Hi Les,

Just wanted to confirm with you that the changes I can see here are ones we discussed from your perspective? It looks like that for me. I can see we now have the "actuals" in the box as the Minister discussed. There are some other format changes. It would appear to me to be good to go and as the Minister agreed to. Are you in agreement?

Thanks,

Edena

Hello Sheila,

Sorry for the delay. It has taken us a little while to find the information.

After some research by Ministry staff it was found that there had been a fund available to foster parents for buying Christmas presents for their foster children however it was cut in 2003 as part of larger budget reductions to the ministry by the previous government.

If you have any questions please let me know.

Cheers,

Hi Edena,

Thank you for your response.

Could we just consider this a general question not specific to this constituent. Do foster parents receive a Christmas Bonus for each child in their care? Why are family foster parents not considered in this bonus system?

I could ask this constituent to come to the office to sign the consent. With the time lapse from December 01st I would be sheepish to phone her now and ask for her to drive here to do this. This request would also be compounded by the fact that **s.22**

Good morning Sheila,

Param Grewal, EA for Minister Sims, contacted me regarding an email you had sent him on December 1st. I have copied it below and it is regarding **s.22**

s.22

Unfortunately your email was directed to the wrong Ministry and there has been a delay in responding.

MCFD is the appropriate ministry to respond to this question, not Citizens' Services. Since the constituent question had to do with a Christmas bonus for foster parents I am not sure if it is still a question that the constituent wants to receive an answer?

If so, I have attached the new MCFD consent form that needs to be filled out and signed by both yourself and the constituent before I can forward to the Ministry for more information. I have also attached the MLA Quick Guide to Services for MCFD for more information.

Please let me know if you have any questions.

Dear Katrine Conroy,

This past November, I sent an invitation to you and a guest to join us at the opening ceremonies of the [Moving Trans History Forward conference](#), the evening of March 22nd, 2018 at the [University of Victoria Continuing Studies Atrium](#). According to our records, you have not yet had a chance to send us your RSVP. **Please RSVP as soon as you are able, preferably by Feb. 15th, to let me know that you will help us to move trans history forward by joining us for the opening ceremonies.** For your convenience, I've inserted your invitation below.

As you know, every two years the [Chair in Transgender Studies](#) and the [Transgender Archives](#) host [Moving Trans History Forward](#) conferences. These conferences are among the largest transgender-focused conferences in Canada. Our last conference spanned four days, Thursday evening to Sunday noon and attracted people, teens to octogenarians, from all across Canada and the US, as well as folks from Mexico, Germany, Sweden, the UK, and Japan. We had a very healthy mix of trans community people, allies, students and academics. Our signature Founders Panel and all of our arts events were open to the public.

Almost everyone who responded to our request for feedback said that they made many or some new connections at the conference (95%) and said that they would recommend MTHF to their friends or colleagues (86%). Almost three-quarters said that it was either one of the best conferences that they had ever been to (20%), or that it was a great conference (53%).

The next Moving Trans History Forward conference, coming up soon, is March 22nd-25th, 2018. The conference will feature keynote addresses by celebrated Canadian Two-Spirit artist [Kent Monkman](#) and [Andrea Jenkins](#), the first black trans women elected to political office in the US. We will have special panels with presentations by youth activists and founders of transgender activism. We expect about 250-300 attendees to come from UVic, the local region, across Canada and the US, and from several countries abroad.

Trans, non-binary, and Two-Spirit people comprise only 0.5% of the general population. A conference like this is important because although the internet has been a tremendous boon in allowing trans, non-binary, and Two-Spirit people to have a sense of virtual community, most trans, non-binary, and Two-Spirit people remain isolated and suffer considerable social stigma.

Opportunities to engage in-person face-to-face conversations with peers are infrequent. Rarer still, are occasions that allow large numbers of people with similar interests, a majority of them trans, non-binary, and Two-Spirit, to gather in one place for four days.

I'd like to invite you to join us at the opening ceremonies of the Moving Trans History Forward conference, the evening of March 22nd, 2018 at UVic's Continuing Studies Atrium. You won't want to miss opening night speaker Isabel Rose, a singer, performer, and activist, who will speak as the passionate mother of her trans child. Your attendance will send a powerful message about your support for inclusion, and would be incredibly meaningful for people coming from places where trans, non-binary, and Two-Spirit people are pointedly not welcome. **Please RSVP as soon as you are able, preferably by Feb. 15th, to let me know that you will help us to move trans history forward by joining us for the opening ceremonies.**

Thank you!

Response:

- ¶ The *Child Family and Community Services Act* and MCFD policy states that MCFD first try to engage collaboratively with parents to complete the required steps to follow up child protection reports (Family Development Response). However, when such cooperation is not achieved MCFD are still required to assess children's safety and do so under an Investigative Response, which does not require the parents' consent.
- ¶ To discuss further, the constituent may contact Director of Operations, Shashe Chaudhary at (604) 660-9544.

Please see below a mothers concerns. I am wondering if this needs DM signature as the writer has sent this to both MKC and DM Bond. I am not sure? There is a second email I will send right after this one. She asks MCFD to not send her a generic response.

Thoughts?

Sorry for the questions... I am learning. :)

Hi Emily,

We think this request to meet with MKC is for a Victoria meeting. They are not constituents so we believe they are planning a day of meetings in the Legislature.

They are looking at March 5th as a booking date. I would guess that they are trying to meet lots of MLA/Ministers that day. I am not sure if caucus will ask for people to meet with them? MKC's schedule looks very busy that afternoon but possibly morning time? I would not think it urgent she do this unless there is a request by caucus.

Thanks,
Edena

Dear Minister Conroy,

RE: Meeting request concerning improved oral care

I am writing to you on behalf of the British Columbia Dental Hygienists Association (BCDHA) and the Canadian Dental Hygienists Association (CDHA) to request a meeting on Monday, March 5th. Our two organizations will be gathering in Victoria to meet with elected officials and other key stakeholders to discuss advancements in preventative oral healthcare and improvements to the scope of practice legislation.

Access to professional oral care is vital to the maintenance of good oral and overall health. Our groups work to ensure everyone has access to a high level of service and care. Good oral health is also important for supporting economic and social wellbeing, and we look forward to speaking with you about how it can be supported in B.C.

Formed in 1964, the British Columbia Dental Hygienists Association represents nearly 3,600 member dental hygienists across the province. We are dedicated to the principle that all British Columbians should have access to the quality preventative oral health services dental hygienists provide. BCDHA is the professional association for dental hygienists, providing members with practice supports and tools, continuing education and advocating on behalf of the profession. CDHA, our national organization is the collective national voice of more than 29,000 dental hygienists working in Canada.

It would be greatly appreciated if you are able to make time for a short meeting on March 5th to meet with us and our colleagues. Please confirm your availability with Emily Gale at emily@impactcanada.com. She will be following up with your office shortly to confirm receipt of this letter. We are looking forward to hearing from you and your consideration is appreciated in

advance.

Sincerely,

Hon. Doug Donaldson, Hon. Katrine Conroy, Hon. Lisa Beare, Hon. George Heyman
Attached please find a copy of a letter addressed to our Premier, John Horgan. I understand that each of you, as members of Cabinet, may have responsibilities in regard to the FLOOD activities outlined in my letter, and may be able to effect changes that I am recommending.
First of all, the control of the Penticton dam and Okanagan Lake levels needs to be taken out of the hands of officials in charge during 2017. Perhaps several new officials could work as a team. This could be effected by you, Minister Donaldson.
Secondly, the area of Big White is in the constituency of Hon. Katrine Conroy. Katrine, I am a big fan of yours and remember how diligently you worked on other issues when I – ☺☺
Floods in the Kettle River drainage (where most Big White runoff flows) are a direct concern.
Thirdly, changing weather patterns, and new rainfall/snow variations in the Environment may need to change parameters of how low Okanagan Lake is allowed to go in anticipation of major run offs. Impacts like the sport fishery for Kokanee may need increased stocking to maintain viability. Here you, Hon. George Heyman, can guide issues so that great human damage is not the result of fisheries protection. The other issue of Okanagan Lake as a reservoir for drinking water and irrigation water also affect decisions. Last year excessive flooding resulted in serious erosion and high particle pollution.
Finally, the issue of huge negative impact on tourism and recreation on Okanagan Lake are a direct impact of flooding. People who live beside the lake ☺☺ find the experience very disheartening and destabilizing. Why live here with possible flooding looming? We need our confidence restored that you, our government, will exercise due diligence and control the lake level. It should NEVER breach full pool again and force lakeshore owners to hire their own crews of helpers to sandbag and install protection for docks, beaches and low land. ☺☺
I did appreciate the help all the Forest fighters provided with sandbag filling but lets not make this an annual ritual.
Thank you for your attention,
Yours,

☺☺.

