Thanks Jess, we heard from Interior Health today that they're pushing for a Penticton event, so that's great news, at least we're on board with that!
I'll let them know the general week we're targeting now, and we can try and land a date by the end of this week or the beginning of next with MLP and MAD's calendar.
Much appreciated,
Meghan

Hi Meghan,

Monday Feb 4th is looking like the strongest contender but I've not canvassed HLTH for MAD's calendar availability either. Currently Monday is wide open. Wednesday afternoon also a possibility.

There's a hold in MLP calendar for Williams Lake on the Thursday and Friday and I'm not sure the status of that is (Sam's lead)

Penticton would be the better option for media markets located in Penticton, Oliver etc and is close to equidistant for media based in Kelowna versus traveling to Vernon. Would be nice to pitch to small regional papers that agricultural producers read in the Similkameen and Osoyoos regions also who will be keen to learn about the pilot.

My two cents :)

Jess

Hi there,

I'm hoping we can get a date squared away soon for the Feed BC launch. I've been working with the comms folks over at Interior Health Authority. It's now looking like the first week of Feb is the best time to do this, if there's a day in there that the Minister is available, and if, potentially, there's also a date in there that would work for Minister Dix?

It would require a flight into Kelowna, as we'll either do the event in Vernon or Penticton, which is up to you, Interior Health says these two are both good options.

Let me know if there's any progress on nailing this one down.

Thanks!

Hi Sam:

Per your inquiry on the issues call this morning, Cristina completed a search for the above-noted letters and can confirm as follows:

- Both letters are sitting in the MO inbox
- 1st letter s.22 on Nov. 19 - is marked as 'file/info' (which is not usually a priority flag)
- 2nd letter s.22 on Dec. 3 - is marked as 'MA review'

Neither of the letters have been CLIFF or sent to us for action. Once that is done in the MO, we are happy to ensure that responses are prepared on a priority basis.

Thank you.

Hi Sam,

I hope 2019 is off to a great start for you.

I understand that the North Pacific Anadromous Fish Commission has their High Seas Expedition is returning from the Gulf of Alaska on March 15 . There is a reception in the works for the scientists, officers and crew as well as local salmon leaders that evening. We are considering hosting it here, at Ocean Wise. Nothing has been announced at this point yet, but I wanted to reach out to you to see if Minister Popham might be interested in this event.

Hi Jessica,

Happy New Year!

I am following up. At this time we are working with staff on our next phase proposal for YA 2019-2020, and a formal meeting with MLP is not needed.

However, I would like to make sure she knows about the YA Mixer coming up in Williams Lake at Thompson Rivers University February 9-10, 2019. Even if she cannot attend at this late date of invitation can you please make sure she knows about it!! We're so excited to be offering a first big event in the Cariboo region under the YA banner.

Thank you so much,

Hi Arif,

MLP and I will be in Williams Lake Feb 7-9.

-Arriv Thurs Feb 7 approx. 2pm.
-Depart Sat Feb 9, approx. noon.

The Young Agrarians are doing their event that weekend so MLP could speak/open their event on Saturday before flying out.

<http://youngagrarians.org/williamslakemixer2019/>

We've reached out to them.

Zirnhelt is working on some ideas for Friday:

- round-table with Alumni/local students of TRU programme to hear about their farm businesses, challenges etc.
- discussion with Zirnhelt and others on Fire Recovery, possibly with a visit to a nearby ranch (Huffman) that was hit hard by wild fires.
- update on CARA - Cariboo Agriculture Resource Alliance
- meeting re TRU's applied ranching sustainable programme, how it fits with local priorities

Other options would be to engage with FN/agriculture initiatives and MLP is always very interested in bees. She thinks there is a group up there. Are you familiar with them? Another option would be Farmer's Institute outreach. Your input appreciated.

Best, S.

Hi Sam,

I just spoke with Jeff (MLB's EA) about this event – we haven't yet actioned the invite, but Jeff is wondering if MLP would be willing to emcee the event. It would take an hour max, from 1-2. One complication – it looks like there's cabinet in her calendar from 1-3 that day, but Jeff says in MLB's calendar cabinet is in the morning; if true, then MLP would theoretically be free.

The event team is having a meeting on Wednesday of this week to plan and are hoping to have a tentative confirmation by then if possible. If this is something you think MLP would be interested in I'm happy to reach out to ask, or if you'll be speaking with her and are able to raise it that would be great too.

