Subject: His Highness the Aga Khan's Visit to Vancouver

Hello Niki

I called your office yesterday and staff directed me to contact you.

The Ismaili Community is gearing up for His Highness The Aga Khan's visit to Vancouver on May 5 and 6, 2018. His Highness The Aga Khan has a following of 15 million world wide, as you can imagine we are very excited for his arrival.

We wanted to reach out to Minister Chen and introduce ourselves. Premier Horgan attended the Ismaili Centre, Burnaby in November of 2017 and I am not to sure if Minister Chen has had the opportunity to tour our centre. If not, we would love to arrange for a time for her and members of her staff to do that.

Also, in anticipation of His Highness's arrival, would it be possible for the Minister to read out a statement in the Legislature? MLA Kang graciously provided a statement two weeks ago regarding the Ismaili Community's achievement of reaching our target mark of one million hours of volunteer work Canada wide, in honour of Canada's 150th.

Attached is a backgrounder of His Highness's visit.

Please do let me know if Minister Chen would be willing to read out a statement in the Leg, we would be very grateful. Also please feel free to call me, I would love to answer any questions about our community and this historic visit by His Highness The Aga Khan.

Regards,

Honourable Minister Chen,

My name is Priya and I have contacted you and your team in the past regarding group childcare for children 3-5 years of age. Thank you for being open in this dialogue.

care. In Vancouver, there is a current shortfall of 10,000 Spaces for children 5-12 years of age.

Research shows that without after school care, children in this age group can be exposed to inappropriate information online, dangers around a home, and have a lack of self esteem.

In your mandate, making life more affordable is a highlighted. I have a solution to this by using existing infrastructure to accelerate after school care spaces. I also see an opportunity to have strong, sustainable and

innovative impact by empowering educators through an online platform. The platform is connecting parents to after school care providers while providing Science, Tech. Engineering, Art & Math (STEAM) programs.

I am excited to hear your thoughts on a solution to this invasive threat of lack of quality childcare in our city and cities across Canada.

Can someone on your team contact me- I'm ready to work together on a solution.

Hello,

My son's daycare decided not to opt in the child care fee reduction initiative BUT will increase the daycare fees. What should I do in order to get the fee reduction? What can you do to help out the families like us. Will you be able to get the daycare provider to change their mind?

Cheers,

Hi, as a parent of a school age child that attends before and after school care I wish to voice my concerns.

I have a unique point of view of being on both sides of this child care crisis in BC. s.22
s.22

You really need to look at this with addressing the staffing of all the child care needs first, then when there is staff, put in the extra needed places and give a break in the fees.

I feel you have done this all completely backwards by putting in spaces but no one to work them.

Students and children are the most important asset we have, and their learning is suffering because of the strain on this system, it needs to be fixed and fixed now. We need bodies to work with our children, we need these children to be the future leaders and if we, as educators and parents, are unable to support and teach them, we are totally screwed in the future.

March 26, 2018

Attention: Premier Hogan,

As you are aware the Child Care Budget plan was released in March. I am a licensed In Home Multi Age provider and have been operating my child care for the past 7 ½ years. The following are my concerns regarding this plan:

s.22

-The government has stated that new centres will be eligible for grants to open new centres yet I have never had assistance to purchase equipment or supplies.

-The government has stated that this is a 10 year plan yet there is no information or transparency as to what the future plan is or how will it affect the in home as opposed to the non profit centres.

s.22

-The plan also states that there will be thousands of more ECE's to fill positions yet there is a shortage of subs.

-ECEBC who is in partnership with the government only represents approximately 25% of the ECE's in the province.

-If I choose to opt out will I still be eligible for CCOF in future contracts.

I would appreciate clear answers to my concerns before I consider whether or not to opt in.

Thank you,

Dear Premier Horgan,

I want to applaud you on your recent step forward with childcare indicatives in BC. I think this is an amazing step forward in reducing childcare costs! s.22

s.22 I wish this policy had included all daycare. I understand that within budget constraints, not everything is feasible to implement at once. I also know that the cost of daycare for younger children is also much higher. The issue that I am having with this move forward is that I now s.22

Subsidy looks only at a monthly income, and does not take into account the cost of living. Rent has increased, gas has increased, and the cost of healthy eating has increased. s.22

s.22 In British Columbia this has been on going issue with a lot of new coverage over the years and I am glad finally there will be change. I am left wondering is s.22

Creating equality, means fair, equal access tor resources for everyone. Perhaps the solution is not only lowering daycare fees, but also reviewing the way subsidy is implemented. I can only assume that once the \$10 dollar a day comes in, subsidy will be abolished, so maybe not the most practical, but something to consider when reviewing other resource services for British Columbians. I know you are committed to BC Families, and I commend you for that. This isn't news to you, I am sure, but the current rate of daycare is causing families, more importantly children, to live in poverty. A parent should never have to decide between shorting daycare, rent, the grocery bill, or cutting their children out of sports. Having parents working boosts the economy, having parents reliant on income assistance does not. Having children live in poverty does not.

Thank you, Premier Horgan, for you time.

Sincerely,

Dear Honourable Mr. Horgan,

I am a licensed family child care provider in Comox, BC. I am writing to inform you of the sleeping giant that you have awoken, called CHILD CARE PROVIDERS of BC. We are at the centre of a storm brewing over the new NDP Budget. We believe your government has created a very difficult and disturbing situation for providers. In your much needed attempt to help families with day care cost funding, you have further burdened an already over burdened system. Providers work long hours with little return. s.22

s.22

We also do not want your government telling us we can not raise our already low rates in exchange for a ridiculous 10% CCOF (Child Care Operating Funding) increase. We, as providers, are already underpaid and over worked. Your government plans to increase child care spaces in the future, but the business of child care is not providing a living wage to its hard working mostly female work force. s.22

s.22 . The plan is flawed, is rushed, and the consultation process did not include all BC providers. Each provider's business, be it non-profit or profit (which you should know that ECE's do not pursue this profession to make money, I pay myself and pay a portion of my family bills), is unique. As my FCC is part time care only, my families who attend on Monday/Wednesday/Friday would only receive \$18 in fee reduction monthly, and the families who attend on Tuesday/Thursday would only receive a \$12 fee reduction per month. As it is, I am also not renewing the Child Care Operating Funding contract this year. I am in favour of the reduction of child care fees by the government, but this would have been better suited and more appreciated directly into the hands of families.

Mr. Horgan, you need to be aware that the providers are networking and discussing behind the scenes, and have been since the roll out of this chaotic plan started a month ago. We are united across the province, and although many providers are choosing to opt in, there is a growing level of providers who do not wish to be bullied into this program. The lack of timely and accurate information, and the time provided for making a decision that can ultimately affect mine and other providers future to be a government pawn, does not sit well with us. I have not touched on all of the issues we are experiencing in this brief email, but I wanted to wake you and your government up to what is to come. Please take the time to educate yourself on all facets of this situation or you could risk this initiative becoming a major failure for your government instead of making positive improvements to this important component for BC families.

Hello

I just wanted to send an email to discuss some issues with the child care deductions supposed to be happening in April. Most childcare facilities are now increasing fees due to this. In total
s.22

s.22 Not exactly something that is going to help families. How this was decided and rolled out was not great. It would have been more helpful to have an additional tax refund once you file taxes and show your receipt for child care? By limiting child care facilities from raising their fees for 3 years means that they are increasing their fees now. What would have been spread out each year is now being lump sum increased and even more every month. I am so disappointed as I voted NDP for a large reason for the \$10 daycare. We have gone from that to now in reality..... s.22 Not impressed at all.

s.22 but the prices for everything have gone up so much, living in the lower mainland is getting harder and harder.
s.22

I hope this is something you can look into further. I have contacted my local representative also.