Hon. John Horgan,

As our Premier you are in charge of the government control of regulating the water levels of Okanagan Lake. The disaster of 2017 flooding caused huge direct damage and huge negative impact on tourism. I believe that better regulation of the dam at Penticton that controls Okanagan Lake levels would have largely mitigated and prevented last years flood damage.

☺☺
☺☺ The snow that Big White gets is a direct measure of what to expect for Spring melt. As of today the snow levels are showing the same pattern as last year. BIG SNOWPACK.

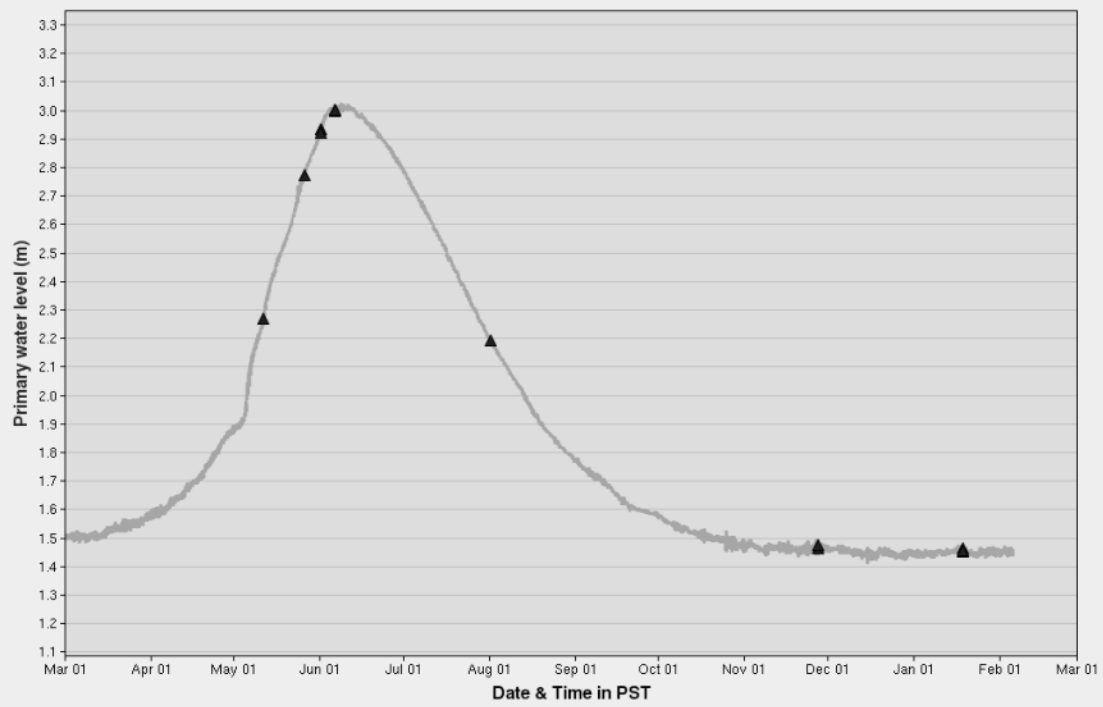

Please get the government employees who control the taps at the dam to use common sense and let water out NOW. The lake needs to drop 0.5metres this month or we will see flooding again this year ☺☺
No excuses please, just common sense action. If shore spawning Kokanee fish are a concern then do a special levy to stock fingerlings if the lake is too low. Lakeshore owners would gladly pay a small tax to fund restocking than suffer hundreds of millions of dollars lost to flooding destroying shorelines, docks and recreational use.

Thank you,

S.22

Subject: Childcare funding & Gaming Grants

Hi Johnny,

I just received some information yesterday I thought that CBT might want to have for their files and reference.

We received a request from one of the local childcare agencies to find out more information for them regarding changes to their gaming grant funding from the province due to their receiving CBT from the new Childcare funding project. I thought it might be helpful for you and staff to have as there might be questions from other agencies regarding this.

Please let me know if you have any questions.

Here is the information I received:

CBT is a provincial crown agency and funding from crowns has always been considered to be part of the "provincial and federal" government funding. In 2017 we took the step of actually providing examples of government funding which people then took to mean we had added government sources to a list. A list did not previously exist and the list in the guidelines is not exhaustive. Analysts are

supposed to check the funding sources for every application they review to determine the level of existing government support.

Further, programs can be supported by more than one government funding source but the total contribution per program cannot exceed 75% of the program cost. It is not unreasonable to suggest that if the program is already funded through CBT at a higher level than 75% of the total program cost it is more appropriate for our funding to go to other organizations that are not receiving government funding already.

We are not preventing anyone applying - they just have to maintain a non-gov't source of funding at a level of at least 25% per program.

Additionally, a capital project grant or some form of professional development grant could quite easily be considered to be an externally restricted fund for a specific project and at all likelihood would not impact a program grant application if appropriately communicated to the branch.

In this instance the person may not fully understand the program guidelines and may wish to have a follow-up conversation with our Manager, Community outreach.

I can certainly send to Ministry staff however I notice that you are not using the new consent form for MCFD.

I have attached a copy of the new form here for you and it requires signatures of both the constituent and you to allow for full access of information.

I can try and forward your older form and see if Ministry staff will accommodate however I am not sure. When the new forms were sent to all CA's it was stated that Ministry staff would not accept the older forms as they do not fulfill the privacy legislation.

I will let you know what the decision is and we can go from there.

Thanks,

Hi Rhea,

I have a request for assistance from MLA Plecas's office.

They are using the old consent form and I realize what happened. The new consent form was sent to all CA's from the Clerk's Office however they sent it to all NDP, Liberal and Green CA's. MLA Plecas is an independent and so it was not sent to them. I feel badly and she has explained that this constituent lives far away so might be challenging to get her to come into their office again. I have told her that I would see if Ministry staff would allow this form to be used however she would have to switch to the new form since she now has it.

Let me know what you think.

Hello Jennifer,

I realized that when you sent the new consent form and guide to all CA's from MCFD we did not include MLA Plecas in that list. Since he is sitting as an independent his office was not included in the Liberal, NDP or Green offices and staff lists.

Just in case further information is going to be sent out to all CA's I thought I would mention this to make sure they were included.

Chastity Davis, the chair of the Ministers Advisory Council on Indigenous Women is interested in setting a one on one meeting to get an update on MCFD for MACIW. Is it possible for her to sit down for a short meeting with your Minister or DMs/ADMs on February 14? Please note this request has also been sent to Education, Mental Health and Addictions, and Health as well.

I understand this is throne speech week and there may not be enough time to make these meetings happen.

Please let me know if there is anyone from your ministry willing to meet on this day and who to connect to make them happen if we shall proceed.

Hello Matt,

I am Minister Conroy's executive assistant and the staff person who assists her on all things Columbia. (CRT, CPC and CPC)

I am working on putting together some ideas and plans for the two day study tour of the area that would be after the July 22-26th PNWER conference in Spokane.

I am also going to register Minister Conroy and myself to attend the conference.

If you have any suggestions or advice on organizing the tour please feel free to get in touch with me.

I will send you and Minister Conroy more information soon.

Thanks for your help and looking forward to the July Conference and tour.

I have also included my Executive Assistant on this email and am answering from my government address. Edena is the staff person who is dealing with "all things Columbia" as we call it. She will be the best person for you to be in contact with in addition to me.

We are travelling to Nakusp tomorrow and I want to talk to the Mayor there about this idea.

The community there is one of the most impacted in addition to the Castlegar area. I had talked to her about the idea of a visit from US Legislators after we did in Victoria and want to follow up with her. I will send you an idea of what we have in mind after we connect with her.

It's a three hour drive from Spokane to Castlegar, so definitely would be an over night trip.

