Hi Alison,

Per our conversation here is some background information that you can share with your constituent:

The metal fabricator program is one of the programs that was selected for harmonization under the Canadian Council of Directors of Apprenticeship (CCDA) Pan-Canadian Harmonization Initiative. The goal of this initiative is to substantively align apprenticeship systems across Canada by making apprenticeship training requirements more consistent in the Red Seal trades. British Columbia is an active participant in this initiative.

The ITA has a transition plan for apprentices enrolled in a training program pre-harmonization to move them into a program that has been harmonized.

An apprenticeship advisor is going to connect with the student directly and help him through next steps for his program and his apprenticeship.

I have asked the advisor to connect with myself and with you directly with a summary of the

outcome of the meeting, and attached your certificate of authority to release this information. The ITA contact's name is Gwyn MacGregor, gmacgregor@itabc.ca.

Again, I would like to apologise for the delay in getting this information to you, and I hope that your constituent obtains his desired outcome with his trades training. Please don't hesitate to contact me if you have further questions!

Warm regards and happy holidays!

Please see the note from MLA Cadieux below:

My apologies for the late cancellation of today's briefing.

I thought in lieu I would provide a list of areas of inquiry for the supplemental estimates so that you might be best able to prepare.

As the supplemental estimates appears to be related to the reinstatement of the tuition free ABE/ELL we will want to cover the following:

ABE/ELL 2018 budget process

Enrollment numbers
Completion rates
Breakdown by institution
Adult upgrading grant expenditures

Student services – specifically spending related to sexual violence policy implementation and mental health supports and grants

And some overarching budget related questions

Thank you

Subject: Late addition to Lind Initiative - John Kasich February 26

The University of B.C. has a wonderful program designed to bring highly sought after Americans with the brightest ideas and the most impressive resumes to the UBC Campus. It began four years ago – the Phil Lind Initiative has already brought such figures as Joseph Stiglitz, Robert Reich, Jeffrey Sachs, E.J Dionne Jr., David Frum, Jane Mayer, Jim Abramson, Edward Luce, Francis Fukuyama, Steven Pinker, Susan Rice and Anne-Marie Slaughter to UBC.

Each speaker must participate in various classroom settings and must give one public lecture on Campus. The results have been impressive. These speakers are in high demand and although they travel a well-worn path between the Ivy league schools in the U.S., north east, they are rarely seen in B.C. This program attempts to address that issue.

This year the Phil Lind Initiative 2019 series at UBC will *explore the politics of climate change in the US*, with visits from some of the world's foremost intellectuals on the subject. The series are:

January 15th – Robert Bullard (Venue: Freddy Wood Theatre)

February 12th – Elizabeth Kolbert (Venue: Freddy Wood Theatre)

February 26th – John Kasich (Venue: Chan Centre)

March 12th – Winona LaDuke (Venue: Chan Centre Telus Studio)

April 2nd – Bill McKibben (Venue: Chan Centre Telus Studio)

For context – I asked Cindy if it was possible to get a second ticket so that both Kevin and Brian could go and she inquired. Looks like we got two! Means that Mia can go if she'd like and we can offer the throne speech ticket to either of the two if you'd like.

Hi Cindy,

Do you have any indication on how the Minister is planning to get to the BC Tech Youth Innovation Day speech on March 12. There is no parking reserved but we can do so through Impark (1-866-277-5501). The local coordinator can also greet the Minister at a dropoff point.

Many thanks,

I wanted to check in to see if you have been able to find a time that will work with Minister Mark's schedule to meet with the BC Public Service Co-op students?

There is no rush to arrange this meeting, so please be in touch whenever you have a better idea of the Minister's schedule for February.

Thanks,

Hi Cindy,

I have received a request from the BC Public Service Co-Op program to see if Minister Mark would be available to meet with their new group of students. She very kindly met with a group of Co-Op students last year in October.

They have asked if the Minister would be available for an hour during the week of February 4 – 8. I recognize that the Leg. does not resume until the following week, so a later date might work better for the Minister. They are quite flexible with their schedule, so any date/time in February that works for the Minister should work for them.

Once a date and time is determined, I can book the Press Theatre. I can also give you more information on the number of students, as my contact has not confirmed that for me yet.

Thanks,

David

Hi Minister - here are a few quick bullets on the Better regulations for British Columbians, in case it comes up for discussion:

The proposed amendments apply the Private Training Regulation (PTR). They are minor changes primarily intended to correct errors, remove duplications, and clarify requirements

The *Private Training Act* and the PTR set out protections for students (such as the creation of a student tuition protection fund to reimburse students that have been misled) and obligations for private training institutions in British Columbia, including various notice and reporting requirements.

