Mission

s.3 is currently on an Evacuation Order for Atmospheric River Flooding which began on November 14, 2021. Part of the pasture where the livestock where kept is now underwater, and most of the winter hay was washed away in the flood. Have no means of keeping them at the ranch as there is limited access to and from the s.3 as most of Hwy 8 on both sides of the s.3 has been washed out.

To remove and relocate calves and cows from Bar FX Ranch to be either sold or relocated to another location. Haul them out in trailers via through Gordon Creek/Stumbles FSR as Hwy 8 has multiple washouts between on both sides of s.3

Three loads of livestock transported to BC Livestock Co-op for sale, third party transportation was used to haul the three loads.

Two loads of livestock transported to 8 Mile Ranch, one load used by a third-party transportation and one load by s.3 s.3

To provide feed for relocated livestock as most of the winter hay was washed away in the flood.

Amount requested: \$8,388.00

Expenditure not to exceed: \$9,000.00

Mission

AMENDMENT #6: amendment for the s.3 relocation from the specific exemption which expired on April 15th, 2022. s.3 reached out (to Agri Will Shaw) on April 14th to explain that s.3 currently does not have the handling facilities or fencing to safely protect 17 animals and he would like to keep them at the 60-Ranch until May 15th, 2022 when they can join the rest of the heard.

Due to the poor water quality, loss of infrastructure, and access to the s.3 relocation of livestock has been requested. the animals. Cattle being relocated to 60 Ranch even though 60 Ranch is managed by s.3

s.3 From an agriculture business standpoint these are two separately operating ranches under different names. Moving from one to the other is only under these extraordinary circumstances.

Amount Requested: \$8,456 AMEND #1:\$10,619.00 AMEND #2:\$12,837.50 AMEND #3:\$17,268.50 AMENDMENT #4: \$21,699.50 AMENDMENT #5: \$31,194.50 AMENDMENT #6: \$ 38,475.50

Terms and Declaration

1. Eligibility:

- The Provincial Support for Agricultural Businesses procedure has been activated by the Province. It defines the level of risk to agricultural businesses and the specific actions required to address the threat.
- Call the Ministry of Agriculture toll free line at 1-888-221-7141 to confirm eligibility if necessary.

2. Conditions:

- Eligible expenses will be paid as per the Livestock Rate Card and EMBC 2.01 Provincial Support for Livestock Relocation During and Emergency
 - Eligibility begins from the time an Evacuation Alert is issued and continues until 4 days after a "rescind order" is declared by the local government for that farm, unless a specific exception is approved by Emergency Management BC (EMBC). Note that an approved Form 514 is required.
- The Province and/or the Local Authority is not liable for any loss, including any loss from injury, sickness, death or reduced production incurred by the source animal owner or the host farm or any personal injury liability.
 - Claims may be audited.
 - The information collected will be used for administering and evaluating the Livestock Relocation for this event. Confidential or personal information is subject to provisions of the *Freedom of Information and Protection of Privacy Act*.
 - As part of their normal operations, livestock care and transportation may be monitored by the Canadian Food Inspection Agency and/or animal care authorities.

Application completed by: William Shaw

I, William Shaw have communicated the terms of the Livestock Relocation
to S.3 (livestock owner).

Up to 50 cattle liners placed on standby for 3 days with the option to extend longer if necessary. It is estimated their transport capacity will be 1800 cows per day (50 liners X 40 cows/liner X 3 local round trips/day = 6,000 cows in a 24-hour period).

Contract potential service providers to procure and manage trucks and truckers to stage cattle liners as soon as possible (ideally by the morning of Nov 29) in the Abbotsford area.

Secure portable cattle chutes to enable loading/unloading at farms where permanent facilities don't exist.

Vendors with dispatch experience to provide dispatch services for the liners.

Please see attached document for detailed request.

Request

When Needed

Mission

Between November 19 and 22, approximately \$50,000 worth of Grain Screening Pellets was sourced, purchased and delivered to dairy farms outside of the Order Area to support over 700 relocated dairy cows.

This grain purchase is separate and distinct from the EAF request for livestock relocation as covered under EMBC Policy 2.01. All farms who received grain from this shipment will have their overall feed reimbursement amount under EMBC Livestock Relocation Policy 2.01 pro-rated to ensure that reimbursement to service providers under Policy 2.01 are reduced to account for the grain pellets they received.

This request is separate from the larger Livestock Relocation EAF related to EMBC Livestock Relocation Policy 2.01 as the action falls outside the standard procedures of Policy 2.01. which provides for consideration of reimbursements related to host farm feed expenditures and transport costs related to relocation. It was a separate, although complementary, action that supported animal welfare and production concerns during this emergency.

During the 48-72 hours when the City of Abbotsford shut down the potable water to the Order Area, the AEOC supported a coordinated effort to provide water to the impacted farms. A number of water totes were purchased, filled, and delivered on farm. The funding support for these water totes themselves were approved under a different EAF. This scope of this EAF request (~ \$37K) is for the additional supplies and coordination needed to deliver the water to the farm (rental of pumps, water meters, transportation, staging area supplies).

Other

Resource must come with

SPECIAL INSTRUCTIONS (E.G. SAFETY MESSAGE, INGRESS/EGRESS ROUTES, ETC.)**Special Instructions**

Grain: \$50,000.00

Operational Area Coordinator - Delta

SWE - South West PREOC

Vendor**Summary of actions taken**

12/11/2021 at 14:37 PST s.15 -SWE PREOC

EAF for incremental costs to feed and transport water to impacted farms is approved and not to exceed \$90,000. This EAF is eligible under Policy 2.01 and under the financial guidelines for rental, transportation and consumable costs for Emergency Response measures.

12/11/2021 at 13:22 PST s.15 -SWE PREOC

For consideration of the Directors. The feed portion related to relocation generally will fit within Policy 2.01 but the water portion is outside of the Policy and needs to be considered separately.

When Needed

Mission

This EAF covers relocation transport costs, feed and housing, and mortality transportation and disposal for situations specifically covered under EMBC Policy 2.01. Rather than each relocation assistance request under Policy 2.01 incurring its own EAF, all anticipated relocation costs under policy 2.01 are estimated in this EAF. Please see accompanying documentation for details.

Ministry of Agriculture, Food and Fisheries (AFF) Premises ID has identified approximately 22,540 dairy cattle, 400 beef cattle, 140 goats and sheep, and 30 horses in the flooded areas. Rapid relocation was required to avoid suffering of animals, economic losses and to sustain food security. At least 30 dairies are known or suspected to have evacuated livestock already and are requesting assistance to cover costs eligible under Policy 2.01.

Due to the severity and anticipated prolonged period required for livestock to be off their home site, a 28-day period from time of relocation is anticipated. Extensions may be required for some farms depending upon site specific circumstances.

Amount requested: \$7,500,000

Other

Resource must come with

SPECIAL INSTRUCTIONS (E.G. SAFETY MESSAGE, INGRESS/EGRESS ROUTES, ETC.)

Special Instructions

This is intended to cover all livestock relocations that have occurred due to flooding in the SWE Region, primarily in the Sumas Prairie. Documentation and due diligence for producers eligible under the policy will be maintained by AFF staff operating out of the Abbotsford EOC.

Request

When Needed**Mission**

Between November 19 and 22, approximately \$50,000 worth of Grain Screening Pellets was sourced, purchased and delivered to dairy farms outside of the Order Area to support over 700 relocated dairy cows.

This grain purchase is separate and distinct from the EAF request for livestock relocation as covered under EMBC Policy 2.01. All farms who received grain from this shipment will have their overall feed reimbursement amount under EMBC Livestock Relocation Policy 2.01 pro-rated to ensure that reimbursement to service providers under Policy 2.01 are reduced to account for the grain pellets they received.

This request is separate from the larger Livestock Relocation EAF related to EMBC Livestock Relocation Policy 2.01 as the action falls outside the standard procedures of Policy 2.01. which provides for consideration of reimbursements related to host farm feed expenditures and transport costs related to relocation. It was a separate, although complementary, action that supported animal welfare and production concerns during this emergency.

During the 48-72 hours when the City of Abbotsford shut down the potable water to the Order Area, the AEOC supported a coordinated effort to provide water to the impacted farms. A number of water totes were purchased, filled, and delivered on farm. The funding support for these water totes themselves were approved under a different EAF. This scope of this EAF request (~ \$37K) is for the additional supplies and coordination needed to deliver the water to the farm (rental of pumps, water meters, transportation, staging area supplies).

Other**Resource must come with**

SPECIAL INSTRUCTIONS (E.G. SAFETY MESSAGE, INGRESS/EGRESS ROUTES, ETC.)

Special Instructions

Grain: \$50,000.00

Water: \$37,000.00

Amount Requested: \$87,000

Amount not to Exceed: \$100,00.00

Email Approval from Ag rep here in the PREOC is attached

Please see EAF attachment as I had to delete some wording in the mission for it to fit.

Attached EAF request from AFF for an Emergency Feed / Forage Program.

- This EAF covers multiple PREOCS and therefore sending this to the PECC for consideration.
- The Emergency Flood Forage Program will fill an immediate need for forage and hay for impacted producers starting December 1, 2021 and will cease at the commencement of the AgriRecovery program.
- Multiple EOC's are receiving requests to provide hay and forage to their agricultural operations that are running out.

Summary of actions taken

12/06/2021 at 16:33 PST^{s.15} -PECC - Provincial Emergency Coordination Centre

Request approved by Director of Response, with the following caveat: The attached EAF is approved as an interim response measure until AFF can institute the AgriRecovery program as outlined. This approval is made with the understanding that the outlined need exceeds AFFs legislative authority to meet this emergency response demand, that the focus is on relocated animals or those who are determined to be sheltering in place and a failure to respond positively will lead to the possible loss of livestock or undue financial hardship on producers. EMBC will consider a policy revision to its relocation policy to support animals sheltering in place where it is considered cost effective and reasonable to do so.

Policy 2.01 extension request

Qty Unit Of Measure

each

When Needed

Mission

This request seeks approval under the provision in Policy 2.01 for 'a specific exception [if] approved by EMBC'. Approval is requested for:

- An extension of the period of time animals may be considered eligible (beyond the 96-hour standard provision) for support (feed and housing during relocation, and return transport) under Policy 2.01; where they have been relocated and do not have a safe place to return to farm or ranch homesites or alternate location.

An AgriRecovery program (partnership between the Province of BC and Canada) is in development. We are expecting a ministerial announcement soon. Elements of the program will include some support for fire clean up, development of safe livestock handling facilities, animal containment, veterinary costs and feed. The program will likely involve site visits and in-person engagement with impacted farm/ranch operators and support is expected to roll out within 10 days to 2 weeks. This Policy 2.01 extension request bridges care for animal welfare and safety between alert rescind (allowing for development/provision of safe locations to return animals to), and recovery program implementation.

Scope

I. Maximum 14 days from time of full rescind of alert/order.

II. Estimates are based on livestock relocations in Tremont Creek and Sparks Lake wildfires.

Tremont Creek Fire Sparks Lake Fire

Relocation no. 6 8

Total animal no. 1500 1000

Estimated \$ value of 2 weeks feed and housing while relocated (rate card – 14 days) \$94,000 \$65,000
 Return transportation value (\$) (rate card) \$21,000 \$35,000
 Subtotal \$115,000 \$100,000
 Total \$215,000

EOC EXPENDITURE AUTHORIZATION FORM

Event: CSRD Wildfires	Date: Sept 22, 2021	EAF#: 2021-30 AMENDED
EMBC Task #: 221713	Time: 10:00 hrs	

Requesting Organization/Community: Shuswap Emergency Program

Authorized Representative:	Name: Tom Hansen	Location: EOC/Salmon Arm
Telephone: 250-833-6556	Fax: N/A	Email: thansen@csrd.bc.ca

The SEP EOC was activated in support of wildfires in our area this summer.

We had an Evacuation Order and Alert in place due to the White Rock Lake wildfire that has resulted in numerous farms relocating their animals.

SEP is requesting funds to cover the cost of transportation, feed and housing of livestock as approved by the PREOC Ministry of Agriculture Rep on the attached Livestock Relocation Assistance Worksheet for s.3

Transportation \$765.00 (reduced amount as the owner transported animals home himself)

Feed/Housing \$2,437.50 (increased due to 25 actual days vs. 14 day initial estimate, and 13 horses fed/housed not 9. Owner had transported out 4 horses himself)

Total = \$3,202.50

Amount Requested:	\$3,202.50	Expenditure Not to Exceed:	\$3,202.50

EOC EXPENDITURE AUTHORIZATION FORM

Event: CSRD Wildfires	Date: Sept 16, 2021	EAF#: 2021-34
EMBC Task #: 221713	Time: 10:30 hrs	

Requesting Organization/Community: Shuswap Emergency Program

Authorized Representative:	Name: Tom Hansen	Location: EOC/Salmon Arm
Telephone: 250-833-6556	Fax: N/A	Email: thansen@csrd.bc.ca

Currently the SEP EOC is activated in support of wildfires in our area.

Evacuation Orders and Alerts were issued due to the White Rock Lake wildfire that has resulted in numerous farms relocating their animals.

SEP is requesting funds to cover the cost of transportation, feed and housing of livestock as approved by the PREOC Ministry of Agriculture Rep on the attached Livestock Relocation Assistance Worksheets for s.3

6 Beef cattle and 5 young stock and dry cows to Kamloops BC Livestock Association

- Feed/Housing (35 days) \$2,047.50
- Transport by s.3 \$340.00

Total = \$2,387.50

Amount Requested:	\$2,387.50	Expenditure Not to Exceed:	\$2,387.50
--------------------------	-------------------	-----------------------------------	-------------------

Mission

Please find below information in support of an s.3 request to EMBC for producer's assistance to cover costs already incurred for the relocation of livestock from the White Rock Lake Fire on August 4th 2021.

The funds being requested are a retroactive request and in alignment with Policy 2.01 "Provincial support for livestock relocation during an emergency" and within the parameters of the EMBC 2.01 Livestock Relocation Reimbursement Rate card. The requests for relocation of livestock would have been supported prior to the relocation of animals, however; individual community members had to move quickly due to fire behaviour and risk to livestock and were unaware of the program at the time of removal. Therefore, producers were not prepared to submit applications to EMBC prior to the removal of livestock.

Currently, s.3 has received three requests for restitution totaling \$2,175.00, thus an expense authorization (EAF) request is being submitted for all 3 producers, details are as follows:

Jordyn Alexis-4 Round Bales (4x\$110.00) and 1 Round Bale (1x\$130.00) TOTAL \$570.00

Donna Louis-15 Round Bales (15x\$65.00) TOTAL \$975.00

John Hemy Wilson-90 Square bales (90x\$7.00) TOTAL \$630.00

Amount Requested: \$2,175.00

Expenditure not to Exceed: \$2,200.00

Terms and Declaration

1. Eligibility:

- The Provincial Support for Agricultural Businesses procedure has been activated by the Province. It defines the level of risk to agricultural businesses and the specific actions required to address the threat.
- Call the Ministry of Agriculture toll free line at 1-888-221-7141 to confirm eligibility if necessary.

2. Conditions:

- Eligible expenses will be paid as per the Livestock Rate Card.
 - Eligibility begins from the time an Evacuation Alert is issued and continues until 4 days after a "rescind order" is declared by the local government for that farm, unless a specific exception is approved by Emergency Management BC (EMBC). Note that an approved Form 514 is required.
- The Province and/or the Local Authority is not liable for any loss, including any loss from injury, sickness, death or reduced production incurred by the source animal owner or the host farm or any personal injury liability.
 - Claims may be audited.
 - The information collected will be used for administering and evaluating the Livestock Relocation for this event. Confidential or personal information is subject to provisions of the *Freedom of Information and Protection of Privacy Act*.
 - As part of their normal operations, livestock care and transportation may be monitored by the Canadian Food Inspection Agency and/or animal care authorities.

Application completed by: Carolyn Teasdale

I, Carolyn Teasdale have communicated the terms of the Livestock Relocation to s.3 (livestock owner).

FLOW CHART FOR REQUESTS FOR RELOCATION & FEED ASSISTANCE

AGRI staff ARE NOT the decision maker for any expense authority! We act as technical advisors.
Local Government or FN Band Council pays/reimburses for approved Expenses at approved rates; LG/Council will follow their own process in this and this may vary across LGs/Councils. Any charges over the approved rates are the responsibility of the producer. Throughout this process it is important to keep Producer, EOC, and PREOC informed. If amendment required, similar process would be followed.

Subject: Livestock Relocation Assistance - s.3

Hello,

Please find attached the livestock relocation assistance 514 worksheet for s.3 who relocated cattle from Wapati Way on July 22. This another retroactive livestock relocation request for the Nk'Mip fire.

I have worked with the producer to fill out the worksheet and assessed for eligibility. Confirmation from s.3 is provided in the email below.

The next steps are to review the estimate, create an EAF and send to PREOC Ops. For reference, I've attached the flowchart of the process.

Please respond to Emergency.Management.Interior@gov.bc.ca if any questions.

Regards,
Carolyn

Mission

Community hay was delivered to s.3 through the Emergency Feed Program on August 22nd to provide food for -70 community animals who would not have access to food otherwise. Many livestock owners not only lost feed but also lost farm equipment used to manage livestock and bales (e.g. tractors and front end loaders, forklifts etc) to the wildfire. Due to the small herd sizes of many of these operations, it was only feasible to bring the liner load to a central location and coordinate distribution of the feed from there. It is logistically challenging to split a liner-load of large round bales (avg 1500 lbs) into multiple drop off points with load balance being compromised and elevated safety risks. Many operations lost their equipment in the fire and need support in terms of delivery and the associated equipment required to unload and distribute the hay.

This request provides incremental assistance for s.3 to coordinate and deliver feed to community animals (from a centralized liner-load hay drop point) who are currently scattered and sheltering across band land without access to their normal feed due to the White Rock Lake wildfire.

The agreed to rate to coordinate and deliver the feed is \$75 per hour with hours not to exceed 45.

