have also reached out to MLA and Parliamentary Secretary for Gender Equality Mitzi Dean and MLA and Parliamentary Secretary for TransLink Bowinn Ma with a similar request.

Thank you in advance.

Ann

DIALOGUE INVITATION: Give them Wings

Indigenous Youth Taking Flight

210-128 West Hastings Street, Vancouver

July 25, 2018 | 10 am –12 pm

www.givethemwings.ca

Minister Mark – I mentioned this to you very briefly at the PowHERhouse luncheon at Hycroft where we were speaker panelists together. As an Indigenous women pilot, I am super passionate about Indigenous Youth Taking Flight. It would be so incredible if you could join this dialogue or alternatively a delegate from the Ministry of Advanced Education and Skills Training.

Let's explore Indigenous Youth Taking Flight!

Heather Bell (Board Chair, British Columbia Aviation Council) and I are hosting a 2nd dialogue with 12 leaders on July 25th to further explore how the labour market shortage of pilots can be addressed, in part, by the fastest growing demographic in Canada – Indigenous Youth.

You have been invited to a conversation to share your thoughts and ideas about inspiring Indigenous Youth with the possibilities of flight and to further explore the Give them Wings concept. Give them Wings inspires Indigenous Youth with the possibilities of flight and maps ways to navigate the journey. This contributes to an aviation and aerospace industry that is visible, connected, thriving, and INDIGENOUSLY ENGAGED.

In friendship,
Teara

Hi Holly – just checking to see if your office has received the attached letter from Robert Fleming?

The DMO was inquiring if this was received by the Minister, as this is a copy that went to the DM.

It looks like an invitation to attend the BCCAT annual meeting and conference.

I had a quick look in the MO e-mail box to see if it was scanned, as well in Cliff, and found nothing.

Thanks,

Hello Minister Melanie Mark,

It was nice meeting you at the Faculty of Medicine's Hooding ceremony. As I mentioned, we had our Indigenous MD celebration in the morning of May 22 at the UBC Longhouse.

Next year's Indigenous MD Celebration will be May 21, 2019, 9:00am to 11:00am at the UBC longhouse. We would be honored for you to attend.
As the date approaches, I will send you an official invitation. Next year's celebration will probably get a lot of attention as that will be our largest class of Indigenous MD students graduating which will be 15.

Warmest regards,

Dear Minister Mark,

International Association of Sanskrit Studies is organising the 17th World Sanskrit Conference in Vancouver from 9th to 13th July 2018. The World Sanskrit Conference is the premier international forum for the academic study of Sanskrit learning and culture and this is the first time that this prestigious annual event is being held in Canada.

2. In view of the prestige attached to this event, a senior Cabinet Minister in the Government of India, who is likely to visit Vancouver to attend the Conference, will be holding a banquet on 9th July 2018 from 1700 hrs. to 1830 hrs. You are requested to kindly save the date in your calendar. A formal invitation will be sent in due course.

Please accept the assurances of my highest consideration.

Dear Minister Mark,

On Thursday, June 28, MDA Group President, Mike Greenley, will be speaking at the Greater Vancouver Board of Trade on Securing Canada's Place in Space.

We would be pleased if you could join MDA as our guest for this event. Please RSVP to Robert Near at near@prospectus.ca by June 25.

As international space agencies move forward into deeper space, there is an emerging commercial space market in Low Earth Orbit < the final frontier is opening up. Countries and companies are jostling to capture their place in the new space economy and the stakes are high.

Who will lead in this new realm of economic activity? The U.K. aims to capture 10 percent of the global space market by 2030; Luxembourg has set its sights on being the leading space mining country. Canada, the third country in space and an acknowledged world leader in space robotics and Earth observation, has always punched above its weight in space, thanks to past visionary decisions and strategic investments by the Canadian government. Our country faces an important decision in the coming months: Will we continue to lead or choose to recede?

Mr. Greenley will address these issues and map out MDA's plans to lead as a global space industry player, including introducing new mechanisms for small and medium-size businesses in Canada to engage in the new space economy.

Dear Minister Mark:

On behalf of Engineers and Geoscientists BC, I would like to extend an invitation to attend and participate in our Annual Conference and AGM taking place at the Vancouver Convention Centre East from October 18-20, 2018. We would be honoured to have you attend on behalf of the BC Government and have outlined a number of opportunities below for you to join us in celebrating BC's outstanding engineers and geoscientists for their contributions to technology and innovation, the professions, post-secondary education, and the community.

Greetings and Teaching Award Presentation – President's Awards Gala - Friday, October 19

- **Event:** Bring greetings on behalf of the BC Government and help present the Teaching Awards of Excellence at our **President's Awards Gala**.
- **Context:** The Teaching Awards of Excellence recognize excellence in engineering and earth science education by faculty members from a BC post-secondary institution.
- **Date/Time/Location:** **Friday, October 19, 2018** at the Vancouver Convention Centre East. The **President's Awards Gala** begins at **5:30 PM** with a private reception for award winners and special guests followed by a formal dinner with all attendees at 7 PM. You would be invited to the stage to speak for approximately five minutes at around **7:15 PM**. The awards are presented at approximately **8 PM**. There would be a photo opportunity with the award recipients on stage.
- **Audience:** The gala is attended by government, business leaders and Engineers and Geoscientists BC professionals. 350 guests will attend this sit down dinner with award presentations, followed by dancing and music. The attire for the event is black-tie optional.

Private Award Winner Reception – Friday, October 19 – Pan Pacific Hotel

- **Event:** A private reception is being held in advance of our full gala for award winners to meet

each other ahead of the ceremony and to celebrate with their family, peers, and special guests.