Possibly two to fully appreciate the area. We can send you some suggestions and we can decide what will work best.

Thanks for following up Matt.

Take care, Katrine

Katrine,

Thanks for the wonderful card, and heartfelt wishes! All the best to you and Ed this year.

I am writing to follow up on the discussion we had during our Victoria meeting in November, about designing a 'Study Tour' for PNWER folks immediately following the Spokane Summit in July. I wonder if you could find one of your interns or staff who could help me put together a notional 2 pager on what we might visit if we had a bus load of folks come up from Spokane.

I know that the US legislators and decision makers really do not understand the ways that Canada currently participates in the Treaty, and they do not understand the sacrifices to recreation, boating, fishing, etc that happen every year in late summer in BC. I believe that a study tour would be extremely helpful to bringing a much more balanced and informed sense of what this river means to all of us. I'll never forget the tour that Ed gave to me and Max Black.

Right now, there is interest in a possible bus tour which would depart on Thursday morning (July 26) from the Summit in Spokane, and travel to Castlegar, etc. Not sure we could do it in one day, or if it would require an overnight, and this is what I'd like to think through with you. This is nothing urgent, but I'd like to have your suggestion on someone I might speak with before you go back into session.

Katrine, thanks for all you did to help the PNWER meeting in Victoria. It would not have been the same without you. I really appreciate your remarks at our opening reception. Thank you!

s.22

All the best to Ed. I hope you have a chance to stay home a little while before the year takes off later this month.

Sincerely,

Matt

Hi Emily,

I went through the Air Canada website for best times. They are below:

Jan 28 – Castlegar to Victoria: 13:15 (leave Castlegar) Leave Vancouver 15:05

Feb 2 – Victoria to Vancouver: 16:05 or 17:20 (leave Victoria)

Feb 4 – Vancouver to Castlegar: 11:45 (leave Vancouver)

Hope this makes sense. Call me if you have questions.

Cheers,

Hi Emily and Kaitlin,

I am getting organized to come down the end of January for a week of work. 😊

I checked with Saija about how to do this again...I wanted to confirm. I have booked the hotel and it is on the approved government list. Saija had said that one of you should book my flight. Can you help? 😊

I would like to fly on these dates:

January 28th, Sunday, Castlegar to Victoria.

February 2nd, Friday, Victoria to Vancouver

February 4th, Sunday, Vancouver to Castlegar.

I can chat to you tomorrow about times... morning flights not good to book out or in of Castlegar right now. Weather issues. 😊

Let me know what you think.

Cheers,

To whom it may concern,

First of all, please allow me, on behalf of the Organizing Committee of the Youth World Cup Live Painting Competition & One Dollar for One Poor Child Charity Event, to express my sincere appreciation and gratification for your attention towards helping poor children worldwide. Thanks to your kind support, so far we have raised 396 schools-in-a-boxes, and helped over 16,000 vulnerable children around the world.

As the Organizing Committee of the 6th Youth World Cup Live Painting Competition, please kindly support us by sending us a *Greeting Letter* for the 6th Youth World Cup Live Painting Competition, which will be included in the preface of the event brochure distributed among participants from over 50 countries, as well the final winner's picture album.

The activities of the 6th Youth World Cup Live Painting Competition include:

Opening and Live Competition

August 5th, 2018 2:00pm - 6:00pm

Richmond Olympic Oval located at 6111 River Rd, Richmond, BC V7C 0A2

Awards and Closing Ceremony

August 11th, 2018 1:30pm- 6:00pm

Richmond Olympic Oval located at 6111 River Rd, Richmond, BC V7C 0A2

The 6th Youth World Cup Live Painting Competition & The One Dollar for One Poor Child Charity Event is a global charity event that is hosted by The Canada Youth Arts Development Foundation and strongly supported by UNICEF Canada. It is a global painting competition for children and youth artists ages 4 to 25 across the world. It is also a global charity event aimed to help children living in poverty worldwide. It provides a valuable platform to raise awareness for children's welfare and access to basic education worldwide. This year's theme: Friendship, Dream and Environment Protection.

Successfully hosting the five times Youth World Cup Live Painting Competition since 2012. The Canada Youth Arts Development Foundation raised more than \$100,000 for "School-in-a-Box" program of UNICEF Canada. As a result, 396 Schools became a reality in the poorest areas of the world, providing educational opportunities for children living in poverty. More than 100,000 participants from 50 countries and

regions made it a successful event.

It would be an honor for me to have a meeting appointment with you. We hope to get some advice from you on how to better serve the community youth through our event.

Thank you for your time and consideration. We look forward to your reply.

To Marcia Hower, Director of Operations, Duncan Office, Ministry of Child and Family Development

Dear Marcia --

Thank you very much for your thoughtful response to my concerns, and your willingness to meet with the developers of the Butterfly Plan to help shape it. The Ministry is, of course, directed in its activities through legislation and it will be very important that the Plan addresses those requirements. It is also important that related policy frameworks be reviewed as part of the planning process to ensure that the values, beliefs, and practices of the Ministry are fully in the spirit of the legislation, and in the spirit of the times. Allow me to refer you to the Touchstones of Hope document, which has been around for awhile:

https://fncaringociety.com/sites/default/files/Touchstones_of_Hope.pdf. You may know of it.

The key contact person for the Butterfly Plan is Patricia Dawn, Executive Director of the Red Willow Womyn's Society. She can be reached at [250-929-1199](tel:250-929-1199). As I understand it, the key objective of the Butterfly Plan is to provide 24/7 care and supports to the mother and the baby to help with tasks and provide the supports that families traditionally have done, with the objective of keeping families together. This approach, while still being fine-tuned, is very much in line with new ways of working that respect cultural values, and respect the essential principle that people are able to take care of their children, and if they are not, they need support to be able to do so. There are heart-rending stories every day in the news about the challenges facing, in particular, First Nations women and their families with regard to the ongoing reality of child apprehension.

Recently the Canadian Human Rights Tribunal issued a 4th remedial compliance order about the treatment of First Nations children by the child welfare system. It is shocking that the federal government has been unable to change its practices since 2016, when the original decision was made. The key practices in which the government was found at fault was the "mass removal of children from their homes and communities." The Tribunal followed it up with the observation that the traumas of residential school are being compounded through increasing numbers of child apprehensions in the child welfare system. Their finding is that

one of the fundamental flaws in the system is that funds for apprehension are virtually unlimited, as compared with the funds available for keeping children together with their families. A key reason given for child apprehension, according to research undertaken by the First Nations Child and Family Caring Society of Canada, is "neglect" which essentially translates into poverty. The system is fundamentally flawed when funds are available for apprehension, but not to alleviate the poverty of families. Given that the Cowichan region has (apparently) the highest rate of child apprehensions in BC, it may be that some of these flaws are replicated in our provincial system.

Fundamentally, we must come back to the spirit of the law, which is that as a society we have an obligation to act in the best interests of the child. It is known that in the vast majority of cases, the best interests of the child are to stay with their family. The Butterfly Plan means to find ways of doing that, keeping the child and the mother and the larger family unit safe in the process.

Thank you for your support.

I have received your email and made a few calls to try and get this situation resolved.

Options is responsible for the rent subsidy portion of the rent. The rest of the rent is issued by Income Assistance. I hope this helps answer your questions and I'm hoping that MCFD and Income Assistance can share the information they each require in order to solve this issue.

s.22 and can they help accommodate this.

I can try and pursue further on my end as well but I think it will come to the same place. Either working with local municipal bylaw people or trying to assist Plea to work with s.22. Do they perhaps even know about the issue?

I hope I have helped somewhat. I can continue to find more information if you would like.

Subject: Request re speaking engagement

Dear Minister Conroy,

The Canadian Club of Victoria meets monthly over lunch with a guest speaker on timely and relevant issues. We were searching for someone to speak on the upcoming renegotiation of the Columbia River Treaty and read that you were Official Opposition spokesperson for Interior Economic Development, Columbia Power and Columbia River Treaty. We were also very impressed with your background as one of B.C.'s first female power engineers, as an early childhood educator, administrator and college instructor, and as a small business person as well as your community volunteerism.

We would like to extend an invitation to you to speak at our May 15, 2018 luncheon, ideally on the topic of the Columbia River Treaty and what it means for British Columbians. We are non-partisan so would want a talk that meets that criterion.