Details: Workers with the appropriate experience and equipment will coordinate and deliver the feed as needed to community animals sheltering on the band lands who do not have access to feed due to wildfire impacting their normal feed/grazing lands.

Cost: Up to \$75 x 45 = \$3375

The Ministry of Agriculture, Food, and Fisheries s.3 agricultural liaison supports the request for services to distribute community hay. Based on the information, the activities to collect and deliver feed to their animals are beyond the capacity of many farm businesses and community animal owners to do themselves.

Amount Requested: \$3,375.00
Expenditure not to Exceed: \$3,500.00

EOC EXPENDITURE AUTHORIZATION FORM

Event: White Rock Lake Fire K61884	Date: September 9, 2021	EAFF#:0036
EMBC Task #: 220360	Time: 1300 hours	

Requesting Organization/Community: s.3		
Authorized Representative:	Name: s.3	Location: s.3
Telephone: s.3	Fax:	Email: s.3

Description of Expenditure: (include nature of goods and/or services being acquired/provided, desired outcome, location, date/time planned...)

Please find below information in support of an s.3 request to EMBC for producer's assistance to cover costs already incurred for the relocation of livestock from the White Rock Lake Fire on August 4th 2021.

The funds being requested are a retroactive request and in alignment with Policy 2.01 "Provincial support for livestock relocation during an emergency" and within the parameters of the EMBC 2.01 Livestock Relocation Reimbursement Rate card. The requests for relocation of livestock would have been supported prior to the relocation of animals, however; individual community members had to move quickly due to fire behaviour and risk to livestock and were unaware of the program at the time of removal. Therefore, producers were not prepared to submit applications to EMBC prior to the removal of livestock.

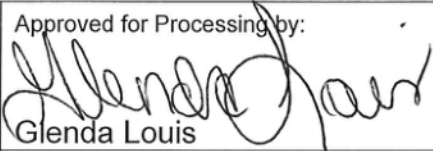

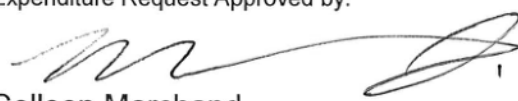

Currently, s.3 has received three requests for restitution totaling \$2,175.00, thus an expense authorization (EAF) request is being submitted for all 3 producers, details are as follows:

- s.3 -4 Round Bales (4x\$110.00) and 1 Round Bale (1x\$130.00) **TOTAL \$570.00**
- s.3 15 Round Bales (15x\$65.00) **TOTAL \$975.00**
- s.3 90 Square bales (90x\$7.00) **TOTAL \$630.00**

Based on the information above, we recommend supporting the restitution of funds to these producers to relocate and feed their animals during wildfire emergency response.

s.3 EOC
Agriculture liaison

Amount Requested:	\$2,175.00	Expenditure Not to Exceed:	\$2,200.00

Terms and Declaration

1. Eligibility:

- The Provincial Support for Agricultural Businesses procedure has been activated by the Province. It defines the level of risk to agricultural businesses and the specific actions required to address the threat.
- Call the Ministry of Agriculture toll free line at 1-888-221-7141 to confirm eligibility if necessary.

2. Conditions:

- Eligible expenses will be paid as per the Livestock Rate Card.
- Eligibility begins from the time an Evacuation Alert is issued and continues until 4 days after a "rescind order" is declared by the local government for that farm, unless a specific exception is approved by Emergency Management BC (EMBC). Note that an approved Form 514 is required.
- The Province and/or the Local Authority is not liable for any loss, including any loss from injury, sickness, death or reduced production incurred by the source animal owner or the host farm or any personal injury liability.
- Claims may be audited.
- The information collected will be used for administering and evaluating the Livestock Relocation for this event. Confidential or personal information is subject to provisions of the *Freedom of Information and Protection of Privacy Act*.
- As part of their normal operations, livestock care and transportation may be monitored by the Canadian Food Inspection Agency and/or animal care authorities.

Application completed by: _ Carolyn Teasdale

I, Carolyn Teasdale, have communicated the terms of the Livestock Relocation to s.3 (livestock owner).

Additional Notes

Retroactive request. The pigs were relocated on August 16th by a third party and returned on September 3rd by family. The order start date for this region was August 12th and the all clear date stated by the TNRD for this incident was August 30th. The relocation request would have met the conditions as stipulated in Policy 2.01. The relocation assistance request is only for a one-way travel (confirmed by Gerry D. on September 7th) and 18 days of Feed and Housing that fell within the evacuation order/alert dates + 96 hours.

Terms and Declaration

1. Eligibility:

The Provincial Support for Agricultural Businesses procedure has been activated by the Province. It defines the level of risk to agricultural businesses and the specific actions required to address the threat.

· Call the Ministry of Agriculture toll free line at 1-888-221-7141 to confirm eligibility if necessary.

2. Conditions:

a. Eligible expenses will be paid as per the Livestock Rate Card.

b. Eligibility begins from the time an Evacuation Alert is issued and continues until 4 days after a "rescind order" is declared by the local government for that farm, unless a specific exception is approved by Emergency Management BC (EMBC). Note that an approved Form 514 is required.

3. The Province and/or the Local Authority is not liable for any loss, including any loss from injury, sickness, death or reduced production incurred by the source animal owner or the host farm or any personal injury liability.

4. Claims may be audited.

5. The information collected will be used for administering and evaluating the Livestock Relocation for this event. Confidential or personal information is subject to provisions of the *Freedom of Information and Protection of Privacy Act*.

Additional Notes

s.3 have lost most of their range to wildfire. The alert was rescinded off of the Lytton Creek wildfire on September 1. As per policy 2.01.04 (3) They have 4 days to bring cattle home, but are running into issues with A) no liners available on long-weekend B) Majority of alerts came off at the same time creating shortage of liners C) No range to return to. D) Facilities at headquarters are not ready to receive cattle yet and need time to set up, some private land fences have burnt and need to set up temporary fencing. An extension to September 13th has been requested to provide a total of 29 days of assistance. The rate card has been adjusted with \$6 beef cattle as well as the # of cattle has been amended to reflect the proper count. Trucking costs home will remain the same.

Terms and Declaration

1. Eligibility:

- The Provincial Support for Agricultural Businesses procedure has been activated by the Province. It defines the level of risk to agricultural businesses and the specific actions required to address the threat.
- Call the Ministry of Agriculture toll free line at 1-888-221-7141 to confirm eligibility if necessary.

2. Conditions:

- Eligible expenses will be paid as per the Livestock Rate Card.
- Eligibility begins from the time an Evacuation Alert is issued and continues until 4 days after a "rescind order" is declared by the local government for that farm, unless a specific exception is approved by Emergency Management BC (EMBC). Note that an approved Form 514 is required.
- The Province and/or the Local Authority is not liable for any loss, including any loss from injury, sickness, death or reduced production incurred by the source animal owner or the host farm or any personal injury liability.
- Claims may be audited.
- The information collected will be used for administering and evaluating the Livestock Relocation for this event. Confidential or personal information is subject to provisions of the *Freedom of Information and Protection of Privacy Act*.
- As part of their normal operations, livestock care and transportation may be monitored by the Canadian Food Inspection Agency and/or animal care authorities.

Description of evacuation route:		Map attached	No
Public Access/Egress impacted by livestock removal		No	
Livestock Owner has return plan?		Yes	
Estimated return time after Rescind order?		As per policy	

Terms and Declaration

1. Eligibility:

- The Provincial Support for Agricultural Businesses procedure has been activated by the Province. It defines the level of risk to agricultural businesses and the specific actions required to address the threat.
- Call the Ministry of Agriculture toll free line at 1-888-221-7141 to confirm eligibility if necessary.

2. Conditions:

- Eligible expenses will be paid as per the Livestock Rate Card.
- Eligibility begins from the time an Evacuation Alert is issued and continues until 4 days after a "rescind order" is declared by the local government for that farm, unless a specific exception is approved by Emergency Management BC (EMBC). Note that an approved Form 514 is required.
- The Province and/or the Local Authority is not liable for any loss, including any loss from injury, sickness, death or reduced production incurred by the source animal owner or the host farm or any personal injury liability.
- Claims may be audited.
- The information collected will be used for administering and evaluating the Livestock Relocation for this event. Confidential or personal information is subject to provisions of the *Freedom of Information and Protection of Privacy Act*.
- As part of their normal operations, livestock care and transportation may be monitored by the Canadian Food Inspection Agency and/or animal care authorities.

Beef Cattle	28	06-Aug-21	\$6.00	7	\$ 882.00

Questions to Ask Producer:

1. Do they have a Premises ID? (If they do, look them up on Premises ID and confirm the contact information details)
2. Where are you located? (check on map and if you cannot locate the proper location you will need more info)
3. Do you have a farm of destination outside of high risk (evacuation order or evacuation alert) area?
4. Do you have agreements with the destination farm (i.e. Animal Health, Vaccination, Breeding, Mortalities, etc)?
5. Have you arranged transportation for your animals or do you require assistance to arrange transportation?
6. What type of loading setup do you have?
 - chute to load?
 - portable panels?
 - set up for liner or trailer?
7. Please describe the evacuation route (try to capture main notes)
8. Is public access/egress impacted by livestock removal?
9. Does the livestock owner have a return plan?
10. Do your animals have any special identification/tags?
11. Who will be hauling your animals (if it is possible, collect names of transporters)?
12. How far is it and how long will it take to load & transport animals (you can help by looking on google maps)?

Information to Provide Producer:

1. Form for filling out and signing and a way to get it back to you (scan & email, fax, photo & email)
2. EMBC Policy 2.01 - livestock relocation for eligible farm businesses can occur during the evacuation alert stage set by local authority
3. Reimbursement rates including costs for the return of relocated livestock will only be considered for a maximum of 96 hours (4 days) following an evacuation rescind, unless a specific exemption is approved by EMBC.
4. Provide them with Invoice examples (if being used) for transporters and feed/housing providers

Animal Identification Marks/Tags:			Total Feed/Housing:	\$	882.00

Live Animal Relocation Transportation					
Question 1: Will small load(s) or liner(s) be used? If small load, go to Transport 1; If liner, go to Transport 2					
Transport 1. Small Load Live Animal Relocation (relocating from home)					
Type of livestock (and animal numbers)	Distance (km)	Total Transport Hours	Number of Loads	Rate (\$85/hour)	Total
				\$85.00	\$ -
				\$85.00	\$ -
				\$85.00	\$ -
				\$85.00	\$ -
				\$85.00	\$ -
Total Transport 1 Outgoing					\$ -

Question 2: If liner, will one-way trip to destination be ≤ 100km or >100km? If ≤ 100km go to Transport 2; if >100km go to Transport 3					
Transport 2. Liner Load Live Animal Relocation ≤ 100km (relocating from home)					
Type of livestock (and animal numbers)	Distance (km)	Total Transport Hours	Number of Liners or Trips	Rate (\$140/hour)	Total
Beef Cattle	45.00	1.00	1	\$140.00	\$ 140.00
				\$140.00	\$ -
				\$140.00	\$ -
				\$140.00	\$ -
				\$140.00	\$ -
Total Transport 2 Outgoing					\$ 140.00

Question 3: If liner >100km go to Transport 3						
Transport 3. Liner Load Live Animal Relocation >100km (relocating from home)						
Type of livestock (and animal numbers)	Distance (km)	Hours to Load/Unload	Number of Liners or Trips	KM Rate (\$3.40 per loaded km)	Load/Unload Rate (\$140/hour)	Total
				\$3.40	\$140.00	\$ -
				\$3.40	\$140.00	\$ -
				\$3.40	\$140.00	\$ -
				\$3.40	\$140.00	\$ -
				\$3.40	\$140.00	\$ -
Total Transport 3 Outgoing						\$ -

Total Feed/Housing Costs	\$	882.00
Total Estimated Transportation Costs	\$	140.00
Animal Transportation Home (duplicated outgoing trip)	\$	280.00
Estimate Total Feed/Housing and Relocation	\$	1,162.00

Questions to Ask Producer:

1. Do they have a Premises ID?
2. Where are you located, and is this the location for delivery? (check on the map and if you cannot find it, you will need to ask more questions to locate it, or ask for directions for delivery).
3. Do you have equipment available for unloading?
4. Is the delivery site accessible for commercial trailers?
5. Confirm percentages of range forage and/or private forage lost.
6. Collect further information on the livestock (EOC will only be asking basic info about species. See the drop down boxes for the breakdown into different sub-categories that you will need to know for calculating the amount of hay required).

Information to Provide Producer:

1. Form for filling out and signing and a way to get it back to you (scan and email, fax, photo and email)
2. Emergency Livestock Feed Program policies

Emergency Hay Background Information

Type of Livestock Lbs/unit

Dairy - lactating	
Dairy - non-lactating	
Beef - cow/calf pair	45
Beef - yearling	35
Beef - bull	45
Horse	35
Sheep/goats	9
Other*	

Lbs/unit based on animal unit

*Yaks: Cow=25 lbs/unit, Bull =45 lbs/unit

EMBC 2.01 LIVESTOCK RELOCATION REIMBURSEMENT RATE CARD 2015 (Revised 2018 AUG)
Feed and Housing During Relocation

Eligible Expenses	Reimbursement Rate	Unit
Birds: Broilers	\$0.15	per bird, per relocation event AND includes live animal transportation
Beef Cattle	\$4.50	per head per day
Milk Cows - first 14 days	\$24.00	per head per day
Milk Cows - after 14 days	\$12.00	per head per day
Young stock and dry cows	\$4.50	per head per day
Sheep	\$1.50	per head per day
Horses	\$7.50	per head per day
Swine - Grower/Finisher	\$2.00	per head per day
Milking Goat - first 14 days	\$5.25	per head per day
Milking Goat - after 14 days	\$2.25	per head per day
Young stock and dry goats	\$1.50	per head per day

Live Animal Transportation (one way)

Animal Type	Eligible Expenses	Reimbursement Rate	Unit	Reimbursement Rate	Unit
Beef Cattle	liner live animals 100 km or less	\$140.00	per liner per hour		
Beef Cattle	liner live animals >100 km	\$140.00	per hour loading/unloading	\$3.40	per loaded km
Beef Cattle	small loads live animals	\$85.00	per load per hour		
Dairy Cattle	liner live animals 100 km or less	\$140.00	per liner per hour		
Dairy Cattle	liner live animals >100 km	\$140.00	per hour loading/unloading	\$3.40	per loaded km
Dairy Cattle	small loads live animals	\$85.00	per load per hour		
Sheep	liner live animals 100 km or less	\$140.00	per liner per hour		
Sheep	liner live animals >100 km	\$140.00	per hour loading/unloading	\$3.40	per loaded km
Sheep	small loads live animals	\$85.00	per load per hour		
Horse	liner live animals 100 km or less	\$140.00	per liner per hour		
Horse	liner live animals >100 km	\$140.00	per hour loading/unloading	\$3.40	per loaded km
Horse	small loads live animals	\$85.00	per load per hour		
Swine - Grower/Finisher	liner live animals 100 km or less	\$140.00	per liner per hour		
Swine - Grower/Finisher	liner live animals >100 km	\$140.00	per hour loading/unloading	\$3.40	per loaded km
Swine - Grower/Finisher	small loads live animals	\$85.00	per load per hour		
Milking Goat	liner live animals 100 km or less	\$140.00	per liner per hour		
Milking Goat	liner live animals >100 km	\$140.00	per hour loading/unloading	\$3.40	per loaded km
Milking Goat	small loads live animals	\$85.00	per load per hour		

Clarifications
- Average capacity of a liner is 40 beef animals

There are 3 different scenarios for estimating transportation costs:

1. Small loads (not a liner)
= \$85 per load per hour
= (\$85 per load) x (hours for the trip)

2. Liner: loaded liner trip is less than 100 km
= \$140 per liner per hour
= (\$140 per liner) x (hours for the trip)

3. Liner: loaded liner trip is greater than 100 km
= (\$140 per hour for loading/unloading) + (\$3.40 per loaded km)
= (\$140 x hours for loading/unloading) + (\$3.40 x loaded kms)

Transportation Animal Types

Beef Cattle
Dairy Cattle
Sheep
Horse
Swine - Grower/Finisher
Milking Goat

Mortality Transportation and Disposal (that occurs during relocation)
Eligible Expenses -

Destination	Animal Type	Reimbursement Rate	Unit

GENERAL CONDITIONS:

- (1) The Livestock Relocation Rate Card is supplemental to the Provincial Support for Livestock Relocation during an Emergency Policy and Procedures. Conditions and Procedures outlined in those documents must be met.
- (2) The Province will only reimburse local authorities for relocation costs incurred when either an evacuation alert or an evacuation order is in place.
- (3) Livestock and livestock raising are defined under the Assessment Act in the Classification of Land as a Farm Regulation. It does not include hobby farms, animals kept within the confines of a home or the keeping of pets (such as members of the genus Canis or Felis).
- (4) The livestock listed within the rate card (poultry/beef/dairy/sheep/horse/swine/goat) represent a significant portion livestock produced in BC. For livestock not listed within the rate card, BC Ministry of Agriculture staff are available to provide advice and guidance in order to modify or apply an appropriate rate.

- (5) To be eligible for these rates, service providers must make arrangements through their local authority's Emergency Operations Center.
- (6) Provincial reimbursement of local authority livestock relocation expenses will continue for 96 hours after the evacuation alert or order has been rescinded to provide for a safe return of all livestock. This includes feed and relocation costs.
- (7) The relocation of livestock may unintentionally result in mortalities. Where mortalities cannot be left on the farm and must be disposed of off-farm, the costs for carcass transportation and disposal are based on whole animal rendering. A dead stock handler or a rendering company would handle carcass disposal. The

Form to be submitted to your local authority Emergency Operations Centre (EOC)

INSTRUCTIONS: HOW TO USE THIS WORKBOOK FOR EMERGENCY RESPONSE FOR AGRICULTURE

EXPLANATION OF WORKSHEETS

"Relocation & Feed Printable"	available to print or create pdf for local governments to distribute and/or provide directly to affected producer
"Relocation & Feed Worksheet"	worksheet for AGRI emergency responders to document information provided by producer and calculate estimates for livestock relocation and feed & housing while animals are displaced
"Premises ID information"	location to copy and paste Premises ID information into
"Rate Card 2016"	current rates for relocation and feed & housing as set by EMBC
"Emergency Hay Worksheet" UNDER DEVELOPMENT	responders/coordinators to document information provided by producer and calculate estimates for emergency hay amounts
"Emergency Hay Background Info" UNDER DEVELOPMENT	Similar to rate card, provides background information for emergency hay worksheet estimates
"Farm Access Permit Worksheet" UNDER DEVELOPMENT	in the event of a permit system designated by the local government, worksheet for AGRI emergency responders/coordinators to document information provided by producer

HOW TO USE THIS WORKBOOK

The workbook is set up to be the story for each individual producer. The local government has been activated and has requested AGRI assistance for livestock relocation. You are contacted to provide assistance to a producer in filling out the form and gather information to inform an estimate for the local government. Make sure to save a separate file for each producer and specify their name and farm name in the file name.