- Context: This year's Young Professional Award recipient resides in the Vancouver-Mount Pleasant riding making him a constituent. We would be pleased to organize a photo opportunity for you and the award recipients.
- Date/Time/Location: This event is from **5:30 PM to 6 PM** on Friday, October 19 at the Pan Pacific Hotel.
- Audience: Award recipients from across BC, their guests, and members of Engineers and Geoscientists BC's Council and senior staff. Approximately 40 people will attend.

Annual Conference – Lunch with Keynote Speakers – October 18 and 19

- Event: Attendance at Engineers and Geoscientists BC's [Annual Conference](#) during which the President's Awards Gala takes place should your time permit.
- Context: Keynote Luncheon speakers include futurist, Nikolas Badminton speaking about the acceleration of innovation and technologies that will change the world on **Thursday, October 18**, and Canadian Football Hall of Famer, Michael "Pinball" Clemons talking about teamwork, community leadership, and overcoming challenges on **Friday, October 19**. We would be pleased to include you at a private table should you wish to join us at a lunch presentation, or we can arrange for a tour of the general conference with the opportunity to stop in at any of our [technical sessions](#).
- Date/Time/Location: Thursday, October 18 or Friday, October 19 from **12 PM to 1:45 PM**
- Audience: This is the highlight of the association's year and typically involves 800 of BC's leading engineering and geoscience professionals from across BC who come together for three days of professional development, networking and association business.

I hope you will be available to attend the President's Awards Gala and our 2018 Annual Conference and AGM and look forward to a favourable reply. Please contact Laurel Buss, Communications Officer, at the association office for further information and to RSVP at 604.412.6052 or lbuss@egbc.ca.

I look forward to seeing you in October.

Sincerely,
Ann

Subject: INVITATION TO FIRST WORLD CONGRESS ON INDIGENOUS HIGHER EDUCATION, INDIRA GANDHI NATIONAL TRIBAL UNIVERSITY.

Dear friends:

My name is Javier Ullán, I am a professor of Social Anthropology and Sociology at the University of Alicante, Spain. As a specialist in Indigenous Universities, I have been charged by

the Vicechancellor of Indira Gandhi National Tribal University (IGNTU) , the state university for the indigenous and tribal peoples of India, to organize the First International Congress on Indigenous Higher Education. Initially addressed to representatives of Indigenous Universities, we are now opening and extending the invitation to other actors within the broader field of Indigenous Education. We need as many participants from as many countries as possible to make this event a success, so we hope you will be able to attend or send a representative from your institution. IGnTU commits to cover all your expenses once you arrive in India (domestic flight, accommodation, meals) and is currently actively looking for more funding that might eventually cover part of the trip to India as well. So, please, we encourage you not to miss out this unique opportunity to be part of a historical event, the first one of its kind, and all the benefits that will surely derive from it.

Find attached a formal letter of invitation.

Looking forward to your kind (and positive reply)

Dear Honourable Melanie Mark,

Invitation to Opening of "Dancing on the Windswept Plateau" – Exhibition of Best Chinese Ink Paintings of LANG Jun

The International Arts Gallery is happy to announce the forthcoming arts exhibition of visiting artist, LANG Jun, from Liaoning of Northeastern China.

His artworks display very solid foundation of artistic skills and training, yet full of innovative ideas and reality of life. He is particularly devoted in portraying the livelihood and sentiment of minority ethnic communities on the highland and plateau region in northern China as well as famous historical characters.

The International Arts Gallery is honored to host this exhibition and this is an invitation to you to the Opening Ceremony of "Dancing on the Windswept Plateau" – Exhibition of Best Chinese Ink Paintings of LANG Jun, on 16th June (Sat) at 2:00 pm. Artist LANG Jun will be in attendance to meet with art lovers.

Dates of Exhibition from 17 (Sun) to 25 (Mon) June 2018, noon to 5 pm.

You may also have a preview of this show from our exhibition web link:

Subject: Invitation to speak at the 2018 Summer Labour Market Conference

Hello, my name is Christian Saint Cyr and I'm writing on behalf of the BC Labour Market Report. We're organizing a **Summer Labour Market Conference** for career counsellors from around British Columbia and this year's conference is focusing on **'The Limitless Potential of Women in the Labour Market'**.

In keeping with the theme, we would like to invite the Honourable Melanie Mark, Minister of Advanced Education, Skills and Training, to speak about what the Province is doing to support women to pursue education, vocational training and skills development in areas where women are underrepresented.

This is the fifth year we're hosting our labour market conference and we're expecting approximately 250 career professionals. I believe the Minister's presentation will help underscore the progress being made by women to excel in all areas of education and training and to learn more about the initiatives of the province to broaden this success.

We are hoping the Minister could speak on **Thursday July 26th** from **3:00pm to 3:30pm**, at the **Croatian Cultural Centre in Vancouver**. I've also attached an agenda with more details. This time slot would need to allow 5-10 minutes for questions from the audience.

This year's conference has proved to be one of the most popular we've organized and I'm certain everyone would enjoy hearing a presentation by the Minister. Please let me know if you have any questions.

All my best!

Christian

Dear Melanie Mark,

My name is Marcus Barichello and I'm a journalist for Kwantlen Polytechnic's student lead newspaper, The Runner. We are wanting to do a story on the recently announced accessibility funding being offered to multiple university institutions to help develop programs or improve programs that help students with cognitive, mental, or physical disabilities achieve success in the job market. I was wondering if we could schedule a telephone interview so you could answer a few questions regarding the benefits of this investment, the finances of this investment, and the BC NDP's commitment to ensuring education and employment opportunities to students dedicated to their studies. Any help would be greatly appreciated.

Sincerely,

Marcus Barichello

Is the meeting addressed to MLA Mark or Minister of AEST Mark? - It can be addressed to Minister of AEST Melanie Mark please.