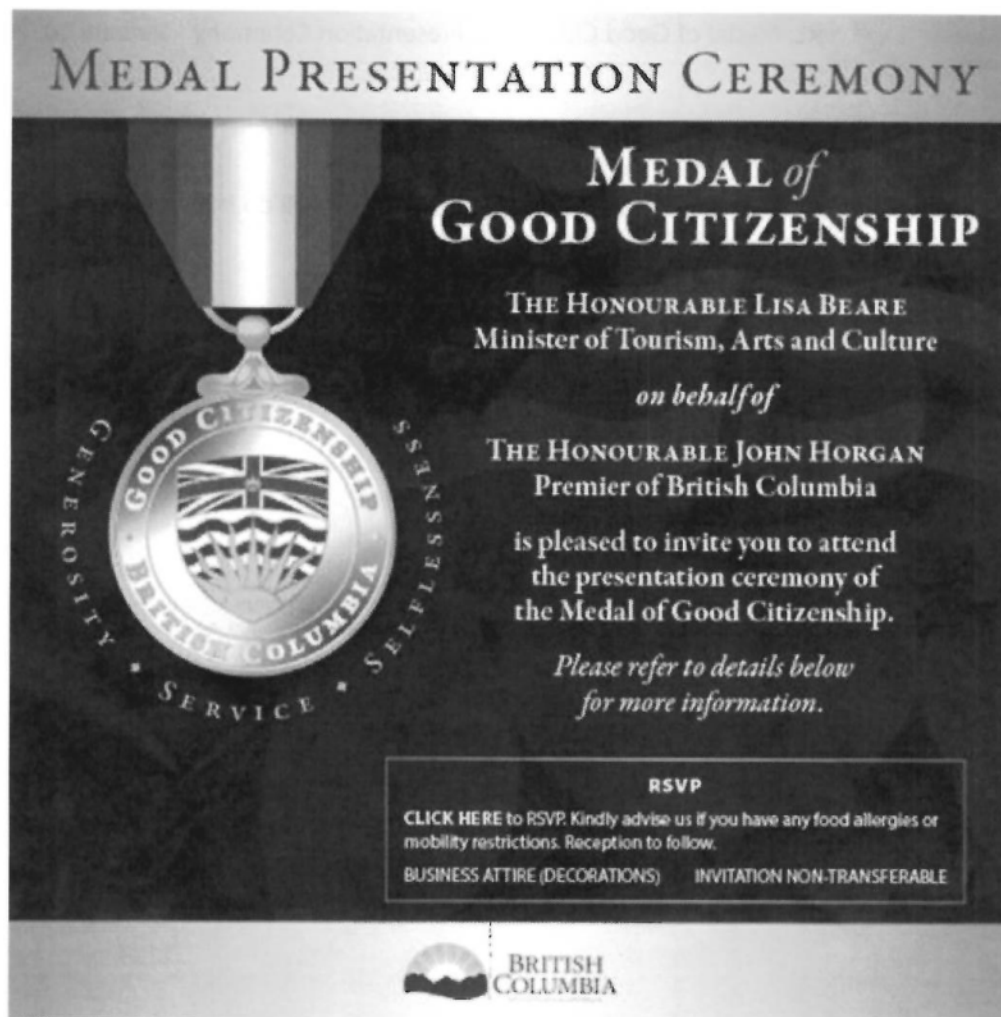

Let me know, and thanks!

Chris

Good morning afternoon,

I am coordinating a social event for the Splatsin Chief and Council to meet with Minister Popham, Minister Frazer, Minister Heyman, and MLA Greg Kylo regarding the Hullcar Aquifer. If I could have the assistants check the provided tentative dates and see if they coordinate with the Ministers schedule and respond back availability, that would be

great. The dates I am providing are dates that the Splatsin Chief and Council are available. My goal is to try and schedule this event by the second week in February. I will follow up with a formal invitation once a date has been decided.

Dates to choose from:

- January 28, 2019 available morning only
- January 30, 2018 available morning only
- February 5, 2019 available all day free
- February 6, 2019 Available all Day free
- February 11, 2019 Available all Day free

I let Annette Jordan know from Protocol that we were hoping to schedule the meeting at 10:30 am, but would confirm when MLP was back this week.