Step 1 - When speaking with the producer:

- 1.a. Ask the producer if they are registered with the Premises ID program. If they are, locate them on the Premises ID Online System by going to 'Account menu' on the menu bar and go to Search Accounts page. Use the search function to find the producer and confirm their contact information. If there is anything different than what is listed, write it down for future reference.
- 1.b. Go to **"Relocation & Feed Worksheet"** to capture relevant information to complete the appropriate sections (sticky notes are there to guide you).

Step 2 - Export Premises ID (PID) info:

- 2.a. In the Premises ID Online System once you have used the 'search' button the desired premises with contact information should appear in the table at the bottom of the screen.
- 2.b. Click on the 'Export Accounts (Full)' button. Click 'OK' on the confirmation dialog, and then choose the 'Save' option in the next dialog that pops up. The file name should be something like "Account_Search_20180517_0206.zip".
- 2.c. Browse to the Downloads folder using the 'Open Folder' option in Internet Explorer (or some other approach in a different browser) and find the zip file that you just saved (e.g. Account_Search_20180517_0206.zip).

Premises ID Online System

Login with your IDIR

<https://apps.nrs.gov.bc.ca/int/pid->

- 2.d. Double-click on the zip file and then double-click on the file that is in the folder. The file should have a name like Account_Search_20180517_0206.csv. It should open in Microsoft Excel.
- 2.e. Copy and paste entire information row into the **"Premises ID info"** tab. This will automatically fill out the relevant contact information in the **"Relocation & Feed Printable"** and worksheet tabs.

Step 3 - Provide the "Relocation & Feed Printable" to the producer for signature. You will need to convert it into pdf or print it (DO NOT SHARE THIS EXCEL FILE) and either email, fax or provide to on-the-ground person (e.g. Range staff).

Step 4 - Use the "Relocation & Feed Worksheet" to calculate cost estimates

4.a.

Livestock Type: There are drop-down menu selections for livestock type; if the animal is not listed there, use you are able to type into the cell [animal not in list]. The drop-down menus are linked to the grey cells and will autopopulate the appropriate rate for you. You will need to fill the rate in if you use the [animal not in list] line.

4.b. Live Animal Relocation: There are 3 types of transport to choose from; the questions highlighted in yellow will guide you to the appropriate box.

4.c. Farm site/Destination: If the farm's animals are going to multiple sites, scroll to the bottom of the worksheet for additional sites.

Legend	input cell that the responder is expected to fill out
	cell that contains calculations and does not need to be filled out
	important information or instructions
	contains formula and will perform calculation

sticky note

Provides prompts or instructions for the AGRI responder

Contact person's name:	[Company Name]	Contact person's name:	[Company Name]

If animals are going to more than one destination farm/site:
Input this information and provide any additional notes as necessary. Please note

Questions to Ask Producer:

- Do they have a Premises ID? (If they do, look them up on Premises ID and confirm the contact information details)
- Where are you located? (check on map and if you cannot locate the proper location you will need more info)
- Do you have a farm of destination outside of high risk (evacuation order or evacuation alert) area?
- Do you have agreements with the destination farm (i.e. Animal Health, Vaccination, Breeding, Mortalities, etc)?
- Have you arranged transportation for your animals or do you require assistance to arrange transportation?
- What type of loading setup do you have?
 - chute to load?
 - portable panels?
 - set up for liner or trailer?
- Please describe the evacuation route (try to capture main notes)
- Is public access/egress impacted by livestock removal?
- Does the livestock owner have a return plan?
- Do your animals have any special identification/tags? collect names of transporters?
- Who will be hauling your animals (if it is possible, collect names of transporters)?
- How far is it and how long will it take to load & transport animals (you can help by looking on google maps)?

Information to Provide Producer:

- Form for filling out and signing and a way to get it back to you (scan & email, fax, photo & email)
- EMBC Policy 2.01 - livestock relocation for eligible farm businesses can occur during the evacuation alert stage set by local authority
- Reimbursement rates including costs for the return of relocated livestock will only be considered for a maximum of 96 hours (4 days) following an evacuation rescind, unless a specific exemption is approved by EMBC.
- Provide them with Invoice examples (if being used) for transporters and feed/housing providers

EMBC 2.01 LIVESTOCK RELOCATION REIMBURSEMENT RATE CARD 2015 (Revised 2018 AUG)
Feed and Housing During Relocation

Eligible Expenses	Reimbursement Rate	Unit
Birds: Broilers	\$0.15	per bird, per relocation event AND includes live animal transportation
Beef Cattle	\$4.50	per head per day
Milk Cows - first 14 days	\$24.00	per head per day
Milk Cows - after 14 days	\$12.00	per head per day
Young stock and dry cows	\$4.50	per head per day
Sheep	\$1.50	per head per day
Horses	\$7.50	per head per day
Swine - Grower/Finisher	\$2.00	per head per day
Milking Goat - first 14 days	\$5.25	per head per day
Milking Goat - after 14 days	\$2.25	per head per day
Young stock and dry goats	\$1.50	per head per day

Live Animal Transportation (one way)

Animal Type	Eligible Expenses	Reimbursement Rate	Unit	Reimbursement Rate	Unit
Beef Cattle	liner live animals 100 km or less	\$140.00	per liner per hour		
Beef Cattle	liner live animals >100 km	\$140.00	per hour loading/unloading	\$3.40	per loaded km
Beef Cattle	small loads live animals	\$85.00	per load per hour		
Dairy Cattle	liner live animals 100 km or less	\$140.00	per liner per hour		
Dairy Cattle	liner live animals >100 km	\$140.00	per hour loading/unloading	\$3.40	per loaded km
Dairy Cattle	small loads live animals	\$85.00	per load per hour		
Sheep	liner live animals 100 km or less	\$140.00	per liner per hour		
Sheep	liner live animals >100 km	\$140.00	per hour loading/unloading	\$3.40	per loaded km
Sheep	small loads live animals	\$85.00	per load per hour		
Horse	liner live animals 100 km or less	\$140.00	per liner per hour		
Horse	liner live animals >100 km	\$140.00	per hour loading/unloading	\$3.40	per loaded km
Horse	small loads live animals	\$85.00	per load per hour		
Swine - Grower/Finisher	liner live animals 100 km or less	\$140.00	per liner per hour		
Swine - Grower/Finisher	liner live animals >100 km	\$140.00	per hour loading/unloading	\$3.40	per loaded km
Swine - Grower/Finisher	small loads live animals	\$85.00	per load per hour		
Milking Goat	liner live animals 100 km or less	\$140.00	per liner per hour		
Milking Goat	liner live animals >100 km	\$140.00	per hour loading/unloading	\$3.40	per loaded km
Milking Goat	small loads live animals	\$85.00	per load per hour		

Clarifications
- Average capacity of a liner is 40 beef animals

There are 3 different scenarios for estimating transportation costs:

1. Small loads (not a liner)
= \$85 per load per hour
= (\$85 per load) x (hours for the trip)

2. Liner: loaded liner trip is less than 100 km
= \$140 per liner per hour
= (\$140 per liner) x (hours for the trip)

3. Liner: loaded liner trip is greater than 100 km
= (\$140 per hour for loading/unloading) + (\$3.40 per loaded km)
= (\$140 x hours for loading/unloading) + (\$3.40 x loaded kms)

Transportation Animal Types

Beef Cattle
Dairy Cattle
Sheep
Horse
Swine - Grower/Finisher
Milking Goat

Mortality Transportation and Disposal (that occurs during relocation)

Eligible Expenses -	Animal Type	Reimbursement Rate	Unit
West Coast Reduction	Beef	\$100.00	per liner per hour
West Coast Reduction	Dairy	\$100.00	per liner per hour
West Coast Reduction	Goat	\$100.00	per liner per hour
West Coast Reduction	Horse	\$100.00	per liner per hour
West Coast Reduction	Poultry	\$100.00	per liner per hour
West Coast Reduction	Sheep	\$100.00	per liner per hour
West Coast Reduction	Swine	\$100.00	per liner per hour
transport to other rendering/disposal method	Beef SW & VI Regions	\$170.00	per head
transport to other rendering/disposal method	Beef Interior Regions	\$250.00	per head
transport to other rendering/disposal method	Dairy SW & VI Regions	\$170.00	per head
transport to other rendering/disposal method	Dairy Interior Regions	\$250.00	per head
transport to other rendering/disposal method	Goat	\$25.00	per head
transport to other rendering/disposal method	Horse SW & VI Regions	\$250.00	per head
transport to other rendering/disposal method	Horse Interior Regions	\$300.00	per head
transport to other rendering/disposal method	Sheep	\$25.00	per head
transport to other rendering/disposal method	Swine	\$50.00	per head

GENERAL CONDITIONS:

- (1) The Livestock Relocation Rate Card is supplemental to the Provincial Support for Livestock Relocation during an Emergency Policy and Procedures. Conditions and Procedures outlined in those documents must be met.
- (2) The Province will only reimburse local authorities for relocation costs incurred when either an evacuation alert or an evacuation order is in place.
- (3) Livestock and livestock raising are defined under the Assessment Act in the Classification of Land as a Farm Regulation. It does not include hobby farms, animals kept within the confines of a home or the keeping of pets (such as members of the genus Canis or Felis).
- (4) The livestock listed within the rate card (poultry/beef/dairy/sheep/horse/swine/goat) represent a significant portion livestock produced in BC. For livestock not listed within the rate card, BC Ministry of Agriculture staff are available to provide advice and guidance in order to modify or apply an appropriate rate.

- (5) To be eligible for these rates, service providers must make arrangements through their local authority's Emergency Operations Center.
- (6) Provincial reimbursement of local authority livestock relocation expenses will continue for 96 hours after the evacuation alert or order has been rescinded to provide for a safe return of all livestock. This includes feed and relocation costs.
- (7) The relocation of livestock may unintentionally result in mortalities. Where mortalities cannot be left on the farm and must be disposed of off-farm, the costs for carcass transportation and disposal are based on whole animal rendering. A dead stock handler or a rendering company would handle carcass disposal. The

INSTRUCTIONS: HOW TO USE THIS WORKBOOK FOR EMERGENCY RESPONSE FOR AGRICULTURE

EXPLANATION OF WORKSHEETS

"Relocation & Feed Printable"	available to print or create pdf for local governments to distribute and/or provide directly to affected producer
"Relocation & Feed Worksheet"	worksheet for AGRI emergency responders to document information provided by producer and calculate estimates for livestock relocation and feed & housing while animals are displaced
"Premises ID information"	location to copy and paste Premises ID information into
"Rate Card 2016"	current rates for relocation and feed & housing as set by EMBC
"Emergency Hay Worksheet" UNDER DEVELOPMENT	responders/coordinators to document information provided by producer and calculate estimates for emergency hay amounts
"Emergency Hay Background Info" UNDER DEVELOPMENT	Similar to rate card, provides background information for emergency hay worksheet estimates
"Farm Access Permit Worksheet" UNDER DEVELOPMENT	in the event of a permit system designated by the local government, worksheet for AGRI emergency responders/coordinators to document information provided by producer

HOW TO USE THIS WORKBOOK

The workbook is set up to be the story for each individual producer. The local government has been activated and has requested AGRI assistance for livestock relocation. You are contacted to provide assistance to a producer in filling out the form and gather information to inform an estimate for the local government. Make sure to save a separate file for each producer and specify their name and farm name in the file name.

Step 1 - When speaking with the producer:

- 1.a. Ask the producer if they are registered with the Premises ID program. If they are, locate them on the Premises ID Online System by going to 'Account menu' on the menu bar and go to Search Accounts page. Use the search function to find the producer and confirm their contact information. If there is anything different than what is listed, write it down for future reference.
- 1.b. Go to **"Relocation & Feed Worksheet"** to capture relevant information to complete the appropriate sections (sticky notes are there to guide you).

Step 2 - Export Premises ID (PID) info:

- 2.a. In the Premises ID Online System once you have used the 'search' button the desired premises with contact information should appear in the table at the bottom of the screen.
- 2.b. Click on the 'Export Accounts (Full)' button. Click 'OK' on the confirmation dialog, and then choose the 'Save' option in the next dialog that pops up. The file name should be something like "Account_Search_20180517_0206.zip".
- 2.c. Browse to the Downloads folder using the 'Open Folder' option in Internet Explorer (or some other approach in a different browser) and find the zip file that you just saved (e.g. Account_Search_20180517_0206.zip).

Premises ID Online System

Login with your IDIR

<https://apps.nrs.gov.bc.ca/int/pid->

- 2.d. Double-click on the zip file and then double-click on the file that is in the folder. The file should have a name like Account_Search_20180517_0206.csv. It should open in Microsoft Excel.
- 2.e. Copy and paste entire information row into the **"Premises ID info"** tab. This will automatically fill out the relevant contact information in the **"Relocation & Feed Printable"** and worksheet tabs.

Step 3 - Provide the "Relocation & Feed Printable" to the producer for signature. You will need to convert it into pdf or print it (DO NOT SHARE THIS EXCEL FILE) and either email, fax or provide to on-the-ground person (e.g. Range staff).

Step 4 - Use the "Relocation & Feed Worksheet" to calculate cost estimates

4.a.

Livestock Type: There are drop-down menu selections for livestock type; if the animal is not listed there, use you are able to type into the cell [animal not in list]. The drop-down menus are linked to the grey cells and will autopopulate the appropriate rate for you. You will need to fill the rate in if you use the [animal not in list] line.

4.b. Live Animal Relocation: There are 3 types of transport to choose from; the questions highlighted in yellow will guide you to the appropriate box.

4.c. Farm site/Destination: If the farm's animals are going to multiple sites, scroll to the bottom of the worksheet for additional sites.

Legend	input cell that the responder is expected to fill out
	cell that contains calculations and does not need to be filled out
	important information or instructions

Estimated return time after Rescind order?	4 days		

Terms and Declaration

1. Eligibility:

- The Provincial Support for Agricultural Businesses procedure has been activated by the Province. It defines the level of risk to agricultural businesses and the specific actions required to address the threat.
- Call the Ministry of Agriculture toll free line at 1-888-221-7141 to confirm eligibility if necessary.

2. Conditions:

- Eligible expenses will be paid as per the Livestock Rate Card.
- Eligibility begins from the time an Evacuation Alert is issued and continues until 4 days after a "rescind order" is declared by the local government for that farm, unless a specific exception is approved by Emergency Management BC (EMBC). Note that an approved Form 514 is required.
- The Province and/or the Local Authority is not liable for any loss, including any loss from injury, sickness, death or reduced production incurred by the source animal owner or the host farm or any personal injury liability.
- Claims may be audited.
- The information collected will be used for administering and evaluating the Livestock Relocation for this event. Confidential or personal information is subject to provisions of the *Freedom of Information and Protection of Privacy Act*.
- As part of their normal operations, livestock care and transportation may be monitored by the Canadian Food Inspection Agency and/or animal care authorities.

Additional Notes

Retroactive application. Cattle were relocated off property to BC Livestock Producer Co-op on August 7th and returned back to property on August 20th. The start order date for this incident was on August 5th, 2021 (all clear date)

was August 18th) and the operation would have meet the conditions as stitulated in Policy 2.01. Relocation Feed and Housing was included for 13 days in addition to the relocation costs.

Terms and Declaration

1. Eligibility:

- The Provincial Support for Agricultural Businesses procedure has been activated by the Province. It defines the level of risk to agricultural businesses and the specific actions required to address the threat.
- Call the Ministry of Agriculture toll free line at 1-888-221-7141 to confirm eligibility if necessary.

2. Conditions:

- Eligible expenses will be paid as per the Livestock Rate Card.
- Eligibility begins from the time an Evacuation Alert is issued and continues until 4 days after a "rescind order" is declared by the local government for that farm, unless a specific exception is approved by Emergency Management BC (EMBC). Note that an approved Form 514 is required.
- The Province and/or the Local Authority is not liable for any loss, including any loss from injury, sickness, death or reduced production incurred by the source animal owner or the host farm or any personal injury liability.
- Claims may be audited.
- The information collected will be used for administering and evaluating the Livestock Relocation for this event. Confidential or personal information is subject to provisions of the *Freedom of Information and Protection of Privacy Act*.
- As part of their normal operations, livestock care and transportation may be monitored by the Canadian Food Inspection Agency and/or animal care authorities.

Additional Notes

Retroactive application. Cattle were evacuated off Crown range to s.3 and sheep were evacuated from s.3. After a 12-15 day stay (feed calculated based on length of stay) at s.3 the herds were separated. The 61 sheep and 18 yearlings were returned to the farm, the cattle (who were on crown land and could not be returned yet) were split and evacuated to two different locations. Return journey expenses have only been included for the sheep and yearlings that were returned to the farm.

Additional Comments

Cattle brought up to s.3 are still there and plans are to keep cattle there for the time being. Feed will be covered for the 4 days after alert status of s.3 went to all clear (Aug 18, 5 days of feed total). Transportation home would not be included as animals are still up in Quesnel and the 4 day policy for return to the ranch has passed. The ranch was not severely impacted by wildfire.

