Subject: Following up about invitation to Lana Popham
Date: March 5, 2019 11:31:50 AM

Hello Laura, Jody and Angela,

I just wanted to follow up on your kind invitation to visit the EARTH Gardening program at Camosun. Lana's schedule is currently packed until mid-May, but she'd absolutely love to make a visit work. Complicating things a bit is that she also has to remain in the Legislature while Government is in session, which means her time away from downtown is unfortunately limited right now. With that said, however, is there any chance we could make a visit on Monday, March 11th around 10 am work? We've been able to move a few things around in the calendar to free up some space.

Thanks again for the invitation, and very much looking forward to hearing from you,

Chris

Hey Chris,

Please see the below message from Cristina and advise.

I attached the incoming letter for your review.

Thank you!

Good morning (and happy Friday)!!

I was reading the incoming, and it's a letter of support but cc'd to MLP and just wanted to confirm whether we need to respond, or if we can file (as there is no ask – it's just reiterating support for the BCCA)?

Thanks so much!

Hi Brianna,

I would recommend we change this log action to file/ info. The actual issue rests with the Liquor Distribution Branch/ Ministry of Attorney General and our Minister was only cc'd on the original incoming.

Please advise if changing this is appropriate.

Thanks

Good morning everyone,

Caucus has put together a page on our website listing our government's major accomplishments:
<http://bcndpcaucus.ca/workingforpeople/>

We are planning on promoting it soon, so would you please take a few minutes to review the bullets relevant for your ministry areas? We are happy to make any edits or additions you think necessary.

The plan is to update this page as our government makes new announcements and/or progress on previous announcements.

Please contact me with any questions or edits.

Thank you,
Joanna

Good morning! As per our conversation last week:

- **There were housekeeping amendments to the regulation but this has not changed the regulation intent and the number of horses allowed remains the same. See below for more detail.**
- Commercial horse riding, training and boarding (which includes work horses for farming or ranching) is a farm use and an operator can have as many horses as they want.
- If you have 40 or fewer horses, commercial horse riding, training and boarding establishments have always been protected from local government or First Nation government prohibition.
- If a commercial horse riding, training and boarding establishment has more than 40 horses, a local government or First Nation government can prohibit them.
- For non-commercial horse riding, training and boarding establishments, if you have more than 40 horses for non-commercial purposes, then a non-farm use application would be required to be sent to the Agricultural Land Commission.

Hey Em - no worries at all!! s.22

Don't worry about the photos - I was able to work with the ones on my phone! And thanks for the flag for the next two events - Lana was invited by PAAC to the farm succession workshop. She unfortunately can't make it, but myself and one of our deputy ministers will be there!

Thanks,
Chris

I just wanted to say thanks again for having me out today! It was so great to see the enthusiasm in the room, and I really appreciated the opportunity to say a few words on behalf of Lana.

Definitely keep us in the loop about upcoming events – we always love to have

a presence if we can! Also, one small favour to ask – I managed to snap a few photos of my own, but would it be possible to send me one or two from the event, or a social media link if you folks were planning on posting them? Lana would love to make a quick facebook post if possible.

Thanks again, and hope the rest of the day went well,

Hi Erin,

Happy Friday – I hope all is well with you! I just had two quick things I was hoping to follow up on:

1. Bullets for MLA Tegart's office re. the status of the ALR and EA review commission – just hoping for a quick update on these
2. A gentleman named ^{s.22} wrote to the Agr inbox last week about issues he had with building permits. I believe Angie and Brianna decided to refer this one to the ASP division, and the constituency office has just contacted me for an update. I can't seem to locate the file in cliff, but if you have a minute to track this down and just let me know where things are at that would be really appreciated
