25	North Fraser	20141231	2015Jan 05	2015Jan09	9	Has violent and non compliant behaviours. She was a risk to other children in her previous foster homes. She is currently in an emergency relief home but that caregiver has another child coming back to the home from a visit and he would be at risk from s.22 so s.22 has to move today. We have called all resource offices in the lower mainland and no one has a suitable placement. We will call around again on Friday, Jan.02 in the event that something has changed. Please let me know if you require any further information.