Additional Comments

s.22 Cattle are still there and plans are to keep cattle there for the time being. Feed will be covered for the 4 days after alert status of s.3 went to all clear (Aug 18, 5 days total). There were most likely closer options for 16 cows and 14 calves than Alberta. s.22

s.22 Return transport wouldn't be covered as the policy only supports return within 96 hours and the home ranch was not severely affected by wildfire.

Live Animal Relocation Transportation					
Question 1: Will small load(s) or liner(s) be used? If small load, go to Transport 1; If liner, go to Transport 2					
Transport 1. Small Load Live Animal Relocation (relocating from home)					
Type of livestock (and animal numbers)	Distance (km)	Total Transport Hours	Number of Loads	Rate (\$85/hour)	Total
				\$85.00	\$ -
				\$85.00	\$ -
				\$85.00	\$ -
				\$85.00	\$ -
				\$85.00	\$ -
Total Transport 1 Outgoing					\$ -

Question 2: If liner, will one-way trip to destination be ≤ 100km or >100km? If ≤ 100km go to Transport 2; if >100km go to Transport 3					
Transport 2. Liner Load Live Animal Relocation ≤ 100km (relocating from home)					
Type of livestock (and animal numbers)	Distance (km)	Total Transport Hours	Number of Liners or Trips	Rate (\$140/hour)	Total
				\$140.00	\$ -
				\$140.00	\$ -
				\$140.00	\$ -
				\$140.00	\$ -
				\$140.00	\$ -
Total Transport 2 Outgoing					\$ -

Question 3: If liner >100km go to Transport 3					
Transport 3. Liner Load Live Animal Relocation >100km (relocating from home)					

Questions to Ask Producer:

- Do they have a Premises ID? (If they do, look them up on Premises ID and confirm the contact information details)
- Where are you located? (check on map and if you cannot locate the proper location you will need more info)
- Do you have a farm of destination outside of high risk (evacuation order or evacuation alert) area?
- Do you have agreements with the destination farm (i.e. Animal Health, Vaccination, Breeding, Mortalities, etc)?
- Have you arranged transportation for your animals or do you require assistance to arrange transportation?
- What type of loading setup do you have?
 - chute to load?
 - portable panels?
 - set up for liner or trailer?
- Please describe the evacuation route (try to capture main notes)
- Is public access/egress impacted by livestock removal?
- Does the livestock owner have a return plan?
- Do your animals have any special identification/tags?
- Who will be hauling your animals (if it is possible, collect names of transporters)?
- How far is it and how long will it take to load & transport animals (you can help by looking on google maps)?

Information to Provide Producer:

- Form for filling out and signing and a way to get it back to you (scan & email, fax, photo & email)
- EMBC Policy 2.01 - livestock relocation for eligible farm businesses can occur during the evacuation alert stage set by local authority
- Reimbursement rates including costs for the return of relocated livestock will only be considered for a maximum of 96 hours (4 days) following an evacuation rescind, unless a specific exemption is approved by EMBC.
- Provide them with Invoice examples (if being used) for transporters and feed/housing providers

Type of livestock (and animal numbers)	Distance (km)	Hours to Load/Unload	Number of Liners or Trips	KM Rate (\$3.40 per loaded km)	Load/Unload Rate (\$140/hour)	Total
Beef Cattle	160.00	5.50	9.00	\$3.40	\$140.00	\$ 11,826.00
				\$3.40	\$140.00	\$ -

AGRI/Range staffperson	Additional notes	Date Completed

Questions to Ask Producer:

1. Do they have a Premises ID?
2. Where are you located, and is this the location for delivery? (check on the map and if you cannot find it, you will need to ask more questions to locate it, or ask for directions for delivery).
3. Do you have equipment available for unloading?
4. Is the delivery site accessible for commercial trailers?
5. Confirm percentages of range forage and/or private forage lost.
6. Collect further information on the livestock (EOC will only be asking basic info about species. See the drop down boxes for the breakdown into different sub-categories that you will need to know for calculating the amount of hay required).

Information to Provide Producer:

1. Form for filling out and signing and a way to get it back to you (scan and email, fax, photo and email)
2. Emergency Livestock Feed Program policies

Emergency Hay Background Information

Type of Livestock Lbs/unit

Dairy - lactating	
Dairy - non-lactating	
Beef - cow/calf pair	45

EMBC 2.01 LIVESTOCK RELOCATION REIMBURSEMENT RATE CARD 2015 (Revised 2018 AUG)

Feed and Housing During Relocation

Eligible Expenses	Reimbursement Rate	Unit
Birds - Broilers	\$0.15	per bird, per relocation event AND includes live animal transportation
Beef Cattle	\$4.50	per head per day
Milk Cows - first 14 days	\$24.00	per head per day
Milk Cows - after 14 days	\$12.00	per head per day
Young stock and dry cows	\$4.50	per head per day
Sheep	\$1.50	per head per day
Horses	\$7.50	per head per day
Swine - Grower/Finisher	\$2.00	per head per day
Milking Goat - first 14 days	\$5.25	per head per day
Milking Goat - after 14 days	\$2.25	per head per day
Young stock and dry goats	\$1.50	per head per day

Live Animal Transportation (one way)

Animal Type	Eligible Expenses	Reimbursement Rate	Unit	Reimbursement Rate	Unit
Beef Cattle	liner live animals 100 km or less	\$140.00	per liner per hour		
Beef Cattle	liner live animals >100 km	\$140.00	per hour loading/unloading	\$3.40	per loaded km
Beef Cattle	small loads live animals	\$85.00	per load per hour		
Dairy Cattle	liner live animals 100 km or less	\$140.00	per liner per hour		
Dairy Cattle	liner live animals >100 km	\$140.00	per hour loading/unloading	\$3.40	per loaded km
Dairy Cattle	small loads live animals	\$85.00	per load per hour		
Sheep	liner live animals 100 km or less	\$140.00	per liner per hour		
Sheep	liner live animals >100 km	\$140.00	per hour loading/unloading	\$3.40	per loaded km
Sheep	small loads live animals	\$85.00	per load per hour		
Horse	liner live animals 100 km or less	\$140.00	per liner per hour		
Horse	liner live animals >100 km	\$140.00	per hour loading/unloading	\$3.40	per loaded km
Horse	small loads live animals	\$85.00	per load per hour		
Swine - Grower/Finisher	liner live animals 100 km or less	\$140.00	per liner per hour		
Swine - Grower/Finisher	liner live animals >100 km	\$140.00	per hour loading/unloading	\$3.40	per loaded km
Swine - Grower/Finisher	small loads live animals	\$85.00	per load per hour		
Milking Goat	liner live animals 100 km or less	\$140.00	per liner per hour		
Milking Goat	liner live animals >100 km	\$140.00	per hour loading/unloading	\$3.40	per loaded km
Milking Goat	small loads live animals	\$85.00	per load per hour		

Clarifications
- Average capacity of a liner is 40 beef animals

There are 3 different scenarios for estimating transportation costs:

1. Small loads (not a liner)

= \$85 per load per hour

= (\$85 per load) x (hours for the trip)

2. Liner: loaded liner trip is less than 100 km

= \$140 per liner per hour

= (\$140 per liner) x (hours for the trip)

3. Liner: loaded liner trip is greater than 100 km

= (\$140 per hour for loading/unloading) + (\$3.40 per loaded km)

= (\$140 x hours for loading/unloading) + (\$3.40 x loaded kms)

Mortality Transportation and Disposal (that occurs during relocation)

Eligible Expenses -	Animal Type	Reimbursement Rate	Unit
Destination	Beef	\$100.00	per liner per hour
West Coast Reduction	Dairy	\$100.00	per liner per hour
West Coast Reduction	Goat	\$100.00	per liner per hour
West Coast Reduction	Horse	\$100.00	per liner per hour
West Coast Reduction	Poultry	\$100.00	per liner per hour
West Coast Reduction	Sheep	\$100.00	per liner per hour
West Coast Reduction	Swine	\$100.00	per liner per hour
transport to other rendering/disposal method	Beef SW & VI Regions	\$170.00	per head
transport to other rendering/disposal method	Beef Interior Regions	\$250.00	per head
transport to other rendering/disposal method	Dairy SW & VI Regions	\$170.00	per head
transport to other rendering/disposal method	Dairy Interior Regions	\$250.00	per head
transport to other rendering/disposal method	Goat	\$25.00	per head
transport to other rendering/disposal method	Horse SW & VI Regions	\$250.00	per head
transport to other rendering/disposal method	Horse Interior Regions	\$300.00	per head
transport to other rendering/disposal method	Sheep	\$25.00	per head
transport to other rendering/disposal method	Swine	\$50.00	per head

GENERAL CONDITIONS:

- (1) The Livestock Relocation Rate Card is supplemental to the Provincial Support for Livestock Relocation during an Emergency Policy and Procedures. Conditions and Procedures outlined in those documents must be met.
- (2) The Province will only reimburse local authorities for relocation costs incurred when either an evacuation alert or an evacuation order is in place.
- (3) Livestock and livestock raising are defined under the Assessment Act in the Classification of Land as a Farm Regulation. It does not include hobby farms, animals kept within the confines of a home or the keeping of pets (such as members of the genus Canis or Felis).
- (4) The livestock listed within the rate card (poultry/beef/dairy/sheep/horse/swine/goat) represent a significant portion livestock produced in BC. For livestock not listed within the rate card, BC Ministry of Agriculture staff are available to provide advice and guidance in order to modify or apply an appropriate rate.
- (5) To be eligible for these rates, service providers must make arrangements through their local authority's Emergency Operations Center.
- (6) Provincial reimbursement of local authority livestock relocation expenses will continue for 96 hours after the evacuation alert or order has been rescinded to provide for a safe return of all livestock. This includes feed and relocation costs.
- (7) The relocation of livestock may unintentionally result in mortalities. Where mortalities cannot be left on the farm and must be disposed of off-farm, the costs for carcass transportation and disposal are based on whole animal rendering. A dead stock handler or a rendering company would handle carcass disposal. The Local

Other Potential Animals (as listed in Premises ID database)

Terms and Declaration

1. Eligibility:

- The Provincial Support for Agricultural Businesses procedure has been activated by the Province. It defines the level of risk to agricultural businesses and the specific actions required to address the threat.
- Call the Ministry of Agriculture toll free line at 1-888-221-7141 to confirm eligibility if necessary.

2. Conditions:

- a. Eligible expenses will be paid as per the Emergency Livestock Feed Program policies.
- b. Eligibility is for producers that have had to move cattle off range, or have lost range or forage to fire. Eligibility is for 14 days unless and extension is approved by Emergency Management BC (EMBC).
- c. The Province and/or the Local Authority is not liable for any loss, including any loss from injury, sickness, death or reduced production incurred by any feed received through this program.
- d. Claims may be audited.
- e. The information collected will be used for administering and evaluating the Emergency Livestock Feed Program. Confidential or personal information is subject to provisions of the *Freedom of Information and Protection of Privacy Act*.

Terms and Declaration

1. Eligibility:

The Provincial Support for Agricultural Businesses procedure has been activated by the Province. It defines the level of risk to agricultural businesses and the specific actions required to address the threat.

· Call the Ministry of Agriculture toll free line at 1-888-221-7141 to confirm eligibility if necessary.

2. Conditions:

- a. Eligible expenses will be paid as per the Livestock Rate Card.
- b. Eligibility begins from the time an Evacuation Alert is issued and continues until 4 days after a “rescind order” is declared by the local government for that farm, unless a specific exception is approved by Emergency Management BC (EMBC). Note that an approved Form 514 is required.
3. The Province and/or the Local Authority is not liable for any loss, including any loss from injury, sickness, death or reduced production incurred by the source animal owner or the host farm or any personal injury liability.
4. Claims may be audited.
5. The information collected will be used for administering and evaluating the Livestock Relocation for this event. Confidential or personal information is subject to provisions of the *Freedom of Information and Protection of Privacy Act*.
6. As part of their normal operations, livestock care and transportation may be monitored by the Canadian Food Inspection Agency and/or animal care authorities.

Form to be submitted to your local authority Emergency Operations Centre (EOC)

INSTRUCTIONS: HOW TO USE THIS WORKBOOK FOR EMERGENCY RESPONSE FOR AGRICULTURE

EXPLANATION OF WORKSHEETS

"Relocation & Feed Printable"	available to print or create pdf for local governments to distribute and/or provide directly to affected producer
"Relocation & Feed Worksheet"	worksheet for AGRI emergency responders to document information provided by producer and calculate estimates for livestock relocation and feed & housing while animals are displaced
"Premises ID information"	location to copy and paste Premises ID information into
"Rate Card 2016"	current rates for relocation and feed & housing as set by EMBC
"Emergency Hay Worksheet" UNDER DEVELOPMENT	responders/coordinators to document information provided by producer and calculate estimates for emergency hay amounts
"Emergency Hay Background Info" UNDER DEVELOPMENT	Similar to rate card, provides background information for emergency hay worksheet estimates
"Farm Access Permit Worksheet" UNDER DEVELOPMENT	in the event of a permit system designated by the local government, worksheet for AGRI emergency responders/coordinators to document information provided by producer

HOW TO USE THIS WORKBOOK

The workbook is set up to be the story for each individual producer. The local government has been activated and has requested AGRI assistance for livestock relocation. You are contacted to provide assistance to a producer in filling out the form and gather information to inform an estimate for the local government. Make sure to save a separate file for each producer and specify their name and farm name in the file name.

Step 1 - When speaking with the producer:

- 1.a. Ask the producer if they are registered with the Premises ID program. If they are, locate them on the Premises ID Online System by going to 'Account menu' on the menu bar and go to Search Accounts page. Use the search function to find the producer and confirm their contact information. If there is anything different than what is listed, write it down for future reference.
- 1.b. Go to **"Relocation & Feed Worksheet"** to capture relevant information to complete the appropriate sections (sticky notes are there to guide you).

Step 2 - Export Premises ID (PID) info:

- 2.a. In the Premises ID Online System once you have used the 'search' button the desired premises with contact information should appear in the table at the bottom of the screen.

Premises ID Online System

Login with your IDIR

<https://apps.nrs.gov.bc.ca/int/pid->

- 2.b. Click on the 'Export Accounts (Full)' button. Click 'OK' on the confirmation dialog, and then choose the 'Save' option in the next dialog that pops up. The file name should be something like "Account_Search_20180517_0206.zip".
- 2.c. Browse to the Downloads folder using the 'Open Folder' option in Internet Explorer (or some other approach in a different browser) and find the zip file that you just saved (e.g. Account_Search_20180517_0206.zip).

- 2.d. Double-click on the zip file and then double-click on the file that is in the folder. The file should have a name like Account_Search_20180517_0206.csv. It should open in Microsoft Excel.
- 2.e. Copy and paste entire information row into the **"Premises ID info"** tab. This will automatically fill out the relevant contact information in the **"Relocation & Feed Printable"** and worksheet tabs.

Step 3 - Provide the "Relocation & Feed Printable" to the producer for signature. You will need to convert it into pdf or print it (DO NOT SHARE THIS EXCEL FILE) and either email, fax or provide to on-the-ground person (e.g. Range staff).

Step 4 - Use the "Relocation & Feed Worksheet" to calculate cost estimates

4.a.

Livestock Type: There are drop-down menu selections for livestock type; if the animal is not listed there, use you are able to type into the cell [animal not in list]. The drop-down menus are linked to the grey cells and will autopopulate the appropriate rate for you. You will need to fill the rate in if you use the [animal not in list] line.

4.b. Live Animal Relocation: There are 3 types of transport to choose from; the questions highlighted in yellow will guide you to the appropriate box.

4.c. Farm site/Destination: If the farm's animals are going to multiple sites, scroll to the bottom of the worksheet for additional sites.

Legend	input cell that the responder is expected to fill out

GENERAL CONDITIONS:

- (1) The Livestock Relocation Rate Card is supplemental to the Provincial Support for Livestock Relocation during an Emergency Policy and Procedures. Conditions and Procedures outlined in those documents must be met.
- (2) The Province will only reimburse local authorities for relocation costs incurred when either an evacuation alert or an evacuation order is in place.
- (3) Livestock and livestock raising are defined under the Assessment Act in the Classification of Land as a Farm Regulation. It does not include hobby farms, animals kept within the confines of a home or the keeping of pets (such as members of the genus Canis or Felis).
- (4) The livestock listed within the rate card (poultry/beef/dairy/sheep/horse/swine/goat) represent a significant portion livestock produced in BC. For livestock not listed within the rate card, BC Ministry of Agriculture staff are available to provide advice and guidance in order to modify or apply an appropriate rate.

Clarifications
 - Average capacity of a liner is 40 beef animals

There are 3 different scenarios for estimating transportation costs:

1. Small loads (not a liner)
 = \$85 per load per hour
 = (\$85 per load) x (hours for the trip)

2. Liner: loaded liner trip is less than 100 km
 = \$140 per liner per hour
 = (\$140 per liner) x (hours for the trip)

3. Liner: loaded liner trip is greater than 100 km
 = (\$140 per hour for loading/unloading) + (\$3.40 per loaded km)
 = (\$140 x hours for loading/unloading) + (\$3.40 x loaded kms)

Transportation Animal Types

Beef Cattle
 Dairy Cattle
 Sheep
 Horse
 Swine - Grower/Finisher
 Milking Goat

- (5) To be eligible for these rates, service providers must make arrangements through their local authority's Emergency Operations Center.
- (6) Provincial reimbursement of local authority livestock relocation expenses will continue for 96 hours after the evacuation alert or order has been rescinded to provide for a safe return of all livestock. This includes feed and relocation costs.
- (7) The relocation of livestock may unintentionally result in mortalities. Where mortalities cannot be left on the farm and must be disposed of off-farm, the costs for carcass transportation and disposal are based on whole animal rendering. A dead stock handler or a rendering company would handle carcass disposal. The

Terms and Declaration

1. Eligibility:

- The Provincial Support for Agricultural Businesses procedure has been activated by the Province. It defines the level of risk to agricultural businesses and the specific actions required to address the threat.
- Call the Ministry of Agriculture toll free line at 1-888-221-7141 to confirm eligibility if necessary.

