

Background

The Crown Agencies Secretariat (CAS), under the Ministry of Finance, has strategic oversight responsibilities for Crown Agencies, including the BC Housing Management Commission (BC Housing). As part of this oversight responsibility CAS initiated two concurrent reviews (a Financial Systems Review and an Operational Review) of BC Housing in the context of increased borrowing capacity received in Budget 2018. The reviews provide the opportunity to perform a broad review, with the option of performing follow-up deep dives where warranted. In addition to s.22 the original review program includes s.22 to identify relevant information.s.17; s.21; s.22