Will you please send us a one page meeting outline, including the topic of questioning? - When do you need this by? General topic of meeting: League of Innovators (national charity) work with youth (15-25) across BC, and our plans to engage youth at scale and provide them entrepreneurial skills and tools wherever they may be. I can provide a detailed brief of League of Innovators and our programs. (www.theleagueofinnovators.com)

Time and Date request? How long will the meeting be? - I am pretty open in July - obviously dependent on Minister Marks schedule. I would love a 30-45 minute meeting if at all possible.

Subject: News - BC University student wins FOCUS Climate Change Video Contest

Dear Honourable Melanie Mark and Ms. Shannon Baskerville,

I am just writing to let you know that a BC student at Capilano University, Ms. Olivia Seneshen, has won the FOCUS! Climate Change national video contest for a film "A New Life For an Old Home" about sustainable building in Vancouver. You can see her film at:

<https://kimberley-foundation.org/focus-video-competition/video-examples-3-2/>

With kudos to the province's educational system, 3 of the four finalists in the BC secondary system were also prize winners, with the Grand Prize for secondary schools going to two young fellows – Sasha Argirov and Nikita Kalugin – from Lord Byng Secondary school in Vancouver for the film "Frozen in Place".

We are delighted by the success of BC young, climate conscience, filmmakers and the education they are receiving in BC's educational system.

Sincerely,

Subject: BC Students Inspiring Change

Dear Honourable Melanie Mark and Ms. Shannon Baskerville,

I am writing to provide you with the following press release regarding some fantastic news about BC post-secondary student and secondary students. If I can answer any questions or provide any additional

information, please contact me at your convenience.

We would also like to take this opportunity to cordially invite you and any members of your staff to join us at the Premiere and Red Carpet Screening of Student films on Climate Change at the Vancity Theatre in downtown Vancouver on Saturday, June 9. As tickets are limited, we would appreciate being advised by you if you have any interest in us reserving tickets for you, your guests or staff by no later than June 1.

We hope you will help celebrate the success of BC students who are inspiring action against climate change and share the news about great Canadian youth.

Sincerely,

PRESS RELEASE!

Three BC student secondary teams are vying to win the national **FOCUS! Climate Change Video Contest** run by the Kimberley Foundation. One BC student at the post-secondary level is also vying for the post-secondary title. The winners will be announced at a public Red Carpet Screening on Saturday June 9, 2018 at the VIFF Vancity Theatre in downtown Vancouver.

In October 2017, the Kimberley Foundation launched the **FOCUS! Climate Change Video Contest** in an effort to engage Canadian youth around the topic of climate change and inspire them to use video as a way of provoking thought, starting conversations and inspiring action to work towards ameliorating the impact of climate change. The key criteria – be creative!

As one of our panel of international judges describes, the result was an “inspiring journey across Canada hearing the upcoming generation’ screen for a change!” In total, the Kimberley Foundation received 160 films involving 400+ students from 85 institutions across 8 provinces.

When you think of the FOCUS! Climate Change Video Contest, do not think short visual lectures on climate change. The diversity of videos cover the spectrum: from pinhole camera portraits of climate change on the Inuit to proposals for new building practices in Vancouver; from haunting story-telling, to humorous live action and provocative stop animation. They are a showcase of the next generation's creative excellence, practiced film-making skills, and clear learning about climate change.

On Saturday June, 9, 2018, the **FOCUS! Red Carpet Screening** will screen the finalists at the post secondary and secondary level, present awards to the winners and screen a montage of highly notable films. A reception will also be held following the screening. The films have been rated “General” with no advisories

by Consumer Protection B.C. Tickets are limited but free. They are available online at: <https://kimberley-foundation.org/focus-video-competition/>.

On Monday June 11, the films will be viewable through the Kimberley Foundation website along with several other films that will, together, form a new student-created video library on climate change. We hope this new resource will prove valuable to students, educators and anyone who wants to be inspired to help “change climate change”. The website will also feature a weekly updated innovation story hub that showcases climate change innovations and stories globally.

FOCUS! Climate Change Video Contest Finalists are:

Post-Secondary Category:

- Olivia Seneshen, Capilano University, for her film “*A New Blueprint for an Old Home*” [BC student - Vancouver]
- Natalie Baird, University of Manitoba, and Attagoyuk Ilisavik Students, Pangnirtung, for the film “*ᑕᓕᓄᓐ ᑕᓄᓐᓂᓐ / TARIUQ TAKUJANNIQ / THE OCEAN FROM MY EYE*”

Secondary Category

- Sasha Argirov and Nikita Kalugin, Lord Byng Secondary School, for their film “Frozen in Place” [BC students - Vancouver]
- Kevin (Jin Kwan) Kim, Walnut Grove Secondary School, for his film “What Will You Do About It” [BC student - Langley]
- Sarah Sheppard, Elsie Sheppard, and Julie Sheppard, for their film “The Green Menace”
- Taishi, Jingwen (Alexx), Maple Leaf School – TRU, for her film “Remains” [BC student – Kamloops]

Of the 14 additional films that will be showcased at the screening on June 9, five (5) are also from BC students.

Volunteer Gathering

October 3, 2018

Dear Melanie,

This year marks an auspicious milestone for Vancouver Foundation as we celebrate 75 years of being community inspired.

Together, we can look with pride at the difference we're making in neighbourhoods and communities across BC every day. Whether we worked together last week, or haven't checked in for years, as one of our tireless volunteers, you're the driving force behind this meaningful and lasting change.

In September, we're inviting all British Columbians to join us in celebrating our 75th through the [On the Table](#) initiative, but we also want to do something special with our closest friends and supporters — the members of our Board, Honorary Governors, volunteer advisors, and alumni who make our work possible.

Please set aside 12:00-5:00pm on Wednesday, October 3 in your calendars to spend some time celebrating the progress we've made together, and building momentum for what comes next.

We'll be back in touch in the weeks ahead with more details about the location, agenda, and more.