2. Conditions:

a. Eligible expenses will be paid as per the Livestock Rate Card and EMBC 2.01 Provincial Support for Livestock Relocation During and Emergency

b. Eligibility begins from the time an Evacuation Alert is issued and continues until 4 days after a “rescind order” is declared by the local government for that farm, unless a specific exception is approved by Emergency Management BC (EMBC). Note that an approved Form 514 is required.

3. The Province and/or the Local Authority is not liable for any loss, including any loss from injury, sickness, death or reduced production incurred by the source animal owner or the host farm or any personal injury liability.

4. Claims may be audited.

5. The information collected will be used for administering and evaluating the Livestock Relocation for this event. Confidential or personal information is subject to provisions of the *Freedom of Information and Protection of Privacy Act*.

6. As part of their normal operations, livestock care and transportation may be monitored by the Canadian Food Inspection Agency and/or animal care authorities.

Application completed by Christina Forbes & Josh Andrews

I, Christina Forbes have communicated the terms of the Livestock Relocation to S.3 (livestock owner).

Form to be submitted to your local authority Emergency Operations Centre (EOC)

INSTRUCTIONS: HOW TO USE THIS WORKBOOK FOR EMERGENCY RESPONSE FOR AGRICULTURE

EXPLANATION OF WORKSHEETS

"Relocation & Feed Printable"	available to print or create pdf for local governments to distribute and/or provide directly to affected producer
"Relocation & Feed Worksheet"	worksheet for AGRI emergency responders to document information provided by producer and calculate estimates for livestock relocation and feed & housing while animals are displaced
"Premises ID information"	location to copy and paste Premises ID information into
"Rate Card 2016"	current rates for relocation and feed & housing as set by EMBC
"Emergency Hay Worksheet" UNDER DEVELOPMENT	responders/coordinators to document information provided by producer and calculate estimates for emergency hay amounts
"Emergency Hay Background Info" UNDER DEVELOPMENT	Similar to rate card, provides background information for emergency hay worksheet estimates
"Farm Access Permit Worksheet" UNDER DEVELOPMENT	in the event of a permit system designated by the local government, worksheet for AGRI emergency responders/coordinators to document information provided by producer

HOW TO USE THIS WORKBOOK

The workbook is set up to be the story for each individual producer. The local government has been activated and has requested AGRI assistance for livestock relocation. You are contacted to provide assistance to a producer in filling out the form and gather information to inform an estimate for the local government. Make sure to save a separate file for each producer and specify their name and farm name in the file name.

Step 1 - When speaking with the producer:

- 1.a. Ask the producer if they are registered with the Premises ID program. If they are, locate them on the Premises ID Online System by going to 'Account menu' on the menu bar and go to Search Accounts page. Use the search function to find the producer and confirm their contact information. If there is anything different than what is listed, write it down for future reference.
- 1.b. Go to **"Relocation & Feed Worksheet"** to capture relevant information to complete the appropriate sections (sticky notes are there to guide you).

Step 2 - Export Premises ID (PID) info:

- 2.a. In the Premises ID Online System once you have used the 'search' button the desired premises with contact information should appear in the table at the bottom of the screen.
- 2.b. Click on the 'Export Accounts (Full)' button. Click 'OK' on the confirmation dialog, and then choose the 'Save' option in the next dialog that pops up. The file name should be something like "Account_Search_20180517_0206.zip".
- 2.c. Browse to the Downloads folder using the 'Open Folder' option in Internet Explorer (or some other approach in a different browser) and find the zip file that you just saved (e.g. Account_Search_20180517_0206.zip).

Premises ID Online System

Login with your IDIR

<https://apps.nrs.gov.bc.ca/int/pid->

- 2.d. Double-click on the zip file and then double-click on the file that is in the folder. The file should have a name like Account_Search_20180517_0206.csv. It should open in Microsoft Excel.
- 2.e. Copy and paste entire information row into the **"Premises ID info"** tab. This will automatically fill out the relevant contact information in the **"Relocation & Feed Printable"** and worksheet tabs.

Step 3 - Provide the "Relocation & Feed Printable" to the producer for signature. You will need to convert it into pdf or print it (DO NOT SHARE THIS EXCEL FILE) and either email, fax or provide to on-the-ground person (e.g. Range staff).

Step 4 - Use the "Relocation & Feed Worksheet" to calculate cost estimates

4.a.

Livestock Type: There are drop-down menu selections for livestock type; if the animal is not listed there, use you are able to type into the cell [animal not in list]. The drop-down menus are linked to the grey cells and will autopopulate the appropriate rate for you. You will need to fill the rate in if you use the [animal not in list] line.

4.b. Live Animal Relocation: There are 3 types of transport to choose from; the questions highlighted in yellow will guide you to the appropriate box.

4.c. Farm site/Destination: If the farm's animals are going to multiple sites, scroll to the bottom of the worksheet for additional sites.

Questions to Ask Producer:

1. Do they have a Premises ID? (If they do, look them up on Premises ID and confirm the contact information details)
2. Where are you located? (check on map and if you cannot locate the proper location you will need more info)
3. Do you have a farm of destination outside of high risk (evacuation order or evacuation alert) area?
4. Do you have agreements with the destination farm (i.e. Animal Health, Vaccination, Breeding, Mortalities, etc)?
5. Have you arranged transportation for your animals or do you require assistance to arrange transportation?
6. What type of loading setup do you have?
 - chute to load?
 - portable panels?
 - set up for liner or trailer?
7. Please describe the evacuation route (try to capture main notes)
8. Is public access/egress impacted by livestock removal?
9. Does the livestock owner have a return plan?
10. Do your animals have any special identification/tags?
11. Who will be hauling your animals (if it is possible, collect names of transporters)?
12. How far is it and how long will it take to load & transport animals (you can help by looking on google maps)?

Information to Provide Producer:

1. Form for filling out and signing and a way to get it back to you (scan & email, fax, photo & email)
2. EMBC Policy 2.01 - livestock relocation for eligible farm businesses can occur during the evacuation alert stage set by local authority
3. Reimbursement rates including costs for the return of relocated livestock will only be considered for a maximum of 96 hours (4 days) following an evacuation rescind, unless a specific exemption is approved by EMBC.
4. Provide them with Invoice examples (if being used) for transporters and feed/housing

Additional notes

If animals are going to more than one destination farm/site: Input this information and provide any additional notes as necessary. Please note that these are not linked to the "Relocation & Feed Printable" worksheet, and you will need to

Milk Cows - first 14 days	\$24.00	per head per day
Milk Cows - after 14 days	\$12.00	per head per day
Young stock and dry cows	\$4.50	per head per day
Sheep	\$1.50	per head per day
Horses	\$7.50	per head per day
Swine - Grower/Finisher	\$2.00	per head per day
Milking Goat - first 14 days	\$5.25	per head per day
Milking Goat - after 14 days	\$2.25	per head per day
Young stock and dry goats	\$1.50	per head per day

Live Animal Transportation (one way)

Animal Type	Eligible Expenses	Reimbursement Rate	Unit
Beef Cattle	liner live animals 100 km or less	\$140.00	per liner per hour
Beef Cattle	liner live animals >100 km	\$140.00	per hour loading/unloading
Beef Cattle	small loads live animals	\$85.00	per load per hour
Dairy Cattle	liner live animals 100 km or less	\$140.00	per liner per hour
Dairy Cattle	liner live animals >100 km	\$140.00	per hour loading/unloading
Dairy Cattle	small loads live animals	\$85.00	per load per hour
Sheep	liner live animals 100 km or less	\$140.00	per liner per hour
Sheep	liner live animals >100 km	\$140.00	per hour loading/unloading
Sheep	small loads live animals	\$85.00	per load per hour
Horse	liner live animals 100 km or less	\$140.00	per liner per hour
Horse	liner live animals >100 km	\$140.00	per hour loading/unloading
Horse	small loads live animals	\$85.00	per load per hour
Swine - Grower/Finisher	liner live animals 100 km or less	\$140.00	per liner per hour
Swine - Grower/Finisher	liner live animals >100 km	\$140.00	per hour loading/unloading
Swine - Grower/Finisher	small loads live animals	\$85.00	per load per hour
Milking Goat	liner live animals 100 km or less	\$140.00	per liner per hour
Milking Goat	liner live animals >100 km	\$140.00	per hour loading/unloading
Milking Goat	small loads live animals	\$85.00	per load per hour

Clarifications
- Average capacity of a liner is 40 beef animals

There are 3 different scenarios for estimating transportation costs:

1. Small loads (not a liner)
= \$85 per load per hour
= (\$85 per load) x (hours for the trip)

2. Liner: loaded liner trip is less than 100 km
= \$140 per liner per hour
= (\$140 per liner) x (hours for the trip)

3. Liner: loaded liner trip is greater than 100 km
= (\$140 per hour for loading/unloading) + (\$3.40 per loaded km)
= (\$140 x hours for loading/unloading) + (\$3.40 x loaded kms)

Transportation Animal Types

Beef Cattle
Dairy Cattle
Sheep
Horse
Swine - Grower/Finisher
Milking Goat

Mortality Transportation and Disposal (that occurs during relocation)

Destination	Animal Type	Reimbursement Rate	Unit
West Coast Reduction	Beef	\$100.00	per liner per hour
West Coast Reduction	Dairy	\$100.00	per liner per hour
West Coast Reduction	Goat	\$100.00	per liner per hour
West Coast Reduction	Horse	\$100.00	per liner per hour
West Coast Reduction	Poultry	\$100.00	per liner per hour
West Coast Reduction	Sheep	\$100.00	per liner per hour
West Coast Reduction	Swine	\$100.00	per liner per hour
transport to other rendering/disposal method	Beef SW & VI Regions	\$170.00	per head

transport to other rendering/disposal method	Horse Interior Regions	\$300.00	per head
transport to other rendering/disposal method	Sheep	\$25.00	per head
transport to other rendering/disposal method	Swine	\$50.00	per head

GENERAL CONDITIONS:

- (1) The Livestock Relocation Rate Card is supplemental to the Provincial Support for Livestock Relocation during an Emergency Policy and Procedures. Conditions and Procedures outlined in those documents must be met.
- (2) The Province will only reimburse local authorities for relocation costs incurred when either an evacuation alert or an evacuation order is in place.
- (3) Livestock and livestock raising are defined under the Assessment Act in the Classification of Land as a Farm Regulation. It does not include hobby farms, animals kept within the confines of a home or the keeping of pets (such as members of the genus Canis or Felis).
- (4) The livestock listed within the rate card (poultry/beef/dairy/sheep/horse/swine/goat) represent a significant portion livestock produced in BC. For livestock not listed within the rate card, BC Ministry of Agriculture staff are available to provide advice and guidance in order to modify or apply an appropriate rate.

- (5) To be eligible for these rates, service providers must make arrangements through their local authority's Emergency Operations Center.
- (6) Provincial reimbursement of local authority livestock relocation expenses will continue for 96 hours after the evacuation alert or order has been rescinded to provide for a safe return of all livestock. This includes feed and relocation costs.
- (7) The relocation of livestock may unintentionally result in mortalities. Where mortalities cannot be left on the farm and must be disposed of off-farm, the costs for carcass transportation and disposal are based on whole animal rendering. A dead stock handler or a rendering company would handle carcass disposal. The

Terms and Declaration 1. Eligibility: · The Provincial Support for Agricultural Businesses procedure has been activated by the Province. It defines the level of risk to agricultural businesses and the specific actions required to address the threat. · Call the Ministry of Agriculture toll free line at 1-888-221-7141 to confirm eligibility if necessary. 2. Conditions: a. Eligible expenses will be paid as per the Livestock Rate Card and EMBC 2.01 Provincial Support for Livestock Relocation During and Emergency b. Eligibility begins from the time an Evacuation Alert is issued and continues until 4 days after a "rescind order" is declared by the local government for that farm, unless a specific exception is approved by Emergency Management BC (EMBC). Note that an approved Form 514 is required. 3. The Province and/or the Local Authority is not liable for any loss, including any loss from injury, sickness, death or reduced production incurred by the source animal owner or the host farm or any personal injury liability. 4. Claims may be audited. 5. The information collected will be used for administering and evaluating the Livestock Relocation for this event. Confidential or personal information is subject to provisions of the <i>Freedom of Information and Protection of Privacy Act</i> . 6. As part of their normal operations, livestock care and transportation may be monitored by the Canadian Food Inspection Agency and/or animal care authorities. Application completed by: <u>Josh Andrews</u> I, <u>Josh Andrews</u> have communicated the terms of the Livestock Relocation <u>S.3</u> (livestock owner). Signature: <u>Josh Andrews</u> Date: <u>8/27/2021</u> Form to be submitted to your local authority Emergency Operations Centre (EOC)	

INSTRUCTIONS: HOW TO USE THIS WORKBOOK FOR EMERGENCY RESPONSE FOR AGRICULTURE

EXPLANATION OF WORKSHEETS

"Relocation & Feed Printable"	available to print or create pdf for local governments to distribute and/or provide directly to affected producer
"Relocation & Feed Worksheet"	worksheet for AGRI emergency responders to document information provided by producer and calculate estimates for livestock relocation and feed & housing while animals are displaced
"Premises ID information"	location to copy and paste Premises ID information into
"Rate Card 2016"	current rates for relocation and feed & housing as set by EMBC
"Emergency Hay Worksheet" UNDER DEVELOPMENT	responders/coordinators to document information provided by producer and calculate estimates for emergency hay amounts
"Emergency Hay Background Info" UNDER DEVELOPMENT	Similar to rate card, provides background information for emergency hay worksheet estimates
"Farm Access Permit Worksheet" UNDER DEVELOPMENT	in the event of a permit system designated by the local government, worksheet for AGRI emergency responders/coordinators to document information provided by producer

HOW TO USE THIS WORKBOOK

The workbook is set up to be the story for each individual producer. The local government has been activated and has requested AGRI assistance for livestock relocation. You are contacted to provide assistance to a producer in filling out the form and gather information to inform an estimate for the local government. Make sure to save a separate file for each producer and specify their name and farm name in the file name.

Step 1 - When speaking with the producer:

- 1.a. Ask the producer if they are registered with the Premises ID program. If they are, locate them on the Premises ID Online System by going to 'Account menu' on the menu bar and go to Search Accounts page. Use the search function to find the producer and confirm their contact information. If there is anything different than what is listed, write it down for future reference.
- 1.b. Go to **"Relocation & Feed Worksheet"** to capture relevant information to complete the appropriate sections (sticky notes are there to guide you).

Step 2 - Export Premises ID (PID) info:

- 2.a. In the Premises ID Online System once you have used the 'search' button the desired premises with contact information should appear in the table at the bottom of the screen.
- 2.b. Click on the 'Export Accounts (Full)' button. Click 'OK' on the confirmation dialog, and then choose the 'Save' option in the next dialog that pops up. The file name should be something like "Account_Search_20180517_0206.zip".
- 2.c. Browse to the Downloads folder using the 'Open Folder' option in Internet Explorer (or some other approach in a different browser) and find the zip file that you just saved (e.g. Account_Search_20180517_0206.zip).

Premises ID Online System

Login with your IDIR

<https://apps.nrs.gov.bc.ca/int/pid->

- 2.d. Double-click on the zip file and then double-click on the file that is in the folder. The file should have a name like Account_Search_20180517_0206.csv. It should open in Microsoft Excel.
- 2.e. Copy and paste entire information row into the **"Premises ID info"** tab. This will automatically fill out the relevant contact information in the **"Relocation & Feed Printable"** and worksheet tabs.

Step 3 - Provide the "Relocation & Feed Printable" to the producer for signature. You will need to convert it into pdf or print it (DO NOT SHARE THIS EXCEL FILE) and either email, fax or provide to on-the-ground person (e.g. Range staff).

Step 4 - Use the "Relocation & Feed Worksheet" to calculate cost estimates

4.a.

Livestock Type: There are drop-down menu selections for livestock type; if the animal is not listed there, use you are able to type into the cell [animal not in list]. The drop-down menus are linked to the grey cells and will autopopulate the appropriate rate for you. You will need to fill the rate in if you use the [animal not in list] line.

4.b. Live Animal Relocation: There are 3 types of transport to choose from; the questions highlighted in yellow will guide you to the appropriate box.

4.c. Farm site/Destination: If the farm's animals are going to multiple sites, scroll to the bottom of the worksheet for additional sites.

Josh Andrews	2021-08-27

Questions to Ask Producer:

- Do they have a Premises ID? (If they do, look them up on Premises ID and confirm the contact information details)
- Where are you located? (check on map and if you cannot locate the proper location you will need more info)
- Do you have a farm of destination outside of high risk (evacuation order or evacuation alert) area?
- Do you have agreements with the destination farm (i.e. Animal Health, Vaccination, Breeding, Mortalities, etc)?
- Have you arranged transportation for your animals or do you require assistance to arrange transportation?
- What type of loading setup do you have?
 - chute to load?
 - portable panels?
 - set up for liner or trailer?
- Please describe the evacuation route (try to capture main notes)
- Is public access/egress impacted by livestock removal?
- Does the livestock owner have a return plan?
- Do your animals have any special identification/tags?
- Who will be hauling your animals (if it is possible, collect names of transporters)?
- How far is it and how long will it take to load & transport animals (you can help by

Information to Provide Producer:

- Form for filling out and signing and a way to get it back to you (scan & email, fax, photo & email)
- EMBC Policy 2.01 - livestock relocation for eligible farm businesses can occur during the evacuation alert stage set by local authority
- Reimbursement rates including costs for the return of relocated livestock will only be considered for a maximum of 96 hours (4 days) following an evacuation rescind, unless a specific exemption is approved by EMBC.
- Provide them with Invoice examples (if being used) for transporters and feed/housing

Additional notes

Animals were already approved to go to **5.3** this is a change in the producers plans for relocation and feeding.