The luncheon begins at 11:45 am and runs until 1:30 at the Comfort Inn & Suites, 3020 Blanshard in Victoria. The speaker has approximately 40 minutes to speak, including a Q&A period. Generally we attract 55 - 80 people depending on the speaker and topic.

We would be delighted if you were able to join us for this luncheon. I look forward to hearing from you. Many thanks for considering our request.

Sincerely,

Susan Haddon

Good morning Hank,

Thank you for your email with your constituents information and concerns.

Unfortunately you have used the old consent form. We have sent the new consent form for MCFD cases to all CA's and it requires the constituent to sign as well as the CA. This was done for privacy reasons and to be in compliance with Legislation.

I have attached it here in this email. Is it possible for you to ask the constituent to either come to the office to sign or perhaps you can mail it to him with a self-addressed stamped envelope to mail back to you?

Let me know and we can work from there. I will also resend to you the email from the Clerk's office to all CA's that had the new consent form and the helpful MLA quick guide to MCFD in case you missed it.

Thanks Hank.

Cheers,

Subject: MCFD - MLA Quick Guide and Consent to Disclose Form

Hello CAs,

In an effort to better support MLAs and constituency assistants, staff at the Ministry of Children and Family Development (MCFD) have created a new consent form and guide for all MLA offices to use. I have attached both documents with this email.

Ministry staff want to make sure that CAs understand the processes available to them to help constituents with child and family concerns and to use an updated consent form that better reflects current privacy legislation.

We are aware that for some offices this will mean a change from the past and we hope the guide will assist in explaining this new standardized system by providing references and links.

The two changes that CAs might find most noticeable are that the consent form will now need to

have the constituent's signature and CAs are not to contact local MCFD offices directly.

The reason for this is that constituent signed consent forms will allow for more information to be accessed and shared with CAs in an effort to better address the constituent's concerns. There are different methods that can be used to get the signature depending on the situation. If the constituent is not able to come to the MLA office to sign the consent form, a CA can mail the consent form to the constituent with a self-addressed and stamped envelope that the constituent can mail back, or you can fax or scan the consent form to the constituent and they scan or fax back to you if they have that ability.

As for not contacting local MCFD offices directly, it was decided that it would be better for MLA office requests to go through the Minister's office so that Assistant Deputy Ministers and the Deputy Minister can monitor the issues and trends that are occurring across the province.

Now that the new consent form has been sent to you, from this point forward you must use the new form.

- If you email me a request for information using an older consent form, it will be returned with a request to use the new one with a signature from the constituent. This new consent form is specific to MCFD and does not replace other consent forms used when interacting with other Ministries.

MCFD staff are committed to providing timely and effective assistance to MLA offices and staff to help their constituents and these changes reflect this commitment.

I am available for any questions or concerns you may have on this or other issues.

Thank you for your role in supporting families across BC receive the supports they need.

Cheers,

Edena

Dear **s.22**
s.22

I'm in full agreement with you that schools are public assets and where we have space, we should try to accommodate before/after school care providers. Many of our elementary schools already offer before/after school care on site.

As a board, we have identified childcare generally and before/after school care specifically as an issue we need to look at in the context of our facilities. We met recently with Minister Rob Fleming and engaged him discussion on how we can ensure our new and renovated schools incorporate space to accommodate before/after school care needs.

I know our Chair was following up with staff and committed to get back to you with more information. I will ensure that your concerns are shared with staff and trustees to inform our facilities discussions.

Sincerely,

Lisa Dominato, Trustee

There is a letter form the MLA, correspondence and an older consent form. I talked to the CA and she said what would work best is a reply direct to the constituent anyway so perhaps the new consent form is not as necessary?

Subject: "Hunter-centric model of wildlife management" in Vancouver Sun

Honourable Members,

After you ended the hunting of Grizzly Bears in BC, British Columbians' trust in government to practice real conservation of our wildlife and our wild places felt somewhat renewed.

However, shortly thereafter, out came the list of changes to hunting and trapping, and that trust soon disappeared!

The people of our "Super Natural British Columbia" are now well educated on the government bureaucrats' form of wildlife "management" and what that means, so I respectfully suggest to all MLAs that they begin taking an interest in the workings of Fish and Wildlife and the decisions made therein. Let's not forget, that British Columbians voted for a new government (Green and NDP) who they thought would finally represent the interests of the majority of British Columbians regarding our wild places and wildlife.

The following article in the Vancouver Sun today is further proof of what British Columbians are thinking:

<http://vancouversun.com/opinion/op-ed/opinion-end-hunter-centric-model-of-wildlife-management>

If elected government wishes to be trusted, I respectfully suggest that they begin reining in the pro hunting/trapping policies coming from Fish and Wildlife!

Sincerely

Yes I think that should be ok. Can we make sure that the Executive director is aware of the previous letter as well regarding the same social worker. I do not want to be unfair however I think it is important that if there is a review that this be taken into account as well. In this day and age of #metoo I think we need to be open and transparent as well as through.

It would seem important that we make sure that it is assessed.

Thanks for your email. ☺

As I understand it FMEP falls under the Attorney General's office not MCFD. The EA for the AG is Jasleen Arora. <https://www.fmep.gov.bc.ca/about-the-program/>

Perhaps try chatting to Jasleen and if you need me again just let me know. I am pretty sure it is not us however. ☺

Subject: consumer choice

With a stroke of her pen Premier Notley has taken away from the people of her province their right to choose what products to buy. This arbitrary political decision to restrict imports penalizes both the people who have worked so hard to create British Columbia’s world class wine industry and Albertans by restricting consumer choice. This restriction of consumer choice will surely cause tremendous financial hardship to both Alberta and British Columbia business owners and their employees.

Domestically, British Columbia’s hospitality industry is in a similar predicament. The Liquor Control and Licensing Branch has arbitrarily restricted the ability of restaurants and bars to purchase the full range of products they wish to carry by forcing them to purchase all liquor product only from the limited stock of the B.C. Liquor Distribution Branch retail stores. Our province has an incredible world class dining scene, but our drinks and cocktail programs suffer due to this archaic policy of restricting choice. We have never been given a proper and mindful answer for this policy.

In order for our restaurants and bars to compete on a world class level we need choice. The current model does not allow for our industry to compete globally due to lack of choice and availability. Import agents in our province import a vast array of world class products and ingredients but most are not available for purchase by our bars and restaurants.

In reaction to recent events and in fear of government enforcement, restaurateurs and bartenders across the province are scrambling to remove beer, wine, and spirits from their shelves and menus that were bought from provincially licensed private retailers. The hospitality industry purchases products from private stores because those stores offer access to a broad selection of specialty products not carried by the Liquor Distribution Branch, and available in quantities less than a full case. Our industry’s sophisticated customers demand quality and choice and, as a result of the liquor control branch’s arbitrary policy, the hospitality industry is struggling to provide that choice.

The restriction placed on licensee to licensee sales is not enshrined in law. Rather, it is entirely created by a policy of the liquor control and licensing branch. This is a policy that can be changed today with the stroke of a pen, giving all British Columbians the right to choose. Such a change could even help our beleaguered wine industry as smaller establishments will not be required to purchase BC wines by the case, but could purchase smaller quantities from private stores. We anticipate that some may argue that a restaurant or bar “can order the products through the government store”. It is possible to order some specialty products through government stores, but they must be ordered by the case and government stores cannot process

orders above a certain size. Moreover, it can take weeks for specialty products to arrive, not to mention the incredible cost of inventory. As an example, over 2 weeks ago we ordered a case of whisky that is readily available in the warehouse and at private retailers. That same product is not currently available at government stores and the ordering process is extremely delayed (and we often end up with the wrong product in the end). How can any business operate this way?

To highlight the arbitrariness of this policy, we point to another, contradictory, liquor control branch policy. Our guests are allowed to bring their own wine into our licensed establishments, pay a corkage fee, and have our staff serve the liquor to them. What's strange about this policy is that the wine can come from anywhere in the world with no provincial taxes paid. On the other hand, licensed establishments can only sell products purchased from government liquor stores. There is no policy rationale that can legitimately connect these two contradictory policies.