She sent me a message this morning asking who the attendees would be for this meeting as well.

Thanks Sam,

Regarding the meeting request with the Consul General of Japan, Mr. Takashi Hatori, he will be traveling to Victoria on January 24th and 29th.

The Minister will be in Vancouver on January 24th, but she could potentially meet on January 29th.

Please let me know if we should pick another date.

Thank you!

I've heard that the Minister Popham (plus Jessica, Sam and Chris) as well as Arif Lalani will be attending the Pacific Ag Show/ LMHIA Short Course. Can you please pick up (or have them pickup in the case for Arif) these passes at the **Horticulture Counter** as you enter the Tradex the day that they plan on attending. As you enter the reception area there will be a number of different counters to obtain passes (i.e. dairy, walk-in purchases). To reduce confusion and to have everything run smoothly for arrival, please go directly to the **Horticulture** counter for the passes.

Thank you for your help with this!

Hi Sam,

I have a meeting with you in my calendar for Monday Jan 21 at 10:30 to provide you with an MO financial update. I may have just put it in there as a place holder. If that is not also in your schedule, should we meet then or would someone in your office like to set us a meeting for another time?

Hi Sam and Jess,

Thanks for the meeting this morning.

Could your office please set up a half hour budget update meeting for the week of January 21 so we can discuss spending to December 31 and the forecasted spending for the final quarter? As the date approaches, we can move it as may be needed.

As we discussed, I will email you the financial reports in the next two months. And if you'd like me to come discuss them, I'm happy to do that.

Good morning all,

Please find attached a "News You Can Use" article discussing the upcoming Young Fisher's Gathering for quote approval.

I've attached a copy of the document and embedded the Release below (bolding the Minister's Quote). We are hoping to get it out on Thursday or Friday.

Victoria- Young fishers are gearing up to learn from established industry personnel at the 2019 Young Fishermen's Gathering.

"It's incredibly important to support the next generation as they enter or build on their career in Seafood in B.C.," said Agriculture Minister Lana Popham "I'm happy to see GrowBC helping to make such a positive learning experience more accessible!"

As they set out to chart the waters, seeking new opportunities on the horizon, young fishers will have the opportunity to learn from the experience of those already well established in the Seafood industry at the BC Young Fishermen's Network Gathering.

Young fishers will connect with an array of industry personnel, while learning business and marketing strategies as well as training opportunities to help them better prepare for work and build positive working relationships and contacts.

This years' program includes:

- Panels discussing the Future of Fishing, Marketing your product and Stewardship;
- with sessions on the Business of Fishing (Funding, Finances and bookkeeping), Fisheries Management and Policy.

The two-day gathering will be from January 23-January 24, 2019 and hopes to provide a supportive environment that fosters learning, networking and growth opportunities for those aspiring to enter the commercial fishing industry.

QUOTE PLACE HOLDER from program participant

Last year's gathering held in Steveston brought together over 40 young fishers and nearly 65 industry members to connect with and learn from.

Quick Facts:

- The Ministry of Agriculture is making the program more accessible to participants through a \$10,000 investment from its GrowBC initiative.
- GrowBC aims to support farmers, new entrant farmers and young farmers, protect farmland and help B.C. producers expand local food production.
- In 2017, B. C's commercial fishers harvested about 182,800 tonnes of wild fish and shellfish with a total landed value of \$410.2 million.
- The Seafood industry employed an estimated 4500 British Columbians.

We are getting close. Here are some suggested bullets for the first part.

Introduction

- Good morning!
- Thank you for inviting me to the 16th Annual Natural Resources Forum
- I understand it may be the first time a Minister of Agriculture has attended!
- I really appreciate the invitation because it makes the point that:
- Farm-land and range-land are resources.
- Agricultural resources, and in in fact are critical resource of this province.

- The resources used by farmers and ranchers – most importantly fertile soil, and abundant water – generate enormous wealth for this province.
- Agriculture, along with seafood and processed products, generates \$14 billion a year in sales for the B.C. economy, and employs more than 61,000 people
- And of course, protected and used sustainably, farmland and rangeland are renewable resources that will continue to provide good jobs, economic activity --and delicious food!— into the future.