If animals are going to more than one destination farm/site: Input this information and provide any additional notes as necessary. Please note that these are not linked to the "Relocation & Feed Printable" worksheet, and you will need to

Mortality Transportation and Disposal (mortalities during relocation that require disposal)

AGRI/Range staffperson	Additional notes	Date Completed

Questions to Ask Producer:

1. Do they have a Premises ID?
2. Where are you located, and is this the location for delivery? (check on the map and if you cannot find it, you will need to ask more questions to locate it, or ask for directions for delivery).
3. Do you have equipment available for unloading?
4. Is the delivery site accessible for commercial trailers?
5. Confirm percentages of range forage and/or private forage lost.
6. Collect further information on the livestock (EOC will only be asking basic info about species. See the drop down boxes for the breakdown into different sub-categories that you will need to know for calculating the amount of hay required).

Information to Provide Producer:

1. Form for filling out and signing and a way to get it back to you (scan and email, fax, photo and email)
2. Emergency Livestock Feed Program policies

Emergency Hay Background Information

Type of Livestock Lbs/unit

Dairy - lactating	
Dairy - non-lactating	
Beef - cow/calf pair	45
Beef - yearling	35
Beef - bull	45
Horse	35
Sheep/goats	9
Other*	

Lbs/unit based on animal unit

*Yaks: Cow=25 lbs/unit, Bull =45 lbs/unit

EMBC 2.01 LIVESTOCK RELOCATION REIMBURSEMENT RATE CARD 2015 (Revised 2018 AUG)
Feed and Housing During Relocation

Eligible Expenses	Reimbursement Rate	Unit
Birds: Broilers	\$0.15	per bird, per relocation event AND includes live animal transportation
Beef Cattle	\$4.50	per head per day
Milk Cows - first 14 days	\$24.00	per head per day
Milk Cows - after 14 days	\$12.00	per head per day
Young stock and dry cows	\$4.50	per head per day
Sheep	\$1.50	per head per day
Horses	\$7.50	per head per day
Swine - Grower/Finisher	\$2.00	per head per day
Milking Goat - first 14 days	\$5.25	per head per day
Milking Goat - after 14 days	\$2.25	per head per day
Young stock and dry goats	\$1.50	per head per day

Live Animal Transportation (one way)

Animal Type	Eligible Expenses	Reimbursement Rate	Unit
Beef Cattle	liner live animals 100 km or less	\$140.00	per liner per hour
Beef Cattle	liner live animals >100 km	\$140.00	per hour loading/unloading
Beef Cattle	small loads live animals	\$85.00	per load per hour
Dairy Cattle	liner live animals 100 km or less	\$140.00	per liner per hour
Dairy Cattle	liner live animals >100 km	\$140.00	per hour loading/unloading
Dairy Cattle	small loads live animals	\$85.00	per load per hour
Sheep	liner live animals 100 km or less	\$140.00	per liner per hour
Sheep	liner live animals >100 km	\$140.00	per hour loading/unloading
Sheep	small loads live animals	\$85.00	per load per hour
Horse	liner live animals 100 km or less	\$140.00	per liner per hour
Horse	liner live animals >100 km	\$140.00	per hour loading/unloading
Horse	small loads live animals	\$85.00	per load per hour
Swine - Grower/Finisher	liner live animals 100 km or less	\$140.00	per liner per hour
Swine - Grower/Finisher	liner live animals >100 km	\$140.00	per hour loading/unloading
Swine - Grower/Finisher	small loads live animals	\$85.00	per load per hour
Milking Goat	liner live animals 100 km or less	\$140.00	per liner per hour
Milking Goat	liner live animals >100 km	\$140.00	per hour loading/unloading
Milking Goat	small loads live animals	\$85.00	per load per hour

Clarifications
- Average capacity of a liner is 40 beef animals
There are 3 different scenarios for estimating transportation costs:
1. Small loads (not a liner)
= \$85 per load per hour
= (\$85 per load) x (hours for the trip)
2. Liner: loaded liner trip is less than 100 km
= \$140 per liner per hour
= (\$140 per liner) x (hours for the trip)
3. Liner: loaded liner trip is greater than 100 km
= (\$140 per hour for loading/unloading) + (\$3.40 per loaded km)
= (\$140 x hours for loading/unloading) + (\$3.40 x loaded kms)

Transportation Animal Types

Beef Cattle
Dairy Cattle
Sheep
Horse
Swine - Grower/Finisher
Milking Goat

Mortality Transportation and Disposal (that occurs during relocation)

Destination	Animal Type	Reimbursement Rate	Unit
West Coast Reduction	Beef	\$100.00	per liner per hour
West Coast Reduction	Dairy	\$100.00	per liner per hour
West Coast Reduction	Goat	\$100.00	per liner per hour
West Coast Reduction	Horse	\$100.00	per liner per hour
West Coast Reduction	Poultry	\$100.00	per liner per hour
West Coast Reduction	Sheep	\$100.00	per liner per hour
West Coast Reduction	Swine	\$100.00	per liner per hour

GENERAL CONDITIONS:

- (1) The Livestock Relocation Rate Card is supplemental to the Provincial Support for Livestock Relocation during an Emergency Policy and Procedures. Conditions and Procedures outlined in those documents must be met.
- (2) The Province will only reimburse local authorities for relocation costs incurred when either an evacuation alert or an evacuation order is in place.
- (3) Livestock and livestock raising are defined under the Assessment Act in the Classification of Land as a Farm Regulation. It does not include hobby farms, animals kept within the confines of a home or the keeping of pets (such as members of the genus Canis or Felis).
- (4) The livestock listed within the rate card (poultry/beef/dairy/sheep/horse/swine/goat) represent a significant portion livestock produced in BC. For livestock not listed within the rate card, BC Ministry of Agriculture staff are available to provide advice and guidance in order to modify or apply an appropriate rate.

- (5) To be eligible for these rates, service providers must make arrangements through their local authority's Emergency Operations Center.
- (6) Provincial reimbursement of local authority livestock relocation expenses will continue for 96 hours after the evacuation alert or order has been rescinded to provide for a safe return of all livestock. This includes feed and relocation costs.
- (7) The relocation of livestock may unintentionally result in mortalities. Where mortalities cannot be left on the farm and must be disposed of off-farm, the costs for carcass transportation and disposal are based on whole animal rendering. A dead stock handler or a rendering company would handle carcass disposal. The

Other Potential Animals (as listed in Premises ID database)	
Bees (# of hives)	Alpacas
Bison	Asses
Deer (White-tailed, Mule)	Domestic Cervids
Donkey, Mule	Doves in captivity
Ducks in captivity	Aquaculture: fish other than salmon

Terms and Declaration

1. Eligibility:

- The Provincial Support for Agricultural Businesses procedure has been activated by the Province. It defines the level of risk to agricultural businesses and the specific actions required to address the threat.
- Call the Ministry of Agriculture toll free line at 1-888-221-7141 to confirm eligibility if necessary.

2. Conditions:

- Eligible expenses will be paid as per the Livestock Rate Card and EMBC 2.01 Provincial Support for Livestock Relocation During and Emergency
- Eligibility begins from the time an Evacuation Alert is issued and continues until 4 days after a "rescind order" is declared by the local government for that farm, unless a specific exception is approved by Emergency Management BC (EMBC). Note that an approved Form 514 is required.
- The Province and/or the Local Authority is not liable for any loss, including any loss from injury, sickness, death or reduced production incurred by the source animal owner or the host farm or any personal injury liability.
- Claims may be audited.
- The information collected will be used for administering and evaluating the Livestock Relocation for this event. Confidential or personal information is subject to provisions of the *Freedom of Information and Protection of Privacy Act*.
- As part of their normal operations, livestock care and transportation may be monitored by the Canadian Food Inspection Agency and/or animal care authorities.

Application completed by: Josh Andrews

I, Josh Andrews have communicated the terms of the Livestock Relocation to **s.3** (livestock owner).

Signature: Josh Andrews Date: 8/24/2021

Form to be submitted to your local authority Emergency Operations Centre (EOC)

INSTRUCTIONS: HOW TO USE THIS WORKBOOK FOR EMERGENCY RESPONSE FOR AGRICULTURE

EXPLANATION OF WORKSHEETS

"Relocation & Feed Printable"	available to print or create pdf for local governments to distribute and/or provide directly to affected producer
"Relocation & Feed Worksheet"	worksheet for AGRI emergency responders to document information provided by producer and calculate estimates for livestock relocation and feed & housing while animals are displaced
"Premises ID information"	location to copy and paste Premises ID information into
"Rate Card 2016"	current rates for relocation and feed & housing as set by EMBC
"Emergency Hay Worksheet" UNDER DEVELOPMENT	responders/coordinators to document information provided by producer and calculate estimates for emergency hay amounts
"Emergency Hay Background Info" UNDER DEVELOPMENT	Similar to rate card, provides background information for emergency hay worksheet estimates
"Farm Access Permit Worksheet" UNDER DEVELOPMENT	in the event of a permit system designated by the local government, worksheet for AGRI emergency responders/coordinators to document information provided by producer

HOW TO USE THIS WORKBOOK

The workbook is set up to be the story for each individual producer. The local government has been activated and has requested AGRI assistance for livestock relocation. You are contacted to provide assistance to a producer in filling out the form and gather information to inform an estimate for the local government. Make sure to save a separate file for each producer and specify their name and farm name in the file name.

Step 1 - When speaking with the producer:

- 1.a. Ask the producer if they are registered with the Premises ID program. If they are, locate them on the Premises ID Online System by going to 'Account menu' on the menu bar and go to Search Accounts page. Use the search function to find the producer and confirm their contact information. If there is anything different than what is listed, write it down for future reference.
- 1.b. Go to **"Relocation & Feed Worksheet"** to capture relevant information to complete the appropriate sections (sticky notes are there to guide you).

Step 2 - Export Premises ID (PID) info:

- 2.a. In the Premises ID Online System once you have used the 'search' button the desired premises with contact information should appear in the table at the bottom of the screen.
- 2.b. Click on the 'Export Accounts (Full)' button. Click 'OK' on the confirmation dialog, and then choose the 'Save' option in the next dialog that pops up. The file name should be something like "Account_Search_20180517_0206.zip".
- 2.c. Browse to the Downloads folder using the 'Open Folder' option in Internet Explorer (or some other approach in a different browser) and find the zip file that you just saved (e.g. Account_Search_20180517_0206.zip).

Premises ID Online System

Login with your IDIR

<https://apps.nrs.gov.bc.ca/int/pid->

- 2.d. Double-click on the zip file and then double-click on the file that is in the folder. The file should have a name like Account_Search_20180517_0206.csv. It should open in Microsoft Excel.
- 2.e. Copy and paste entire information row into the **"Premises ID info"** tab. This will automatically fill out the relevant contact information in the **"Relocation & Feed Printable"** and worksheet tabs.

Step 3 - Provide the "Relocation & Feed Printable" to the producer for signature. You will need to convert it into pdf or print it (DO NOT SHARE THIS EXCEL FILE) and either email, fax or provide to on-the-ground person (e.g. Range staff).

Step 4 - Use the "Relocation & Feed Worksheet" to calculate cost estimates

4.a.

Livestock Type: There are drop-down menu selections for livestock type; if the animal is not listed there, use you are able to type into the cell [animal not in list]. The drop-down menus are linked to the grey cells and will autopopulate the appropriate rate for you. You will need to fill the rate in if you use the [animal not in list] line.

4.b. Live Animal Relocation: There are 3 types of transport to choose from; the questions highlighted in yellow will guide you to the appropriate box.

4.c. Farm site/Destination: If the farm's animals are going to multiple sites, scroll to the bottom of the worksheet for additional sites.

Terms and Declaration

1. Eligibility:

- The Provincial Support for Agricultural Businesses procedure has been activated by the Province. It defines the level of risk to agricultural businesses and the specific actions required to address the threat.
- Call the Ministry of Agriculture toll free line at 1-888-221-7141 to confirm eligibility if necessary.

2. Conditions:

- Eligible expenses will be paid as per the Livestock Rate Card.
- Eligibility begins from the time an Evacuation Alert is issued and continues until 4 days after a "rescind order" is declared by the local government for that farm, unless a specific exception is approved by Emergency Management BC (EMBC). Note that an approved Form 514 is required.
- The Province and/or the Local Authority is not liable for any loss, including any loss from injury, sickness, death or reduced production incurred by the source animal owner or the host farm or any personal injury liability.
- Claims may be audited.
- The information collected will be used for administering and evaluating the Livestock Relocation for this event. Confidential or personal information is subject to provisions of the *Freedom of Information and Protection of Privacy Act*.
- As part of their normal operations, livestock care and transportation may be monitored by the Canadian Food Inspection Agency and/or animal care authorities.

s.3 and s.3 have a mixed heard that have been relocated to the s.3
s.3 due to the Tremont and Sparks lake fires. There have been multiple EAFs (778, 777, 710, 681) that were approved over the summer for the initial relocation transportation and feed.
*We are now requesting a 15 day extension of feed for the entire heard to simplify the request. 519 big cows and 175 yrng. Transportation is not included in this request as all the return costs have been calculated in the previous EAFs.
- Tremont Creek and Sparks Lake wildfire alerts and orders were all rescinded to all clear in a very short time frames
- A significant number of cattle and agriculture operations were impacted by the wildfires - including large numbers of cattle relocated under EMBC policy 2.01
- Livestock were relocated over a longer duration - ie. as alerts and orders were implemented. As alerts and orders have all been rescinded in a compressed time frame, liner availability for cattle hauling is severely compromised .
- The size of the herd in this application translates into ~17+ liner loads
- Additionally the producers need to prepare safe homesite and alternate locations for returning a larger than normal herd size to (typicaly animals would be

- Claims may be audited.
- The information collected will be used for administering and evaluating the Livestock Relocation for this event. Confidential or personal information is subject to provisions of the *Freedom of Information and Protection of Privacy Act*.
- As part of their normal operations, livestock care and transportation may be monitored by the Canadian Food Inspection Agency and/or animal care authorities.

Application completed by: William Shaw\

I, William Shaw have communicated the terms of the Livestock Relocation
to s.3 _____ (livestock owner).

Signature: William Shaw

Date: 2021-08-13

Form to be submitted to your local authority Emergency Operations Centre (EOC)

(Admin only)

Live Animal Relocation Transportation					
Question 1: Will small load(s) or liner(s) be used? If small load, go to Transport 1; If liner, go to Transport 2					
Transport 1. Small Load Live Animal Relocation (relocating from home)					
Type of livestock (and animal numbers)	Distance (km)	Total Transport Hours	Number of Loads	Rate (\$85/hour)	Total
Beef Cattle				\$85.00	\$ -
				\$85.00	\$ -
				\$85.00	\$ -
				\$85.00	\$ -
				\$85.00	\$ -
Total Transport 1 Outgoing					\$ -

Question 2: If liner, will one-way trip to destination be ≤ 100km or >100km? If ≤ 100km go to Transport 2; if >100km go to Transport 3					
Transport 2. Liner Load Live Animal Relocation ≤ 100km (relocating from home)					
Type of livestock (and animal numbers)	Distance (km)	Total Transport Hours	Number of Liners or Trips	Rate (\$140/hour)	Total
				\$140.00	\$ -
				\$140.00	\$ -
				\$140.00	\$ -
				\$140.00	\$ -
				\$140.00	\$ -
Total Transport 2 Outgoing					\$ -

Question 3: If liner >100km go to Transport 3						
Transport 3. Liner Load Live Animal Relocation >100km (relocating from home)						
Type of livestock (and animal numbers)	Distance (km)	Hours to Load/Unload	Number of Liners or Trips	KM Rate (\$3.40 per loaded km)	Load/Unload Rate (\$140/hour)	Total
				\$3.40	\$140.00	\$ -
				\$3.40	\$140.00	\$ -
				\$3.40	\$140.00	\$ -

Questions to Ask Producer:

- Do they have a Premises ID? (If they do, look them up on Premises ID and confirm the contact information details)
- Where are you located? (check on map and if you cannot locate the proper location you will need more info)
- Do you have a farm of destination outside of high risk (evacuation order or evacuation alert) area?
- Do you have agreements with the destination farm (i.e. Animal Health, Vaccination, Breeding, Mortalities, etc)?
- Have you arranged transportation for your animals or do you require assistance to arrange transportation?
- What type of loading setup do you have?
 - chute to load?
 - portable panels?
 - set up for liner or trailer?
- Please describe the evacuation route (try to capture main notes)
- Is public access/egress impacted by livestock removal?
- Does the livestock owner have a return plan?
- Do your animals have any special identification/tags?
- Who will be hauling your animals (if it is possible, collect names of transporters)?
- How far is it and how long will it take to load & transport animals (you can help by looking on google maps)?

