Then:

Van/PG

AC: 8:00 am and arr in PG @ 9:12 am (not sure you'd make this one, only 10 min to get to this flight providing the AC to Van isn't late)

WJ: 8:35 am and arr in PG @ 9:43 am

The Luncheon is at the RBCM and once MNL briefs at 12:45 at RBCM, all the other briefings by other Ministers will be held in the Ned deBeck Lounge, here in the Leg. You will only be attending and giving your briefing at 4:00 pm, you won't be sitting in on the other briefings this year. The Agenda for the day has been uploaded to your iPad, if you'd like to see how the day will proceed.

Just chatted with Carolyn and she thinks you should attend the luncheon from 12:00-12:40 (approx.) and leave just prior to MNL giving his briefing, then s.22 , then it's to Caucus/QP/JDS Mining meeting/CWGMH committee meeting.

Apprenticeships delivering results in northern B.C.

DAWSON CREEK – A survey of former apprenticeship students shows that 91% of students who completed their training at public post-secondary institutions in northern British Columbia stayed in the North while earning a median hourly wage of \$31.

“This survey confirms that northern apprenticeship programs are producing skilled tradespeople who want to stay in the region where they trained,” said Advanced Education Minister Andrew Wilkinson. “Apprentices are also finding jobs that pay the highest wages of any region in the province.”

Highlights from the 2014 Apprenticeship Student Outcomes Survey for public post-secondary institutions in northern B.C. (i.e., College of New Caledonia, Northwest Community College and Northern Lights College combined) include:

- 86% of former apprenticeship students who responded were employed.
- 94% of respondents were “very satisfied” or “satisfied” with their in-school training.
- 16% of respondents were female, the highest level of any region in B.C.
- 59% of former apprenticeship students eligible to be surveyed in the region were in one of three program groups: welding and precision production (28%), industrial and heavy duty mechanics and other repair trades (16%), carpentry (15%).

"Our government is committed to preparing a skilled workforce that our growing economy needs," Peace River North MLA Mike Bernier said. "These survey results show how much British Columbians can benefit from fantastic jobs here in Northern BC, the heartland of natural resource development."

"Ensuring that students stay in our region to work will help keep our communities strong and vibrant," Minister of Jobs, Tourism and Skills Training and Prince George-Valemount MLA Shirley Bond said. "By working with our post-secondary institutions, we can continue to attract students to Northern post-secondary institutions so they can train and stay in the North."

"In order to keep people in our region, we need to continue to invest in skills training," Nechako Lakes MLA John Rustad said. "Creating accessibility to getting rewarding, high-paying jobs will help keep students in our region."

Northern institutions provide students with high-quality education that enables them to get good, family-supporting jobs after they finish school.

"I enjoyed my time at Northern Lights College, taking their 4th-class power engineering and gas process operations course," said former apprenticeship student Eric DeVries. "It helped me prepare for my new career in the oil and gas sector, and was instrumental in allowing me to obtain employment right out of college. I would highly recommend this course to anyone pursuing an entry into the sector."

"It's a great program for students!" said Bryn Kulmatycki, president and CEO of Northern Lights College. "Through student financial support to relocate and train in the North via the government of B.C.'s jobs plan, a student such as Eric reduced his career delay by up to a year, which translates into a year of income that would otherwise be lost. When calculated on a lifetime actuarial basis, that gain becomes a very large number."

The 2014 Apprenticeship Student Outcomes Survey is the tenth annual survey of former apprenticeship students. A total of 5,698 apprentices who completed their apprenticeship training at a B.C. public or private post-secondary institution between July 1, 2012 and June 30, 2013 were eligible. The survey was conducted from January to May 2014. There were 3,046 apprenticeship respondents throughout the province, for a response rate of 53%.

There were 169 respondents from College of New Caledonia, 77 from Northwest Community College and 64 from Northern Lights College for a total of 310 respondents from public post-secondary institutions in northern B.C.

Province-wide highlights of the 2014 Apprenticeship Student Outcomes Survey can be viewed in the BC Student Outcomes: The 2014 Highlights report at:

<http://outcomes.bcstats.gov.bc.ca/Publications/AboutPublications.aspx>

To view the 2014 Apprenticeship Student Outcomes Survey Report of Findings, which focuses on traditional apprenticeships, visit: [http://outcomes.bcstats.gov.bc.ca/WhatsNew/15-09-18/2014 Apprenticeship Survey Report of Findings.aspx](http://outcomes.bcstats.gov.bc.ca/WhatsNew/15-09-18/2014_Apprenticeship_Survey_Report_of_Findings.aspx)

Traditional apprenticeships are defined as programs with multiple levels of in-school technical training during scheduled leave from work for the purpose of training. The traditional apprenticeship designation hinges on the fact that apprentices must have completed all levels of training before receiving a certificate of completion.

