In the interests of time, I'm sending along the joint AGRI/FLNRORD note for tomorrow's meeting of Ministers on steelhead.

FLNRORD is moving this through their own channels as well – if the version changes I'll let you know. We're sending this up as well through e-approvals.

This note was developed with input from DFO.

Hi Lisa,

I took a couple of taxi rides in Boston where they automatically email you the receipt. It looked like it may have gone to your email? Started with "L". Did you receive any receipts in the last few days?

Also the same with my hotel - they said they would email it but I didn't receive. Did either of you receive it?

Thanks

Hello Jessica,

I met you and Minister Popham on Tuesday at the Future of Food panel discussion and wanted to inquire about joining the Minister's tech council. You might recall I asked the panel a question about Food Waste? However, the Minister and I discussed helping small farmers access markets along with help acquiring technology to better manage their operations. I have a keen interest in Food security and Food scarcity especially; along with the challenges we all face due to climate change. If you need more information from me please feel free to ask.

Thanks

Hi there, Minister had mentioned on our calendar call that she thinks the PO is determining if this is a go or not, but PSF is contacting me about it (I don't think they have someone in the PO to reach out to).

Here's their proposition. Can you forward it to the PO for their consideration, or who should it be sent to?

Event: BC Salmon Day

Date: Monday, April 29, 2019

Time: noon – 1:00 pm

Location: Legislative Grounds – behind the Legislative Buildings

Theme: Highlight the importance of BC's wild salmon population and raise awareness of recent Government of BC and PSF initiatives to protect them.

Format: Salmon BBQ – modeled on the success of "BC Beef Day" – the format would be similar except with an emphasis on conservation – pink salmon will be served to encourage British Columbians to choose pink salmon as a more sustainable choice as they are more abundant and not a food source for the SRKW population

Hosted by: Government of BC, Ministry of Agriculture

Event Partner: Pacific Salmon Foundation

Elements:

- a) Official Proclamation of BC Salmon Day – underway (GCPE)
- b) Announcement/Media Availability – GCPE will draft/circulate media advisories, news release, backgrounder, etc. – PSF to provide quotes and supporting data/background as required
- c) MLA/Staff BBQ – PSF to supply food, servers (and volunteers for set-up/tear down) and equipment and signage; GCPE to provide tenting, AV, staging, and signage (and chef's – Minister, etc.)
- d) On site signage and visuals – Government of BC and PSF to provide banners/signage on site; BBQ bibs, etc. for photos

- e) Use of grounds booking/logistics with Legislature – underway (GCPE)
- f) Booking of time with Government Whip's Office (Teresa Scambler) – done
- g) Development of program, speakers, format, etc. – GCPE? Need input from PSF?
- h) Other requirements from PSF?

Hi Maeghan,

Thanks – big day indeed!

I am sure we can find time to have MLP visit the booth – we have some final moving calendar items for Boston that we are sorting through but likely Sunday for best time. I'll have to check in with you/Linda when I arrive in Boston tomorrow evening.

As for April – I'm having difficulty reaching the MAs in MSF's office. I haven't had a response from Anne yet who was cc'ed on the email chain so please give them a couple of days to get back. It's held in MLP's calendar and at this point I'm leaning on it being a Go for us, and hopefully MSF can join.