Information to Provide Producer:

- Form for filling out and signing and a way to get it back to you (scan & email, fax, photo & email)
- EMBC Policy 2.01 - livestock relocation for eligible farm businesses can occur during the evacuation alert stage set by local authority
- Reimbursement rates including costs for the return of relocated livestock will only be considered for a maximum of 96 hours (4 days) following an evacuation rescind, unless a specific exemption is approved by EMBC.
- Provide them with Invoice examples (if being used) for transporters and feed/housing providers

				\$3.40	\$140.00	\$ -
				\$3.40	\$140.00	\$ -
Total Transport 3 Outgoing						\$ -

Total Estimated Transportation Costs	\$ -
Animal Transportation Home (duplicated outgoing trip)	\$ -
Estimate Total Feed/Housing and Relocation	\$ 105.00

AGRI/Range staffperson	Date Completed

EMBC 2.01 LIVESTOCK RELOCATION REIMBURSEMENT RATE CARD 2015 (Revised 2018 AUG)
Feed and Housing During Relocation

Eligible Expenses	Reimbursement Rate	Unit
Birds: Broilers	\$0.15	per bird, per relocation event AND includes live animal transportation
Beef Cattle	\$4.50	per head per day
Milk Cows - first 14 days	\$24.00	per head per day
Milk Cows - after 14 days	\$12.00	per head per day
Young stock and dry cows	\$4.50	per head per day
Sheep	\$1.50	per head per day
Horses	\$7.50	per head per day
Swine - Grower/Finisher	\$2.00	per head per day
Milking Goat - first 14 days	\$5.25	per head per day
Milking Goat - after 14 days	\$2.25	per head per day
Young stock and dry goats	\$1.50	per head per day

Live Animal Transportation (one way)

Animal Type	Eligible Expenses	Reimbursement Rate	Unit	Reimbursement Rate	Unit
Beef Cattle	liner live animals 100 km or less	\$140.00	per liner per hour		
Beef Cattle	liner live animals >100 km	\$140.00	per hour loading/unloading	\$3.40	per loaded km
Beef Cattle	small loads live animals	\$85.00	per load per hour		
Dairy Cattle	liner live animals 100 km or less	\$140.00	per liner per hour		
Dairy Cattle	liner live animals >100 km	\$140.00	per hour loading/unloading	\$3.40	per loaded km
Dairy Cattle	small loads live animals	\$85.00	per load per hour		
Sheep	liner live animals 100 km or less	\$140.00	per liner per hour		
Sheep	liner live animals >100 km	\$140.00	per hour loading/unloading	\$3.40	per loaded km
Sheep	small loads live animals	\$85.00	per load per hour		
Horse	liner live animals 100 km or less	\$140.00	per liner per hour		
Horse	liner live animals >100 km	\$140.00	per hour loading/unloading	\$3.40	per loaded km
Horse	small loads live animals	\$85.00	per load per hour		
Swine - Grower/Finisher	liner live animals 100 km or less	\$140.00	per liner per hour		
Swine - Grower/Finisher	liner live animals >100 km	\$140.00	per hour loading/unloading	\$3.40	per loaded km
Swine - Grower/Finisher	small loads live animals	\$85.00	per load per hour		
Milking Goat	liner live animals 100 km or less	\$140.00	per liner per hour		
Milking Goat	liner live animals >100 km	\$140.00	per hour loading/unloading	\$3.40	per loaded km
Milking Goat	small loads live animals	\$85.00	per load per hour		

Clarifications
- Average capacity of a liner is 40 beef animals

There are 3 different scenarios for estimating transportation costs:

1. Small loads (not a liner)
= \$85 per load per hour
= (\$85 per load) x (hours for the trip)

2. Liner: loaded liner trip is less than 100 km
= \$140 per liner per hour
= (\$140 per liner) x (hours for the trip)

3. Liner: loaded liner trip is greater than 100 km
= (\$140 per hour for loading/unloading) + (\$3.40 per loaded km)
= (\$140 x hours for loading/unloading) + (\$3.40 x loaded kms)

Transportation Animal Types

Beef Cattle
Dairy Cattle
Sheep
Horse
Swine - Grower/Finisher
Milking Goat

Mortality Transportation and Disposal (that occurs during relocation)
Eligible Expenses -

Destination	Animal Type	Reimbursement Rate	Unit
West Coast Reduction	Beef	\$100.00	per liner per hour
West Coast Reduction	Dairy	\$100.00	per liner per hour
West Coast Reduction	Goat	\$100.00	per liner per hour
West Coast Reduction	Horse	\$100.00	per liner per hour
West Coast Reduction	Poultry	\$100.00	per liner per hour
West Coast Reduction	Sheep	\$100.00	per liner per hour
West Coast Reduction	Swine	\$100.00	per liner per hour
transport to other rendering/disposal method	Beef SW & VI Regions	\$170.00	per head
transport to other rendering/disposal method	Beef Interior Regions	\$250.00	per head

transport to other rendering/disposal method	Sheep	\$25.00	per head
transport to other rendering/disposal method	Swine	\$50.00	per head

GENERAL CONDITIONS:

- (1) The Livestock Relocation Rate Card is supplemental to the Provincial Support for Livestock Relocation during an Emergency Policy and Procedures. Conditions and Procedures outlined in those documents must be met.
- (2) The Province will only reimburse local authorities for relocation costs incurred when either an evacuation alert or an evacuation order is in place.
- (3) Livestock and livestock raising are defined under the Assessment Act in the Classification of Land as a Farm Regulation. It does not include hobby farms, animals kept within the confines of a home or the keeping of pets (such as members of the genus Canis or Felis).
- (4) The livestock listed within the rate card (poultry/beef/dairy/sheep/horse/swine/goat) represent a significant portion livestock produced in BC. For livestock not listed within the rate card, BC Ministry of Agriculture staff are available to provide advice and guidance in order to modify or apply an appropriate rate.

- (5) To be eligible for these rates, service providers must make arrangements through their local authority's Emergency Operations Center.
- (6) Provincial reimbursement of local authority livestock relocation expenses will continue for 96 hours after the evacuation alert or order has been rescinded to provide for a safe return of all livestock. This includes feed and relocation costs.
- (7) The relocation of livestock may unintentionally result in mortalities. Where mortalities cannot be left on the farm and must be disposed of off-farm, the costs for carcass transportation and disposal are based on whole animal rendering. A dead stock handler or a rendering company would handle carcass disposal. The

INSTRUCTIONS: HOW TO USE THIS WORKBOOK FOR EMERGENCY RESPONSE FOR AGRICULTURE

EXPLANATION OF WORKSHEETS

"Relocation & Feed Printable"	available to print or create pdf for local governments to distribute and/or provide directly to affected producer
"Relocation & Feed Worksheet"	worksheet for AGRI emergency responders to document information provided by producer and calculate estimates for livestock relocation and feed & housing while animals are displaced
"Premises ID information"	location to copy and paste Premises ID information into
"Rate Card 2016"	current rates for relocation and feed & housing as set by EMBC
"Emergency Hay Worksheet" UNDER DEVELOPMENT	responders/coordinators to document information provided by producer and calculate estimates for emergency hay amounts
"Emergency Hay Background Info" UNDER DEVELOPMENT	Similar to rate card, provides background information for emergency hay worksheet estimates
"Farm Access Permit Worksheet" UNDER DEVELOPMENT	in the event of a permit system designated by the local government, worksheet for AGRI emergency responders/coordinators to document information provided by producer

HOW TO USE THIS WORKBOOK

The workbook is set up to be the story for each individual producer. The local government has been activated and has requested AGRI assistance for livestock relocation. You are contacted to provide assistance to a producer in filling out the form and gather information to inform an estimate for the local government. Make sure to save a separate file for each producer and specify their name and farm name in the file name.

Step 1 - When speaking with the producer:

- 1.a. Ask the producer if they are registered with the Premises ID program. If they are, locate them on the Premises ID Online System by going to 'Account menu' on the menu bar and go to Search Accounts page. Use the search function to find the producer and confirm their contact information. If there is anything different than what is listed, write it down for future reference.
- 1.b. Go to **"Relocation & Feed Worksheet"** to capture relevant information to complete the appropriate sections (sticky notes are there to guide you).

Step 2 - Export Premises ID (PID) info:

- 2.a. In the Premises ID Online System once you have used the 'search' button the desired premises with contact information should appear in the table at the bottom of the screen.
- 2.b. Click on the 'Export Accounts (Full)' button. Click 'OK' on the confirmation dialog, and then choose the 'Save' option in the next dialog that pops up. The file name should be something like "Account_Search_20180517_0206.zip".
- 2.c. Browse to the Downloads folder using the 'Open Folder' option in Internet Explorer (or some other approach in a different browser) and find the zip file that you just saved (e.g. Account_Search_20180517_0206.zip).

Premises ID Online System

Login with your IDIR

<https://apps.nrs.gov.bc.ca/int/pid->

- 2.d. Double-click on the zip file and then double-click on the file that is in the folder. The file should have a name like Account_Search_20180517_0206.csv. It should open in Microsoft Excel.
- 2.e. Copy and paste entire information row into the **"Premises ID info"** tab. This will automatically fill out the relevant contact information in the **"Relocation & Feed Printable"** and worksheet tabs.

Step 3 - Provide the "Relocation & Feed Printable" to the producer for signature. You will need to convert it into pdf or print it (DO NOT SHARE THIS EXCEL FILE) and either email, fax or provide to on-the-ground person (e.g. Range staff).

Step 4 - Use the "Relocation & Feed Worksheet" to calculate cost estimates

4.a.

Livestock Type: There are drop-down menu selections for livestock type; if the animal is not listed there, use you are able to type into the cell [animal not in list]. The drop-down menus are linked to the grey cells and will autopopulate the appropriate rate for you. You will need to fill the rate in if you use the [animal not in list] line.

4.b. Live Animal Relocation: There are 3 types of transport to choose from; the questions highlighted in yellow will guide you to the appropriate box.

4.c. Farm site/Destination: If the farm's animals are going to multiple sites, scroll to the bottom of the worksheet for additional sites.

Legend	input cell that the responder is expected to fill out
	cell that contains calculations and does not need to be filled out

Livestock Owner has return plan? Estimated return time after Rescind order?	

Terms and Declaration

1. Eligibility:

- The Provincial Support for Agricultural Businesses procedure has been activated by the Province. It defines the level of risk to agricultural businesses and the specific actions required to address the threat.
- Call the Ministry of Agriculture toll free line at 1-888-221-7141 to confirm eligibility if necessary.

2. Conditions:

- Eligible expenses will be paid as per the Livestock Rate Card.
- Eligibility begins from the time an Evacuation Alert is issued and continues until 4 days after a “rescind order” is declared by the local government for that farm, unless a specific exception is approved by Emergency Management BC (EMBC). Note that an approved Form 514 is required.
- The Province and/or the Local Authority is not liable for any loss, including any loss from injury, sickness, death or reduced production incurred by the source animal owner or the host farm or any personal injury liability.
- Claims may be audited.
- The information collected will be used for administering and evaluating the Livestock Relocation for this event. Confidential or personal information is subject to provisions of the *Freedom of Information and Protection of Privacy Act*.
- As part of their normal operations, livestock care and transportation may be monitored by the Canadian Food Inspection Agency and/or animal care authorities.

Application completed by: s.3

I, s.3 have communicated the terms of the Livestock Relocation to s.3 (livestock owner).

Live Animal Relocation Transportation					
Question 1: Will small load(s) or liner(s) be used? If small load, go to Transport 1; If liner, go to Transport 2					
Transport 1. Small Load Live Animal Relocation (relocating from home)					
Type of livestock (and animal numbers)	Distance (km)	Total Transport Hours	Number of Loads	Rate (\$85/hour)	Total
Beef Cattle	250	5	3	\$85.00	\$ 1,275.00
				\$85.00	\$ -
				\$85.00	\$ -
				\$85.00	\$ -
				\$85.00	\$ -
Total Transport 1 Outgoing					\$ 1,275.00

Question 2: If liner, will one-way trip to destination be ≤ 100km or >100km? If ≤ 100km go to Transport 2; if >100km go to Transport 3					
Transport 2. Liner Load Live Animal Relocation ≤ 100km (relocating from home)					
Type of livestock (and animal numbers)	Distance (km)	Total Transport Hours	Number of Liners or Trips	Rate (\$140/hour)	Total
				\$140.00	\$ -
				\$140.00	\$ -
				\$140.00	\$ -
				\$140.00	\$ -
				\$140.00	\$ -
Total Transport 2 Outgoing					\$ -

Question 3: If liner >100km go to Transport 3						
Transport 3. Liner Load Live Animal Relocation >100km (relocating from home)						
Type of livestock (and animal numbers)	Distance (km)	Hours to Load/Unload	Number of Liners or Trips	KM Rate (\$3.40 per loaded km)	Load/Unload Rate (\$140/hour)	Total
Beef Cattle	250.00	1.00	2.00	\$3.40	\$140.00	\$ 1,980.00
Beef Cattle	250.00	1.00	1.00	\$3.40	\$140.00	\$ 990.00
Beef Cattle	250.00	1.00	3.00	\$3.40	\$140.00	\$ 2,970.00

Questions to Ask Producer:

1. Do they have a Premises ID? (If they do, look them up on Premises ID and confirm the contact information details)
2. Where are you located? (check on map and if you cannot locate the proper location you will need more info)
3. Do you have a farm of destination outside of high risk (evacuation order or evacuation alert) area?
4. Do you have agreements with the destination farm (i.e. Animal Health, Vaccination, Breeding, Mortalities, etc)?
5. Have you arranged transportation for your animals or do you require assistance to arrange transportation?
6. What type of loading setup do you have?
- chute to load?
- portable panels?
- set up for liner or trailer?
7. Please describe the evacuation route (try to capture main notes)
8. Is public access/egress impacted by livestock removal?
9. Does the livestock owner have a return plan?
10. Do your animals have any special identification/tags?
11. Who will be hauling your animals (if it is possible, collect names of transporters)?
12. How far is it and how long will it take to load & transport animals (you can help by looking on google maps)?

Information to Provide Producer:

1. Form for filling out and signing and a way to get it back to you (scan & email, fax, photo & email)
2. EMBC Policy 2.01 - livestock relocation for eligible farm businesses can occur during the evacuation alert stage set by local authority
3. Reimbursement rates including costs for the return of relocated livestock will only be considered for a maximum of 96 hours (4 days) following an evacuation rescind, unless a specific exemption is approved by EMBC.
4. Provide them with Invoice examples (if being used) for transporters and feed/housing providers

				\$3.40	\$140.00	\$ -
				\$3.40	\$140.00	\$ -
Total Transport 3 Outgoing						\$ 5,940.00

Total Estimated Transportation Costs	\$ 7,215.00
Animal Transportation Home (duplicated outgoing trip)	\$ 14,430.00
Estimate Total Feed/Housing and Relocation	\$ 54,366.00

AGRI/Range staffperson

Date Completed

Additional notes

S.3 \$1980.00 for return trip. They are still rounding up animals and have found a few on range. Using a stock trailer (transporter currently unknown) for those so estimate built into this sheet.

Questions to Ask Producer:

1. Do they have a Premises ID?
2. Where are you located, and is this the location for delivery? (check on the map and if you cannot find it, you will need to ask more questions to locate it, or ask for directions for delivery).
3. Do you have equipment available for unloading?
4. Is the delivery site accessible for commercial trailers?
5. Confirm percentages of range forage and/or private forage lost.
6. Collect further information on the livestock (EOC will only be asking basic info about species. See the drop down boxes for the breakdown into different sub-categories that you will need to know for calculating the amount of hay required).

Information to Provide Producer:

1. Form for filling out and signing and a way to get it back to you (scan and email, fax, photo and email)
2. Emergency Livestock Feed Program policies

Emergency Hay Background Information

*Yaks: Cow=25 lbs/unit, Bull =45 lbs/unit

EMBC 2.01 LIVESTOCK RELOCATION REIMBURSEMENT RATE CARD 2015 (Revised 2018 AUG)
Feed and Housing During Relocation

Eligible Expenses	Reimbursement Rate	Unit
Birds: Broilers	\$0.15	per bird, per relocation event AND includes live animal transportation
Beef Cattle	\$4.50	per head per day
Milk Cows - first 14 days	\$24.00	per head per day
Milk Cows - after 14 days	\$12.00	per head per day
Young stock and dry cows	\$4.50	per head per day
Sheep	\$1.50	per head per day
Horses	\$7.50	per head per day
Swine - Grower/Finisher	\$2.00	per head per day
Milking Goat - first 14 days	\$5.25	per head per day
Milking Goat - after 14 days	\$2.25	per head per day
Young stock and dry goats	\$1.50	per head per day

Live Animal Transportation (one way)

Animal Type	Eligible Expenses	Reimbursement Rate	Unit
Beef Cattle	liner live animals 100 km or less	\$140.00	per liner per hour
Beef Cattle	liner live animals >100 km	\$140.00	per hour loading/unloading
Beef Cattle	small loads live animals	\$85.00	per load per hour
Dairy Cattle	liner live animals 100 km or less	\$140.00	per liner per hour
Dairy Cattle	liner live animals >100 km	\$140.00	per hour loading/unloading
Dairy Cattle	small loads live animals	\$85.00	per load per hour
Sheep	liner live animals 100 km or less	\$140.00	per liner per hour
Sheep	liner live animals >100 km	\$140.00	per hour loading/unloading
Sheep	small loads live animals	\$85.00	per load per hour
Horse	liner live animals 100 km or less	\$140.00	per liner per hour
Horse	liner live animals >100 km	\$140.00	per hour loading/unloading
Horse	small loads live animals	\$85.00	per load per hour
Swine - Grower/Finisher	liner live animals 100 km or less	\$140.00	per liner per hour
Swine - Grower/Finisher	liner live animals >100 km	\$140.00	per hour loading/unloading
Swine - Grower/Finisher	small loads live animals	\$85.00	per load per hour
Milking Goat	liner live animals 100 km or less	\$140.00	per liner per hour
Milking Goat	liner live animals >100 km	\$140.00	per hour loading/unloading
Milking Goat	small loads live animals	\$85.00	per load per hour

Clarifications
- Average capacity of a liner is 40 beef animals

There are 3 different scenarios for estimating transportation costs:

1. Small loads (not a liner)
= \$85 per load per hour
= (\$85 per load) x (hours for the trip)

2. Liner: loaded liner trip is less than 100 km
= \$140 per liner per hour
= (\$140 per liner) x (hours for the trip)

3. Liner: loaded liner trip is greater than 100 km
= (\$140 per hour for loading/unloading) + (\$3.40 per loaded km)
= (\$140 x hours for loading/unloading) + (\$3.40 x loaded kms)

Transportation Animal Types

Beef Cattle
Dairy Cattle
Sheep
Horse
Swine - Grower/Finisher
Milking Goat

Mortality Transportation and Disposal (that occurs during relocation)

Destination	Animal Type	Reimbursement Rate	Unit
West Coast Reduction	Beef	\$100.00	per liner per hour
West Coast Reduction	Dairy	\$100.00	per liner per hour
West Coast Reduction	Goat	\$100.00	per liner per hour
West Coast Reduction	Horse	\$100.00	per liner per hour
West Coast Reduction	Poultry	\$100.00	per liner per hour
West Coast Reduction	Sheep	\$100.00	per liner per hour
West Coast Reduction	Swine	\$100.00	per liner per hour
transport to other rendering/disposal method	Beef SW & VI Regions	\$170.00	per head
transport to other rendering/disposal method	Beef Interior Regions	\$250.00	per head
transport to other rendering/disposal method	Dairy SW & VI Regions	\$170.00	per head
transport to other rendering/disposal method	Dairy Interior Regions	\$250.00	per head
transport to other rendering/disposal method	Goat	\$25.00	per head
transport to other rendering/disposal method	Horse SW & VI Regions	\$250.00	per head
transport to other rendering/disposal method	Horse Interior Regions	\$300.00	per head
transport to other rendering/disposal method	Sheep	\$25.00	per head
transport to other rendering/disposal method	Swine	\$50.00	per head

GENERAL CONDITIONS:

- (1) The Livestock Relocation Rate Card is supplemental to the Provincial Support for Livestock Relocation during an Emergency Policy and Procedures. Conditions and Procedures outlined in those documents must be met.
- (2) The Province will only reimburse local authorities for relocation costs incurred when either an evacuation alert or an evacuation order is in place.
- (3) Livestock and livestock raising are defined under the Assessment Act in the Classification of Land as a Farm Regulation. It does not include hobby farms, animals kept within the confines of a home or the keeping of pets (such as members of the genus Canis or Felis).
- (4) The livestock listed within the rate card (poultry/beef/dairy/sheep/horse/swine/goat) represent a significant portion livestock produced in BC. For livestock not listed within the rate card, BC Ministry of Agriculture staff are available to provide advice and guidance in order to modify or apply an appropriate rate.

