Afternoon,

Today during the 30 60 90 the Minister indicated that she would like the following:

- Dec 12 to add an FYI: Building Trades Open House, location Burnaby from 11:30 – 3pm
- Jan 10th to be the earliest possible keynote speaker at the BCFS AGM – MAs are following up on options with the BCFS directly, but for the schedule to hold a time around 3pm ish.
- January 25th Building for the Future Conference – do we have any more information on this yet regarding whether the Minister has a role to play?
- January 29th to be used for stakeholder meetings/tour
- Feb 6-7: assuming the house is not sitting this week, Minister would like to see the proposed itinerary for the Forum of Labour Market Ministers, and to have flight options and accommodation holds ready as she would like to prioritize attendance with Minister Simpson
- March 8th: Minister would like us to not book anything that day
- March 11th: Minister would like to be in the Constituency office
- March 12-13: Minister would like to attempt a combination of student housing announcements, FNLG follow up meetings/tours, to visit PSI satellite campuses, and to get in a few Innovation/Tech centre visits with Minister Ralston, ideally as many of the above per trip as possible. I will work with Michael and Chris to get these organized.

Thank you!

Subject: Cliff Categories & MO Office Training?
Date: December 16, 2018 4:40:51 PM

Hi Theresa!

I hope you had a lovely weekend. I understand you are the person to go to for any and all Cliff questions

Our office has a new Administrative Assistant beginning on Monday and a big goal for our office over the next three weeks will be going through outstanding event invitations and meeting requests to ensure they are properly marked in Cliff. This will primarily be her responsibility and I would like to make the process as smooth as possible for her.

I am hoping we may be able to connect over the phone on Monday to discuss some additional Cliff training for our office – both our new Administrative Assistant but perhaps also a refresher for the rest of the office. I'd like everyone to be able to create reports and export excel lists by all of:

- a date range;
- open/closed status; and
- sender category.

That said, I'm not sure whether we have programmed Cliff with the functionality to sort by category of sender at the moment. These are the categories I'm hoping to sort all of our incoming correspondence and invitations, for quick review:

- Public Post- Secondary
- Private Post Secondary
- Student Association
- MLA – Opposition
- MLA – Third Party
- MLA – Government
- MLA Casework
- MP
- Municipal / Regional District
- Union
- Professional Association
- First Nation
- Corporation / Business

I'd also love, if this hasn't been occurring already, to be able to sort our correspondence by topic. A separate category for what the sender is writing about. Things like Adult Basic Education, Tuition Waiver, Student Loans, Open Textbooks, Student Housing, etc. I'm less familiar with our incoming correspondence, so I'd love to chat more about what comes in most frequently, by topic.

Will you have a moment to connect on Monday to chat about what is possible?

Thanks so much!

Subject: REVIEW - Business in Vancouver question about Chinese Students

Reporter

Chuck Chiang, Reporter

Business in Vancouver

604-366-2385

cchiang@biv.com

s.22

Deadline Tuesday, December 19, 2018 12:00 PM

Request

Business in Vancouver is working on a story on the education industry - namely the potential impact from China.

The reporter is wondering if the current situation can develop into what happened with the Saudis earlier this year, and whether there are any plans right now to mitigate the risk.

He wants a comment from the Ministry before next Tuesday.

Recommendation

Hi Chuck;

Many post-secondary institutions in B.C. enjoy a strong connection with China, including academic and applied research. The ministry continues to monitor the situation, but there is no reason to believe international students need to be concerned about continuing their education in B.C.

B.C. enjoys a strong and longstanding historical, social, cultural, educational and economic relationship with China.

Hi Christina,

I hope you are well.

At the last bilateral meeting between Minister Mark and FNEC/IAHLA, we agreed to a subsequent meeting on October 5, 2018.

Unfortunately, this date no longer works on our end.

Would it be possible to reschedule for October 19, 2018 instead?

Please let me know as soon as you can.

Thank you.

Good morning Amanda,

IAO has indicated they will need to proceed with the processing of this FOI request without AEST's input very soon, as the identification of any harms was requested by November 26th. Can you please advise on the status of your review on this?

Hi Amanda,

GCPE has asked us to consult on the attached records they are providing as part of a response to an outstanding FOI request. We are expected to provide an assessment on harms – I have reviewed and have not identified anything that MO staff contributed to the email strings to be of concern, but over to you to confirm.