Hi,

Enclosed please find the Minister's Quarterly Travel receipts package and a Quarterly Report that will be proactively released the last day of the month. The package requires your approval. Please send your approval to Debra Janke by the 22nd day of the month so we are able to remove the redacted data and submit to the Information Access Office for posting.

Please share this package with your GCPE contact within 1 business day.

Note: the first two months have already been sent to you for review.

Please advise asap if there are any items that require resolution/correction.

Thank you and please give me a call if you have any questions.

Here are two times for the MO to decide on:

10am would be the best time for the announcement as they begin the “tray lines” for patients’ lunches then. (best for visuals, Minister’s to participate in preparing trays)

Afternoon, say 2 pm, could work as well, but not as ideal.

Are you able to send that along to Sam for confirmation so we can let Jarrett know and he can plan accordingly?

Hi,

My understanding from Rick D is that Feb 11 is out and Feb 22 AM is a strong possibility if we can time it with MCJ who I think is giving a talk at a Board of Trade.

Hi everyone,

We've confirmed that **this year's First Nations Leaders' Gathering will be held from Monday, November 4, to Wednesday, November 6, at the Vancouver Convention Centre.** Please block these dates in your DMs' calendars.

The event format will be the same as previous years: the first day will consist of early delegate registration and the evening delegates/ministers/DMs reception followed by two full days of 1:1 meetings and other events. Given this, your DMs will need to arrive in Vancouver in the mid to late afternoon on November 4 and stay overnight in Vancouver on November 4 and 5. The event will conclude around 4:00 PM on November 6. MIRR will offer a block of rooms to First Nation delegates but I don't know yet if we'll provide a room block for other government attendees. To be safe, I recommend you book hotels soon.

Note that the Premier's Office has confirmed that House will not be in session that week.

Please pass this note along to any of your executives/senior staff who may need to attend the event. Our Minister's Office will send these details to all MOs to put holds in their ministers' calendars. We'll follow up in the coming months with further details. Thank you.

Hi Sam and Jessica,

We have put together a draft Buy BC NR with a Lunar New Year theme highlighting two projects (I will be getting the second validator quote soon). The NR is scheduled to go out on Saturday at 9 AM.

Here is the MLP quote for approval.

Lana Popham, Minister of Agriculture –

“I wish all those celebrating the Lunar New Year, a prosperous Year of the Pig. When exchanging red envelopes and sharing a meal with friends and family, I am hoping British Columbians will also take the opportunity to enjoy B.C. agriculture products as part of their festivities.”

Thanks!

Dave

Celebrating Lunar New Year with Buy BC products

VICTORIA – The excitement is building for Feb. 5 when families throughout British Columbia will be sharing a meal and celebrating Lunar New Year.

As the Year of the Dog comes to an end and the Year of the Pig begins, British Columbians are encouraged to Buy BC as part of their celebrations and support the province’s agriculture sector.

Vancouver-based Fisherman’s Wharf Dim Sum are looking to increase their business in the frozen retail space with their innovative products combined with an authentic local taste. When making Dim Sum, the company uses local pork, beef, vegetables, and the finishing touch is a hand-made flour wrapper.

Do you want to cook at home like a pro? Fraser Valley Specialty Poultry are promoting B.C. grown poultry products as key ingredients so consumers, with a focus on Millennials, can learn how to cook poultry from a professional chef. The family-owned business has worked with local chefs to create online content to #cookpoultrylikeapro and a contest runs until the end of February. The Chilliwack-based company is a grower and processor of B.C. poultry for several niche markets, including: Loong Kong (Taiwan) chickens, Silkie chickens, organic chickens, squabs, Pekin ducks, Muscovy ducks, geese, and turkeys.

Fisherman’s Wharf Dim Sum and Fraser Valley Specialty Poultry are receiving support from the Buy BC Partnership program, which provides \$2 million in cost-shared funding per year, over the next three years, for B.C. businesses marketing their products to a domestic audience.

The Buy BC Partnership program is delivered by the Investment Agriculture Foundation of B.C. (IAFBC). Fisherman’s Wharf Dim Sum will receive up to \$33,835 and Fraser Valley Specialty Poultry will receive up to \$45,000 in funding to help with their marketing efforts, including using the Buy BC logo on their products or promotional materials.

Hi Sam,

We will need to reschedule Feb 4th RT, that week is quite full, should we cancel it?

Thanks,
Lisa