I hope you can join us.

Hi Minister Mark,

I hope this email finds you well. s.22 Wes Regan, reached out to you last fall about our rural economic development education programs at Simon Fraser University, and I just wanted to follow up. I've recently taken over his role as Director of CED programs at SFU, and I'm scaling up our programs in remote and Aboriginal communities.

If you have any time to meet with us about this in the near future, I would appreciate it. We have a number of partners around BC who are requesting our curriculum but we could use provincial support in making it happen.

Thanks for your time.

Honorable Minister Melanie Mark,

I hope this email finds you well. My name is Ekaterina Grishko and I am contacting you on behalf of Ashton College.

*This year, our institution is celebrating its 20th anniversary. As a part of our mission to give back to the community that welcomes our services and allows us to grow, we are happy to present one of the biggest events that will take place in beautiful British Columbia in Fall 2018 – **Canadian Immigrant Integration Conference.***

We would like to invite you to participate in the Conference as an Honourable Speaker.

Canadian Immigrant Integration Conference is to be held on October 13, 2018, at the Bell Performing Arts Centre in Surrey. The Conference is meant to fuel success and achievements of those who make Canada the most livable, prosperous, diverse and spirited place in the world. The main goal of this event is to provide attendees with the most up-to-date and useful information on resources available to them and their families to settle down and become successful in a new place.

As you know, a lot of immigrants face difficulties while pursuing their career in Canada. Many of their issues result from a simple misunderstanding of the system and a failure to make use of resources, training and education available here. As a Minister, you are the best person to introduce new immigrants to Education and Training programs available in British Columbia and present the vision of your government on this important sector. We would highly appreciate an opportunity to meet with you in person and discuss the Canadian Immigrant Integration Conference in detail. It would be great if your office could suggest a convenient day/time for this personal meeting.

Thank you for taking the time to read this invitation! We look forward to hearing back from you.

Sincerely,

Ekaterina Grishko

Hi Holly,

Thank you for your message. I spoke with someone from MLA Mark's office, I'm not sure if it was you....

Would MLA Melanie Mark like to attend the June 11 session of Red Fox Feasting at Strathcona Community Centre next Monday, June 11?

If so, please let me know and I will let our staff know to expect her.

I have included a representative of the Strathcona Community Centre Association, Past President Shannon Williams. The Strathcona CCA has been a supporter and has hosted Red Fox programs at Strathcona since 2008.

thanks,

Emma

Hi Melanie,

I hope you are well. Red Fox is hosting an event at the DUDOC space on October 3, to raise awareness of the life and employment skills training we do for and with Indigenous youth and other youth who face social or economic barriers to success. We are doing this in collaboration with J Peachy and his Creative Cafe. Families who participate in Red Fox activities in East Vancouver will be attending, as will supporters and community partners.

There will be an opening by Kat Norris and the Red Fox drum group will perform. Youth will lead active games and circus arts.

We will be launching a short film we are making this summer documenting the impact of Red Fox in the Strathcona area in particular, over the past 11 years.

It would be wonderful if you could join us. The event is from 4pm to 8pm. At 6pm, we would like to invite you to say a few words.

The poster and other promotions won't be coming out until August but I wanted to let you know about the event right away.

thanks, and please let me know if you have any questions,

Subject: Request for Minister Melanie Mark to speak at a national Tech conference in October

Greetings, Melanie!

First of all, congratulations again on your nomination to Minister! It makes my heart soar every time I see your posts and news stories.

On a personal level (and I know it's short notice), but is there any chance you can come to this event this RavenSPEAK this Thursday night? It's going to be amazing!
<https://www.eventbrite.ca/e/ravenspeak-amplified-tickets-44990615141?aff=efbeventtix>

Secondly, I'd like you to invite you to be a speaker this Oct. 30th to Nov. 1st at the national drone technology conference that I'm helping to coordinate in Vancouver.

I've been building on my work for the last 18 years teaching with organizations like the Native Education College, Aboriginal Finance Officers, and Aboriginal BEST (Business & Entrepreneurship Training) programs across BC as I've launched a new initiative... I want to help Indigenous organizations & communities lead the way in building a Youth and Women STEM training programs to fill a growing demand for skilled workers ...in the drone industry.

As you may know, drones are being used to innovate agriculture, land use planning, building and infrastructure inspections, forestry and resource management, first responder services for search and rescue, fire prevention/monitoring....sooooo many uses. I just presented in Ottawa last week at the **Global Indigenous Entrepreneurship Conference** and introduced the idea of using drones to promote Indigenous tourism experiences and generate revenue for the companies.

This weekend when I go to Williams Lake to teach another BEST program, I'm going to spend one night narrating the slideshow that I presented last week in Ottawa about drones and tourism/business opportunities. I'll send the narrated slides to you that includes my 'herstory' journey into the high-tech world of drones and my commitment to empowering Indigenous communities to start that journey too, in their own ways.

Good morning Honourable Mark,

I attended the press conference for the release of the final report 'Enhancing the Retention and Advancement of Women in the Trades in British Columbia', and heard you speak there. Our association is planning a construction health and safety conference and is seeking panelists to discuss women's experiences in the trades, particularly with harassment and how it has been/is being dealt with within the #MeToo movement.

We would love to have you present to answer questions about the report, particularly the recommendations to employers on how to retain women in the trades in respect to workplace environments. The discussion is being prepared, rehearsed and moderated by Kathryn Gretsinger of CBC.

The date is October 26th 1:30pm-2:30pm at the Italian Cultural Centre in Vancouver, BC.

Please advise if you are interested and available to participate.

I look forward to your response.