AEST's amendments to the PTR can all be made by Ministerial Order and do not require Cabinet approval or legislative amendment.

If approved by the Minister, they would be announced as part of Better Regulations for British Columbians Day – March 6, 2019.

Hi All,

I have been asked to set up a briefing with MSF and all your Ministers and this needs to happen by March 25th CCR meeting, which, with the 2 break weeks, really only leaves us with next week. This is regarding **s.12,s.13**
s.12,s.13 Should be an hour.

We have the following times available next week:

March 5th: 8:00 am or 5:30 pm – 8:30 issues of the day and Ministry Briefing 3:00-6:00
March 6th: 8:00 am or 5:30 pm – 8:30 issues of the day and House Duty 5:00-7:00 – and mostly likely estimates
March 7th: 8:00 am or 5:30 pm – 8:30 issues of the day and House Duty 4:30-6:00

I really hope we can all make something work.

Good afternoon,

I understand that Minister Mark is the current Presiding Member of Executive Council. Please be advised that the confidential Estimates are ready for signature by the Presiding Member.

Note that these documents must be signed by hand (iPad signing is not possible), so I will need to bring them by your office when the Minister is available.

Is there a suitable time tomorrow morning between 10am and 12 noon that could be scheduled for this purpose?

Please advise thank you,

Subject: Driver Training Update

Good Morning,

I'm checking in today from the community of Gitxaala and I wanted to update you on a few learnings that have had a really profound impact on some of the things to be aware of when teaching people to drive.

So far our classes and in car training has been dominated by women which I thought was interesting. Mostly it's been women on average 35 and up and many grandmothers in the car. We are just now seeing some young men and of course across the board we are having conversations about how many people are in fact driving without a license. This also applies to band owned vehicles and in some cases vehicles such as sand trucks which are contracted to BC Hydro are being driven on highways by people without a license which leaves the Nation very vulnerable to being sued and the driver doesn't have the experience. (I can explain on a call.)

What has been my biggest 'Ah-Ha' moment to date...

Older women are requesting to not learn to drive from a man because of the sexual abuse in the past. I thought this was really brave that they shared this. They also explained to me that during the 60's scoop when they were put into foster care the foster parents didn't want to let them use their car to drive and that driver training in these remote communities didn't exist or they didn't have the money to learn. So one day you wake up and you're 50 and you never learned to drive and then you didn't teach your kids. So we have a generational cycle of restricted mobility.

Yesterday it also hit me that for many their first memory of being taken from their family was being loaded into a car.

Right now we are seeing just how brave people are being by taking back control of this experience and what they are sharing is some days overwhelming. They know that as much as a vehicle was a tool of hurt and abuse it is also a tool of opportunity and it's having a much more profound effect than we originally thought when I hoped this would help people go to work.

s.22

Also attached is one of our classes in Gitxaala. We've got multiple generations learning together which is so great.

Thank you to all of you for making this happen. People across Northern BC are feeling pretty blessed.

Lucy

I connected with Janice Nienaber in GCPE today and she mentioned that I should check with you on her daughter's participation. Would she be comfortable observing from the audience or is the preference to have her take more of an active role?

Thanks!

Cindy - no rush but checking if you have 5 minutes to discuss these two formal requests:

1. Attend and speak the 2019 Science Games on Saturday, March 2, 2019 at the TELUS World of Science in Vancouver
2. Attend and bring greetings on behalf of the Government caucus at an evening reception for Government MLAs on Wednesday, April 3.

I can give some context if that helps. While they hope the Minister is able to participate they understand her busy schedule may prevent this. If so they hope to be able to work to find an alternate government representative.

Also, is EGBC able to get tickets to attend QP on Wednesday April 3rd and be introduced by the Minister?

Thanks in advance.

With estimates slated to begin at the end of next week I wanted to give a brief run through of how it works and what we have scheduled.

Review of how it works:

For those that are unfamiliar with it, estimates is the main way in which opposition gets to question the government on its finances. Estimates in BC usually takes place in either the main chamber (also called Committee B / the Big House) or in the Douglas Fir Room (also called Committee A / the Little House). The opposition gets to nominate three estimates to take place in the big house while all others occur in the little house. During estimates, ministers will answer questions from the opposition on almost anything that refers to their ministry.

