Good news!

The ALC has revisited the facts of our file and is allowing us to proceed under a continued construction exemption without a non farm use declaration and associated rezoning.

Not exactly a precedent that protects new applicants, but a big win in the Tantalus camp this morning.

Thanks,

James, the call with the Cannabis Secretariat and legal counsel has been organized today in response to Tantalus Labs complaint to the Secretariat on ALC interpretation of the Reg and the interaction with them to date. I have also invited Joan and Willow to participate as it does overlap with the implementation/operational aspect of the reg. I will keep you informed on the outcome.