Hello Hon. Melanie Mark,

My name is Daniella Javier and I am a reporter for *The Runner*, Kwantlen Polytechnic University's student-led newspaper in Surrey, B.C. I am currently working on an article about the \$1.5 million in provincial funding that 20 post-secondary institutions will receive for students with disabilities. I am hoping to speak to you about this funding and how it will improve conditions for students with disabilities. If an interview is possible with you, I will be able to do a phone interview in the next few days. I forward to hearing from you soon.

Thank you,

Subject: The Fraser Region Aboriginal Friendship Centre invites you to their 3rd annual Guiding Youth Home Gala

Hello Minister Melanie Mark!

I wanted to take a minute to invite you to The Fraser Region Aboriginal Friendship Centre's 3rd annual Guiding Youth Home Gala. To introduce myself, I am Kyla Bains, Youth Services Program Manager here at the Fraser Region Aboriginal Friendship Centre Association. I do know some of the great work that you and our government do in support on Indigenous Peoples and particularly youth aging out of care.

The Fraser Region Aboriginal Friendship Centre Association (FRAFCA) is hosting their 3rd Annual Fundraising Gala, Guiding Youth Home. FRAFCA has expanded its youth services throughout the agency over the past 3 years to better provide services to youth. FRAFCA holds the contract for All Nations Youth Safe House (ANYSH) in Surrey. ANYSH opened in 2006 as a residential facility which provides up to 6 beds at a time for homeless youth, serving male, female and trans gendered youth. ANYSH serves homeless youth all year round, 24 hours a day 7 days a week. We hold the only youth safehouse for all of Surrey. In 2017 ANYSH served 162 youth who were experiencing homelessness. Out of the 162 youth ANYSH served in 2017, 66 youth were set to age out of care and youth supportive services. Our agency serves many youths both under and over the age of 19 years old. What most of our youth have in common is that they are experiencing homelessness. Our goal as an organization is to expand our youth services further by building transitional housing to serve youth who are aging out of Ministry Care and aging out of youth supportive services. Our youth have voiced their needs to enable them to live in a safe a supportive environment to aid in their transition into adulthood and independence. FRAFCA's vision includes transitional living units supported by wraparound services for the youth who both live in the facility and do not. This would include addictions services, mental health services, life skills workshops, work experience and support, health care services, outreach support and 1-1 workers as well as Cultural Connections with the community. We plan to provide multiple services regarding financial literacy and education expansion for youth as well. Hosting Guiding Youth Home this year will continue to raise funds towards our visions as well as build our community networks and partnerships and raise more awareness in our community for the youth we serve. We are asking for sponsorship support to help in hosting yet another amazing night of fun, entertainment, relationship building and making a difference in the lives of the youth we serve as a community. This night will bring together our community for an amazing cause. Sponsorship funds will go towards the overall costs and planning of Guiding Youth Home on November 10, 2018 at the Aria Banquet Hall and Convention Centre.

Tickets available here: <https://www.eventbrite.ca/e/frafcas-3rd-annual-guiding-youth-home-gala-tickets-46824605656>

FRAFCA'S 3RD ANNUAL FUNDRAISING GALA

Many youth struggle with the transition into adulthood on their own, currently there are very few options for them to receive the help they need. Providing a supportive home, space and services can be life changing. Together we can make this goal a reality!

Tickets:
Single - \$60
Table of 8 - \$400

Dear Minster's Office

Ian here, the Project Officer for the United Nations Association (UN-A) in Canada's Green Corps program, which focuses on the intersection of youth employment and the green economy. This is but one of many other programs the UN-A runs. The Green Corps program success is over 500 youth placed in Green Jobs, with focus on training skills for further employability and returning back to the community.

Aside from this, we have several other programs building on youth employment skills and development, including building on reconciliation.

My director is currently in BC and would be able to meet with the office to explore collaboration with UN-A's programs.

His most available time currently is Monday afternoon.

Please let me know if this time works or a few other suitable times.

Subject: Update and Private Degree Granting Institutions Visits (PDGIA)

Dear Hon. Melanie Mark,

It was good to see you at the Coquitlam-Burke Mountain Celebration of a Year in Government on June 27th. Thank you for taking a few moments to speak with me.

I am sending this invitation as a follow-up to the commitment made at the NDP Caucus luncheon and re-affirmed at the June 27th celebration to visit the members of the PDGIA. We would be honoured if you could visit our institutions and find out a bit more about them, their students, and the good work they do as part of the degree-granting landscape of BC supporting diversity, accessibility, credit transfer, student mobility, and partnerships while serving some underserved student populations.

I realize you are busy and summer is a time for taking time for family as is the case with many of our school's leadership. So, I am trying to get ahead of this and begin working on something now. You mentioned that the timing between July 15-August 15th is best for you, so I am hoping we can do what we can with visitations during that timeframe.

Please let me know what you suggest as soon as you can and I will gladly assist in helping to make this happen.

I truly appreciate your willingness and openness to meet with us to discuss issues and how we might move forward to help you with your vision for post-secondary education in the province.

Best regards,

Daren

Dear Ms. Melanie Mark,

It is a pleasure to contact you from the [World Leadership Alliance-Club de Madrid](#) to inform you that our Secretary General, María Elena Agüero, and our member Helen Clark, PM of New Zealand 1999-2008 and former UNDP Administrator, will be travelling to Toronto from the 25-27 June and would like to take this opportunity to request a meeting with you to present our new “Education for Shared Societies” initiative with the objective of exploring possible synergies and collaborations on an issue that is central for both our institutions.

Through this project, we will mobilize political will around a global call to action, to leverage and drive engagement on education as a tool to address challenges affecting the advance of shared societies in the face of i) violent extremism, ii) migration and refugee flows and iii) digital resilience. We will hold our General Assembly and Policy Dialogue 2018 on this topic in Lisbon from the 16-17 October, in collaboration with the Varkey Foundation, the Gulbenkian Foundation and the Agha Khan Development Network amongst others including the institutional support from the Presidency of the Republic of Portugal. The results will be launched at the Global and Education Skills Forum to be held in Dubai in March 2019.