Subject: Child Care Subsidy Accessibility (Individual and Policy Request)

Dear Katrina Chen and Niki Sharma,

Congratulations on your plan for building a universal public child care system. I am pleased that you are making bold steps to change a broken system, while providing immediate relief to many parents who need the support.

I am writing to see if you can help address another significant gap in the system. I am writing on behalf of s.22
s.22

experience completely mirrors the situations described in Part 7 of West Coast LEAF's report *High Stakes: The impacts of child care on the human rights of women and children*. As the report explains, "This policy can place single mothers without status, and particularly those who have left a violent relationship, in an impossible situation.

They need to show that they are financially independent to strengthen their case to stay in Canada, but they have not had and do not have access to the child care supports they require to be able to do that.”

I am writing to you to see if there’s any way you can support s.22 but also to re-evaluate the eligibility requirement as a whole. In our province, there are many families, who desperately need affordable childcare, in situations similar to s.22 and, in many cases, with less of a foothold in the restrictive Canadian immigration system. The *Convention on the Rights of the Child* requires that state parties render appropriate assistance to parents and legal guardians with child-rearing responsibilities and develop institutions, facilities and services for the care of children. It also requires states to ensure that working parents benefit from child care services. To truly become a universal program, we need to support all mothers living in this province regardless of their immigration status.

Please feel free to reach out to me by email at s.22 or by phone at s.22 If you would like to speak directly to s.22 you can try calling her at although please keep in mind that she may not be able to answer the phone during work hours.

Sincerely,

Dear Premier John Horgan, Minister Lana Popham and Minister Katrina Chen,

First of all, I would like to commend the BC Government for tackling the issue of childcare. It is truly unaffordable and incredibly difficult to find care. s.22

s.22

I was excited to hear about the new childcare fee reduction program when it was announced. s.22

s.22 As you can imagine, this is devastating for us. Please see attached letter from our day care provider explaining her reasons.

As you can see, our day care provider feels the government has failed to consult with childcare professionals and has not done an adequate job explaining these benefits to their small businesses. She also finds the contract difficult to interpret (I know government contracts need legal jargon, but couldn't a "layman's terms" interpretation have been included as a side bar to this document to help daycare providers interpret it?).

I understand the government is reporting an 85% opt-in rate, but according to the Childcare in Greater Victoria Facebook group (with approx. 10,000 members) it's not unusual for day care centres to be passing on this program (or at least saying they are waiting for more information). I want to know what the government is doing to better explain this program to providers to ensure a higher opt-in rate. I know the deadline has been extended 1 month; so what is the government doing during this period to ensure providers feel comfortable opting-in to this program?

It is not fair that families like mine are being penalized... we are not receiving any benefit simply because our children happen to go to a day care that isn't opting-in. Why is the fee reduction going directly to day care providers? Why can't families receive rebates directly (after proving day care costs via receipts)? I don't understand why the government has given the day care providers control of this funding. Who's to say that providers aren't going to jack-up their rates just before opting-in? (I know this is happening to a friend of mine – so instead of seeing \$300 worth of savings, she's only seeing \$125). If our provider decides to opt-in, I wouldn't be surprised if she increases her rates substantially before doing so.

s.22

The model the government has chosen to distribute this substantial investment to childcare in BC is flawed. It's not going directly to the families that need it most.

s.22

s.22

s.22 .. The NDP cannot afford to lose voters – but I can tell you right now, I'm leaning towards the Green Party for next election unless this government starts to get some things right. I am keeping the faith for now.

We're looking forward to hearing back from you. I am hopeful the government is realizing there is more work to do on this childcare fee reduction program.

Sincerely,
s.22

Subject: Opt in agreement

Hello Minister Chen,

My name is Helen Gill. I'm a Multi-Age childcare provider in Surrey. I need your help. You had mentioned in teleconference that Government will work with all type of care providers. I have advocated for Universal childcare along with families in my facility. It is great that the Government is moving forward with Universal childcare to make childcare affordable for families.

I had opted in to fee reduction program on March 27. My agreement was not approved as I had raised my fee. I sent in Documents to support the reason for fee increase. As a Multi -Age Group child care my fee was reasonable in my area. I provide 10-12 hours a day on daily basis care for children.

My contract was denied and said I have 30 to reply if I want it reviewed.

So I reduced the price of childcare fee so I can get approved and pass on saving to the parents.

I have phoned CCOF many times and I was told to wait until an adjudicator will contact me. I have sent a fax to your office and reaching out to you. I did call your office and confirmed that they have received the fax. Time is an essence for me for many reasons.

I have lost a family to another facility because I'm still waiting to get My agreement approved. I have two more families that might be leaving for same reason because I cannot give them reduction as I'm still waiting. s.2

s.22

s.22 I'm Licensed for eight children as I'm in residential area.

This is causing great stress to me and my family. Please let me know what I have to do to make changes to get approved.

I'm asking for help and reaching out to you before I end up losing more families and forced to shut down my business. I have reached out to Sharon Gregson on Childcare Coalition of BC, I have also reached out to Emily at ECEBC. s.22

s.22

Please take a moment to read my email and my fax and tell me how can I fix this contract to get approved . This is very urgent to me. I'm under lot of stress and I'm afraid that I might lose my business, my home and this will create more stress that is not good for my husbands health.

Looking forward to hearing from you.

Thank you

Helen Gill

Subject: Childcare Plan

Dear Mr. Hogan

I just wanted to give you a heads up. Your plan to increase childcare spaces will fail. If you are not aware the crisis in childcare is not lack of space but lack of staffing.

The reason for the lack of staff is because Early Childhood Educators are sadly leaving the field for higher paying jobs.

I have been in the field for 28 years. I proudly own my own preschool facility and have an amazing reputation.
s.22

I have hosted and taught 2 practicum students per year from the University of the Fraser Valley. Approx. only 50% of those students even enter the field. Choosing other positions like Educational Assistants in the school district. Those who do enter the field quickly learn the field is a dead end job and leave.

At least 3-4 times a year I have to close my preschool down because I can't find a sub if I or my staff are sick.

Your plan is backwards. You should have rolled out a wage subsidy for facilities first. Something that was done back in the 90s.

Your idea of focusing on Non-profits is also a slap in the face to all the hard working, underpaid, compassionate, dedicated, resourceful, caring, passionate, and proud childcare owners and operators. If you want to see a lack of childcare spaces watch how your disregard for us will be the straw that broke the camels back and force many to close our doors.

Recently I looked at purchasing a childcare center for sale in Chilliwack. I made the decision to hold off until your plan was put in motion. Am I ever glad I did not spend the s.22 on the home and center. It was beautiful but not if in 3 years I would be forced to go non-profit and lose my investment. So her facility sadly sits.

I recommend you take time to hear childcare providers. To visit facilities. To spend a day working in a daycare center. To talk to staff. You might regret how you rolled out your plan.

Sincerely

Nadine Knelsen

Dear Ms. Chen,

Hope this letter finds you well.

My name is Paul Titarenko, I am writing you on behalf of O3 Alliance Inc, an Ontario technology startup providing online services that help parents find quality Child Care Centers across the province. Our interactive web site offers maps, reviews, waitlists and online kids enrollment all in one place. <http://kindersit.com/Map/Search?a=bc1>

We really appreciate all your hard work in pushing early childhood education agenda and hope our services could help with your endeavor.

We are promoting Licensed Child Care Centers and Primary Schools for parents across Canada free of charges. As a startup our resources are quite limited, and it is hard to keep momentum without provincial cooperation. Any help you could lend would be greatly appreciated!

I hope you find our ideas valuable and we could work together to the benefits of British Columbia parents.

Best regards,

Paul Titarenko

Hi Caitlin,

I have attached the questions for you to review.

These are some of the concerns from a member which I totally agree with word by word. I myself employ 6 full time staff and 5 part time staff to operate my two businesses in Port Moody. I have over 60 children registered.

