

Name of Out of School Care providers for before and after school care -Vancouver 2017/18

Notes:

"Location", "Waitlist", "Waitlist - Attending Kindergarten", "Waitlist - School Age (Grade 1 and up)" - are reported from facilities based on the questions on the 2017/18 Child Care Provider Profile and the questions: "Which of the following best describes the location of this facility?", "Do you currently have children on a waitlist?", "In your previous month of operation, indicate the number of children for each age group on the waitlist that needed immediate care".

This ministry does not continuously track or maintain waitlist numbers; providers are responsible for maintaining their own waitlist numbers if they have one. As waitlist information fluctuates regularly, and policies/definitions of recording children on a waitlist vary by child care provider, the waitlist information should be used with extreme caution and accurate waitlist information should be sought from the provider directly.

The waitlist information collected from the Provider Profile is not consistently reported on a site by site basis, and there is evidence of low quality data; the waitlist data are considered incomplete and require confirmation from providers.

The fields "Telephone", "Organization Name", "Facility Name", "Address", "City", "Province", "Postal Code", "OOS Spaces" are generated from CCOF administrative information.

As with all data collected through the Provider Profile survey, this information is used by the ministry with caution, and in conjunction with other program information sets.