Your minister must be present for the duration of their estimates and you should coordinate with your DM's office to ensure they are appropriately briefed ahead of time and that the required ministry staff are present with them during estimates. If you have specific concerns about the order/timing of individual topics, crown corporations, etc, please reach out to your opposition critic to coordinate.

The schedule:

Estimates will begin in the afternoon on Feb 28th. The little house will begin that afternoon and continue meet until all estimates are complete. The big house may go between debating legislation or estimates depending on the schedule. In addition to the main budget estimates, this year we also have supplementary estimates and some ministers will therefore have two sets of estimates. **Supplementary estimates will take place in both the little house and big house starting next Thursday and likely finish by the end of day on Monday March 4th.** Below is a list of affected ministries and the order in which they will take place:

Supplementary estimates:

1. Advanced Education, Skills & Training
2. Attorney General
3. Children & Family Development
4. Citizens' Services
5. Energy, Mines & Petroleum Resources

6. Forests, Lands, Natural Resource Operations & Rural Development
7. Health
8. Municipal Affairs & Housing
9. Tourism, Arts & Culture

For main estimates the draft ordering is below:

<p>Little House/Committee A (Douglas Fir Room) Order</p> <ol style="list-style-type: none"> 1. Children & Family Development, Child Care (likely starting Mar 5) 2. Advanced Education, Skills & Training 3. Citizens' Services 4. Forests, Lands, Natural Resource Operations & Rural Development approx. 5. Jobs, Trade & Technology, Trade 	<p>Big House/Committee B (Main Chamber) Order</p> <ol style="list-style-type: none"> 1. Finance (start date TBD) 2. Transportation & Infrastructure 3. Executive Council
<p>Ministries yet to be ordered</p> <ol style="list-style-type: none"> 1. Education 2. Agriculture 3. Environment & Climate Change Strategy 4. Social Development & Poverty Reduction 5. Mental Health and Addictions 6. Health 7. Tourism, Arts & Culture 8. Energy, Mines & Petroleum Resources 9. Public Safety & Solicitor General 10. Labour 11. Indigenous Relations & Reconciliation 12. Municipal Affairs & Housing 13. Attorney General

Subject: FYI - Estimates today - the Ministerial Accountability report

FYI – we found the document being referenced today by the Opposition critic

It is obscure – but – it looks at all funding (Operating and Capital combined) and compares budgeted to actual (a 15 month time period given that forecasts for forward budgets are made at Q3)

<!--[if !supportLists]-->• <!--[endif]-->Our operating \$ is on track – we used just over \$1M access to contingency (related to the Arts Umbrella / Emily Carr land transfer)
<!--[if !supportLists]-->• <!--[endif]-->Our capital cash flow had a \$96M variance (downward trend) – which is typical of capital as forecast schedules adjust to reality as the year goes along – we adjust the cash flow as we go through the fiscal year so we aren't overspending capital cash flow.

There was no overspending and M3's statements on the record are correct.

The net effect is we are “under budget” by \$96M – the critic was likely trying to make the point that if we're under by \$96M why do we need to seek \$5.5M more? Can't we just manage within the \$96M?

But we can't mix capital and operating funds together – which this report unfortunately does as it gives an overall accountability – but in reality, there are different

performance accountabilities for operating and capital that are shown in a separate document (Public Accounts) published at the same time.

FYI – HLTH and EDUC show the same variance pattern – and it's the influence of their normal capital plan cash flow lags.

We are putting some summary bullets together to explain this in response to the Critic.

I'll have a print out of this report ready and at hand for the Main Estimates.

Hi Shannon and Jill,

As you have likely heard, we have been given the green light to convene a lunchtime roundtable discussion with our three Ministers at the Summit next month (Wednesday, March 13). We are currently working on an agenda and guest list, and reaching out to your staff to ensure it is reflective of your respective portfolios. Aiming to have this in hand over the next two days, with final details to be confirmed for end of week.

In terms of supporting any questions or briefings at your end, I would suggest a quick touch base phone call end of week or early next week. If this works, will ask my office to set up.

Thanks again. I think we have a great opportunity to demonstrate the collaboration happening on this file – at this session and of course going forward.

Cheers,

Hi again;

Q. What can the minister change?

We can swap out any of the career trek video selects for any other career trek videos on careertrek.ca or any video footage as suggested as long as the government owns rights to use it.

Q. When are these videos being launched in market?

Pending approvals - the plan is to launch on March 4th.