The values of our Education for Shared Societies initiative, are strongly echoed and defended by the government of Canada in its own work on education, making it stand out as key player. As a result, with the support of our Members from Canada, former Prime Ministers Kim Campbell and Jean Chrétien, we are going to explore an active participation from Canada throughout this broad initiative, and, as a first step, would like to explore the interest of the Council of Ministers of Education of Canada in engaging in this process.

I hope this opportunity is of your interest and I look forward to your reply.

Yours Sincerely,

Juan Lomba

The All Nations Youth Safe House (ANYSH) has been providing services to at risk youth in the Surrey area for over 10 years. ANYSH has served over 1000 youth from

the ages of 15-18 over the past years offering them a safe place to stay and caring staff that help them connect to their goals while supporting their mental wellbeing. The Safe House is open to youth of all genders and ethnicities providing a welcoming space for them to land in their times of transition.

In 2016, FRAFCA hosted our first annual Fundraising Gala to share with the community our plans to embark on a new journey to expand our services by offering a Youth Transition Home. FRAFCA plans to provide housing services to youth who are transitioning out of care ages 19-24. Through our work with the youth that have come and gone from the Safe House we realize the great need for continued support and housing for the youth we serve. Countless youth struggle with the transition into adulthood on their own and currently there are very few options for them to receive the help they seek. We believe that providing a supportive housing with wraparound services for them during these years is an essential service that is currently lacking in our community but together we can work to make this goal a reality.

This year we will be hosting our 3rd annual Guiding Youth Home Charity Event to continue gain the seed money for this new project. Last year proved to be a great success earning us over \$12,000 towards our youth housing project. We are planning a night of fun and diverse entertainment to raise funds and awareness for the youth we serve. The Fundraiser will take place in November 10, 2018 at the Aria Banquet & Convention Centre in Surrey. FRAFCA supports youth in and from care and provides opportunities for youth to share their art during Guiding Youth Home. Come join us for a night of entertainment, fun, raffles silent auctions and more!

Guiding Youth Home is a crowd pleaser! Let's change lives together!

Dear Honourable Melanie Mark and Ms. Shannon Baskerville,

I am writing to provide you with the following press release regarding some fantastic news about BC post-secondary student and secondary students. If I can answer any questions or provide any additional information, please contact me at your convenience.

We would also like to take this opportunity to cordially invite you and any members of your staff to join us at the Premiere and Red Carpet Screening of Student films on Climate Change at the Vancity Theatre in downtown Vancouver on Saturday, June 9. As tickets are limited, we would appreciate being advised by you if you have any interest in us reserving tickets for you, your guests or staff by no later than June 1.

We hope you will help celebrate the success of BC students who are inspiring action against climate change and share the news about great Canadian youth.

PRESS RELEASE!

Three BC student secondary teams are vying to win the national **FOCUS! Climate Change Video Contest** run by the Kimberley Foundation. One BC student at the post-secondary level is also vying for the post-secondary title. The winners will be announced at a public Red Carpet Screening on Saturday June 9, 2018 at the VIFF Vancity Theatre in downtown Vancouver.

In October 2017, the Kimberley Foundation launched the **FOCUS! Climate Change Video Contest** in an effort to engage Canadian youth around the topic of climate change and inspire them to use video as a way of provoking thought, starting conversations and inspiring action to work towards ameliorating the impact of climate change. The key criteria – be creative!

As one of our panel of international judges describes, the result was an “inspiring journey across Canada hearing the upcoming generation’ screen for a change!” In total, the Kimberley Foundation received 160 films involving 400+ students from 85 institutions across 8 provinces.

When you think of the FOCUS! Climate Change Video Contest, do not think short visual lectures on climate change. The diversity of videos cover the spectrum: from pinhole camera portraits of climate change on the Inuit to proposals for new building practices in Vancouver; from haunting story-telling, to humorous live action and provocative stop animation. They are a showcase of the next generation's creative excellence, practiced film-making skills, and clear learning about climate change.

On Saturday June, 9, 2018, the **FOCUS! Red Carpet Screening** will screen the finalists at the post secondary and secondary level, present awards to the winners and screen a montage of highly notable films. A reception will also be held following the screening. The films have been rated “General” with no advisories by Consumer Protection B.C. Tickets are limited but free. They are available online at: <https://kimberley-foundation.org/focus-video-competition/>.

On Monday June 11, the films will be viewable through the Kimberley Foundation website along with several other films that will, together, form a new student-created video library on climate change. We hope this new resource will prove valuable to students, educators and anyone who wants to be inspired to help “change climate change”. The website will also feature a weekly updated innovation story hub that showcases climate change innovations and stories globally.

FOCUS! Climate Change Video Contest Finalists are:

Post-Secondary Category:

- ### Secondary Category

- Of the 14 additional films that will be showcased at the screening on June 9, five (5) are also from BC students.

The Kimberley Foundation is a BC registered not-for-profit organization that actively works to promote a love of learning, to stimulate self-directed curiosity about the world, and to support activities and pursuits that inspire, impact, and facilitate positive, environmentally responsible change in the world. It was established as a legacy to Dr. Hugh C. Morris and Mrs. Pat Morris. Dr. Morris was a long time leader in the Canadian geological field and among his many service contributions, at one point was the Chair (1993-1998) of the Canadian Global Change Program.

Dear Honourable Melanie Mark and Ms. Shannon Baskerville,

I am writing to provide you with the following press release regarding some fantastic news about BC post-secondary student and secondary students. If I can answer any questions or provide any additional information, please contact me at your convenience.

