Hi Greg,

Given the volume in the AGR account this was buried. Can you take a quick review of this and let Abra know if we are okay with what they are releasing in their report?

Thanks!

Hello,
we are so grateful that you were able to join us at the Fisheries for Communities Gathering on February 23rd.

We know that the time to act on this policy opportunity is now and as such we are excited to be able to offer you as promised, a first look, as a participant, at the Proceedings Report from the event. We carefully transcribed discussions and presentations from videos, flip chart notes and facilitator notes to prepare a proceedings report that captures the event with integrity and accuracy. We welcome your comments. We will be releasing the Report to the broader public mid April and would appreciate any comments by April 5th.

Specific request:

Please ensure that the information we have for you as an attendee is listed correctly under the section title “attendees”.

We will continue to support this work as and when our contributions are useful and welcome your thoughts on future actions required.

With respect and gratitude for all your work and passion,
Abra

Subject: NARROWED: Call for Records: AGR-2018-82876

Hi Justine,

The Ministry has received a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA). The request is for:

NARROWED REQUEST: emails and attachments to/from the Senior Ministerial Assistants, Ministerial Assistants, Executive Assistants and Minister referencing Animal Health Branch (PAHB)".

ORIGINAL REQUEST: All Ministry Office and Deputy Minister Office communications referencing "PAHB", including attachments. (Date Range for Record Search: From 06/30/2017 To 04/11/2018) – Date Format: MM/DD/YYYY

- Please complete the attached Call for Records form.
- If search and retrieval time is anticipated to exceed 3 hours and/or the total volume of records exceeds 200 pages, complete **only** sections 1 & 2 of the Call for Records form as we may be in a position to issue a fee estimate. Return the form by <<April 27, 2018>>. Please await further instruction from as the records will not be required until the fee estimate process has been completed. Once fees have been paid or waived, I will contact you to continue the call for records process. **If no fees apply** then complete the attached Call for Records form and return it to me by <<May 01, 2017>>.
- If records are produced, please conduct a harms assessment on the release of the records and have your Executive Director sign off on it.

You should be aware that *FOIPPA* obligates us to assist the applicant and to respond without delay, openly,

accurately, and completely. In the event that your Ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Please do not hesitate to contact me to discuss: whether the records may be routinely releasable; whether the information is being prepared for public release or is already publicly available; ways in which an applicant may want to narrow/focus their request to reduce potential fees; if another program area may hold responsive records and/or any other questions or concerns relating to this request.

Thank you for your assistance,

Subject: CONSULT: IRR-2018-82429 - due May 4, 2018

The Ministry of Indigenous Relations and Reconciliations received this FOI request from a/an Political Party:

Records of any and all emails, text messages, BBMs, slack messages, and WhatsApp messages sent from the Minister/Minister of State, excluding attachments and excluding any correspondence from individuals responding on behalf of the Minister/Minister of State. (Date Range for Record Search: From 02/01/2018 To 02/28/2018)

They identified the attached document(s) as responsive records and wish to get your views on disclosure.
Please indicate the following:

1. *Approved for release with no changes.*
2. *Approved for release with the following changes... (insert changes).*
3. *Not approved for release and why.*

Note that all general FOI request records that are released to an applicant should be published on the Open Information website unless the exemption criteria apply. The exemption criteria can be found on page 11 of the Open Information and Open Data Policy. Consultations from outside provincial public bodies are not published on the Open Information website.

Exercise of Discretion:

The Freedom of Information and Protection of Privacy Act (FOIPPA) contains both mandatory and discretionary exceptions to disclosure. Sections 13 to 20 are the discretionary exceptions. Where Information Access Operations (IAO) has advised the head that a discretionary exception may apply, it is important that the head consider the possibility of releasing the information despite the fact that an exception may apply.

Factors relevant to the exercise of discretion include:

- the general purposes of the legislation: public bodies should make information available to the public; individuals should have access to personal information about themselves;
- the wording of the discretionary exception and the interests which the section attempts to balance;
- whether the individual's request could be satisfied by severing the record and by providing the applicant
- with as much information as is reasonably practicable;

- the historical practice of the public body with respect to the release of similar types of documents;
- the nature of the record and the extent to which the document is significant and/or sensitive to the public body;
- whether the disclosure of the information will increase public confidence in the operation of the public body;
- the age of the record;
- whether there is a sympathetic or compelling need to release materials;
- whether previous orders of the Commissioner have ruled that similar types of records or information should or should not be subject to disclosure; and
- when the policy advice exception is claimed, whether the decision to which the advice or recommendations relates has already been made.

Thank you,

Susan Shust
