Hi Team

I wanted to thank you all for an incredibly amazing year and equally strong finish. I appreciated all of the efforts to organize and support me with the numerous stakeholder meetings this week. I especially loved the opportunity to meet with staff at St. Anne's and the Cook Street offices.

Christina helped me to organize many Ministry related loose ends in my MLA office which is most appreciated.

Cindy I sent you the notarized document regarding my attendance declaration.

Mike and Rodney, thank you for the update regarding s.12;s.13

Kevin I hope you have the signed s.12;s.13

Shannon and Amanda thank you for the check in today regarding the s.12;s.13 and s.12;s.13 plans for early in the New year.

Thank you for all that you do to lift people up, in our effort to build the Best B.C. We have worked hard, all hands on deck, on the court, in the trenches, all year round. Ha'awa.

s.22 I will have my Minister phone with me. My cell plan, courtesy of Cindy is below. I will check in daily, please specify if Action is required in the subject line.

Warm wishes to you and yours, as you create memories and reflect on the past year.

Safe travels if you're going on an adventure!

Sincerely,
Melanie

Hi there.

The revised letter response to MLA Paton is good. Please proceed.

Michael from your note it appears the original request was sent to my public email account November 16. My hope moving forward is to have all MLA correspondences brought to my attention immediately upon receipt.

Amanda FYI, I have given this direction in the past, for consistency of practice, please make the expectation explicit to whoever is responsible for managing my public email.

Hi Minister,

Following our conversation, here is the edited version of the Youth Guide welcome letter.

Welcome Message for WorkBC Youth Guide (from AEST, EDUC, and SDPR)

Congratulations, you're taking a massive step forward on your journey, as you use this guide to prepare for a career that you love! Many of you might be feeling overwhelmed because you don't have all the answers. Some of you might already have a good idea about where you want to go to school and what you want to do as a career. You might find yourself asking questions about where you are going to live or where you will work and how you're going to pay the bills.

It is our hope, the *WorkBC Youth Guide* will help you find the answers you are looking for. Everything from your rights as a tenant, how to write an eye catching resume and where you can apply to kick-start your career in the trades.

Over the next ten years, 8/10 jobs will require your generation to have some level of college, university or apprenticeship training. There are so many opportunities, everything from being an

electrician, Early Childhood Educator or engineer. This guide is made for you! Its intended to help you to navigate where the most in demand jobs are, how and where you can apply to go to school, and what it will take to plan for success.

We hope this guide helps support your goals to make the best decisions. We are counting on your bright ideas to build the best B.C. and wish you success during every step of the way.

Hi Alison,

Per our conversation here is some background information that you can share with your constituent:

The metal fabricator program is one of the programs that was selected for harmonization under the Canadian Council of Directors of Apprenticeship (CCDA) Pan-Canadian Harmonization Initiative. The goal of this initiative is to substantively align apprenticeship systems across Canada by making apprenticeship training requirements more consistent in the Red Seal trades. British Columbia is an active participant in this initiative.

The ITA has a transition plan for apprentices enrolled in a training program pre-harmonization to move them into a program that has been harmonized.

An apprenticeship advisor is going to connect with the student directly and help him through next steps for his program and his apprenticeship.

I have asked the advisor to connect with myself and with you directly with a summary

of the outcome of the meeting, and attached your certificate of authority to release this information. The ITA contact's name is Gwyn MacGregor, gmacgregor@itabc.ca.

Again, I would like to apologise for the delay in getting this information to you, and I hope that your constituent obtains his desired outcome with his trades training. Please don't hesitate to contact me if you have further questions!

Warm regards and happy holidays!

Evening Minister,

I've incorporated the different colours we discussed – let me know what you think of the attached.

Outstanding January calendar decisions to make:

- We received **Jan 10th or 11th** today as options from the Feds for the UVic Oceans and Climate Campus opening. This doesn't provide you much time in your CO and is a lot to navigate immediately upon returning. We could push back and request a different date but it would not only add an extra day of travel, I wouldn't recommend moving anything we've already discussed to make room.
s.13
- We can likely confirm all of the Metis (1hr), TRICORP (30min), CUPEBC (30min), and CABRO (1hr) after your AEST briefing on **January 25th** but would need the day to push to 5:30pm to make it work with lunch and a small break between meetings. Are you ok with the day scheduled until 5:30pm on that day? It's not ideal but it would have to be to 5:15

Subject: IKB NR (3/4): Indigenous awards

Hi Minister,

Below is the quote that I have edited after our conversation.

BC Indigenous students to share \$1.5M in awards for college and university education

VICTORIA – 500 Indigenous students in BC have been awarded 1.5 million dollars from the Irving K. Barber British Columbia Scholarship Society to support their studies at post-secondary institutions throughout the province.

The Society's Indigenous Awards program is funded from the returns on an endowment fund established by the Province of British Columbia. It was created to assist in removing barriers to higher education for Indigenous peoples. Awards of \$1,000 to

\$5,000 each are issued every year through a competitive process to students studying at all post-secondary levels, from trades training to doctoral programs.

“Congratulations to this year’s recipients who are working towards their goal to be teachers, engineers and electricians. I am so proud to see so many Indigenous students advancing their aspirations and dreams through higher education” said Melanie Mark, Minister of Advanced Education, Skills and Training. Almost eighty percent of future careers will require post-secondary training. “Our government is deeply committed to breathing life into the calls to action on reconciliation by supporting pathways and opening doors of opportunity for Indigenous learners. Together we are going to build the Best B.C.” [NOT APPROVED]

Student’s Quote

Chair’s Quote

The Irving K. Barber BC Scholarship Society provides scholarships and awards to students attending public post-secondary institutions throughout the province and internationally. Since its inception, over \$17 million has been distributed to BC students from its seven scholarship and award programs. The Victoria Foundation provides administrative support to the Society.

Hello Deborah:

I wanted to let you know that I have been applying to various grants to support the Community Entrepreneurship Course (CEC) that we ran in the downtown eastside last year. I am happy to report that we got funded to run the program two times this summer!

So, great news. Please feel free to pass on this information to Minister Melanie Mark. I am sure she will be pleased.

Congratulations, by picking up this guide you are taking the first step in your journey to building a bright future. We know that Indigenous people are the fastest growing population in British Columbia and are a critical part of the great opportunities that exist for everyone.

Our government's commitment to reconciliation with Indigenous peoples is rooted in our daily work with First Nations, Métis, and Inuit peoples to deliver on the Truth and Reconciliation Commission Calls to Action as well as the *United Nations Declaration on the Rights of Indigenous Peoples*.

By making education more accessible and by breathing life into true and lasting reconciliation, we are working in partnership to support communities to reduce inequality and open the doors to opportunity.

BC's Career Guide for Indigenous People provides valuable tools and activities to help students and job seekers. Our hope is that this resource can guide your journey, all the way from exploring your dream career, options on where to learn and train, to accepting a job offer and launching a thriving career.

Education can transform lives for students, whether it is to upgrade your skills, get into law school, or become a Red Seal electrician. In the next ten years there are over 900,000 job openings throughout British Columbia. Most of those jobs—will need some form of college or university education or training.
