**Subject:** COMMS CONSIDERATION: Greenhouse Veggie Days

Sam/Jess

Greenhouse Veggie Days is coming up, and the Ministry has provided funding to the Greenhouse Association to help put it on.  
Events start as early as tomorrow (Friday, April 27,) but really culminate in the lower mainland Greenhouse tours on Saturday, May 5.

s.13

Looking for some direction on this. If you do want to go ahead, here's a suggested draft:

**The time is right to #BuyBC Greenhouse Veggies!**

Minister of Agriculture Lana Popham made the following statement about BC Greenhouse Veggie Days, which run from April 27 to May 5, 2018.

“BC Greenhouse Veggie Days welcomes the arrival of crunchy cukes, tasty tomatoes and perfect peppers to grocery stores from the Lower Mainland’s 42 Greenhouse Vegetable Growers. It also marks a celebration of spring!

“While we were shivering, and dodging puddles this winter, work was underway in the greenhouses, nurturing the seedlings and plants to grow, and now the crops have ripened and are ready for the table!

“You’ll see greenhouse vegetable displays and demos in retail stores between April 27 and May 5<sup>th</sup>, the perfect opportunity to enjoy local veggies, give thanks for the abundance of foods we grow in B.C., and support the people who produce it.

“BC greenhouse growers are also hosting free public tours on Saturday, May 5<sup>th</sup> to show people where their greenhouse vegetables come from (Hint – it is not from soil!)

“I am proud the Ministry of Agriculture has partnered with The BC Greenhouse Growers’ Association to celebrate B.C. Greenhouse Vegetable Days, and invite everyone to visit <https://bcgreenhouse.ca/bc-veggie-day/> for info on how to visit a greenhouse on May 5th, and to #BuyBC greenhouse vegetables throughout 2018.”

Adding:

Compliance and Enforcement (FROM ALC Report 2016-2017):

The ALC Compliance and Enforcement program (C&E program) was established in 2007 in response to increasing complaints of non-compliant activities in the ALR. The purpose of the program is to strengthen delivery of the ALC's legislative mandate to ensure that activities taking place within the ALR are consistent with the ALCA. This is achieved by using a combination of education, information and enforcement.

**Subject:** KM's & Fact on Illegal Fill on ALR Land

Attached and below, KM's and some facts on Illegal Fill on ALR land

I'm sourcing some more info on Compliance and Enforcement from the ALC, for you to have on background in case you're asked "what can the ALC do about illegal dumping?" but we've asked the reporter to reach out to the ALC directly on this topic as well, since they will be the best source of information for him on current operations.

Let me know if you need anything else tracked down beforehand beyond Compliance & Enforcement/ALC . s.13

## Key Messages

s.13

## Facts

- The Agriculture Land Commission (ALC) has an application and permitting process for any fill to be placed on land that is within the Agricultural Land Reserve (ALR). They also have clear regulations on what material is accepted and what is not.

### **• Part 3 — Soil Removal and Placement of Fill**

- **Notification requirements for specified farm uses**
- **4** (1) The removal of soil and placement of fill for the following farm uses are exempt from the requirement to file an application under section 20 of the Act if the requirements in subsections (2), (3) and (4) are met:
  - (a) the construction, maintenance and operation of a greenhouse on an area of land if the area occupied by the greenhouse is greater than 2% of the area of the parcel;

- (b) the construction, maintenance and operation of a farm building or structure, for use in an intensive livestock operation or for mushroom production, if the area occupied by the farm building or structure is greater than 2% of the area of the parcel;
- (c) the construction, maintenance and operation of an aquaculture facility if the area occupied by the aquaculture facility is greater than 2% of the area of the parcel;
- (d) the construction, maintenance and operation of a composting facility for the production of Class A compost as defined in the Organic Matter Recycling Regulation, B.C. Reg. 18/2002 or compost from agricultural waste, if the area occupied by the facility is greater than 2% of the area of the parcel;
- (e) a turf farm.
- (2) An owner must notify the commission and the applicable local government or treaty first nation government of the owner's intent to remove soil or place fill for the uses described in subsection (1) at least 60 days before engaging in the intended use by filing with the commission a notice in a form acceptable to the commission.
- (3) If the chief executive officer requests additional information on the extent and method of soil removal or placement of fill within 30 days of receipt of the notice under subsection (2), it must be provided by the owner of the land in the form of an amended notice within 30 days of receipt of the request.
- (4) The owner must comply with the restrictions on the use and the terms and conditions for the conduct of that use of agricultural land ordered by the chief executive officer under section 20 (5) of the Act provided that the order is made within 30 days of a notice under subsection (2) or within 45 days of an amended notice under subsection (3).

- (5) If the owner does not agree to the restrictions on the use or the terms and conditions ordered by the chief executive officer, the owner may apply to the commission for permission for a non-farm use under section 20 (3) of the Act.
  
- [am. B.C. Reg. 339/2004, s. 4.]
  
- **Notification requirements for specified non-farm uses**
  
- **5** (1) The removal of soil and placement of fill are exempt from the requirement to file an application under section 20 of the Act as long as the requirements in subsections (2), (3) and (4) are met and the removal or placement is for one or more of the following uses:
  - (a) aggregate extraction if the total volume of material removed is more than 500 m<sup>3</sup>;
  
  - (b) peat extraction;
  
  - (c) placer works including the exploration, development and production of placer minerals as defined in the *Mineral Tenure Act*;
  
  - (d) the construction, maintenance and operation of a composting facility for the production of managed organic matter.
  