We would also like to take this opportunity to cordially invite you and any members of your staff to join us at the Premiere and Red Carpet Screening of Student films on Climate Change at the Vancity Theatre in downtown Vancouver on Saturday, June 9. As tickets are limited, we would appreciate being advised by you if you have any interest in us reserving tickets for you, your guests or staff by no later than June 1.

We hope you will help celebrate the success of BC students who are inspiring action against climate change and share the news about great Canadian youth.

Sincerely,
Sue Roppel

PRESS RELEASE!

Three BC student secondary teams are vying to win the national **FOCUS! Climate Change Video Contest** run by the Kimberley Foundation. One BC student at the post-secondary level is also vying for the post-secondary title. The winners will be announced at a public Red Carpet Screening on Saturday June 9, 2018 at the VIFF Vancity Theatre in downtown Vancouver.

In October 2017, the Kimberley Foundation launched the **FOCUS! Climate Change Video Contest** in an effort to engage Canadian youth around the topic of climate change and inspire them to use video as a way of provoking thought, starting conversations and inspiring action to work towards ameliorating the impact of climate change. The key criteria – be creative!

As one of our panel of international judges describes, the result was an “inspiring journey across Canada hearing the upcoming generation’ screen for a change!” In total, the Kimberley Foundation received 160 films involving 400+ students from 85 institutions across 8 provinces.

When you think of the FOCUS! Climate Change Video Contest, do not think short visual lectures on climate change. The diversity of videos cover the spectrum: from pinhole camera portraits of climate change on the Inuit to proposals for new building practices in Vancouver; from haunting story-telling, to humorous live action and provocative stop animation. They are a showcase of the next generation's creative excellence, practiced film-making skills, and clear learning about climate change.

On Saturday June, 9, 2018, the **FOCUS! Red Carpet Screening** will screen the finalists at the post secondary and secondary level, present awards to the winners and screen a montage of highly notable films. A reception will also be held following the screening. The films have been rated “General” with no advisories by Consumer Protection B.C. Tickets are limited but free. They are available online at: <https://kimberley-foundation.org/focus-video-competition/>.

On Monday June 11, the films will be viewable through the Kimberley Foundation website along with several other films that will, together, form a new student-created video library on climate change. We hope this new resource will prove valuable to students, educators and anyone who wants to be inspired to help “change climate change”. The website will also feature a weekly updated innovation story hub that showcases climate change innovations and stories globally.

FOCUS! Climate Change Video Contest Finalists are:

Post-Secondary Category:

- Olivia Seneshen, Capilano University, for her film *"A New Blueprint for an Old Home"* [BC student - Vancouver]
- Natalie Baird, University of Manitoba, and Attagoyuk Ilisavik Students, Pangnirtung, for the film "*ᑕᓕᓄᓐ ᑕᓄᓐᓂᓐ / TARIUQ TAKUJANNIQ / THE OCEAN FROM MY EYE*"

Secondary Category

- Sasha Argirov and Nikita Kalugin, Lord Byng Secondary School, for their film *"Frozen in Place"* [BC students - Vancouver]
- Kevin (Jin Kwan) Kim, Walnut Grove Secondary School, for his film *"What Will You Do About It"* [BC student - Langley]
- Sarah Sheppard, Elsie Sheppard, and Julie Sheppard, for their film *"The Green Menace"*
- Taishi, Jingwen (Alexx), Maple Leaf School – TRU, for her film *"Remains"* [BC student – Kamloops]

Of the 14 additional films that will be showcased at the screening on June 9, five (5) are also from BC students.

About the Kimberley Foundation <https://kimberley-foundation.org/>

The Kimberley Foundation is a BC registered not-for-profit organization that actively works to promote a love of learning, to stimulate self-directed curiosity about the world, and to support activities and pursuits that inspire, impact, and facilitate positive, environmentally responsible change in the world. It was established as a legacy to Dr. Hugh C. Morris and Mrs. Pat Morris. Dr. Morris was a long time leader in the Canadian geological field and among his many service contributions, at one point was the Chair (1993-1998) of the Canadian Global Change Program.

Good afternoon,

The attached FOI request was received today that requires a record search from the Minister's Office. We have received a similar request recently which was resulted in no records being found, but it was for an earlier timeframe.

Can all staff please search their own records and the Minister's for any emails sent or received from an email address ending in: @compositpublicaffairs.com. Once search is complete, please provide records to me as a PDF or respond to this email indicating nothing found.

I would ask this be completed by June 4th or earlier. If additional time is required, please let me know.

Hold tight and I'll get back to you as soon as I can with further instructions.

Good morning Holly,

We have received an FOI request for all electronic communications (email and mobile) sent by you for the month of April. As I understand you do not have a government-issued cell phone, you will only need to conduct a search of your Outlook sent items.

Can you confirm how many items are likely to fall within the timeframe of April? If there are going to be a significant number I will see about reducing the scope of the request.

Hello,

Please find attached a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA). Your analyst for the attached request will be Katherine Ritchie

Please send the records to FOI.Health.Education@gov.bc.ca by July 5, 2018.

Request Due Date: July 27, 2018

You should be aware that FOIPPA obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that the ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits to prove that they have conducted an adequate search for relevant records.

Please do not hesitate to contact your analyst to discuss:

- whether the records may be routinely releasable;
- whether the information is being prepared for public release or is already publicly available;
- whether staff would be available to discuss the request with the applicant, if the applicant is agreeable;
- ways in which an applicant may want to narrow/focus their request to reduce potential fees; and/or
- any other questions or concerns relating to this request.

Thank you,

DIALOGUE INVITATION: Give them Wings

Indigenous Youth Taking Flight

210-128 West Hastings Street, Vancouver

July 25, 2018 | 10 am –12 pm

www.givethemwings.ca

Minister Mark – I mentioned this to you very briefly at the PowHERhouse luncheon at Hycroft where we were speaker panelists together. As an Indigenous women pilot, I am super passionate about Indigenous Youth Taking Flight. It would be so incredible if you could join this dialogue or alternatively a delegate from the Ministry of Advanced Education and Skills Training.