- (5) To be eligible for these rates, service providers must make arrangements through their local authority's Emergency Operations Center.
- (6) Provincial reimbursement of local authority livestock relocation expenses will continue for 96 hours after the evacuation alert or order has been rescinded to provide for a safe return of all livestock. This includes feed and relocation costs.
- (7) The relocation of livestock may unintentionally result in mortalities. Where mortalities cannot be left on the farm and must be disposed of off-farm, the costs for carcass transportation and disposal are based on whole animal rendering. A dead stock handler or a rendering company would handle carcass disposal. The

Terms and Declaration

1. Eligibility:

The Provincial Support for Agricultural Businesses procedure has been activated by the Province. It defines the level of risk to agricultural businesses and the specific actions required to address the threat.

· Call the Ministry of Agriculture toll free line at 1-888-221-7141 to confirm eligibility if necessary.

2. Conditions:

- a. Eligible expenses will be paid as per the Livestock Rate Card.
- b. Eligibility begins from the time an Evacuation Alert is issued and continues until 4 days after a “rescind order” is declared by the local government for that farm, unless a specific exception is approved by Emergency Management BC (EMBC). Note that an approved Form 514 is required.
3. The Province and/or the Local Authority is not liable for any loss, including any loss from injury, sickness, death or reduced production incurred by the source animal owner or the host farm or any personal injury liability.
4. Claims may be audited.
5. The information collected will be used for administering and evaluating the Livestock Relocation for this event. Confidential or personal information is subject to provisions of the *Freedom of Information and Protection of Privacy Act*.
6. As part of their normal operations, livestock care and transportation may be monitored by the Canadian Food Inspection Agency and/or animal care authorities.

Form to be submitted to your local authority Emergency Operations Centre (EOC)

INSTRUCTIONS: HOW TO USE THIS WORKBOOK FOR EMERGENCY RESPONSE FOR AGRICULTURE

EXPLANATION OF WORKSHEETS

"Relocation & Feed Printable"	available to print or create pdf for local governments to distribute and/or provide directly to affected producer
"Relocation & Feed Worksheet"	worksheet for AGRI emergency responders to document information provided by producer and calculate estimates for livestock relocation and feed & housing while animals are displaced
"Premises ID information"	location to copy and paste Premises ID information into
"Rate Card 2016"	current rates for relocation and feed & housing as set by EMBC
"Emergency Hay Worksheet" UNDER DEVELOPMENT	responders/coordinators to document information provided by producer and calculate estimates for emergency hay amounts
"Emergency Hay Background Info" UNDER DEVELOPMENT	Similar to rate card, provides background information for emergency hay worksheet estimates
"Farm Access Permit Worksheet" UNDER DEVELOPMENT	in the event of a permit system designated by the local government, worksheet for AGRI emergency responders/coordinators to document information provided by producer

HOW TO USE THIS WORKBOOK

The workbook is set up to be the story for each individual producer. The local government has been activated and has requested AGRI assistance for livestock relocation. You are contacted to provide assistance to a producer in filling out the form and gather information to inform an estimate for the local government. Make sure to save a separate file for each producer and specify their name and farm name in the file name.

Step 1 - When speaking with the producer:

- 1.a. Ask the producer if they are registered with the Premises ID program. If they are, locate them on the Premises ID Online System by going to 'Account menu' on the menu bar and go to Search Accounts page. Use the search function to find the producer and confirm their contact information. If there is anything different than what is listed, write it down for future reference.
- 1.b. Go to **"Relocation & Feed Worksheet"** to capture relevant information to complete the appropriate sections (sticky notes are there to guide you).

Step 2 - Export Premises ID (PID) info:

- 2.a. In the Premises ID Online System once you have used the 'search' button the desired premises with contact information should appear in the table at the bottom of the screen.

2.b.

Click on the 'Export Accounts (Full)' button. Click 'OK' on the confirmation dialog, and then choose the 'Save' option in the next dialog that pops up. The file name should be something like "Account_Search_20180517_0206.zip".

2.c.

Browse to the Downloads folder using the 'Open Folder' option in Internet Explorer (or some other approach in a different browser) and find the zip file that you just saved (e.g. Account_Search_20180517_0206.zip).

Premises ID Online System

Login with your IDIR

<https://apps.nrs.gov.bc.ca/int/pid->

- 2.d. Double-click on the zip file and then double-click on the file that is in the folder. The file should have a name like Account_Search_20180517_0206.csv. It should open in Microsoft Excel.
- 2.e. Copy and paste entire information row into the **"Premises ID info"** tab. This will automatically fill out the relevant contact information in the **"Relocation & Feed Printable"** and worksheet tabs.

Step 3 - Provide the "Relocation & Feed Printable" to the producer for signature. You will need to convert it into pdf or print it (DO NOT SHARE THIS EXCEL FILE) and either email, fax or provide to on-the-ground person (e.g. Range staff).

Step 4 - Use the "Relocation & Feed Worksheet" to calculate cost estimates

4.a.

Livestock Type: There are drop-down menu selections for livestock type; if the animal is not listed there, use you are able to type into the cell [animal not in list]. The drop-down menus are linked to the grey cells and will autopopulate the appropriate rate for you. You will need to fill the rate in if you use the [animal not in list] line.

4.b. Live Animal Relocation: There are 3 types of transport to choose from; the questions highlighted in yellow will guide you to the appropriate box.

4.c. Farm site/Destination: If the farm's animals are going to multiple sites, scroll to the bottom of the worksheet for additional sites.

Legend	input cell that the responder is expected to fill out
	cell that contains calculations and does not need to be filled out
	important information or instructions
	contains formula and will perform calculation

sticky note

Provides prompts or instructions for the AGRI responder

relocated

Terms and Declaration

1. Eligibility:

- The Provincial Support for Agricultural Businesses procedure has been activated by the Province. It defines the level of risk to agricultural businesses and the specific actions required to address the threat.
- Call the Ministry of Agriculture toll free line at 1-888-221-7141 to confirm eligibility if necessary.

2. Conditions:

- Eligible expenses will be paid as per the Livestock Rate Card.
- Eligibility begins from the time an Evacuation Alert is issued and continues until 4 days after a "rescind order" is declared by the local government for that farm, unless a specific exception is approved by Emergency Management BC (EMBC). Note that an approved Form 514 is required.
- The Province and/or the Local Authority is not liable for any loss, including any loss from injury, sickness, death or reduced production incurred by the source animal owner or the host farm or any personal injury liability.
- Claims may be audited.
- The information collected will be used for administering and evaluating the Livestock Relocation for this event. Confidential or personal information is subject to provisions of the *Freedom of Information and Protection of Privacy Act*.
- As part of their normal operations, livestock care and transportation may be monitored by the Canadian Food Inspection Agency and/or animal care authorities.

Public Access/Egress impacted by livestock removal	[yes or no]		
Livestock Owner has return plan?	yes		
Estimated return time after Rescind order?	72 hours		

Terms and Declaration

1. Eligibility:

- The Provincial Support for Agricultural Businesses procedure has been activated by the Province. It defines the level of risk to agricultural businesses and the specific actions required to address the threat.
- Call the Ministry of Agriculture toll free line at 1-888-221-7141 to confirm eligibility if necessary.

2. Conditions:

- Eligible expenses will be paid as per the Livestock Rate Card.
- Eligibility begins from the time an Evacuation Alert is issued and continues until 4 days after a "rescind order" is declared by the local government for that farm, unless a specific exception is approved by Emergency Management BC (EMBC). Note that an approved Form 514 is required.
- The Province and/or the Local Authority is not liable for any loss, including any loss from injury, sickness, death or reduced production incurred by the source animal owner or the host farm or any personal injury liability.
- Claims may be audited.
- The information collected will be used for administering and evaluating the Livestock Relocation for this event. Confidential or personal information is subject to provisions of the *Freedom of Information and Protection of Privacy Act*.
- As part of their normal operations, livestock care and transportation may be monitored by the Canadian Food Inspection Agency and/or animal care authorities.

Additional Comments
s.3 has lost a significant amount of range due to the Lytton Creek wildfire. Currently he does not have fall pasture due to needing to get his second cut off and fix fences that were burnt. Once his second cut comes off in the next week (Sept.15) then he will be able to bring cattle back to the homestead and set up temporary fencelines. There are also issues with coordinating livestock transport over the long weekend and needs some time to be able to move cattle.

Description of evacuation route: Out to Hwy 97		Map attached	No
Public Access/Egress impacted by livestock removal	No		
Livestock Owner has return plan?	Yes		
Estimated return time after Rescind order?	within 96 hrs		

Terms and Declaration

1. Eligibility:

- The Provincial Support for Agricultural Businesses procedure has been activated by the Province. It defines the level of risk to agricultural businesses and the specific actions required to address the threat.
- Call the Ministry of Agriculture toll free line at 1-888-221-7141 to confirm eligibility if necessary.

2. Conditions:

- Eligible expenses will be paid as per the Livestock Rate Card.
 - Eligibility begins from the time an Evacuation Alert is issued and continues until 4 days after a "rescind order" is declared by the local government for that farm, unless a specific exception is approved by Emergency Management BC (EMBC). Note that an approved Form 514 is required.
- The Province and/or the Local Authority is not liable for any loss, including any loss from injury, sickness, death or reduced production incurred by the source animal owner or the host farm or any personal injury liability.
 - Claims may be audited.
 - The information collected will be used for administering and evaluating the Livestock Relocation for this event. Confidential or personal information is subject to provisions of the *Freedom of Information and Protection of Privacy Act*.
 - As part of their normal operations, livestock care and transportation may be monitored by the Canadian Food Inspection Agency and/or animal care authorities.

Horses originally evacuated under Form #1 to s.3 along with 149 sheep. The animals were then evacuated from s.3 and split up between two premises next door. This application reflects the Relocation for the period at s.3 in Vernon. Owners transported the horses but will be using s.3 as their truck is broken down and alert rescinded.

Sheep were relocated on August 9th from original location. Amending this application for approval for 28 days (premise off order/alert). Sheep are lambing and cannot be transported until after the lambing (in accordance with Health of Animals Humane Transportation Regulations). Non-lambing sheep cannot be separated as transport between current site and home farm is 2.5 hours making it impossible for owners to travel back and forth with the amount of work required. Sheep cannot be left alone at either premise due to predators and need for guardian dogs. Also amending application for return transport - owners transported during evacuation but may utilise third party provider to reduce # of trips. Estimate 10 loads - unknown about size of trailers as they still need to source return transportation.

Yes	I have arranged transportation. The service provider will submit invoices for payment		
OR	I need assistance to arrange transportation		
I need a chute to load	No	I need a chute to <u>un</u> load	No
I need portable panels	No		
Description of evacuation route:	Map attached		No
Hwy 33			

Public Access/Egress impacted by livestock removal No

Livestock Owner has return plan? No

Estimated return time after Rescind order? N/A

Terms and Declaration

1. Eligibility:

- The Provincial Support for Agricultural Businesses procedure has been activated by the Province. It defines the level of risk to agricultural businesses and the specific actions required to address the threat.
- Call the Ministry of Agriculture toll free line at 1-888-221-7141 to confirm eligibility if necessary.

2. Conditions:

- Eligible expenses will be paid as per the Livestock Rate Card.
- Eligibility begins from the time an Evacuation Alert is issued and continues until 4 days after a "rescind order" is declared by the local government for that farm, unless a specific exception is approved by Emergency Management BC (EMBC). Note that an approved Form 514 is required.
- The Province and/or the Local Authority is not liable for any loss, including any loss from injury, sickness, death or reduced production incurred by the source animal owner or the host farm or any personal injury liability.
- Claims may be audited.
- The information collected will be used for administering and evaluating the Livestock Relocation for this event. Confidential or personal information is subject to provisions of the *Freedom of Information and Protection of Privacy Act*.
- As part of their normal operations, livestock care and transportation may be monitored by the Canadian Food Inspection Agency and/or animal care authorities.

Application completed by: Carolyn Teasdale

I, Carolyn Teasdale have communicated the terms of the Livestock Relocation
to s.3 _____ (livestock owner).

each

When Needed

Mission

Attached EMBC Wildfire 2021 Emergency Feed Program Application Form and following notes from Chris:

- checking to see if EMBC is good with the attached wrt info that is being required of program applicants (any omissions etc from your perspective?). As a reminder AFF will be paying the invoices directly.

We've got some applications we're hoping to move hay to by Wednesday/Thursday if conditions allow. Actual transportation approval into an area will be coordinated through the local authorities.

The application form collects the same type of info that was required of applicants in 2017 and 2018 i.e. task #, incident #, farm contact info, physical location, livestock numbers/types to calculate tonnage and cost of hay, route details, AFF/RANGE evaluation and recommendations. Supplier and hauler info is not collected as it can change really quickly and frequently and doesn't impact the actual

total cost and volume.
This works from AFF perspective.

Expenditure Authorization Form – AMENDMENT (in blue)

EVENT	Wildfires 2021, Province of BC	DATE	September 23, 2021
EMBC Task #	Multiple across province		
EXPECTED duration	September 30, 2021 deadline remains unchanged		

Requesting Organization	Ministry of Agriculture, Food and Fisheries		
Authorized Representative	Willow Minaker (to Sept 25), Graham Knox (after Sept 26)		
Telephone:	Willow: 778 678-1498 Graham: 250-886-4761	Email:	Willow.Minaker@gov.bc.ca Graham.Knox@gov.bc.ca
Cell:	Provided above		

Description of expenditure:

After approval of the 2021 Range Rider Program (see attached submission email (July 23, 2021) and attached approval email (July 23, 2021)), uptake was swift, with ranchers appreciating the Province's support. Need is outstripping funds and an uplift of \$40,000 is requested. The deadline for funding application will remain unchanged.

Wildfire impacts are proving that several ranches were affected by more than one fire. This led to multiple moves for many herds, not the typical one to two moves seen in previous fires. Range Rider applications have shown some ranches were affected by three fires. In at least four fires, ranches encountered rough terrain, requiring a larger crew to cover the range and ensure rider safety. As in 2017 and 2018, fire volatility or lack of local government support restricted access to relocate cattle. As a result, more riders were needed on days access was granted or available.

As of September 22, 2021:

- The program has paid 60 riders for 2, 892 hours (241 days x 12 hour day) for a total of \$84,350.00
- A total of \$109,200.00 has been applied for to date
- The current EAF is approved for \$100,000.00
- There is one week left to apply for the program
- It is estimated that foreseen applications are valued at \$20,000.00
- Applications recently received for another 14 riders for 852 hours (71 days x 12 hour day), for a total of 24,850.00

	Budget
Approved EAF total	100,000
Expenditure to 09/22/21	84, 350
Current application overage	\$9,200
Forecast applications	\$20,000
Administration fee	\$13,000
Uplift request	\$40,000
2021 Program total	\$140,000

Background from original request:

Livestock have become dispersed on their Crown tenures due to wildfire activity across the province and/or are or are in the pathways of the expanding wildfires. Riders are required to gather and move animals: down to ranch homesites; to safer locations on their range tenures to shelter in place; herd animals through safe egress routes through burnt over sections of Crown range; move animals into liners/trailers for relocation due to wildfire threat; and manage relocated animals relocated to unfamiliar range tenures or other safe locations.

The scale and dispersed nature across the landscape of these activities in responding to extreme wildfire events are over and beyond normal ranch duties. Similar programs (approved and funded by EMBC) have been successfully implemented in relation to other wildfire emergency events (2017 and 2018) and have contributed to reduced losses and risk.

The BC Cattlemen's Association (BCCA) has previous experience in delivery of these programs and have offered to administer the program this year. During previous wildfire seasons Local Authorities and First Nations have indicated that they do not have the knowledge and ability to manage this type of program or provide the necessary insurance coverage for the range riders employed.

There are currently no other available private or government funding sources or programs available to support these emergency response activities that AFF staff are aware of. While AFF does administer several Business Risk Management Programs, these are not designed to support emergency response activities and are focussed instead on the post event financial recovery of agricultural producers. The proposed program is consistent with the objectives and intent of EMBC's *Provincial Support for Livestock Relocation During an Emergency* policy 2.01.

This request seeks approval for:

- I. A province-wide rider program accessible by ranchers needing assistance to gather and move livestock. A province-wide program will assure consistency of delivery across PREOC regions and EOCs within the regions. In alignment with EMBC policy 2.01, contracted riders could not be the livestock owners.
- II. The BCCA to administer the program, pay the third-party range riders, aggregate the invoices, and bill the applicable local authorities, which would then seek reimbursement through the regular EMBC process. Range Rider WCB liability will be covered by the BC Cattlemen Association.

Ministry of Agriculture and FLNRORD Range staff are aware and supportive of this request and BCCA as the delivery agent. Please see the attached approved EAF for details.

Amount Requested:	\$40,000	Expenditure not to exceed:	\$140,000
