Hi everyone,

Thank you again for joining us the other day and a huge *kukstemc* [kooks jem ("thank you", in Secwepemc)] to Kristy for sharing her knowledge with us and to Erica for facilitating. From the lively chatter in the room and the feedback we have received, it seems there was a lot of learning and value in the event and that people had fun! A PDF of the presentation is attached.

We would really appreciate your feedback. In particular, are you interested in other AGRI Indigenous Learning Circle Lunch and Learn events with the broad objective of creating a space and opportunity for AGRI staff learning on Indigenous issues in the Province? We have added voting buttons to this email for that question. Please send us your answer by Friday, August 2<sup>nd</sup>. If we don't hear from you or you vote 'no', we'll assume you don't want to be included in any further communication on the topic.

If you are interested in future events, please let us know what topics would be of most interest to you or if you have a topic you would like to share on. And, would you be interested in getting occasional emails with learning resources, upcoming events and other updates?

This email has been sent to everyone who accepted or tentatively accepted the invitation to the first Lunch and Learn, but please feel free to forward this to anyone else who might be interested.

Thanks again and looking forward to your feedback. *Me7 wiktsin* [ma week tsin ("see you", in Secwepemc)]!

Good afternoon,

Your Ministry has received a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA). The request is for:

*Copy of the definition(s) including the percentage of B.C. ingredient or process of what defines a B.C. primary produced and B.C. processed / packaged food(s) in BC for the Feed BC government facilities program and copy of the list of the farms, farmers, and processors that are benefiting from the Feed BC government facilities program (Date Range for Record Search: From 10/01/2018 To 05/31/2019) – Date Format: MM/DD/YYYY*

The following public bodies have also received this FOI request: AED, HTH.

Please complete the attached Call for Records form.

- If search and retrieval time is anticipated to exceed 3 hours and/or the total volume of records exceeds 200 pages, complete **only** sections 1 & 2 of the Call for Records form as we may be in a position to issue a fee estimate. Return the form to IAO by August 1, 2019 await further instruction from IAO as the records will not be required until the fee estimate process has been completed. Once fees have been paid or waived, IAO will contact you to continue the call for records process.
- **If no fees apply** then complete the attached Call for Records form and return it to IAO by August 12, 2019.
- Send records via email in **PDF format**. Before you turn emails into PDFs, ensure that you have included all attachments. If email is not possible, please put the records on the **File Share** and notify IAO that the records are available.

You should be aware that *FOIPPA* obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that your Ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Please do not hesitate to contact IAO to discuss: whether the records may be routinely releasable; whether the information is being prepared for public release or is already publicly available; ways in which an applicant may want to narrow/focus their request to reduce potential fees; and/or any other questions or concerns relating to this request.

Thank you for your assistance,

Hi Montana,

Thanks for chatting a few moments ago. As discussed, there are a few links that staff believe will serve as a good starting point for your constituent.

---

This first link contains information from the BC Ministry of Agriculture about pesticide residues in food, as well as pesticide residues in feed and crops. Further information is also available by clicking through the menu on the left of this page (about labels and registration, or restrictions, for instance): <https://www2.gov.bc.ca/gov/content/industry/agriculture-seafood/animals-and-crops/plant-health/pesticides-agriculture/pesticide-safety/pesticide-residues?keyword=pesticides&keyword=in&keyword=food&keyword=production>

The second link, from the BC Government, contains more information about pesticides and pest management on a broader scale: <https://www2.gov.bc.ca/gov/content/environment/pesticides-pest-management>

I'll also highlight this link, which contains links to relevant provincial legislation such as the Integrated Pest Management Act: <https://www2.gov.bc.ca/gov/content/environment/pesticides-pest-management/pesticide-use/regulations-consultations>

Finally, if your constituent has other questions in a provincial agricultural context, they may want to consider contacting AgriService BC (who have a lot of helpful, general information) at:

Telephone: 1 888 221-7141

E-mail: [AgriServiceBC@gov.bc.ca](mailto:AgriServiceBC@gov.bc.ca)

I trust this will be useful, but let me know if there's anything else I can do to assist.

Warmly,

Chris

I see the Roundtable on July 23 is scheduled from 1.30-3, and there's a 30 min meeting before that. MLP has a constituency open house she needs to be at by 3, so has to leave the Leg around 2.30. Would you be able to move the two meetings back by 30 minutes so she can depart at 2.30? I spoke with Sam about this yesterday and he was okay with it

Would you have a copy of this letter that I could pass along to Perry. Please see email below. I'm not sure why I cannot find a copy of this anywhere in Arif or Wes's emails.

Thank you,

Dawnae