I have worked very hard to build my Child Care Centre and believe the NDP government is bullying Child Care providers without disclosing their long term plans/intentions. I participated in both webinars, and when I asked how ECEBC and the NDP were supporting small businesses there was dead silence and no response from the board. They then continued to thank all the providers and confirm my worst fear, the long term plan is for Universal Child

Care, non-profits and unions.

s.22

I employ over 20 staff, try my best to provide fair wages and benefits. Most importantly my team cares for over 100 children, everyday.

Please provide a more balanced story on this issue. CEFA is a bad representation of Child Care owners and certainly does not represent the majority of us!

Thank you for all your time regarding this timely sensitive issue.

Hello

I am a In Home Licensed Day Care Provider

I did send an other letter to you last week

Attached is a letter I had to send home with my clients yesterday to clarify the confusion of the Child Care Operating Funding program just released

This is now a follow up that is needed after the news release about the Child Care Funding this week

I truly feel the news Release from the NDP and The Ministry , who will also be getting a copy of this letter, was a sad attempt win the families support

It was an insult to many of us providers and we need to clarify the truth to the parents with children in child care faculties

thank you

Hi Cherie,

Best directions to site are attached. Draft Media Advisory attached.

Hi Mark,

Just following up on our call with you this morning to give you a sense of what to expect from our visit on Tuesday with Minister of State for Child Care Katrina Chen.

May is Child Care Month in B.C. As a way to kick off the month, Minister of State for Child Care Katrina Chen will visit the Hastings Park Childcare Centre (Infant and Toddler program) in Vancouver to meet with parents, talk about the child care fee reduction initiative and other key programs that will roll out as part of Childcare BC, and unveil the new brand for the program.

During the month, Childcare BC decals will be mailed to all child care providers who have opted in to the fee reduction so they have a visual way to indicate their participation in the program. Minister Chen will bring a decal for your site, and the decal can be placed on the window as part of the event. Thank you for working to find some parents who could stay to speak to Minister Chen for 15 minutes or so about child care, ask questions, share concerns and generally kick off the month. I have attached a consent and release form for parents to sign (as they may be in photos and videos) and if they are okay for their kids to be photographed, that would be helpful to know as well. Do you think we should order some coffee, tea and muffins for parents to enjoy/take away with them when they drop their children off or are they usually in a rush? If you can get a group of parents together (6-10) who are available to stay and talk to the minister, that would work well.

The meet and greet and media availability will happen during drop off, between 8 and 9 a.m. A draft program is included below.

Draft Program

Kirsten,

Don't worry –I'll pick up from Laughing Bean Café.

For media, they can sign-in at front entrance. If you can shoot me an estimated number this eve, that would be great.

There is a small lot right beside Centre that can be used, but parents tend to use for drop-off. Large PNE lot on north side of Coliseum is in close proximity and we are giving them heads-up.

Hi Mark,

I've attached our draft media advisory – hoping you can take a quick look to see if there are any other instructions/directions you'd like us to include for media who may attend. Do you have dedicated parking? Will they need to sign in upon arrival, etc.

As per our emails over the weekend, please do go ahead and invite the City officials. It will be good to have a few others on hand to help Minister Chen celebrate.

We do feel that it would be nice to have coffee and muffins on hand. I have some questions in this regard:

- How many muffins and how much coffee do you think we'd need to order?

- Is there somewhere close by that you've used before? If yes, do they deliver or would someone need to pick it up? (Karen is in a cab with signage, so delivery would be preferable).

Thanks,

Thanks,

Kirsten

Hi Cherie,

Best directions to site are attached. Draft Media Advisory attached.

Hi Mark,

Just following up on our call with you this morning to give you a sense of what to expect from our visit on Tuesday with Minister of State for Child Care Katrina Chen.

May is Child Care Month in B.C. As a way to kick off the month, Minister of State for Child Care Katrina Chen will visit the Hastings Park Childcare Centre (Infant and Toddler program) in Vancouver to meet with parents, talk about the child care fee reduction initiative and other key programs that will roll out as part of Childcare BC, and unveil the new brand for the program.

During the month, Childcare BC decals will be mailed to all child care providers who have opted in to the fee reduction so they have a visual way to indicate their participation in the program. Minister Chen will bring a decal for your site, and the decal can be placed on the window as part of the event.

Thank you for working to find some parents who could stay to speak to Minister Chen for 15 minutes or so about child care, ask questions, share concerns and generally kick off the month. I have attached a consent and release form for parents to sign (as they may be in photos and videos) and if they are okay for their kids to be photographed, that would be helpful to know as well. Do you think we should order some coffee, tea and muffins for parents to enjoy/take away with them when they drop their children off or are they usually in a rush? If you can get a group of parents together (6-10) who are available to stay and talk to the minister, that would work well.

The meet and greet and media availability will happen during drop off, between 8 and 9 a.m. A draft program is included below.

Subject: Fwd: Important: New Child Care Fee Reduction Program

Dear NDP government and its ilk,

I am writing to you because my daycare asked me to. As per email below, you are making their life (and of course our life) more difficult with your heavy handed approach. I would like to let you know that the new CCOF opt in program is a band-aid solution to a much larger problem.

Our daycare asked me to demand that you forge a proper consultation with small business daycares.

Our daycare also asked me to demand they receive the funding needed to continue to offer us affordable, quality childcare.

And, suffice to say, I expect that you will do nothing as you are just too arrogant and smug and try to hold on to power as long as you can while ruining the lives of British Columbians.

Subject: Important: New Child Care Fee Reduction Program

To:

Dear Parents,

As you may be aware from recent news reports, there have been some recent changes regarding childcare funding in BC. This is a joint effort between the Federal and Provincial Governments to help reduce the costs associated with childcare, to address the shortage of qualified educators and to increase the available spaces of child care.

The child care system in BC faces significant challenges in several areas. The most pressing

issues include:

- Affordability for all families
- Extreme shortage of quality licensed child care spaces
- Extreme staffing shortages and fair compensation for qualified educators

In the opinion of many industry insiders, the third challenge needs to be addressed before the other two. Ensuring educators receive fair compensation will help to attract quality people to the field and keep them there. This, in turn will enable facility operators who are currently faced with staffing shortages to increase the number of available spaces, resulting in downward pressure on rates and making day care more affordable to families.

Instead, the government has attempted to address the affordability issue by:

- Replacing the current subsidy program (effective September 2018) with a new “affordable childcare benefit” to help reduce childcare fees for families with incomes up to \$111,000.
- Introducing a Child Care Fee Reduction Initiative program which pays up to \$100 per child per month to child care providers who “opt in” to the program. The entire amount of this funding must be passed on in the form of a fee reduction.
- Increasing funding provided under the Child Care Operating Fund (CCOF) program by 10% effective April 1, 2018. Designed to help offset operating costs and reduce day care fees. CCOF funding is provided only to child care facility operators who opt in to the program.

All of this might sound good on the surface but a closer examination reveals that this program is deeply flawed and many believe it is driven by a hidden agenda to eliminate private, for profit child care centres. Specifically, following are some of the concerns being expressed by child care centre operators:

1. In order to opt in to the new CCOF program, operators are forced to give up control over their fees. All fee increases must be approved by the funding body and a two-year fee history must be submitted with the application. This gives rise to concerns about our ability to respond to increasing costs such as facility rent, staff wages etc. The implementation of the program is being rushed and operators are not being given sufficient time to consider the long term impact of this program.
2. Fair compensation for educators has not been addressed. Easily the largest problem for operators across BC is maintaining staff due to historically low wages. Our pricing structure has always been a difficult balance between parent fees, operating costs, and

staff wages.

If the government fails to increase funding for staff wages soon, the industry will continue to see a significant number of ECE professionals leaving for other fields of work. This may result in child care programs closing or the need to sizeably increase parent fees to top up staff wages.

3. While the new CCOF reduced fee incentive is beneficial to parents, as it currently stands, it has many unanswered questions from the entire early childhood education community (students, educators, families and owners). The unveiling of the new Child Care Plan has invoked utter chaos, frustration and anger. The time lines for implementation are far too tight, and the specific details vague and misleading. The Child Care Fee Reduction Initiative threatens to limit the operations of child care programs. We are being pressured to give up control of the programs we created with no guarantees for the future.

Hazelwood is actively participating in province-wide discussions, wherein all stakeholders are questioning and advocating for the rights of educators, students and owners to ensure that everyone's needs and best interests are addressed. The ECE community is petitioning the government for more details, more information, extended time lines and a revision of the Child Care Plan.

We are indeed very excited that our government will be helping to reduce the cost of child care for all families. We will make a decision about whether to opt in once we have much more information, the flaws are ironed out and we are confident that the government contracts we are signing are accurate and clear.

We sincerely apologize to parents who were looking forward to the reduced fees in April; however, we first have some serious work to do in collectively urging the government to address this child care plan and all its flaws.

Thankfully we can work together to obtain a new CCOF funding model. I encourage all parents to email the following members of government:

Premier Hogan- Premier@gov.bc.ca

Minister Conroy- MCF.Minister@gov.bc.ca

Minister Chen MCFD CC.Minister@gov.bc.ca

Dr Weaver Andrew.weaver.mla@leg.bc.ca

Sonia Furstenau Sonia.Furstenau.MLA@leg.bc.ca

Adam Olsen Adam.Olsen.MLA@leg.bc.ca

Andrew Wilkinson Andrew.wilkinson.MLA@leg.bc.ca

Mike Farnsworth Mike.Farnsworth.mla@leg.bc.ca

Let them know the new CCOF opt in program is a band-aid solution to a much larger problem. Demand proper consultation with small business daycares and demand we receive the funding we need to continue to offer you affordable, quality childcare.

Parent information sheets from the government have been attached.

Sincerely,
Patricia and Christine

Hi Cherie,

The purpose of Colin Ewart, BC Colleges, Craig Shether, YMCA and Heather Hepworth, Colleges of the Rockies meeting with Minister Chen is to discuss the government's early childhood objectives and how BC Colleges, with partners ie YMCA, could assist. College of the Rockies has a substantial and successful program and can provide context as it relates to colleges. Also the YMCA has an extensive network of centres and is involved in early childhood training. Preliminary discussions between BC Colleges and YMCA have taken place.

I trust this background information is what you are looking for. Please let me know if you have any other questions.

Thanks Cherie.

When she arrives she should get a guest credential from Registration which is on the main floor before heading up the lunch which is on the 5th floor. If she is bringing staff we need to now their names so they too can get a guest credential. Staff are not invited to the luncheon due to limited space but can sit in the visitors section. Hi Caitlin,
I have attached the questions for you to review.

These are some of the concerns from a member which I totally agree with word by word.

I myself employ 6 full time staff and 5 part time staff to operate my two businesses in Port Moody. I have over 60 children registered.

I have worked very hard to build my Child Care Centre and believe the NDP government is bullying Child Care providers without disclosing their long term plans/intentions. I participated in both webinars, and when I asked how ECEBC and the NDP were supporting small businesses there was dead silence and no response from the board. They then continued to thank all the providers and confirm my worst fear, the long term plan is for Universal Child Care, non-profits and unions.

s.22

I employ over 20 staff, try my best to provide fair wages and benefits. Most

importantly my team cares for over 100 children, everyday.
Please provide a more balanced story on this issue. CEFA is a bad
representation of Child Care owners and certainly does not represent the
majority of us!
Thank you for all your time regarding this timely sensitive issue.

Subject: New Childcare Fee Initiative

Dear Premier Horgan,

I am writing to voice my concerns over the recent new initiative made by your government to s.22

When we heard that the provincial government was going help alleviate some financial stress on our s.22 we were

cautiously intrigued. You've cut bridge tolls. You've cut down MSP. ICBC is in trouble. Gas prices at an all-time high...and climbing and and the carbon tax is hated by all. You're raising taxes elsewhere. People were fine paying for tolls - the bridge had to be paid. People were fine paying with MSP - the amount was based on one's income. I haven't saved 1 cent since your government came into power. Is this really going to happen for us? An s.22 s.22

No. It is not going to happen for us.

Why? Because your government did not effectively consult with daycare owners to come up

with an initiative that is beneficial to both working parents and our early child educators (“ECE”) and daycare owners. s.22

s.22

s.22 These educators, who care for my precious children, deserve to be well compensated, well paid and well treated. They deserve regular raises and good benefits. It’s not just me, a working parent, who needs to have more money in my pocket. My childrens’ educators do as well.

- Proposed savings per month by your government: \$350.

- Actual savings per month: \$0.

The concerns voiced by my childrens’ daycare centres, are as follows:

1. In order to opt in to the new CCOF program, operators are forced to give up control over their fees. All fee increases must be approved by the funding body and a two-year fee history must be submitted with the application. This gives rise to concerns about our ability to respond to increasing costs such as facility rent, staff wages etc. The implementation of the program is being rushed and operators are not being given sufficient time to consider the long term impact of this program.

2. Fair compensation for educators has not been addressed. Easily the largest problem for operators across BC is maintaining staff due to historically low wages. Our pricing structure has always been a difficult balance between parent fees, operating costs, and staff wages.

If the government fails to increase funding for staff wages soon, the industry will continue to see a significant number of ECE professionals leaving for other fields of work. This may result in child care programs closing or the need to sizeably increase parent fees to top up staff wages.

3. While the new CCOF reduced fee incentive is beneficial to parents, as it currently stands, it has many unanswered questions from the entire early childhood education community (students, educators, families and owners). The unveiling of the new Child Care Plan has invoked utter chaos, frustration and anger. The time lines for implementation are far too tight, and the specific details vague and misleading. The Child Care Fee Reduction Initiative threatens to limit the operations of child care programs. We are being pressured to give up control of the programs we created with no guarantees for the future.

If they are misguided, then let them know and arm them with more information.

As your average, working adult voter who doesn’t have much time to listen to every news release you direct at me or regularly dive into deep analysis of every political campaign promise and budget announcement. My impression of this initiative is that you are trying hard to provide financial relief to us parents with children in daycare, but it was done in such a cavalier-way that your government have no plan, no idea how this plan would be executed, funded and what LONG-TERM effects your plan will it have on the daycares in our communities. Your government did a very poor job of communicating with daycares on HOW this plan was going to be executed and with the information being spit-fired in such a

sporadic, inconsistent fashion, it suggests that your government is flying by the seat of your pants, that you are making this up as you go along and your actions do not raise any confidence in hopes that your government is in a leadership role.

So your childcare fee initiative is all only smoke and mirrors. The Liberals are all about the hive. The NDP is all about the worker bees. YOU need to find better ways and carve your own NDP legacy. Balance is key.

Subject: Please be strong and limit public funds available to for-profit childcare providers

To the Honourable Ministers Katrina Chen and Katrine Conroy,

Thank you for your government's work on childcare, including the fee reduction initiative, increasing subsidy, and increased capital grants. Low and moderate income people who never before could afford licensed childcare for their kids now can anticipate fees within reach. It's a big deal for those families, and those kids! To explain my own background on the issue, I'm a s.22

The strident opposition from corporate childcare providers is painful to see, and their efforts to align with family providers are obviously opportunistic. They were already notorious for paying the lowest wages while charging the highest fees in low quality facilities that barely meet licensing requirements, with programming that often overlooks principles of healthy child development. . It is unfortunately no surprise to see stories like this one in the Vancouver Sun this week:

<http://vancouversun.com/news/local-news/b-c-parents-frustrated-over-timing-of-fee-hikes-at-some-daycares>

For-profit group daycare, particularly large corporate providers, are clearly different from family childcare providers, and do not have the best interests of children and families at heart. Therefore, I urge you to be strong on the issue of limiting public funds available to for-profit providers. Public funds should not support private gain. Private childcares must be held to the strictest requirements of the Fee Reduction Initiative, if they must be eligible at all. To maximize quality of care and effective use of public funds, for-profit childcares should not be eligible for capital grants either - and certainly not at the same level as public or non-profit organizations. There is sound evidence behind such a policy, and the people of BC will appreciate the judicious use of their taxes. (It should be the same for private schools!) Thank you again for your hard work. The incredible progress this government has made on childcare has already changed the game for BC families. Future components like a strategy for a robust, fairly paid ECE workforce, and for increasing program quality (including restoring or increasing the minimum outdoor space requirements which were slashed by the BC Liberals) are eagerly awaited. Please stand strong on directing public funds to public and nonprofit childcare providers.

Sincerely,

s.22

Dear Honourable Mr. John Horgan,

I'm sure you are very busy, but I'm still waiting for a reply on the matter below.
Unsure if you received my email from March 22, I'm sending this again.
With the unfair funding amounts now in effect, I am anxious to receive an answer, and ideally a correction of the matter.
Meanwhile, I'm thinking the Supreme Court may be very interested to learn about the discrimination of parents and daycare providers.
Perhaps it would be possible to respond - or correct - within the next 5 business days, before this will be send to every media outlet in the country.

Regards,

Dear Honourable Mr. John Horgan,

Thank you very much for following through on your promise to make childcare more affordable. This is a great win for parents and daycare providers alike.

The new child care operating fund program has started to send out amended contracts to providers.

There is one point in these contracts that causes a huge problem with providers and parents alike:

The unfair funding amounts!

The parent cost reduction for a daycare spot in a group daycare is much greater than it is for the same child in a home daycare.

This leads to unfair advantage of group daycare providers, who are now able drop prices lower than home daycares. It discriminates home daycare providers and manipulates the marked through government prices towards group daycares.

It also discriminate parents that have no opportunity to attend a group daycare.

Their discount is essentially much less.

There is no difference between the care provided in a professional home daycare or a group daycare other than the number of children allowed.

Why are the funding amounts for parents different?

I am asking you for an official statement and an explanation as to why the government has decided to discriminate one parent over another, and why the government is discriminating home daycares?

This system represent a massive scale market manipulation that will - in the mid to long term - eliminate home daycares. These hard working people will lose their income and customers to large corporate style group daycares.

It seems very much like an illegal interference with free market concepts.

The government and any of its programs should not manipulate the marketing an unfair way.

I'm sending this message to you only and have not made this request public. I'm a true believer that you and your government can deliver on correcting such unfair treatment without a public stir - it might even provide you with an opportunity to shine as fair leader. Im hoping you are already aware of the outcry this has caused among providers and parents over the last weeks. It's time to take correcting action before this becomes yet another media-driven problem.

I'm look forward to hearing from you.

Thank you for taking this issue seriously.

Subject: Unbalanced Savings

I am writing to you because I thought you may be interested in noting the differences in fees available to my centre.

The NDP have implemented the Universal Child Care plan, but if you look at the numbers I have provided, you can see it is far from universal.

As a small business owner, I had hoped the fees would be the same for all centres and all families would receive the same advantages, however, that is not the case. I am an ECE and have been repeatedly informed that the difference is because Group care has more overhead. The group centres also have the ability to have more attendees to cover their overhead.

I urge you to bring these figures forward to the next session of parliament. I believe the NDP need to be held accountable for bringing forth an unbalanced scale for families and childcare providers.

Thank you for taking the time to review my letter. This plan will drive families out of small centres and into big box care because they will receive more money.

This chart clearly shows the difference in savings provided to families using the IHMA or Group MA centres.

# of days attending	Age of child	IHMA	Group MA
11	3-5years	\$33	\$55
13	3-5years	\$39	\$65

Dear Katrine Conroy: Minister of Children and Family Development and Katrina Chen: Minister of State for Child Care

It is with great disappointment that I am having to write this email to you personally, after already using so much of my personal time supporting the new Child Care Fee Reduction Program.

I am the owner/operator of Alphabet Zoo Early Learning Centre, located on Sooke Road in Langford and I have been in business for a little over two years.

I was one of the first providers to "opt in" to this new government program and I assured my families that it was a great start in reducing daycare fees for families, which I wholly support. However, receiving my letter stating that my facility has "not been accepted to participate in the Initiative" was above and beyond disappointing and frustrating. I had already given my parents all the reduced fees promised by the Ministry on April 1st, as I had no doubt in my mind that I would not be able to participate. Now, after being rejected, I have had to ask parents to repay those reductions so I can continue running my business.

It is the Ministry that is now not offering reduced fees for parents and not myself, so I have no choice but to forward the parents all your contact details.

The reasons for my company not being approved were that my fee increase did not appear to align with my historical fee pattern. How can it when I have no history and have only been in operation for two years? I did not raise my fees after one year of being in business and I waited for the two year mark. I receive the regular subsidy payments for some parents from the ministry, which has never questioned any history of fee increases, yet now I feel that this brand new program (that has no history itself) is punishing me for having no fee increase history until just prior to this program being introduced. I kept my parents fees lower than other

centres for two years and now that I find that that goes against me. That seems particularly unfair.

The ministry compared my facilities fee and increase with the median fee range charged by other group childcare providers in the service delivery. My fees and increase are on par, as I contacted ten centres within a 10km radius of my own centre to confirm this information, so I don't know what information the ministry is basing its decision upon.

I had many unforeseen expenses in the last year with lawyers fees, unplanned and beyond my control to prevent my landlords from selling the building that I lease. I also employed more staff - there are a dozen reasons why I can justify the increase in my fees and by only 2.2% (about \$20 per child). I have employed more staff and paid for them (and myself) to increase our personal education levels to ECE's or IT's, so I feel I am being excluded from this program without justification and my parents deserve this reduction from the ministry. I am worried now that this setback could potentially cost me business and parents may leave to find places at centres that are in the program.

As a two year old business, fee increases were needed to be raised to cover unforeseen costs, rises in operating costs as well as paying increases for staff. Would the Ministry have preferred that I raised my fees every quarter for my families prior to this to show a history of fee increases? If so, then my parents would be paying more.

I feel that I am being penalized as a new business for not having any history of regular fee increases and I am confused of how I was to offer this or hit this criteria if I am a new business.

I understand that new programs or initiatives will be introduced in the future for staff and education opportunities and I feel that this should've been made clear to providers before this initiative was rolled out. I have as a small business owner paid for and encouraged five employees to obtain upgrades from ECEA to ECE level and I am confused as why I should've done this to benefit the workforce and my families with qualified staff when I am unable to financially reward them for upgrading and contributing to the Child Care work force

By not approving my centre for this initiative, it will only penalize families, my business, my staff's job security and children will be without an amazing centre where they are cared for and nurtured

My point in writing this is to bring this to your attention, seeking your advice on how I can have this decision overturned so I am able to participate in this program that I support so I can benefit my families. I look forward to hearing from you in due course

Regards

Marianne Whitaker

Hi Niki,

Here's a message from facebook - let's see how we (or staff) can connect with her in the near future. Thanks!

Katrina

My email is info@consciouskidscare.com and my phone number is s.22

Hi Katrina, I am sure you are really busy and probably being bombarded but I'm feeling very lost and confused when it comes to the child care fee initiative. I own a large center in Maple Ridge (50 children a day and 15 staff). I really do want to "opt in" and pass the saving on to my families. I was hesitant at the beginning because of how it was proposed so quickly, and we were put in a bad situation where we had to make a choice very fast. That on top of the errors in the initial contract and the lack of information regarding the next steps had me very weary and I decided to hold off a bit to sign up. I still am hopeful that we can get some answers so that we can pass on the savings to families; but now I am hearing that most centers haven't received calls from adjudicators or even an answer to whether or not they are approved. Some centers even lowered their fee's and still haven't received the money or know what is happening. It honestly just seems like such a mess. I started my child care center because I am extremely passionate about how we raise our children. s.22

s.22

s.22 All that stress aside- I still LOVE my business. I feel blessed everyday that this is my job. I guess all I'm looking for in this is some understanding. I can't sign right now while it looks like an unorganized disaster. Either way I lose.. also if I do decide to opt in, are they going to turn me away because I turned it down originally and have been fighting the system for better contracts? s.22

s.22 What if I need to raise my rates so I make enough money personally? Isn't it my business? Would I be approved for that? I heard people are being put through the ringer for raising their fee's by \$10. I have no intention on raising my fees anytime soon but I'm terrified to hand over the decision making to the government, especially when it's very disorganized...I'm at a loss and I'm losing sleep.. what would you do?

Hello Katrina, We are setting up our first Multi-Age association meeting today. We are working hard to move forward to working with the ministry so we can give our feedback regarding a new standard of care within in-home childcare. I'm wondering if after we hear the call ins Monday and Tuesday that you might be able to do a call in meeting for our group we want to have another meeting in 2 weeks to gain more footing as far as the as far as the multi-age association goes. Today I'm going to remind our member that you truly do care and have been in constant communication since December. We believe in the plan that we have collective created and I proposed to you. I am currently finishing up my degree in the hope that we might be able to move forward with higher educational requirements which are so important for quality childcare. I think short term that if MA childcare can be equally seen to group for group licenses, it would be a huge step to

8:51AM

encourage programs to opt-in. We need to work towards this. It really is so important to acknowledge the ECE qualification for two reasons; 1. MA is at the tops of the family fee range so if we implement a fee increase to cover staff wages or educational requirements, we may not be approved, scaring away providers from opting in. 2. The fee reduction for families attending a group program isn't enough. Caregivers have said they will have families leaving their group program because they think we are lying or withholding the full fee reduction. I have had a couple families ask me this myself, until I explained it. You see family childcare is a pretty big insult to MA providers. CCOF funding is low which we are quite frustrated with due to ECE staffing needs and additional educational requirements to uphold our ECE license, but the fee reduction and family designation is very insulting to us. So that is a really big concern. If this were addressed, I know that every single MA would opt in without a doubt.

If you'd like to send me a letter to share with the multi-age providers, we are meeting from 12-1pm today. You can email it to me.

Good afternoon,

President Petter is looking forward to welcoming you to the **SFU Government Caucus Lunch on April 16th** and introducing members of his executive team, faculty deans, and SFU Board of Governors vice-chair, Chris Lewis.

In addition to the lunch, the president and most of the SFU delegation will be in Victoria from **mid-**

I look forward to hearing from your office. Please don't hesitate to have them contact me directly, if I can provide additional information.

Subject: MLA Sultan child Care Info

Hi Emily

Jonathan Barry received a call from MLA Ralph Sultan's constituency office this afternoon regarding the child care fee reduction initiative. The CA had received his telephone number from a parent, who in turn got it from a child care provider (the child care provider is refusing to apply to opt-in to the initiative).

He answered a few simple questions and then committed to sending links to where the information could be found online, as well as a program contact number.

Can you please forward this info below to MLA Sultan's office?

Thanks

Good Afternoon,

We are hosting a child care appreciation event for child care providers in the Tri-Cities on May 16th. The event includes a presentation on the Government of BC publication, "*Child Care B.C. Caring For Kids, Lifting Up Families: The path to Universal child care*". I'm inquiring whether you have printed publications for distribution as we would need 70 copies for the child care providers attending the event.

This booklet is copyrighted and if you are not able to provide us with printed copies, we would be grateful for written permission to print copies.

Subject: Child Care Fee Reduction Initiative

Dear Minister Chen,

Re; Child Care Fee Reduction Initiative

I have been a resident of North Delta since 1968 and have been a dedicated in-home multi-age child care provider in North Delta since 1990. I started out as a licensed-not-required family child care provider. I became licensed and obtained my ECE (Early Child Care Educator) in 1992. I have been providing quality child care since 1990 and provide a very valuable service to the community. I am hugely in favour of fee reduction for the parents and families of my community and across BC. The reason I am writing this letter are my many concerns with the roll out of the new child care fee reduction plan for parents and how it negatively impacts me and other family child care providers.

1. I am expected to determine how much each family in my child care is qualified to receive. The daycare already produces a fair bit of paperwork. I am not looking for more. I would rather spend my extra time (evenings) planning and prepping for the children's next day.
2. I am not allowed to increase childcare costs to the families without consulting the government and (hopefully) receiving their approval. When I started providing child care in 1990 I charges \$25.00 a day. Now I charge \$44.00. I am pretty sure I have not kept up with inflation. This is not a get rich profession but we do need to be able to stay afloat.
3. If we opt in we are not allowed to take more than 4 weeks of planned time off. This includes, in my case, 4 sick days and 2 professional days. So in effect, the government is allowing me to take 3 weeks vacation. I have been in this job since 1990. Had I stayed with the bank (my previous employ) I would have at least 6 weeks (paid) vacation by now. My vacation is unpaid. The parents do not pay me when I take time for a vacation so I don't know why the government feels the need to control my amount of time off. Every January the families receive a letter from me stating the times the daycare will be closed. They have the option of taking their vacation at the same time (which saves them money) or finding alternate care (usually relatives) while I am away.
4. I also feel the government wants to do away with family child care. I certainly hope this is not the case. I read somewhere that family childcare provides the bulk of the childcare spaces in BC. They also provide infant/toddler spaces at minimal cost to parents. The cost to operate an Infant/Toddler centre is immense because of the low adult/child ratio. Every FCC can support at least one infant and depending on the license (family or in-home multi-age) several toddlers. There are two more reasons family child care needs to remain. One, they offer parents a choice in the type of child care they want for their child. Not every child does well in a large setting. I have had so many families over the years that did NOT want their child in a large setting. They wanted a smaller, cozier environment with more one-on-one for their child. And the second reason many parents prefer family child cares is if they have two or more

children crossing different age groups. In family child care a family can have their baby and their preschooler in the same place. And who doesn't want that for their children. I know I sure did! And there is a third reason - a baby can be with the same caregiver until he/she leaves care. I have had children from 6 months old until they were 11 years old. What a wonderful comfort for the families to have a strong, long-lasting relationship with their care provider. I have been to graduation ceremonies and even a wedding of one of my children and I am invited to another wedding coming up. These types of bonds are special to family child care. Don't you dare take this away. Group centres cannot supply this.

5. Another huge concern is the lack of qualified providers. I work 5 (long) days a week. I cannot find a qualified ECE substitute. I see burnout on the horizon. And I am guessing many other providers feel the same way. The child care initiative has not addressed this BIG problem. The lack of qualified caregivers which leads to not enough spaces for our province's children. And of course, who would want to be a childcare provider when the income is low, their wages are capped (by the government) and the government dictates how much time off they can take. s.22

s.22

s.22

Many single people (women) cannot afford to provide childcare.

It does not provide a living wage.

I have worked hard to design and build a wonderful facility for children and parents. My husband spent many hours building, fixing and maintaining the facility. My children helped as they grew older. I have assumed responsibilities and liabilities that the government has not helped with or been involved with. The government did not have a hand in building my business and I do not feel they have the right to determine what I earn and how much vacation time I should have.

Thank you for taking the time to consider my concerns and I hope some changes can come from what should be a good plan for the people (children, parents AND caregivers) of BC.

Kind regards,

Rita Davis

That's great thank you.

The three that met with us had a follow up article done in the Maple Ridge News this afternoon. <https://www.mapleridgenews.com/news/private-daycare-operators-in-maple-ridge-opt-out-of-government-plan/>

These were the first articles before we met with the daycare providers last week.

<https://www.mapleridgenews.com/news/private-daycare-operators-fear-governments-plan/>
<https://globalnews.ca/news/4112702/concerns-from-private-child-care-providers-future-b-c-plans-wont-include-them/>

Staff will probably have a good idea of what to expect on the calls if they read these articles.

On another child care note, we recently received correspondence from a constituent stating that his child care provider has said they are being forced to increase fees because of the childcare subsidy, at least that is what constituent is saying.

Let me know if you need anything else from us.

Subject: Child care providers in Maple Ridge

Hi Niki,

Today Bob and I met with some childcare providers from our riding who shared their questions around the new child care initiative with us. We provided as much information and answers as we could, but many of the questions were more in-depth than we were able to speak to.

Below are some of the questions they have. One provider, Reaghan Gasparre of Little Willows Early Learning Child Care here in Maple Ridge, also wrote a letter which we were CC'd on to the Ministry, which I have forwarded here.

I hope you can have someone in the Ministry get back to them about their questions and clarifications around opting in.

jP Why are private daycares not able to access/be granted capital funding anymore? The providers said that it is only being given to non-profits now.

jP How can fees be increased to match non-profits and the wages they will pay staff once they opt in?

jP Questions around how the government is going to work with private facilities as they move to universal childcare.

jP Questions around if they opt in and then decide to opt out in the future. What would happen?

Hi Jarod,

Please see the answer to your question below.

Let us know if you approve of the response.

Q: Will the new child care initiatives announced in Budget 2018 affect the payment amounts parents receive from the Canada Child Benefit?

- Due to some of the Budget 2018 initiatives that are aimed at reducing parental cost for child care, some parents may experience a reduction in Canada Child Benefit payments as a result of having smaller deductible (e.g. out-of-pocket child care costs). In other words, these families which are experiencing reduced child care costs would not be able to claim for child care expenses they will no longer be paying.
- The impact of reduced child care expenses for any given family is highly dependent on the family's unique financial circumstances. Therefore, families with questions regarding how the new child care initiatives announced in Budget 2018 will impact their Canada Child Benefit should contact the CRA directly.

Sincerely,

Cherie Wilson

Hi,

Jasleen still doesn't have access to Cliff etc for MCFD. When you look her up in the GAL all her info has changed but AG is still attached to her name.

Is there something we can do on our end? She has restarted her Computer and still... ☹

Hi Caitlin,

I have attached the questions for you to review.

These are some of the concerns from a member which I totally agree with word by word. I myself employ 6 full time staff and 5 part time staff to operate my two businesses in Port Moody. I have over 60 children registered.

I have worked very hard to build my Child Care Centre and believe the NDP government is bullying Child Care providers without disclosing their long term plans/intentions. I participated in both webinars, and when I asked how ECEBC and the NDP were supporting small businesses there was dead silence and no response from the board. They then continued to thank all the providers and confirm my worst fear, the long term plan is for Universal Child Care, non-profits and unions.

s.22

I employ over 20 staff, try my best to provide fair wages and benefits. Most importantly my team cares for over 100 children, everyday.

Please provide a more balanced story on this issue. CEFA is a bad representation of Child Care owners and certainly does not represent the majority of us!

Thank you for all your time regarding this timely sensitive issue.

Hi Cherie,

Can you please coordinate with Rick Glumac's LA to find a time to call this provider together (Rick, Niki and I) - hopefully some time next week?

I don't see a phone number provided in the email so you may also need to ask Rick's CA for more information. Copying their office here. Thanks so much!

Katrina

Hello Minister Chen,

A local childcare provider, Karen Eddy, arranged a group of 9 childcare providers to meet with me on Saturday morning. This meeting was canceled by her late this afternoon (Friday), because I indicated that I would bring the president of ECEBC.

The need to disseminate accurate information locally is apparent. As such, I would like to host a public meeting, including Ministry staff, at the earliest opportunity, to be able to clarify the new program to interested parties.

Please let me know if this is possible or if there is another way to alleviate the fears that seem to be prevailing amongst some of my community. Families deserve affordable, quality childcare, and resolving misunderstandings or misrepresentations by others will help achieve our goals. Thanks!

Hi Emily

I will get the call in info re Telus for you today.

Jon was asking if you have already arranged this with the child care providers or does he need to contact them? Also, who will be with MSKC while she is on the call? Niki?

Thanks

Krista can provide the call in info.

On length of calls, it probably depends on how many people are expected to participate. Do you know?

As for staff, I will support the Minister on the calls.

Christine, would like to talk about the ability of the team to set these up and Emily can help with scheduling.

Hello Katrina, We are setting up our first Multi-Age association meeting today. We are working hard to move forward to working with the ministry so we can give our feedback regarding a new standard of care within in-home childcare. I'm wondering if after we hear the call ins Monday and Tuesday that you might be able to do a call in meeting for our group we want to have another meeting in 2 weeks to gain more footing as far as the as far as the multi-age association goes. Today I'm going to remind our member that you truly do care and have been in constant communication since December. We believe in the plan that we have collective created and I proposed to you. I am currently finishing up my degree in the hope that we might be able to move forward with higher educational requirements which are so important for quality childcare. I think short term that if MA childcare can be equally seen to group for group licenses, it would be a huge step to encourage programs to opt-in. We need to work towards this. It really is so important to acknowledge the ECE qualification for two reasons; 1. MA is at the tops of the family fee range so if we implement a fee increase to cover staff wages or educational requirements, we may not be approved, scaring away providers from opting in. 2. The fee reduction for families attending a group program isn't enough. Caregivers have said

8:51AM

they will have families leaving their group program because they think we are lying or withholding the full fee reduction. I have had a couple families ask me this myself, until I explained it. You see family childcare is a pretty big insult to MA providers. CCOF funding is low which we are quite frustrated with due to ECE staffing needs and additional educational requirements to uphold our ECE license, but the fee reduction and family designation is very insulting to us. So that is a really big concern. If this were addressed, I know that every single MA would opt in without a doubt.

If you'd like to send me a letter to share with the multi-age providers, we are meeting from 12-1pm today. You can email it to me.

The purpose of Colin Ewart, BC Colleges, Craig Shether, YMCA and Heather Hepworth, Colleges of the Rockies meeting with Minister Chen is to discuss the government's early childhood objectives and how BC Colleges, with partners ie YMCA, could assist. College of the Rockies has a substantial and successful program and can provide context as it relates to colleges. Also the YMCA has an extensive network of centres and is involved in early childhood training. Preliminary discussions between BC Colleges and YMCA have taken place.

When she arrives she should get a guest credential from Registration which is on the main floor before heading up the lunch which is on the 5th floor. If she is bringing staff we need to now their names so they too can get a guest credential. Staff are not invited to the luncheon due to limited space but can sit in the visitors section. Hi Cherie,

So the Minister will have to pay for the utility bill first and then submit it for reimbursement through us. An invoice coding sheet should be filled out and approved by Paula for reimbursement. I can help you with that as the CCLA coding is different than what you guys usually use.

As per the Legislative Assembly, the minister can have up to \$19,000 a year in rent and expenses reimbursed. That works out to \$1583.33.

Currently, the Minister's monthly rent is \$1225.00 and Furniture Rental is \$174.95 which totals \$1399.95. So she has a monthly average of \$183.38 left before she maxes out her CCLA.

Let me know if you have any questions.

HI SAIJA!

Minister Chen asked for me to touch base about the water bill they received in the mail at her apartment. We wanted to clarify if this is something you guys are in charge of or do we have the Minister pay it and then be reimbursed at a later date?

Also Minister Chen wanted to ask about the hold back that is on their Pay checks. Minister Chow and Minister Chen did a performance review and that has to be approved by a committee. After they are approved does the hold back get taken off or stay on?

Can you give us some insight on it. 😊

Good afternoon,

President Petter is looking forward to welcoming you to the **SFU Government Caucus Lunch on April 16th** and introducing members of his executive team, faculty deans, and SFU Board of Governors vice-chair, Chris Lewis.

In addition to the lunch, the president and most of the SFU delegation will be in Victoria from **mid-day on April 16 to mid-day on April 18th** and would welcome the opportunity to meet with you and staff to discuss how SFU might support the priorities of the ministry and the government. I would be happy to follow up with proposed items for discussion and list of attendees.

I look forward to hearing from your office. Please don't hesitate to have them contact me directly, if I can provide additional information.

Best regards, Nicole

Hi Caitlin,

I have attached the questions for you to review.

These are some of the concerns from a member which I totally agree with word by word.

I myself employ 6 full time staff and 5 part time staff to operate my two businesses in Port Moody. I have over 60 children registered.

I have worked very hard to build my Child Care Centre and believe the NDP government is bullying Child Care providers without disclosing their long term plans/intentions. I participated in both webinars, and when I asked how ECEBC and the NDP were supporting small businesses there was dead silence and no response from the board. They then continued to thank all the providers and confirm my worst fear, the long term plan is for Universal Child Care, non-profits and unions.

S.22

I employ over 20 staff, try my best to provide fair wages and benefits. Most importantly my team cares for over 100 children, everyday.

Please provide a more balanced story on this issue. CEFA is a bad representation of Child Care owners and certainly does not represent the majority of us!

Thank you for all your time regarding this timely sensitive issue.

I myself employ 6 full time staff and 5 part time staff to operate my two businesses in Port Moody. I have over 60 children registered.

I have worked very hard to build my Child Care Centre and believe the NDP government is bullying Child Care providers without disclosing their long term plans/intentions. I participated in both webinars, and when I asked how ECEBC and the NDP were supporting small businesses there was dead silence and no response from the board. They then continued to thank all the providers and confirm my worst fear, the long term plan is for Universal Child Care, non-profits and unions.

s.22

I employ over 20 staff, try my best to provide fair wages and benefits. Most importantly my team cares for over 100 children, everyday.

Please provide a more balanced story on this issue. CEFA is a bad representation of Child Care owners and certainly does not represent the majority of us!

Thank you for all your time regarding this timely sensitive issue.

Hi Emily

Jonathan Barry received a call from MLA Ralph Sultan's constituency office this afternoon regarding the child care fee reduction initiative. The CA had received his telephone number from a parent, who in turn got it from a child care provider (the child care provider is refusing to apply to opt-in to the initiative).

He answered a few simple questions and then committed to sending links to where the information could be found online, as well as a program contact number.

Can you please forward this info below to MLA Sultan's office?

Hi Cherie

Minister Chen met with the Indigenous EY Advisory Committee today. It went very well and they were so happy to hear from her. They felt like she was very engaged in the file and committed to the work going forward.

At the end of the call Minister Chen indicated she had an interest in meeting with the group face-to-face. Staff are in the process of setting a face-to-face with this group in June. Can you please indicate some days she has availability to participate (in Vancouver). Timing – anywhere from 1 hour to ½ day would be ideal.

Good morning Kirsten,

We are working on an event to announce \$815,000 in funding to support the delivery of an Early Childhood Education and Care (ECEC) program at Vancouver Island University's Cowichan Campus in partnership with Stz'uminus First Nation and Cowichan Tribes. The program was a submission through our ministry's Aboriginal Community-Based Training Partnerships program call for proposals, but the funding was a partnership between AEST and CFD.

VIU and our MO have agreed on a date of May 22. MO has requested that the event be at 11 am.

Would Minister Conroy be available to speak?

Place: 6050 – 176 Street, Cloverdale (Shannon Hall, Cloverdale Exhibition Grounds)

Hi Cherie,

Just following up on our earlier conversation, I've spoken to PICS to see if any additional MLAs were invited to the opening. They mentioned that Jagrup Brar has also confirmed today that he will attend but there are no other changes to the guest list. However, if the Minister would like to invite any other MLAs, the centre would be happy to accommodate that.

We normally work through the Minister's Office to coordinate MLA attendance at events – would you be able to reach out to any other MLAs that the Minister would like at tomorrow's event?

If you need to contact PICS directly, I've been working with Judy Pavlovic. Her number is 604 596-7722 (ext, 105), email Judy.Pavlovic@pics.bc.ca

Please let me know if you need any further information,

As for the second part of the CA's question I could request a consent form and send in for MLA bullets or ask for the contact info for this provider so that they can be contacted directly? Please let me know what works best from your perspectives.

The second question below is similar to the MLA Thomson email. There may be a issue there with the response being sent?

Please advise. 😊

Hi Edena,

I know you've indicated in the past that we're to direct people who have concerns about various childcare programs, including both existing programs and the new childcare fee reduction initiative to contact the following directly instead of going through the MLA office.

email: mcf.ccof@gov.bc.ca, MCF.Minister@gov.bc.ca or EarlyYears@gov.bc.ca .

I have a couple of constituents / groups who I just wanted to double check with you as to the correct

person to contact.

1. Group of parents wants to advocate for to support a \$25/ hr wage for ECE's . Which contact should I give them to direct their advocacy towards?
2. Childcare provider has concerns about the current way the childcare operating fund is set up and how multi-age group daycares are categorized if they are in the providers home. She has written already and received a non-answer that does not address the point she brings up. She has drafted a response and asked this office to follow up.

When you get a chance maybe you can just give me a quick call. I'll be in the office most of today- will be away from my desk from 2-3pm for about an hour.

Thanks Cherie!

Can you tell me which inbox is the one that Niki has shared? I'm assuming I can access it by adding it to my outlook but I'm not sure which one it is... We can also discuss tomorrow if that's easier.

Hi Cherie,

Further to our conversation, you can find the list of available workstations on our Service Request forms by clicking on Workstation > Hardware > New Workstation. I've included a screenshot for your reference, and you can contact the FIN IMB Service Desk at 78912@gov.bc.ca or by phone at 250-387-8912 if you need assistance filling out the Service Request form for the workstation. If you require a loaner for Jasleen in the meantime, please let PREM Tech know.

Penny – can you please contact Cherie about adding a phone line to the Minister of State's Office? Jasleen is joining the office as an additional MA, and it is not part of a shuffle. Start date is April 23.

The screenshot shows the 'Service Request Form' interface. On the left is a navigation menu with 'Home' and '0 items' at the top, followed by 'Expand All' and a list of options: 'Hardware' (selected), 'Change Workstation User', 'New Workstation', 'Add Hardware', 'Move Workstation', 'Other Hardware Related Request', and 'Software'. The main content area is titled 'Service Request Form' and has tabs for 'IDIR', 'Workstation' (selected), 'Mobile', 'Telephony', and 'Project/Other'. Below the tabs are two main sections: 'Checkout Information' and 'Request Details'. The 'Checkout Information' section includes 'Install/Shipping Info' with fields for 'On-site Address', 'On-site Contact Name', and 'On-site Contact Phone' (with a note '10 digits, no spaces'). Below this is 'Billing Information' with fields for 'Account' (filled with 'FIN-INFORMATION MANAGEMENT B'), 'Ministry Number' (filled with '022'), 'Responsibility Centre' (filled with '32150'), and 'Service Code' (filled with '34050').