- (2) The owner must notify the commission and the applicable local government or treaty first nation government of the owner's intent to remove soil or place fill for the uses described in subsection (1) at least 60 days before engaging in the intended use by filing with the commission a notice in a form acceptable to the commission.
  
- (3) If the chief executive officer requests additional information on the extent and method of soil removal and reclamation within 30 days of

receipt of the notice under subsection (2), it must be provided in the form of an amended notice within 30 days of receipt of the request.

- (4) The owner must comply with the restrictions on the use and the terms and conditions for the conduct of that use of agricultural land ordered by the chief executive officer under section 20 (5) of the Act provided that order is made within 30 days of a notice under subsection (2) or within 45 days of an amended notice under subsection (3).
- (5) If the owner does not agree to the restrictions on the use or the terms and conditions ordered by the chief executive officer, the owner may apply to the commission for permission for a non-farm use under section 20 (3) of the Act.
- [am. B.C. Reg. 339/2004, ss. 4 and 5.]

**Illegal Fill/Construction Waste Dumping on land in the ALR:**

- The ALC and B.C. municipalities work closely together on the issue of dumping fill on land that is within the ALR.
- Municipalities may also establish bylaws to deal with dumping fill on land that is within the ALR.
- If a municipality requires advice on how a bylaw might affect farming, the Ministry of Agriculture is available to provide that information.
- The Ministry of Agriculture can further advise municipalities about how fill dumping can be controlled without preventing common agricultural practices.

Hi Sam.

We had a media query, as you may know, from Dirk Meissner of CP, who is doing a story on the situation involving the Tumbler Ridge Museum.

We have worked with program staff to draft the media response below. The message has been approved by our ADM.

Dirk is writing his story on Friday...  
I am hopeful that you can review this and get back to me this evening.  
Pls do call me anytime at 250-893-4449 if you have any questions or wish to discuss.

Thank you so much for your assistance.  
Carolyn

=====VERSION WITH  
BULLETS=====

Hello Dirk.

Thanks for your interest in this story.

I'm happy to provide you with the following statement from Lana Popham, Acting Minister for Tourism, Arts & Culture, and some background information:

STATEMENT from Minister Popham:

I was happy to hear that the Tumbler Ridge Museum recently signed an MOU with the Geopark. This is good news. I understand as well that there are conversations happening between the District of Tumbler Ridge and the Museum. We are hopeful this issue between the District and the Museum will be resolved in a timely manner.

In the meantime, I have instructed staff to research all the options available to support the museum, and to reach out to the Museum's new president to ensure that he is aware of all options. I understand this will happen shortly. Ministry staff have also been in contact with the District in recent weeks.

Our government recognizes the tourism opportunity that Tumbler Ridge provides, as you do.

Please know that I am watching the situation with keen interest, as is Ministry staff, and we are seeking to offer all assistance available.

LANA POPHAM  
Acting Minister of Tourism, Arts and Culture

BACKGROUND INFORMATION:

- Destination BC, the province's tourism marketing agency, and ministry tourism staff have been working hard with various groups in the area to create tourism marketing opportunities which would support the Museum and other activities. This work has included promotional support through Destination BC via social media and special campaigns, as well as assessment and advice on the broader tourism destination development needed to make this site successful as a visitor experience.
- In 2017, the Province awarded the Museum a \$70,000 BC Canada 150 grant for the creation of an online accessible database to store and share 3D digital models of some of its collection.
- In October 2017, the Ministry of Forests, Lands, Natural Resource Operations and Rural Development provided a \$612,000 grant to the District of Tumbler Ridge and the

Tumbler Ridge GeoPark Society through the BC Rural Dividend Program to support tourism development initiatives. Approximately half of these funds were provided to the Tumbler Ridge GeoPark Society for cultural and economic development of their dinosaur and geological resources. The balance was directed to tourism development projects, including an interpretive trail at the Visitor Centre.

- A critical aspect of success for the Museum – as well as other sites in the area – will be supporting tourism destination development and effective marketing, and Destination BC and Ministry staff have been providing that.
- Ministry staff have also offered suggestions for facilitation between the District and the Museum, in 2016 and, most recently, a week ago. A resolution of issues in this relationship appears key to any movement forward for the Museum.

I hope this is helpful.

Sam, context of this quote is Myrna Stark Leader has already written a story on ministry's meat regs industry consultation, s.13

s.13 She's held a spot for a quote from the Minister, I'm suggesting we send something like the below, as this will be printed prior to May 8 (will start arriving in people's mailboxes on May 1).<sup>s.13</sup>  
s.13

We can pitch an interview with the Minister on the SSCA and the engagement they'll be doing after the NR is release in May, which would make for a good follow-up piece for the June edition of the paper.

Need to get this to her today please.

Hi you two,

Photos from the NAIG event last night, below are some sample messages.

Yesterday our government announced \$3.5 Million dollars in support of the Songhees First Nation's bid for #NAIG2020. See you in Victoria in 2020 for the North American Indigenous Games!

Truth and Reconciliation Call to Action number 88, ensure long-term Aboriginal Athlete development and support the North American Indigenous Games. Our government has committed \$3.5 Million dollars to bring #NAIG2020 to the Songhees First Nations. See you in 2020!

Warm Regards,

---