Two weeks ago, we sent the attached letter to Attorney General David Eby and cc'd, at his request, our MLA Shane Simpson. We have yet to hear a reply from either party or their staff. Thus, we felt it was time to share this letter with the rest of the Members of British Columbia's Legislative Assembly. There is no intent to embarrass our MLA or the Attorney General, but this issue needs to be addressed. We understand that these are busy times in government but this pressing issue negatively affects an entire business sector and puts jobs at risk.

Because the policy restricting licensee to licensee sales is not required by law, with a stroke of a pen our government can provide choice for all consumers.

The right to choose freely within a marketplace is enshrined in our society and culture. No one person or government should have the power to impede that right for purely arbitrary reasons. Please read the attached letter. It's time for an open and honest discussion about choice. At the very least British Columbians deserve an answer to this simple question: why can't bars and restaurants in our province buy from licensed retailers?

Thank you for your time.

Hi Luke,

Good question. As a former CA I have experience with this! ☺

We often sent the consent form by regular mail with a self-addressed stamped envelope and then the constituent could sign and mail back to us fairly easily. This is the system we mostly used if a person could not make it in the office and as the constituency is rural there are many that cannot. As for a piece of ID, the constituent can simply write in the DL number or another form of identification and I think we would understand that it has to be done this way sometimes .

Another option is to fax or scan but many people do not have the equipment to do that.

Let me know what you think and if one of these options can work for you and the constituent. If not please let me know.

On behalf of Karen Baillie, President of the **BC Care Providers Association**, I am looking forward to welcoming you to the **5th Annual BC Care Awards** on **Monday February 19th, 2018** at the Fairmont Empress in Victoria.

The Honourable Judith Guichon, Lieutenant Governor of British Columbia, will be presenting the awards with Minister of Health, the **Honourable Adrian Dix**. The Hon. Darryl Plecas, Speaker of the House, and MLA Anne Kang, Parliamentary Secretary for Seniors, will also be in attendance.

The following care providers will be recognized for their courage, passion and commitment to seniors' care.

- 2018 BC Care Provider of the Year (Home Care): **Sarah Reiter**, Beacon Community Service Home Support Team (located in south Vancouver Island)
- 2018 BC Care Provider of the Year (Residential Care): **Lynda McDermott**, Hawthorne Seniors Care Community (located in Port Coquitlam)
- 2018 BC Care Provider Safety Champion: **Shauna Appleyard**, Sidney All Care Residence (Sidney, BC)
- 2018 Ed Helfrich Long Service Excellence Award: **Hank Van Ryk**, H&H Total Care (Langley, BC)

Please find the evening's schedule below:

6:00 pm – 7:00 pm: Drinks and Dinner Reception, Palm Court. *Entertainment by Concerts in Care*

7:00 pm – 8:00 pm: Awards Ceremony, Crystal Ballroom

8:00 pm – 9:00 pm: Celebration continues, Palm Court

As the Lieutenant Governor is the representative of Her Majesty The Queen in British Columbia, certain courtesy and protocol must be followed:

- All guests should rise when the Lieutenant Governor enters the Crystal Ballroom.
- No food or drink will be allowed in the Crystal Ballroom. There will be plenty available before and after the awards ceremony so not to worry!
- No late comers will be admitted into the Crystal Ballroom.
- All guests should rise when the Lieutenant Governor exits the Crystal Ballroom.
- The Lieutenant Governor is addressed personally in the second person initially as "Your Honour" and thereafter as "Madam." In the third person, the Lieutenant Governor is referred to as "Her Honour" or "The Lieutenant Governor".
- Dress is business attire.

This will be a very special evening celebrating the dedication, innovation and excellence within the

continuing care sector. If for any reason you can no longer attend, please let me know by replying to this email.

Thank you to our event and door prize sponsor **CareRX**, a division of Centric Health. CareRx was created with one goal in mind – to provide the best possible pharmacy experience for care facilities, retirement homes and home nursing. Telus is installing Huawei equipment on seemingly every Telephone pole.
The US security services advise against the purchase of Huawei devices.

Currently Telus and who knows how many other Telcoms are installing small cells on virtually every Telephone pole, yes I have other issues about the proliferation of radiation and surveillance from tracking these units will provide. My big concern at the moment is the source of the equipment they are using equipotent another Chinese firm Huawei.

Recently Six top US intelligence chiefs cautioned against buying Huawei phones. possibly a clause in the contracts not allowing the use of S Huawei devices may be a good plan.

This matter becomes even more of a concern when one looks at the growing number of contracts and services between the provincial government and Telus. Six top US intelligence chiefs caution against buying Huawei phones

The directors of the CIA, FBI, NSA and several other intelligence agencies express their distrust of Apple-rival Huawei and fellow Chinese telecom company ZTE.

During a hearing, the intelligence chiefs commended American telecom companies for their measured resistance to the Chinese companies.

Huawei has been trying to enter the U.S. market, first through a partnership with AT&T that was ultimately called off.

It is a serious concern that Canada is allowing the installation of these masses tracking and surveillance devices throughout Canada. Wors is because of the interconnectedness of the various systems we may be allowing the installation of back-door devices that will compromise the US security system in ways beyond the excess of the NSA et al are today.

Hello Katrine and Katrina,

I was recently at a First Call meeting when I discovered the existence of the Provincial Council of Child Care. I have tried to find some information on the Council, but have been unsuccessful except to find a list of appointees and their bios.

If I could ask two things:

First, I would appreciate if you can either provide me with more information on this group or point me in the right direction to obtain more info.

Secondly, can you please let me know the process as to how someone becomes appointed to this group? I understand a number of appointments were made last October. I am very interested in participating on this Council, if possible.

For your information, the Purpose Society operates 8 child care programs over 7 sites in Burnaby and New Westminster; 5 group care facilities, 2 school age programs and one preschool.

I look forward to your response.

Dear Ms. Roberts,

Thank you for your email regarding the Westbank First Nation land exchange. I am sorry it has taken me so long to respond.

Recognition and respect of the rights and title of the indigenous peoples of Canada accorded under the Canadian constitution is of the utmost importance to the ministry.

You are most likely aware that there is complex litigation before the courts relating to a member of the Lakes Tribe of the Confederated Tribes of Colville and Aboriginal rights in the Fauquier area. As such, the ministry is not able to comment at this time. It is also important to recognize that there are many other First Nations, whom the ministry and Government of Canada are consulting with, who also claim the Fauquier area as part of their traditional territory.

Should you have further questions or concerns, please do not hesitate to contact Norm Parkes, Executive Director, Highways Operations. He is available by telephone at 250 387-0159 or by email at Norm.Parkes@gov.bc.ca and would be pleased to assist you.

Thank you again for taking the time to write.

Subject: FW: Complaints/Questions about Nature Preschool Licensing
Date: February 26, 2018 9:56:42 AM

Good morning Lucinda,

Hope all is well for you. ☺

I have an email below from MLA Fleming's office.

It is regarding licensing of certain kinds of preschools. Ministry staff at MCFD looked into it but realized that licensing of preschools falls under Ministry of Health.

Would you be able to look into this for us or perhaps send it to the appropriate ministry person?

Please let me know if you have any questions or concerns.

Cheers,

Subject: Complaints/Questions about Nature Preschool Licensing

Hi Niki,

I hope this email reaches you well. A constituent and owner/operator of a Nature Preschool came by our office today with concerns about licensing nature preschools. She's seeing multiple expensive and unlicensed nature preschools pop up and sees potential for accidents and mistakes with only one teacher per 8-10 children in a forest. Because of it being unlicensed and not attached to a building so unable to be licensed, she is wondering how to bring this to the attention of the Ministry and what can be done.

As a stakeholder and community member, she's really interested in seeing how Nature Preschools could become licensed and need to follow safety guidelines. She sees unlicensed centers taking advantage of the demand for childcare in Victoria and creates fear that accidents or mistakes will happen. While I know this was mentioned in the budget, I wanted to request further information on the licensing of unlicensed childcare centers and who this constituent would bring this complaint to. Her name is Bonnie Davison and she runs Victoria Nature School – Victoria's Original Forest Preschool. Her email is info@bonniedavison.com and I am happy to provide a response to her with the information requested, however thought I would pass along her contact info as well with her permission.

Looking forward to hearing from you.

Hello Nick,

Please see the information below I was sent by Ministry staff:

Question: If an individual wants to access this program, specifically for orthotics, do they have to fill out the general At Home Program application first, and then the orthotics application, or can they just do the specific orthotics one?