Let's explore Indigenous Youth Taking Flight!

Heather Bell (Board Chair, British Columbia Aviation Council) and I are hosting a 2nd dialogue with 12 leaders on July 25th to further explore how the labour market shortage of pilots can be addressed, in part, by the fastest growing demographic in Canada – Indigenous Youth.

You have been invited to a conversation to share your thoughts and ideas about inspiring Indigenous Youth with the possibilities of flight and to further explore the Give them Wings concept. Give them Wings inspires Indigenous Youth with the possibilities of flight and maps ways to navigate the journey. This contributes to an aviation and aerospace industry that is visible, connected, thriving, and INDIGENOUSLY ENGAGED.

In friendship,
Teara

It was nice meeting you at the Faculty of Medicine's Hooding ceremony. As I mentioned, we had our Indigenous MD celebration in the morning of May 22 at the UBC Longhouse.

Next year's Indigenous MD Celebration will be May 21, 2019, 9:00am to 11:00am at the UBC longhouse. We would be honored for you to attend.

As the date approaches, I will send you an official invitation. Next year's celebration will probably get a lot of attention as that will be our largest class of Indigenous MD students graduating which will be 15.

Dear Honourable Melanie Mark,

Invitation to Opening of "Dancing on the Windswept Plateau" – Exhibition of Best Chinese Ink Paintings of LANG Jun

The International Arts Gallery is happy to announce the forthcoming arts exhibition of visiting artist, LANG Jun, from Liaoning of Northeastern China.

His artworks display very solid foundation of artistic skills and training, yet full of innovative ideas and reality of life. He is particularly devoted in portraying the livelihood and sentiment of minority ethnic communities on the highland and plateau region in northern China as well as famous historical characters.

The International Arts Gallery is honored to host this exhibition and this is an invitation to you to the Opening Ceremony of "Dancing on the Windswept Plateau" – Exhibition of Best Chinese Ink Paintings of LANG Jun, on 16th June (Sat) at 2:00 pm. Artist LANG Jun will be in attendance to meet with art lovers.

Dates of Exhibition from 17 (Sun) to 25 (Mon) June 2018, noon to 5 pm.

You may also have a preview of this show from our exhibition web link:

Greetings, Melanie!

First of all, congratulations again on your nomination to Minister! It makes my heart soar every time I see your posts and news stories.

On a personal level (and I know it's short notice), but is there any chance you can come to this event this RavenSPEAK this Thursday night? It's going to be amazing!

<https://www.eventbrite.ca/e/ravenspeak-amplified-tickets-44990615141?aff=efbeventtix>

Secondly, I'd like you to invite you to be a speaker this Oct. 30th to Nov. 1st at the national drone technology conference that I'm helping to coordinate in Vancouver.

I've been building on my work for the last 18 years teaching with organizations like the Native Education College, Aboriginal Finance Officers, and Aboriginal BEST (Business & Entrepreneurship Training) programs across BC as I've launched a new initiative... I want to help Indigenous organizations & communities lead the way in building a Youth and Women STEM training programs to fill a growing demand for skilled workers ...in the drone industry.

As you may know, drones are being used to innovate agriculture, land use planning, building and infrastructure inspections, forestry and resource management, first responder services for search and rescue, fire prevention/monitoring....sooooo many uses. I just presented in Ottawa last week at the **Global Indigenizing Entrepreneurship Conference** and introduced the idea of using drones to promote Indigenous tourism experiences and generate revenue for the companies.

This weekend when I go to Williams Lake to teach another BEST program, I'm going to spend one night narrating the slideshow that I presented last week in Ottawa about drones and tourism/business opportunities. I'll send the narrated slides to you that includes my 'herstory' journey into the high-tech world of drones and my commitment to empowering Indigenous communities to start that journey too, in their own ways.

Subject: Request for Minister Melanie Mark to speak at a national Tech conference in October

Greetings, Melanie!

First of all, congratulations again on your nomination to Minister! It makes my heart soar every time I see your posts and news stories.

On a personal level (and I know it's short notice), but is there any chance you can come to this event this RavenSPEAK this Thursday night? It's going to be amazing!
<https://www.eventbrite.ca/e/ravenspeak-amplified-tickets-44990615141?aff=efbeventtix>

Secondly, I'd like you to invite you to be a speaker this Oct. 30th to Nov. 1st at the national drone technology conference that I'm helping to coordinate in Vancouver.

I've been building on my work for the last 18 years teaching with organizations like the Native Education College, Aboriginal Finance Officers, and Aboriginal BEST (Business & Entrepreneurship Training) programs across BC as I've launched a new initiative... I want to help Indigenous organizations & communities lead the way in building a Youth and Women STEM training programs to fill a growing demand for skilled workers ...in the drone industry.

As you may know, drones are being used to innovate agriculture, land use planning, building and infrastructure inspections, forestry and resource management, first responder services for search and rescue, fire prevention/monitoring....sooooo many uses. I just presented in Ottawa last week at the **Global Indigenizing Entrepreneurship Conference** and introduced the idea of using drones to promote Indigenous tourism experiences and generate revenue for the companies.

This weekend when I go to Williams Lake to teach another BEST program, I'm going to spend one night narrating the slideshow that I presented last week in Ottawa about drones and tourism/business opportunities. I'll send the narrated slides to you that includes my 'herstory' journey into the high-tech world of drones and my commitment to empowering Indigenous communities to start that journey too, in their own ways.

Hello –

Minister Mark would like to thank you for the kind invitation to attend your event.

Unfortunately due to scheduling conflicts the Minister is unable to attend and has asked that I pass along her regrets and best wishes.

Thank you again and please let me know if I can be of further assistance.

Regards,