The B.C. Access Grant for Labour Market Priorities allows students to access trades training, and includes a component for eligible students wishing to relocate to attend an eligible public institution: <https://studentaidbc.ca/explore/grants-scholarships/bc-access-grant-labour-market-priorities>

Dear Minister Rustad

On behalf of the BC Lions Football Club, we would like to extend a formal invitation for you and a guest to attend our BC Lions Skills for Life Summit, presented by Pacific Northwest LNG and the Province of British Columbia during the weekend of November 7th and 8th. The Summit will begin with students in grades 7-9 from around the province attending the BC Lions vs Calgary Stampeders game on Saturday, November 7th with kick-off at 4pm. The students will have access to watch the pre-game warm up from the sidelines at BC Place starting at 2:30pm. You are welcome to join the students as part of the pre-game experience and will have a choice of tickets to watch the game in the stands with the students, or in a suite hosted by Pacific Northwest LNG.

Please let us know if you are able to attend the game and if you would like to be part of the pregame sideline visit to watch the BC Lions player warm up as well as your seating preference for the game.

The educational portion of the Skills for Life Summit will take place the next day on Sunday, November 8th at Creekside Community Centre in False Creek, beginning at 9am and will run till 3pm. The formal introductions will take place between 9:30am – 10am.

Please RSVP to Jamie Taras, the BC Lions Director of Community Relations at jtaras@bclions.com by this Friday, October 30th with your confirmation of attending the game on November 7th and/or the Creekside Community Centre on November 8th and he will arrange tickets for you.

Thank you for your consideration to the above and we hope to see you the weekend of November 7th and 8th.

Sincerely,

Hi John,

For the Thursday, GeoScience dinner that you missed, we had already previously paid for that dinner for you. I'm currently trying to get reimbursement for the dinner, as I purchased this on my purchase card. If they will reimburse the \$99, then I can go ahead and claim dinner for you. If not, then we won't be able to claim dinner. I'll let you know once I have confirmed.

Thanks,

Connie Roberts

Just remove them. I've read them and I think they've been dealt with.
Thanks.

They look good. Should there be a letter that also goes to the CSTC tribal chief?

Hi Ed

This draft was approved by Neilane Mayhew.

Please review and confirm MO's approval. Staff have marked this as a RUSH (all 7 emails attached, need to be sent out today). Due to the All Staff, can you please have Rani send each email from the ABR Minister's inbox with pc's. Thank you.

Thanks,

So yes we have received it. We just haven't made a determination as when MCO can meet. Her schedule has been filled with committee this session. We will be making a determination soon.

On behalf of Pacific Western Brewing Company I would like to request a meeting with Minister Oakes to discuss the effects the recent changes in the markup system have affected the Brewery. We would prefer to meet the Minister in Vancouver if she has available time when she is there however we would arrange to come to Victoria if this is not possible. We realize that she has an extremely busy schedule at this time of the year so we will arrange to meet with her whenever and wherever she would be available. If you could let me know when she is available I will arrange for our Head Office staff to meet with her.

Yours sincerely,

Dear Chief Mitchell:

It was a pleasure to meet with Deputy Chief Sheri Green at the BC Cabinet-First Nations Leaders' Gathering on September 9, 2015, in Vancouver. My apologies on the delay for this follow-up letter.

I am greatly encouraged by the success of the gathering. The Province and First Nations Leadership Council hosted the three-day event in which over 520 individuals participated, including First Nations leaders, Cabinet ministers, and deputy ministers. At the gathering, First Nations leaders had the opportunity to raise the issues and ideas that are important to their communities. A number of First Nations leaders expressed that they believe that we have made progress and that the gathering provided us a great opportunity to foster key relationships.

I enjoyed the opportunity to meet with the Moricetown Band delegation. We discussed many issues and I feel confident in saying that there is a very good opportunity for the Province and Moricetown Band to work collaboratively towards strengthening our relationship. I look forward to visiting Moricetown on November 5th and to future meetings. I also look forward to working broadly with the Wet'suwet'en people to find ways to further meaningful reconciliation.