Yes, you have to apply for the AHP and once accepted you can then specify what specific funding is required. Attached is the AHP guide. And link to the web page:

<https://www2.gov.bc.ca/gov/content/health/managing-your-health/healthy-women-children/child-behaviour-development/special-needs/complex-health-needs/at-home-program>

I hope this is helpful to the constituent.

Any questions please ask.

Good day, s.22

Thank you for your email. We have reviewed this case and I have the following information for you. We have checked our records and we have not funded orthopedic shoes or footwear for your son in the past. The First Nations Health Benefits program covers a limited range of goods and services for First Nations residing in BC. This type of foot ware is an exclusion from our program and cannot be appealed. Based on what the Ortho Dynamics has indicated to us, the shoes were covered through the Province of BC's At Home Program not the FNHA/NIHB in the past.

Regarding the wipes, we have not received a formal request for these yet. In order to put a request forward, we need you to get a prescription and have the provider send us a prior approval for these items. Please note that although these are not listed as an eligible benefit, if they are denied, you can appeal the denial. If you would like to put a formal request in for the wipes, we can have Daniel Julian work with you on this. Please let us know if you would like to proceed with applying this specific item.

Please let me know if I can provide any further information or support.

Hi Krista,

Quick follow up question from the CA. This program is for up to 18 years old. Is there any program like this for over 18? I assume a person over 18 and then declared an adult, would be able to go through Social Services for some of this?

Jane,

Below is one of many emails that have gone back and forth with FNHA. They claim they have not once covered these orthotic shoes for Daniel. I spoke to Krista Englund, who works in health dept of TWN, she is confident that FNHA or formerly NIHB has helped, she has someone going through the archived records to find the receipt that she is confident is proof of her recollection. That being said, FNHA says these shoes in the past were covered by BC's At Home Program. No one seems to know how I access this program. The Director of health at TWN Peter Vlahos, says the At Home Program through TWN does not encompass such things as orthotic shoes. Daniel receives help under VCH and CLBC and FNHA, it blows me away that No one is willing to step up to the plate and help my son. He has a rare genetic disorder, is only boy in BC, he struggles with multiple health barriers, then he has to face strangers, saying No to helping him!! What is society coming to, today? Former employees of BC Ferries get a free ride on the ferry limitlessly yet my son cannot get orthotic footwear, to help him stay active? Premier Horgan can fly around using Helijet, when so many others who cannot afford that service use the Ferry, yet he will not reply to helping my son with Orthotic shoes? Yes I am frustrated, I hit this same road block every time my son Needs orthotic footwear that will allow him to use his orthotics! Nothing improves, he is 25 now and this continues to be an uphill battle. Yet when Ortho Dynamics puts forth the request, after they mark the cost of the shoes up by triple or more the Provincial and Federal Gov't gladly and without question pays Ortho Dynamics for the shoes. When I request the help with a doctors note to back up the request, I get flat out NO from every corner of the earth! I tried to get the much needed information on the shoes from Ortho Dynamics and they will not return my phone messages or emails, to give me the information from my sons file. Krista called them, she finally got through, they put her on hold and did not return to the phone to answer her questions, how can a company do this? This is disrespectful!

Thank you for listening.

Good afternoon Peyman,

If it is fine with you, I would prefer to get my answers via email, at this point. I have had many experiences (recently and in the past) where I am told one thing on the phone and one thing in writing. For now, I prefer to correspond in writing. I have a prescription from my sons Rheumatologist stating he needs orthotic shoes/footware. In the past, NIHB and FNHA have covered the cost of two pairs of orthotic shoes, as billed/invoiced by Ortho Dynamics (I am confident they mark up the cost of those shoes by at minimum 300%). Peter of FNHA is now telling me that FNHA will not cover the cost of orthotic shoes. What is the difference between then and now? My sons feet have not improved, if anything his mobility in his feet has gotten worse! My son has kidney issues, due to this fact he soaks and soils his adult diaper and bedding every night (pretty much, rarely does he wake dry) and the cost of wipes is more than his PWD benefits can support. I kindly asked if FNHA can assist my son with this cost, due to fact he is on a low/limited income? I was, told No by Peter of FNHA. I told Peter, this is someone on a fixed/limited/low income, I will not take no for an answer, due to fact this is Unacceptable to be denying someone, who really needs the services, access to and support from the services that are suppose to be there to help, not to make life more difficult for them.

Thank you.

This is something that once was covered and is now no longer covered, no explanation. I have posted my frustration on FNHA's sponsored ad on fb and on twitter. I will get the message out there, as far and as wide as I can, that FNHA is denying a person on a low income with a rare disease that has no cure, the simplest of things in life, to live a life as comfortably as he can, given the cards he was dealt. It is extremely sad that FNHA is covering A lot Less than NIHB was covering, wish NIHB would come back, they did better by my son than FNHA is!!!

Good afternoon Bradley and Dallas,

Re: Daniel Martin 5490017603 Tsleil-Waututh First Nation Member with Rare Genetic Disorder for which there is no cure.

I have been passed back and forth between Dan and Peter both of FNHA (no last name as they have not provided them), played phone tag with and am no where near closer to getting help than I was a few days ago when this all started.

I have been in discussion with them about getting help with securing a supplier for proper shoes to fit my sons orthotics into. Ortho dynamics used to help us, at our last appointment, they told us their supplier went out of business and they can no longer help us.

Peter (FNHA) said he would call ortho dynamics to get the details for the shoes, that are needed. I wished him luck with this phone call, due to fact Krista Englund (of TWN) and I have both called them approx. 6 times, left messages and no returned calls from them.

I then spoke to Peter about my son needing help with the cost of wipes, due to his kidney disease, he soaks and soils his adult diaper each night, for this reason we go through a lot of wipes. For a person on Person With Disabilities benefits, the cost of the wipes is taxing on his monthly budget. Peter said we cannot get help with this. I find this answer unacceptable, given the request is coming from someone with a extremely low income. This needs to be re considered! I will take this beyond FNHA if needed, because people with low incomes who have diseases with no cure, should be top priority when it comes to needing help. FNHA should be making their lives easier to live rather than placing hurdle after hurdle in their lives path!

I have cc'd Peter Vlahos, who is the Director of the Health Dept for TWN. As he was at the info sharing session held at TWN recently, where I expressed numerous concerns about the process in which clients are dealt with by FNHA. I would have cc'd the person from FNHA, who spoke to me at the meeting, however I cannot find the business card. I continue to wait

to hear from them, too, as they promised to set up a meeting with me. Once I find their business card, I will forward this email onto them.

fyi, the 'hold' music is too loud. the messaging while on hold is inconsistent, you sit on hold for a few seconds, a pre recorded message says due to high call volumes please leave a message after the beep, then your placed on hold again for a few seconds, then pre recorded message kicks in, again. This is confusing and I can see it being frustrating, especially for the elderly or disabled who are able to call in for themselves.

I look forward to hearing from someone who can produce results, that actually will help move this process along and will put an end to the passing me back and forth between FNHA staff.

Thank You.

Hi Brenda,

Hope all is well with you. ☺

I had a MLA office ask about the At Home Program through MCFD (see below) and then asked if the person is over 18 is there a similar program? I wondered if SDPR had anything they could apply for?

The At Home Program provides equipment, care and respite services.

Any help would be appreciated.

Cheers,

Thanks for the prompt response, I appreciate it.

I noticed reading through the guide that eligibility is for those 18 and under. Is there any similar program in government for those over this age?

Thanks so much.

Hello Nick,

Please see the information below I was sent by Ministry staff:

Question: If an individual wants to access this program, specifically for orthotics, do they have to fill out the general At Home Program application first, and then the orthotics application, or can they just do the specific orthotics one?

Yes, you have to apply for the AHP and once accepted you can then specify what specific funding is required. Attached is the AHP guide. And link to the web page:

<https://www2.gov.bc.ca/gov/content/health/managing-your-health/healthy-women-children/child-behaviour-development/special-needs/complex-health-needs/at-home-program>

I hope this is helpful to the constituent.

Any questions please ask.