Q. Where will they be played?

YouTube/Facebook/Instagram/Rogers/Post Media/Digital Display Screens at Restobars and on Campus.

Q. What's the ad buy?

Not to exceed \$340K

This includes costs associated with placing all digital assets (video and static) across all of the digital platforms mentioned above.

Hi Michael;

Here is the first look at the new pre-roll spots for this years' WorkBC campaign. HQ is happy with how they've turned out. Their only edit is to replace the older guy and the end of the apprentices video with someone younger – I would appreciate your thoughts as we have an STE program targeting older workers....

<https://vimeopro.com/barbershopfilms/workbcpreroll>

Included are 5 x :15s for the 5 audiences plus an additional :06s spot for Youth.

- Job Seekers
- Apprentices
- Youth (and a :06 second spot)
- Indigenous
- Persons with Disabilities

The scripts are the same as last year, but spots are updated with new talent footage from the most recent Career Trek videos.

Attached is the approved talent list here that summarizes which episodes the talent was pulled from if you need a reference.

Please let me if you have any requests for changes as soon as you can.

PS. I have asked when these are being launched and details of the ad buy.

Hi Minister,

Wanted to loop back on a few follow up details from our earlier March Break planning discussions.

First, as directed, I was able to reach and chat with the Fort Nelson Nation and they are very happy with the possibility of your visiting on Sunday March 17. That said, the only flight options to make this happen would mean that you would not be able to get a flight out of Fort Nelson until Monday the 18th, at 2pm. That would mean that the earliest you could do the Prince George UNBC Engineering announcement that Monday would be around 4pm at the earliest.

The only flights to Fort Nelson are as follows:

- Sat Mar 16 – no flights in to Fort Nelson
- Sun Mar 17 10:05am – 1:30pm from Vancouver to Fort Nelson with a stop in PG
- Mon Mar 18 2pm – 3:30pm Fort Nelson to PG

The options to address this are as follows:

1. Only fly up to PG on Monday to do a morning UNBC Engineering announcement
2. Fly from Vancouver to Fort Nelson and back, leaving the UNBC announcement for a day during the April break weeks.
3. Fly to Fort Nelson on Sun, Prince George on Mon, and attempt a 4/4:30pm announcement of UNBC, hoping it gets some pick up due to small town media excitement; *your flight out of Prince George in this case would be at 7:30pm, landing in YVR just before 9pm.*
4. Fly to Fort Nelson on Sun, and back to Vancouver on Monday, and allow another MLA to announce the UNBC Engineering equipment on your behalf during the day on Monday.

2 notes to consider:

- a visit to Fort Nelson was one of the 2017 invitations
- the Premier's Office has approved Monday the 18th for the UNBC announcement

Let me know how you'd like to proceed,

Hi Cindy,

The meeting for March 14 will be held at the: Westin Grand Vancouver @ 433 Robson Street - Allegro Room. I am still in the process of drafting the agenda so Minister Mark is welcome to drop in at any time. We typically start our meetings at 9:00 am with a ministry update from ADM Sawchuk, who then departs following her update. I typically schedule lunch from 12:00 – 12:30, and I can’t say at this moment when we anticipate ending as I’m still drafting the agenda.

Regarding the May meeting, I’m not sure where our meeting will be held, we may do it at one of the public institutions or out of the lower mainland. It too is still a work in progress.

I hope this is helpful.

Amanda,

This program may seem like it is more of a Natural Resource program, but Advanced Ed is very important, as communities start building the training programs that are needed in the community to start at the certificate level, then move to a Diploma level of training and with that some may decide to go on for full degree programs and hopefully we are seeing Indigenous Conservations officers, foresters and Land Use

planners

This program is very exciting, where in the past Indigenous members are trained to “fit into what an industry needs, this program, keeps members connected to the land, to the territories their families are connected to and helping to protect them for future generations. I see this as an opportunity for Nations to build an economy based on their home territories

New skills training, employment supports for survivors of violence and older workers

- Survivors of violence and abuse, as well as older workers, will have access to skills training and employment supports so they can participate in British Columbia's thriving economy, thanks to two new Skills Training for Employment Programs.
- The \$3.2-million Survivors of Violence and Abuse program will provide supports to over 300 people per year, while the \$3.2-million Older Workers 55+ program will help 400 people update their skills.
- "Survivors of violence and abuse, and older workers, face multiple barriers to finding steady, good-paying jobs. I'm proud that our government is expanding programs that help break down those barriers," said Melanie Mark, Minister of Advanced Education, Skills and Training.
