Subject: RE: SFU Zoom Meeting with Larry W/Martin P/Alison B
Date: December 2, 2020 12:22:50 PM

Ok – need to include Phil, Deborah and likely Wendy

But can you tell your SFU contact that we are not in any position to update anyone on the Minister's mandate items yet – its far too early – so maybe the mtg can be 30 min instead

thx

Subject: SFU Zoom Meeting with Larry W/Martin P/Alison B

Kevin,

Martin P, Alison B and Larry W from SFU would like to arrange a 60 min meeting with you on the following agenda items:

- Q3 update
- Residences Phase 3
- Ministers mandate letter items and advice:
 - Medical school
 - 2,000 seats
 - Tuition review
 - Funding review
 - Childcare
- Interdisciplinary Life Sciences Building
- Federal Stimulus program

Attached is reference material. They are hoping to meet somewhere between Dec 15-17 which I will find a time. Wanted you to have the info so that you know they are looking to meet. Let me know if you are ok with this or would like to defer until a later date and if you would like anyone else to attend with you.

Carla

Thx!

Template – Early Scoping of Key Mandate Letter Deliverables

Ministry	Ministry of Advanced Education and Skills Training
Mandate letter commitment	With support from the Minister of Health, lead work to launch B.C.'s second medical school to expand our healthcare workforce.
What the initiative will achieve or what problem will be addressed	<p>Access to primary care continues to be a challenge for British Columbians. In 2019, there were 133 family physicians per 100,000 population in British Columbia, an increase from 126 per 100,000 in 2015, and higher than the Canadian average of 122 per 100,000. The reasons for this continued access challenge are multi-faceted, including workforce distribution and shifts in how physicians practice.</p> <p>In response, the Province implemented a new interdisciplinary team-based approach to care to meet the health needs of British Columbians. This strategy includes Urgent & Primary Care Centres, employing Nurse Practitioners, incentivizing rural practice, expanding and distributing the UBC medical program, and pursuing recruitment and retention strategies.</p> <p>The planning and implementation of a new medical school will increase access to care, with specific considerations for graduates to support care for Indigenous peoples and in rural/remote regions. It is one step towards the expansion of our health sector workforce.</p>