Thank you!

Hello,

Records of any and all emails, text messages, BBMs, slack messages, and WhatsApp messages – excluding attachments - sent from Sarah Marriott. (Date Range for Record Search: From 05/01/2018 To 06/30/2018)

They identified the attached document(s) as responsive records and wish to get your views on disclosure. If you need help determining harms, please see the attached harms assessment or contact me directly.

Your program area's response is due **Nov 26, 2018**.
IAO may take one to two business days to apply any severing.

If you are not able to respond by this date, we are required to continue processing this file without your recommendations.

1. Ministry Program Harms Assessment:

Please indicate which applies:

1. *There are no harms in these records. They can be released in full.*

Note that all general FOI request records that are released to an applicant should be published on the Open Information website unless the exemption criteria apply. The exemption criteria can be found on page 11 of the [Open Information and Open Data Policy](#). Consultations from outside provincial public bodies are not published on the Open Information website.

Exercise of Discretion:

The *Freedom of Information and Protection of Privacy Act* (FOIPPA) contains both mandatory and discretionary exceptions to disclosure. Sections 13 to 20 are the discretionary exceptions. Where Information Access Operations (IAO) has advised the head that a discretionary exception may apply, it is important that the head consider the possibility of releasing the information despite the fact that an exception may apply.

Factors relevant to the exercise of discretion include:

- the general purposes of the legislation: public bodies should make information available to the public; individuals should have access to personal information about themselves;
- the wording of the discretionary exception and the interests which the section attempts to balance;

- whether the individual's request could be satisfied by severing the record and by providing the applicant
- with as much information as is reasonably practicable;
- the historical practice of the public body with respect to the release of similar types of documents;
- the nature of the record and the extent to which the document is significant and/or sensitive to the public body;
- whether the disclosure of the information will increase public confidence in the operation of the public body;
- the age of the record;
- whether there is a sympathetic or compelling need to release materials;
- whether previous orders of the Commissioner have ruled that similar types of records or information should or should not be subject to disclosure; and
- when the policy advice exception is claimed, whether the decision to which the advice or recommendations relates has already been made.

Thank you,

Hi there,

We sent over this meeting note two day ago but yesterday we received an email thread that confirmed Dr. Holler’s attendance and her office mentioned if time permitted she would also like to discuss the following topics: *graduate scholarships, board governance, the BC Knowledge Development Fund, and upcoming collective bargaining.*

I have asked Pratibha/Rachel to prepare some additional bullets (appendix 2) for our respective topics, I did mention the other topics to Ashley but have not received bullets from their division (it may still come).

Not sure if you would like to send just the appendix over to the MO as back-pocket for the Minister or replace the entire document in eApprovals, I will leave that for the DMO team to manage, hope this was helpful.

Thanks!

Hi Julie,

Emily Carr and VCC are being rescheduled to January, so meeting materials can be delayed. We have confirmed the Interior Designers and Social Workers and are awaiting further responses from the Metis and TRICORP.

Would be a good idea to get those materials together in either situation. I am CCing Cindy here to keep you in the loop and to answer any technical questions about the schedule for that day.

So you are aware, the Minister has requested further meetings be scheduled. I do not have the list in front of me to share with you immediately, but I will ensure that you are aware of which requests will be scheduled as early as possible for the preparation of materials.

Thank you for all the follow up today!

Hi – just wanted to chat about the Dec 14th briefings – we had talked about the Minister wanting to have these stakeholder meetings before Xmas, so we have this Dec 14 date – but when I look back on my notes, we had discussed January as well as an option. I understand that only 2 meetings for the 14th have been confirmed, so just checking in with you that you want to proceed with the list below?? Or do we want to move them to January? We are preparing background material for them.

Subject: FLMM follow up

Hi folks,

Following the call I have a few logistical questions that we need info for, to proceed on planning for FLMM:

Cindy: Does the Minister have leave from Cabinet for February 6-8?

Additionally Cindy: can you please work with Minister Simpson's staff to see if there are a few dates in January that we can propose for a pre-FLMM meeting with Minister Mark, Minister Simpson, and First Nations Leadership?

What are the flight options for these dates – I will look in to this right now!

Once we have this information, then Bindi's team can work on reaching out to First Nations Leadership. Ideally we'd like this info by Monday, but if not then Tuesday at the latest.

Please let me know if you have any questions!