Jane,

Below is one of many emails that have gone back and forth with FNHA. They claim they have not once covered these orthotic shoes for Daniel. I spoke to Krista Englund, who works in health dept of TWN, she is confident that FNHA or formerly NIHB has helped, she has someone going through the archived records to find the receipt that she is confident is proof of her recollection. That being said, FNHA says these shoes in the past were covered by BC's At Home Program. No one seems to know how I access this program. The Director of health at TWN Peter Vlahos, says the At Home Program through TWN does not encompass such things as orthotic shoes. Daniel receives help under VCH and CLBC and FNHA, it blows me away that No one is willing to step up to the plate and help my son. He has a rare genetic disorder, is only boy in BC, he struggles with multiple health barriers, then he has to face strangers, saying No to helping him!! What is society coming to, today? Former employees of BC Ferries get a free ride on the ferry limitlessly yet my son cannot get orthotic footwear, to help him stay active? Premier Horgan can fly around using Helijet, when so many others who cannot afford that service use the Ferry, yet he will not reply to helping my son with Orthotic shoes? Yes I am frustrated, I hit this same road block every time my son Needs orthotic footwear that will allow him to use his orthotics! Nothing improves, he is 25 now and this continues to be an uphill battle. Yet when Ortho Dynamics puts forth the request, after they mark the cost of the shoes up by triple or more the Provincial and Federal Gov't gladly and without question pays Ortho Dynamics for the shoes. When I request the help with a doctors note to back up the request, I get flat out NO from every corner of the earth! I tried to get the much needed information on the shoes from Ortho Dynamics and they will not return my phone messages or emails, to give me the information from my sons file. Krista called them, she finally got through, they put her on hold and did not return to the phone to answer her questions, how can

a company do this? This is disrespectful!

Thank you for listening.

Good day Liana,

Thank you for your email. We have reviewed this case and I have the following information for you. We have checked our records and we have not funded orthopedic shoes or footwear for your son in the past. The First Nations Health Benefits program covers a limited range of goods and services for First Nations residing in BC. This type of foot ware is an exclusion from our program and cannot be appealed. Based on what the Ortho Dynamics has indicated to us, the shoes were covered through the Province of BC's At Home Program not the FNHA/NIHB in the past.

Regarding the wipes, we have not received a formal request for these yet. In order to put a request forward, we need you to get a prescription and have the provider send us a prior approval for these items. Please note that although these are not listed as an eligible benefit, if they are denied, you can appeal the denial. If you would like to put a formal request in for the wipes, we can have Daniel Julian work with you on this. Please let us know if you would like to proceed with applying this specific item.

Please let me know if I can provide any further information or support.

Sincerely,

Peyman Showleh

Good afternoon Peyman,

If it is fine with you, I would prefer to get my answers via email, at this point. I have had many experiences (recently and in the past) where I am told one thing on the phone and one thing in writing. For now, I prefer to correspond in writing. I have a prescription from my sons Rheumatologist stating he needs orthotic shoes/footware. In the past, NIHB and FNHA have covered the cost of two pairs of orthotic shoes, as billed/invoiced by Ortho Dynamics (I am confident they mark up the cost of those shoes by at minimum 300%). Peter of FNHA is now telling me that FNHA will not cover the cost of orthotic shoes. What is the difference between then and now? My sons feet have not improved, if anything his mobility in his feet has gotten worse! My son has kidney issues, due to this fact he soaks and soils his adult diaper and bedding every night (pretty much, rarely does he wake dry) and the cost of wipes is more than his PWD benefits can support. I kindly asked if FNHA can assist my son with this cost, due to fact he is on a low/limited income? I was, told No by Peter of FNHA. I told Peter, this is someone on a fixed/limited/low income, I will not take no for an answer, due to fact this is Unacceptable to be denying someone, who really needs the services, access to and support from the services that are suppose to be there to help, not to make life more difficult for them. Thank you.

Thank you for forwarding me message along. Dan called my home phone, left a voicemail message, saying the Orthotic shoes are an exclusion from FNHA. This is something that once was covered and is now no longer covered, no explanation. I have posted my frustration on FNHA's sponsored ad on fb and on twitter. I will get the message out there, as far and as wide as I can, that FNHA is denying a person on a low income with a rare disease that has no cure, the simplest of things in life, to live a life as comfortably as he can, given the cards he was dealt. It is extremely sad that FNHA is covering A lot Less than NIHB was covering, wish NIHB would come back, they did better by my son than FNHA is!!!

Good afternoon Bradley and Dallas,

Re: Daniel Martin 5490017603 Tsleil-Waututh First Nation Member with Rare Genetic Disorder for which there is no cure.

I have been passed back and forth between Dan and Peter both of FNHA (no last name as they have not provided them), played phone tag with and am no where near closer to getting help than I was a few days ago when this all started.

I have been in discussion with them about getting help with securing a supplier for proper shoes to fit my sons orthotics into. Ortho dynamics used to help us, at our last appointment, they told us their supplier went out of business and they can no longer help us.

Peter (FNHA) said he would call ortho dynamics to get the details for the shoes, that are needed. I wished him luck with this phone call, due to fact Krista Englund (of TWN) and I have both called them approx. 6 times, left messages and no returned calls from them. I then spoke to Peter about my son needing help with the cost of wipes, due to his kidney disease, he soaks and soils his adult diaper each night, for this reason we go through a lot of wipes. For a person on Person With Disabilities benefits, the cost of the wipes is taxing on his monthly budget. Peter said we cannot get help with this. I find this answer unacceptable, given the request is coming from someone with a extremely low income. This needs to be re considered! I will take this beyond FNHA if needed, because people with low incomes who have diseases with no cure, should be top priority when it comes to needing help. FNHA should be making their lives easier to live rather than placing hurdle after hurdle in their lives path!

I have cc'd Peter Vlahos, who is the Director of the Health Dept for TWN. As he was at the info sharing session held at TWN recently, where I expressed numerous concerns about the process in which clients are dealt with by FNHA. I would have cc'd the person from FNHA, who spoke to me at the meeting, however I cannot find the business card. I continue to wait to hear from them, too, as they promised to set up a meeting with me. Once I find their business card, I will forward this email onto them.

fyi, the 'hold' music is too loud. the messaging while on hold is inconsistent, you sit on hold for a few seconds, a pre recorded message says due to high call volumes please leave a message after the beep, then your placed on hold again for a few seconds, then pre recorded message kicks in, again. This is confusing and I can see it being frustrating, especially for the elderly or disabled who are able to call in for themselves.

I look forward to hearing from someone who can produce results, that actually will help move this process along and will put an end to the passing me back and forth between FNHA staff.

Thank You.

Dear Honourable Carole James and Honourable Katrine Conroy,
s.22 the 2018 budget summary. I think it

is good that you have put out a focus on caring for Children and Families in BC by increasing supports for child care and education funding.

I wanted to know if you have plans to increase supports for foster families as well? The foster care payment rates have been stagnant since 2009 and could benefit from having an increase as well as an annual increase tied to inflation. The payments for the CCTB from the federal government went up recently but there was no transfer of this increase to foster families.

Would you consider finding a way to pass on those funds to BC foster families caring for BC foster children?

Not sure how we deal with this type of case. I assume reply direct. I don't know if BC child protection laws can work in the US?

Subject: FOI for Capital Plan correspondence (CFD-2018-80944 and CFD-2018-80546)

Hi all, just got clarification as to what this FOI is for. See the Hansard excerpt below. I have no records myself (the emails we have about our "major capital" in Childcare are not related to the Capital Plan that the Finance Minister refers to).

Please search your emails (and Emily/Cherie for MKC/MSKC). Response due March 5th to Carmen, so please send your responses to Emily by end of this week.

Copies of all e-mails sent by the Minister/Minister of State or the staff of the Minister/Minister of State relating to the updating of the capital plans as referenced by the Minister of Finance in the Legislature. Subject: Hansard Excerpt for Capital Plan requests (CFD-2018-80944 and CFD-2018-80546)
Hello Carmen and Paula,

As discussed on our call earlier today, I'm passing along the Hansard excerpt that's referenced in this applicant's two Capital Planning-related requests:

<https://www.leg.bc.ca/content/Hansard/41st2nd/20171025pm-Hansard-n43.html>. If you do a search/find for "capital plan" it should jump you down to the relevant portion of the transcript.