Absolutely - we would be delighted - the Board gets together with executive staff ahead of the day of the meeting - it is a dinner so my own view is if the Minister isn't staying for the whole event it would likely be best to come at the beginning? What do you think Amanda? Or at least work it out so it's comfortable?

Michelle could assist with the scheduling.

And of course if she has time to stay for dinner - great!

Hello Amanda,

s.22 so for the sake of expediency, I would like to take liberty and respond on her behalf; I know she would be more than pleased to have Minister Mark pop in and join the ITA Board.

Logistics are as follows:

DATE: Thursday December 6
TIME: 6:00 pm - 8:00 pm
LOCATION s.15

Will anyone be joining Minister Mark so I can adjust the reservations accordingly?

Subject: RE: ITA Indigenous Initiatives Logo

Answers below.

Can you explain how you came to this design? We wanted a logo to represent the work that we do together with communities to support Indigenous people in trades training. We're all working together towards apprenticeship success for Indigenous people, a common goal – paddling together in the same canoe. We also wanted the logo to be inclusive of all Indigenous communities and peoples, so we incorporated the medicine wheel and the Metis infinity symbol.

Was there a process? We had concept meetings with the Indigenous Initiatives team and an Indigenous member of the Industry Relations team to discuss what we wanted the brand and logo to represent and then met with the North Vancouver Indigenous artist, Alano Edzerza, to share our ideas and get his input.

Were Indigenous trades people consulted, engaged or involved other than the designer? Yes, once we had a version of logo that we felt represented our belief of inclusivity, diversity, collaboration, and trades training success, Michael Cameron, Director of Indigenous Initiatives, presented it to our Indigenous Advisory Council. The council is made up of Indigenous community influencers and leaders outside of ITA. The response was unanimously positive with the only feedback being to add the Metis infinity symbol, which we did on the paddle. We also shared it with some of our Indigenous Apprenticeship Advisors.

And what is the roll out plan? We'll be creating a brand/style guide in January and then plan the roll out. We didn't have an event or reveal in mind but will be introducing it at all of our speaking opportunities. We've started developing Indigenous Initiatives collateral and info sheets and will be implementing the new logo on them as well. Internally, we will do a reveal, hosted by Michael.

My apologies but I am not sure what you mean by Work Force Development - could you elaborate? ITA receives funding from the federal Workforce Development Agreement (WDA) program to support and fund trades training programs for equity groups, including women and Indigenous people. It has its own federal/provincial gov't logo lock up. When we create collateral that pertains to Indigenous support through the Workforce Development Agreement program, we will use both our Indigenous Initiatives logo and the WDA logo lock up.

Thanks Rodney,

You're right. Who was consulted will be key: was there agreement on direction and how was the artist decided on. Hopefully the answer is yes, and in consensus.

The artist himself is Tahltan, which bodes well: <https://www.edzerzagallery.com/pages/about-us>

Good morning. I'd like to discuss the ITA's new Indigenous logo at our 10am, including how best to flag with the Minister. I have asked for more details around any consultation, engagement of Indigenous trades people or Elders.

Otherwise, ITA says the design represents the nations of all four directions (medicine wheel) and the Metis (infinity symbol on the paddle). The logo shows that we're all in the same canoe paddling together towards Indigenous apprenticeship success.

The logo was designed by a North Vancouver Artist, Alano Edzerza.

The Indigenous Initiatives logo will be used alongside the ITA/BC Gov logo lock up and the Work Force Development logo lock up as needed.

ITA is looking for feedback by December 18.

Dear Minister Mark,

It is my pleasure to invite you to address delegates at the 37th annual general meeting of the British Columbia Federation of Students. The general meeting is scheduled for January 10 to 13, 2019 at the Sheraton Vancouver Airport Hotel in Richmond.

The Federation has members at thirteen colleges and universities in all regions of the province, and collectively represents more than 130,000 students.

Members of the British Columbia Federation of Students meet twice a year to discuss the post-

secondary education system, formulate policy, and establish the general direction for the Federation for the six to twelve months follow. In addition to work undertaken in the plenary sessions and subcommittee meetings, several workshops will be held addressing issues that effect students and their families.

We appreciate the relationship we have begun to forge with you and your staff, and we look forward to working together in the months and years to come. In your time as Minister, you have implemented many policies and initiatives that have increased access to post-secondary education not just in academics, but also in trades training. We invite you to attend our general meeting to speak about your vision for post-secondary education, particularly in the areas of access and student debt.

We are hopeful that you will be able to arrange your schedule to find time to speak with students at this annual event. To ensure you are able to speak to delegates, we are prepared to adjust our agenda to accommodate your needs.

Please contact me to discuss your schedule at (604) 733-1880 or at this email address.

Note that this is just a draft as she considers what changes she'd like to see. It also does not yet include a look at February, which we plan to include in her binder for January 9th. February details will change what the last week of January will look like in terms of documents preparation.

Hi Holly,

I hope this finds you well. I understand Amanda VanBaarsen (sp?!) is Ministerial Assistant to Hon Mark. It would be great if we could work together to schedule a meet and greet for Colin and Amanda early in January. If you think the week of December 17th is a better option, perhaps quieter, then we could look at times then as well.

When you have a moment to let me know what might work it would be appreciated.

Many thanks,

Stephanie

I'm just wondering if on the off chance it can work, Colin has time tomorrow at 1:30 pm. If you have a minute to let me know that would be great.

Many thanks,

I just confirmed another meeting for Jacqueline and Michael in Victoria on September 5th, so I thought I'd check whether any of the following times happen to work for Minister Mark: the afternoon of September 5th in Victoria, or anytime September 6th in Victoria or Vancouver. If that doesn't work I completely understand, but I just thought I would check before booking Jacqueline's flights.

Sure; in terms of September, our president is out of province September 17 - 25. If Minister Mark happens to be available in Vancouver on September 27 that would be ideal, as our President (who resides in Prince George) will already be in town for meetings, but I know that's a long shot. Otherwise, can you please let us know when the Minister may be available in Vancouver?

Hi Christian,

I just wanted to follow up on our conversation. Our UBC FA folks are attempting to find someone for the Kelowna announcement and may well have been in contact directly. However as mentioned this is a tricky time of year as many faculty are away from campus.

I also wanted to follow up on the request for a meeting with Minister Mark in Vancouver the week of August 20. On

July 1st our new President, Dr. Jacqueline Holler, took office.

<http://www.cufa.bc.ca/about/staff-board/>

Jacqueline is a Professor History at the University of Northern British Columbia and is eager to continue our dialogue with the Minister. In terms of the week of the 20th, any day that week would work with the exception of the Monday. If the week of the 20th does not work for the Minister we could start looking at potential dates in September as well.

All the best for now,
Michael

Hi Julie and Rodney,

The Minister has asked for information on funding to the community of Williams Lake through the WDA or other funds to help with re-training or fire recovery this year. The Minister has indicated that Williams Lake received money last year.

I am hoping to get just a couple lines in case the Minister is asked on her tour today.

Thanks,

Hello,

Our Sector Labour Market Partnership division has sent along a request for its contract holder to release its own NR.

The contract holder, BCRFA, has recently completed their Phase 4 SLMP project called “Inspired Restaurants”.

In short, 63 restaurants participated in a pilot project to develop an HR program for better recruitment in the restaurant industry.

They are not requesting an announcement. The BCRFA wishes to send a press release out to their stakeholder group.

Our recommendation is that we agree to the contract holder releasing its own NR.

Thanks,
Jennifer

I've followed up with Altagas. I have requested a draft news release before we send a quote.

I strongly recommend against sending quotes without seeing what the actual news release states...

Once I get a draft, however rough, I will plug in a draft quote and sling it your way.

Hi Julie,

Staff spoke to NVIT President Ken Tourand. While NVIT is very interested in organizing a tour of the Burnaby campus for the Minister, they won't be in a position to do so for Dec. 14, as neither Ken nor Dr. Verna Billy Minnabarriet are available that day. However, they are happy to organize a tour for January.

Thanks,

Hi Julie,

The minister had asked us to set up a site tour with NVIT to tour their Burnaby campus - in past months we tried to nail down a date but were unsuccessful.

I'd like to call someone at the campus and see if this Friday the 14th would work, knowing it is short notice. I'd especially like to know if students will be around.

Could you please find me the contact info for our key contact at the campus or ask ministry staff in the appropriate division to reach out and see if there is any chance Friday would be a good opportunity to visit?

If not we will look to plan a tour in January.

Just let me know what the easiest path to getting this call done quickly is-

Thanks very much!

Subject: UBCO Announcement- January 25

Hi Noah,

A few logistics around the upcoming announcement on January 25 at UBC-O in Kelowna. I have also attached the signed travel authorization from Minister Mark and a very tentative event itinerary.

The announcement is going to begin at 11:00am. For arrival time on campus- there are two options:

1. Just a pre-brief which would begin at 10:45am.
2. Pre-tour and pre-brief which would begin at 10:30am.

The event will last about 1.5 hours, and should conclude around 12:30pm.

There are some extra tour stops that we can organize for Nicholas if he would like pertaining to his committee work. The extra tour(s) can run from 1:30pm-3pm.

I also have found some flight options for you, please let me know what options the MLA chooses and that you have booked. I will work with the events team to build a custom itinerary.

To Kelowna:

Option 1- January 24 (overnight in Kelowna) AC8418- Vancouver- Kelowna- 5:10pm-6:06pm
Option 2- January 24 (overnight in Kelowna) AC8420- Vancouver- Kelowna- 7:40pm- 8:35pm
Option 3- January 25 (day of)- AC188- Vancouver to Kelowna- 9:05am-10:00am

To Vancouver:

Option 1- January 25- (no post announcement tour)- AC8417- Kelowna to Vancouver- 2:30pm-

3:29pm

Option 2- January 25 (post-announcement tour)- AC8419- Kelowna to Vancouver- 4:40pm-5:39pm.

Finally, during the first week of the new year, I will send you the new release for quote approval. Closer to the event, I will also send you final copies of the news release, key messages, speaking notes, draft social media posts, parking maps and itineraries, an institutional profile and a full issues scan if the MLA encounters media questions. I can provide this digitally or run over an event binder, if you'd like

If you have any questions, don't hesitate to get a hold of me on my cell at 250-818-1035. One thing to note; I will be out of the office from Wednesday, December and returning on December 28 but am still available by email and cell.

Hello Amanda,

Welcome to your new role! We are really looking forward to working with you as the Senior MA for the Minister of Advanced Education.

I'm attaching a couple of recent summary documents that we have shared with government stakeholders to provide an overview of two issues that are important to us:

- How Applied Research at BCIT is, and can better, drive the economy
- The importance of doing better to support our precarious (Part-Time Studies) members who contribute to high-quality public post-secondary education

We look forward to connecting again once you've settled into the role.

All our best

Dec 12th visit to St Ann's – would the Minister like to have hot chocolate and cookies for the staff (same as last year)?

Dec 14th – Jeff will be in person to meetings – okay if Tony and Bindi call in or would you like them in person?

Ministry would like a separate briefing for the UBCO TB sub (45 minutes) they don't want it on either the Jan 11th or Jan 16th Ministry briefing – thoughts and suggestions – thanks

Bindi would like 15 minutes with the Minister to brief her FLMM – looking for 15 minutes – I am thinking Dec 14th – thoughts.

Hi Rodney,
Attached is the revised factsheet.

I really struggled with finding room for the new content. On the first page I had to get rid of the icons in the bottom right-hand corner because they took up too much room. On page two I combined the two top right bullets to give some space for the new text. I hope that is ok.

Let me know if there is anything else you need.

It is an 8.5 x 11 inch paper created with no bleeds so it can be printed at a professional printer or with an in-house colour printer. If this is being printed in-house then ensure it is printed on both sides and select "actual size" (not "scale to fit").

Subject: Managing expectations

Hi Tara; thanks for your call earlier.

Do you mind flipping me an email with turnaround times for the indigenous education

2-pager as you mentioned. I want to share it with the MO to manage expectations.

As minister Mark is a visual person she was hoping to review at least once prior to production so sending it over the night before or morning of the FNLG isn't going to work. Plus we'd need access to a printer and high quality paper.

But if this cannot be avoided due to your workload I totally understand but it's important for me to manage expectations.

Thanks and I'm happy to chat with you and Andrew.

Monthly Statements

- BMO will mail you a statement as of midnight on the third day of each month, covering the preceding month's purchases.
- Travel cardholders are to pay the full amount of their statement by the billing due date shown on their statement, which is typically 30 days after the statement issue date.
- Interest penalties will apply to charges not paid in full as of the billing due date, at the rate of prime plus 2%. Please note: to avoid interest penalties the full amount of the statement must be paid. For example, a statement may be issued in the amount of \$100, covering several transactions. If the cardholder only pays BMO \$95 by the billing due date, BMO will assess an interest penalty on the full \$100, not just the \$5 outstanding.
- Travel cardholders are personally responsible for any overdue payment interest charges, unless the failure to pay is due to the Province not reimbursing the cardholder in sufficient time to make payment to BMO.
- Payment can be made to BMO at any time before the payment due date. Cardholders may pay BMO through one or more of the following options. *Please be sure to allow a few business days for online payments to get to BMO before the due date:*
 - ❖ by cheque, mailed to BMO (but must be received at BMO by the payment due date);
 - ❖ by cash at any branch of the Bank of Montreal;
 - ❖ by Automated Teller Machine;
 - ❖ by telephone banking;
 - ❖ by Internet payment-the payee is "BMO CORP/COMMERCIAL MASTERCARD"
 - ❖ by electronic funds transfer (EFT) from a cardholder's bank account; or,
 - ❖ by pre-authorized debit from a cardholder's bank account

Hi Theresa!

I hope you had a lovely weekend. I understand you are the person to go to for any and all Cliff questions

Our office has a new Administrative Assistant beginning on Monday and a big goal for our office over the next three weeks will be going through outstanding event invitations and meeting requests to ensure they are properly marked in Cliff. This will primarily be her responsibility and I would like to make the process as smooth as possible for her.

I am hoping we may be able to connect over the phone on Monday to discuss some additional Cliff training for our office – both our new Administrative Assistant but perhaps also a refresher for the rest of the office. I'd like everyone to be able to create reports and export excel lists by all of:

- a date range;
- open/closed status; and
- sender category.

That said, I'm not sure whether we have programmed Cliff with the functionality to sort by category of sender at the moment. These are the categories I'm hoping to sort all of our incoming correspondence and invitations, for quick review:

- Public Post- Secondary
- Private Post Secondary
- Student Association
- MLA – Opposition
- MLA – Third Party
- MLA – Government
- MLA Casework
- MP
- Municipal / Regional District
- Union
- Professional Association
- First Nation
- Corporation / Business

I'd also love, if this hasn't been occurring already, to be able to sort our correspondence by topic. A separate category for what the sender is writing about. Things like Adult Basic Education, Tuition Waiver, Student Loans, Open Textbooks, Student Housing, etc. I'm less familiar with our incoming correspondence, so I'd love to chat more about what comes in most frequently, by topic.

Will you have a moment to connect on Monday to chat about what is possible?

Thanks so much!

Absolutely - we would be delighted - the Board gets together with executive staff ahead of the day of the meeting - it is a dinner so my own view is if the Minister isn't staying for the whole event it would likely be best to come at the beginning? What do you think Amanda? Or at least work it out so it's comfortable?

Michelle could assist with the scheduling.

Regards

Roberta

And of course if she has time to stay for dinner - great!

Hi Cindy,

December 17th works for the Consul General, he has a meeting already that day with Minister Farnworth at VCO at 12, if the Minister would be available just prior to or just after that would be great. Thanks.

Subject: Meeting with Minister Mark

Good morning Amanda,

I and a couple of the training coordinators would like to meet with Minister Mark as soon as practicable to discuss **s.12;s.13**. I will not know who of the training coordinators will attend the meeting with me but very likely they will be individuals who train in occupations that were designated compulsory prior to the legislative change in the early 2000's.

I understand that getting appointments at this time of the year is very difficult so let me offer my available times and hopefully one of those times will work for the Minister's calendar. I have the morning of Monday, December 17, very late afternoon on Wednesday, December 19 (returning from Prince Rupert landing around 2 p.m.), almost anytime on Thursday, December 20 except between 2:30 and 4 p.m. and I can move anything on Friday to make a meeting time work.

Thanks in advance for your assistance.

Hi Julie,

The minister had asked us to set up a site tour with NVIT to tour their Burnaby campus - in past months we tried to nail down a date but were unsuccessful.

I'd like to call someone at the campus and see if this Friday the 14th would work, knowing it is short notice. I'd especially like to know if students will be around.

Could you please find me the contact info for our key contact at the campus or ask ministry staff in the appropriate division to reach out and see if there is any chance Friday would be a good opportunity to visit?

If not we will look to plan a tour in January.

Just let me know what the easiest path to getting this call done quickly is-

Thanks very much!

Hello,

Program has decided to hold off posting the Call for Response (CFR) (Survivors of Violence and Victims of Abuse, and Older Workers) until Jan. 2 and leave it open for 1-2 weeks longer.

They believe the CFR would get lost over the holidays and not seen by enough respondents. They anticipate agreements in place for July 1.

We propose the NR go Jan. 7 when the Minister is back, if that works for everyone? We will still move materials forward asap.

Thanks,
Jennifer

Can you print and confirm that the added line in the NR meets the Minister's expectations?

5th paragraph:

Both programs will include skills training and wrap-around supports, to address the barriers to employment that older workers and survivors of violence and abuse can face. The programs will be available regardless of EI eligibility, giving those with multiple barriers more access to skills training and supports for employment.

Subject: REVIEW - Business in Vancouver question about Chinese Students

Reporter

Chuck Chiang, Reporter
Business in Vancouver
604-366-2385
cchiang@biv.com
s.22

Deadline Tuesday, December 19, 2018 12:00 PM

Request

Business in Vancouver is working on a story on the education industry - namely the potential impact from China.

The reporter is wondering if the current situation can develop into what happened with the Saudis earlier this year, and whether there are any plans right now to mitigate the risk.

He wants a comment from the Ministry before next Tuesday.

Recommendation

Hi Chuck;

Many post-secondary institutions in B.C. enjoy a strong connection with China, including academic and applied research. The ministry continues to monitor the situation, but there is no reason to believe international students need to be concerned about continuing their education in B.C.

B.C. enjoys a strong and longstanding historical, social, cultural, educational and economic relationship with China.

Dear Hon. Melanie Mark,

I hope this email finds you well and enjoying the last few unseasonably sunny, brisk winter days we've seen in Burnaby, Vancouver, and the surrounding area!

My name is Christine Lyons and I am a communications officer with the Faculty of Arts and Social Sciences (FASS) at SFU. A couple years ago, shortly after you first earned your seat in the BC legislature, I wrote [an alumni profile](#) on you for the FASS website.

I'm writing in hopes that you might be interested and available to participate in a small recruiting campaign FASS is organizing this month. As you know from your own experiences from studying political science at SFU, an education in arts and social sciences gives students a highly adaptable skill set. Students with degrees in our disciplines go on to inspiring and fulfilling careers in fields like politics and public service, policy research and analysis, advocacy and social justice, and even in emerging fields involving technology and development.

Your degree led you to work for such organizations as Big Sisters Canada, Covenant House, Save the Children Canada, the Urban Native Youth Association, and the Office of the Representative for Children and Youth. Now you are the BC Minister of Advanced Education, Skills and Training. You're doing incredible work for the people of BC! SFU FASS wants to communicate to students that they can really go places when they pursue a degree in our disciplines.

We are hoping you might be willing to have your photo taken and be able to contribute a couple of sentences to this campaign. My colleague, Aman Chandi has organized to travel to see our alumni with a photographer and audio-recording equipment on Thursday December 13, 2018. If you are available, she can come to you at a convenient time/place, take a photo or two, and record you saying one or two sentences about your SFU experience.

I realize the timeline is short on this, but we would love to be able to include your voice in the project. Please let me know at your earliest convenience if you might be available. I can then send you more details and make arrangements with Aman to come to you to take photo and record your sentence or two.

Thanks so much in advance for your time and consideration. I look forward to keeping in touch and perhaps writing another Alumni feature profile on you and your work in the future!

Warmest wishes,

Christine Lyons

Good morning,

My Helijet flight last night was having engine problems and was grounded as a result. I am now on a 9:30 flight this morning and will be coming in straight from the terminal.

See you all in a few hours!

Good morning!

Can you track down the magical human who is in control of the heat for this building and ask that the heat in mine and Michael's office be turned on for weekends?

We are often here at least one day each weekend (like me yesterday) and it was freezing. I was in full outdoor winter gear.

We were able to get just the MA office heat turned on in Health too, somehow.

Hi team,

Can we meet at 2pm instead of 4? I misspoke earlier and will not actually be back from my 330 in time.

Sent from my Samsung Galaxy smartphone.

You are both welcome in at any time – this office just picks up all the reception chatter – I have my door closed right now just so I can read.

I am not making any kind of statement

Would you be able to draft one of these appropriate for the Minister's social media?

Thanks for the call earlier,

Just looking for a sense of when and if the Minister can see a draft of the ITA MOUs and when we might be able to get a more fulsome note on the WDA advertising process.

Thanks,