Also, I checked in with the Analysts for these files and I've decided to include Melinda's email correspondence with Mandy Giesbrecht below in case it provides helpful additional context.

Good afternoon Mandy,

Here is some follow up information provided:

The specifics the applicant is referring to are actually in the Hansard at the following link:

<https://www.leg.bc.ca/content/Hansard/41st2nd/20171025pm-Hansard-n43.html>

The reference is at the entry at 3:35 p.m.:

Hon. C. James: There is no change in the capital planning process. As has happened in previous governments, the process, just for the member's information, is that, first, the large capital ministries — as you would imagine, Health, Transportation — are asked in September to update their plans. Those are ten-year plans. Other ministries also are going through that process. They're asked to confirm their projects. They're asked to look at the priorities that government has. They're asked for project status, how projects are going. As the member will know, sometimes projects have not moved along as fast as they may have imagined, so there may be adjustments in the schedule for projects as well.

All of that information is gathered over the fall. As there has been in previous years, there's a deputies' committee on capital that meets and reviews the projects. All of that information, then, roughly in November, comes to Treasury Board on capital day, where there's an opportunity for Treasury Board to take a look at all of the projects as a whole, where the approval is, what the spending envelope is to be approved. That then goes to cabinet, and that then forms the February budget.

Let me know if you need any further information,

Hello Melinda,

Are you able to go back to the requestor and clarify the statement "*as referenced by the Minister of Finance in the Legislature*"?

Since we don't work with the Finance minister (or in the Finance ministry), trying to figure out what statement she made is next to impossible without more clarification (ie: when she made the comments so we could check Hansard for context).

Thanks very much.

Good morning Carmen,

The applicant for this cross government request has narrowed their scope because of feedback from some of the Ministries with a large amount of information. I have attached a revised CFR. Do you mind giving me an update from CFD on this one. Have you found a lot of responsive records/are in the process of a fee estimate?

I would think a letter like this with great details and suggestion of a new initiative it would be a draft Ministers signature or a draft DM signature?

Good afternoon. The attached email was initially sent to a staff member directly in our Minister's Office, but I have been advised by staff in our program area that the attached falls directly under the purview of the Ministry of Children and Family Development. As our Minister's Office has indicated that the attached seems to carry some urgency to it, can you please have a staff member contact s.22 as soon as possible, on behalf of the Ministry of Health?

Thank you!

Subject: Foster Child

Dear Minister,

I am a constituent of yours in s.22
s.22

I am responding to a news story which was on Global News this evening in which a foster child was taken from his adoptive family.
s.22

In this specific case, the boy was adopted at 2 months of age.
These people have been good foster parents for 30 years, and they clearly loved this boy as their own.

For some reason, Social Services has taken the boy from the only parents that he has known in his short 9 years and returned him to his birth mother who he clearly doesn't know, nor does he want to be with her.

His cries on the phone while speaking to his birth mom has prompted me to write to you as an appeal for common sense to prevail, and more importantly, that the rights and needs of this young boy take absolute precedence over his with birth mothers wishes.

Although the news program disguised his identity, s.22
s.22 that this boy is of first nations status, and for some reason successive governments have blindly followed the policy of repatriation of native youth at any cost in order to score political points with First Nations voters.

This is beyond cruel, and I would hope that someone will take the initiative to have this decision reversed, and return this boy to the only parents that he has ever known.

It breaks my heart to see a young child treated this way by your ministry as if he were a horse on a trading block.

I know I'm not privy to anything other than what I saw on the news, but short of these people being pedophiles, or abusive parents, I can't see any reason to justify this boy from being torn away from his parents.

By the way, here is "the smoking gun" -
<https://www.nationalobserver.com/2018/02/06/news/bc-working-big-changes-indigenous-child-welfare>

There has to be a middle ground on this where these kids can still learn their culture and their language, yet remain with their foster families as long as they are loved, safe and secure.

Hi Krista,

Please file this response from the AG.

I am concerned that we are getting more responses from other Ministers sent to the MLA email rather than the Ministers email when it is dealing with Minister work. This causes more work for everyone as it is sent to MLA office, who send to Ministers email, then Kaitlyn moves to my folder, then I send to you. Phew. Can we perhaps ask correspondence offices to send to Ministers emails if it concerns their ministries?

s.22 I also misread Rhea's out of office response and thought all emails need to be cc'ed to her. However it is actually only the urgent ones. I will make sure that is done from now on.

Dear Ms. Barclay:

Thank you for your letter dated January 8, 2018. I appreciate that you have taken the time to express your concern and share some of the observations you have made over the course of your professional career working with families dealing with separation and divorce.

As you point out, there are circumstances where it is in a child's best interests to spend time with a parent, but for one reason or another, that time needs to be in a supervised setting. At this point in time in British Columbia, supervised contact or supervised parenting time occurs by private arrangement, through a non-profit supervised access service, or using a professional fee-based service.

You have articulated some ideas for a supervised contact or parenting time centre, to be operated on a not-for-profit basis. While the Ministry of Attorney General is not in a position to fund such a centre at this time, we encourage you to continue to seek funding opportunities through other sources and invite you to update us on the status of the initiative. Thank you again for taking the time to write and share your ideas.

Dear Honourable Ministers,

First, I would like everyone that walks their dogs off the beaten path, to be increasingly aware of the dangers of snares and traps, some of which are "legally" placed by the government to snare or trap, and eventually kill wolves and other wildlife. An increase in frequency of pets being caught in these devices should be cause for increased concern and vigilance.

This table in B.C. (in the photo below), was set yesterday with 100 wolf snares ready for a road trip to help "save" the ungulates.

When British Columbians voted in May 2017, they did not give FLNRO permission to start up an ungulate farm, even though F&W seem to be poised to do so, under the direction of hunters and trappers in BC.

May I respectfully remind you that the majority of British Columbians do not condone this.

May I also respectfully remind you that hunters and trappers are acting as if they own the wildlife in this province, which they most certainly are not!

The people of this province that helped elect you, are losing patience with FLNRO's predator killing!!

The NDP promised "change". THIS IS NOT CHANGE! THIS IS WHAT THE LIBERALS WERE ALL ABOUT!

Please do not answer us with talk about "science", because we all know "science" is being used only as an excuse,

Additionally, may I respectfully remind everyone, that just because something is legal, doesn't mean it is right.

Very Very Very Sincerely

Subject: Young Leaders Program

Greetings Minister,

My name is Brian McKinley and I am a Director with Young Leaders Program, ylprogram.org. We are a yearly, youth summer program that focuses on civic and leadership education for boys and girls generally 13-17. Our camp is a week long, residential summer camp held on the campus of Willamette University in Salem Oregon USA. We supply room, board, uniforms and materials to our students for the entire week. Our professional staff assist the youth in understanding the importance of their participation in government, private organizations, business and fundamentally the power of the individual citizen to make their nation a better place.

I believe being a good citizen is a universal truth. At Young Leaders we give our students the tools to build on their educational instruction and become more effective and engaged citizens. While we are in the United States, we invite and encourage students from all over the world to attend our camp. It is a bit of a distance to Oregon from British Columbia, but I believe that it is a trip well worth the effort.

My question to you is, would your government be interested in possibly sponsoring students from your nation to attend Young Leaders? Perhaps a collaboration with us in some way? I see this opportunity as a cultural adventure for youth from your country and for the youth here in the United States. This is more than an "exchange" program, it truly allows students to come together and work together in a unique learning environment.

Please visit your web site for more information, ylprogram.org
Thank you for your time and I hope to hear from you soon!

Hello Edena,

I am working with a group out of Creston BC called SafetyNet in the Kootenays that aims to support people who leave the community of Bountiful BC. They sent the attached letter CC'd to your Ministry October 31, 2017 and this office has committed to following up with you to see if we can get answers to the following questions they have that are specific to your ministry:

- What progress has been made to reduce the obvious danger to Canadian FLDS children in Bountiful who remain under Warren Jeffs' control?

If you could please have the Ministry of Children and Families look into this questions and refer to the attached October 31 to understand the background and larger context and the issues SafetyNet is bringing up with other government Ministries. SafetyNet is asking the government to step up and help remedy every aspect of these identified needs. *SafetyNet in the Kootenays* is happy to provide information and assistance.

If you wish to contact SafetyNet directly, please feel free to do so and CC our office. Their contact information is below:
