Hello Chris,

Sorry I missed your call yesterday. I did however forward your request to Ministry staff for more information. I am emailing to you as it seemed more useful in writing than doing it over the phone but please feel free to call me as well.

Your constituent can call **the office of Autism Information Services BC AIS BC) at: Toll Free Line: 1 844 878-4700.**

Any of the Information Specialists will be happy to explain the process to her and take the time to understand her needs.

Another option would be to call BCAAN (BC Autism Assessment Network) directly.

The Vancouver contact is: **Provincial Autism Resource Centre (PARC)** and is located at Sunny Hill Health Centre for Children and receives complex, tertiary level referrals **via regional service teams.**

Contact PARC:

3644 Slocan Street
Vancouver, BC V5M 3E8
Phone: 604-453-8394
I hope this is helpful.

Thanks,

Date: February 8, 2019 3:07:35 PM

Hi Leanne,

I have some notes for the meeting MLA Leonard was having with a constituent regarding non-apprehension.

Please see below:

The Constituency Assistant for MLA Leonard is planning for a meeting with a constituent who is asking for the MLA's support of the "No Apprehension Policy" in Duncan.

- In Duncan, advocates have requested that the community become a "no apprehension zone" in relation to child removals.
- The Ministry of Children and Family Development (MCFD) is mandated to uphold the provisions of the *Child, Family and Community Service Act* (CFCSA) in the Province of British Columbia.
- The Designated Director under the CFCSA of Child delegates the provision of child protection services across the province to child protection social workers.
- The CFCSA requires that anyone who has reason to believe that a child may be abused, neglected, or is for any other reason in need of protection, must report it to a delegated social worker.
- Reports are investigated by social workers who take the most appropriate action that is least disruptive for the child, including providing or arranging the provision of support services to the family, supervising the child's care in the home, or protecting the child through removal and placement with relatives, a foster family or specialized residential resources.
- It would be contrary to the CFCSA to place a blanket prohibition on child removals in any geographic area of BC.
- If children are removed, the Ministry understands the significance of connection and endeavors to place the children with extended family, people known to them or within their cultural community prior to considering foster care.
- The Ministry must also demonstrate to the court that least disruptive options have been considered when a removal occurs.
- Throughout child welfare involvement, MCFD is very open to meeting with parents, extended families, community partners and service providers in an effort to ensure planning meets the best interests of the children.
- To discuss further, the constituent may contact Director of Operations, Marcia Hower at 250-732-3961.

Hope this is helpful.

Cheers,

Subject: BC Parks & Columbia River...

Good afternoon Honourable MLA Conroy, Honourable Popoff,

Hi there,

I am writing today, to you both about the need for a Canadian investigation and report for Canadians like the U.S. did in their Interior Columbia Basin Ecosystem Management project. I became aware of it, from our Province of B.C. Provincial Parks website, under the Columbia River entry.

At first read, it almost felt like we (B.C.) were relying on the U.S. for data, within our own country.

Also, in the Columbia River Treaty negotiations, do not let the U.S. prioritise U.S. net benefits over BC and Canadian benefits.

We too should, "Integrate restoration of terrestrial and aquatic ecosystems with other management actions (e.g., roads, recreation, and timber harvest)." This would help us, to stop killing off our entrusted, endangered species, for example the Mountain Caribou.

Also, these are good ideas, we could implement;

"Riparian management areas, Riparian management areas are designated based on the best available science and appropriate ecological and geomorphic criteria.

Planning Principles: •

Provide for physical integrity of aquatic ecosystems. •

Provide an amount and distribution of wood sufficient to sustain physical and biological complexity. •

Provide adequate summer and winter thermal regulation. •

Provide appropriate amounts and distributions of source habitats for riparian- or wetland-dependent species. • Restore or maintain water quality and hydrologic processes. •

or maintain naturally functioning riparian vegetation communities. •

Protect the structure and function of features outside riparian areas that are important to the integrity of riparian areas and water bodies, such as landslide-prone areas. •

Provide for management of riparian areas for protection and restoration of

aquatic/riparian habitats, water quality, and drinking water. •
Provide for treatments that meet aquatic/riparian objectives and balance short-term ecological impacts (e.g. temporary reduction in shade on streams) against long-term gains (e.g. increased resiliency to disease within riparian stands) for the enhancement of aquatic and riparian resources while providing economic and social benefits."

BC Parks

In closing, thank you both for all you do.

Also, we want our fish back in the Slocan valley, and we need effective Water use planning (WUP) and Operations on the Arrow Lakes reservoir, to include a stable Mid-Arrow so we can get back 100 square kilometers of riparian zones for all species, but especially for our failing fish stocks!

Sincerely yours,

Hi Les and Kathy,

Since both of you sometimes need to support the Minister at Estimates for "All Things Columbia" I thought I would check in with you on floor passes. Do you get these from EMPR or do we need to request them for you from MCFD?

Thanks,
Edena

Subject: Ministry Floor Passes

In anticipation of Ministry staff being required to assist Ministers in the Chamber for Estimates or for Bills in Committee stage, I thought it would be helpful to provide some guidelines around obtaining Floor Passes. Please forward this message to the designated person in your office who will be responsible for Floor Pass coordination if you are not the appropriate contact person.

All communication related to Floor Passes should originate from **the Ministers' office**. To minimize confusion and inaccuracies, no requests will be accommodated from Ministry offices.

Each Ministry may obtain a maximum of 12 named passes. In addition to the 12 named passes, the ministry can request an additional three generic "Staff" passes. The three "Staff" passes are the responsibility of each Minister's office, and it is recommended that they be **returned to your office after each use**. **More than three Staff** passes will not be issued.

All passes are valid for the entire 4th Session of the 41st Parliament. Please make your Ministry officials aware that they should retain their passes until a new Throne Speech heralds the commencement of a new Session. **A lost or misplaced Floor Pass will not be replaced.**

Every individual named on a Floor Pass must pick up and sign for their pass **in person** in the Speaker's Office. The generic "Staff" passes may be picked up by Ministers' office staff. We are located in the Speaker's Corridor (Room 207).

Please forward any names to my attention, either by e-mail or by telephone. If you have any questions now or in the future, please don't hesitate to contact the office at 387-3952.

For your information I am attaching guidelines regarding protocol and etiquette for Ministry officials while present in the Chamber. The guidelines are provided to Ministry officials when the Floor Pass is picked up.

Thank you.

Subject: Japan Adoption Program
Date: February 11, 2019 3:18:07 PM

Hi Dulcy,

I believe you asked Ministerial Assistant Alisma Perry for an update on the Japanese Adoption program.

I have been sent information from staff for you to share with MLA Eby.

- The Ministry of Children and Family Development (MCFD) is committed to resolving the Japan Adoption Program suspension as soon as possible. We acknowledge the heartache and stress this situation is causing many families and their friends.
- The reason for the suspension is that significant concerns were brought to the attention of the ministry in May 2018 regarding possible legal irregularities involving adoption of Japanese children by Canadian families. We immediately suspended the program and it remains suspended until there is confirmation that all processes align with the laws of both countries.
- On January 30, 2019, the BC Assistant Deputy Minister, Child Welfare, and the Provincial Director of Adoption met with the Director General, Immigration Program Guidance Branch, Canada, to review the documentation received from the Japanese Government regarding adoption and to discuss a plan to implement a strengthened BC Japan Adoption program.

The following next steps were agreed to:

- BC will strengthen its BC Japan Adoption Program to ensure that all parties are acting in the *Spirit of The Hague Convention* and that additional safeguards (eg. additional oversight), is in place to support Japanese birth parents when providing consents. Ways to achieve this are currently being explored and will be reviewed and agreed to by BC and Canada.
- Agreements between BC and the Japanese Adoption Agencies will only be made with those Japanese adoption agencies that are licensed by the Japanese Ministry of Health, Labour and Welfare (MHLW).
- Given the complexity of this matter it is difficult to estimate when the strengthened BC Japan Adoption Program will open.
- BC and Canada agree that resolving this matter in a collaborative and timely manner is a priority.
- In addition, prospective BC adoptive parents can choose to adopt through the Japan Special Adoption Program which is independent of the BC Japan Adoption Program.

I hope these notes are helpful. Any questions please let me know.

Thanks,

Edena

Hi Rob,

Thanks for your patience on this request. I now have information to share with you and MLA Simons.

😊

- The B.C. Government is committed to undertaking a comprehensive look at the financial supports for caregivers.
- As part of the work to understand the financial supports for caregivers, Ministry of Children and Family Development staff have spoken with caregivers, community organizations and social workers and completed a comprehensive jurisdictional scan to understand how caregivers are financially supported in other provinces and territories across Canada.
- Ministry of Children and Family Development staff have already begun efforts to accumulate needed information and collaborate with community partners to develop potential solutions.
- Consideration has been given to innovative payment models from across Canada, including the Alberta payment model.
- Many foster families, support organizations and social workers around the province spoke of the need to provide more funding to caregiving families. We are taking their feedback, as well as approaches taken by other provinces and territories, into consideration as we develop potential changes to the caregiver payment model.
- Currently, recreation is included under the foster family care rate.
- In B.C., caregivers may be eligible for exceptional payments, which provide additional funding beyond the care home payment to meet the needs of the child or youth in their care.
- Camp fees for children and youth may be provided as one-time-only exceptional payments.
- Exceptional transportation costs may be provided when transportation costs exceed what can reasonably be expected to be covered by the foster family care rate.
- Approved exceptional transportation costs are paid at \$0.51 per kilometer that exceeds 325 km of driving per month.
- The Ministry of Children and Family Development is aware of the per diem rates provided to caregivers in Alberta. Currently, any per diem rates for caregivers are negotiated by caregivers.

Subject: Additional Funds for Foster Parents

Importance: High

Hi Edena,

I know I've emailed you in the past asking if there will be an increase of payment to foster parents from the current (roughly) \$800 a month.

I've had another constituent ask me if your ministry can provide me with some questions to the following:

- 1) Like Alberta (see attached Caregiver Rate Schedule), are there plans for MCFD in BC to give a yearly recreational allowance to foster care families? In Alberta, a child can get anywhere from \$675 to \$775 a year for recreation activities. Currently, it's my understanding that in BC, foster families often have to pay these expenses.
- 2) In Alberta there is a \$500 per 12 months period "Camp Fees and Vacation Allowance" – are there plans to have something similar in BC?
- 3) In Alberta, if a foster family has to drive their foster child to and from 'visits' (with biological family, etc.), families get \$0.505 per KM. I don't believe this happens in BC.
 - a) The person I spoke with told me that she spends 400-700 per month on gas driving their foster child to and from these visits or mandatory appointments (counselling, etc.).
- 4) In Alberta, there is also coverage of Breakfast Lunch and Dinner when travelling – are there

plans to have this in BC?

Thanks kindly. I look forward to your response.

Cheers

Hi Cheryl,

Ministry staff are still not sure what form the constituent is referring to. They do wonder however if he might need to clarify with a lawyer as it may be a legal matter?

If he does not have a lawyer, it might be helpful for him to call Family Justice or go to the court house to speak with the Duty Counsel.

If the constituent lives in Kelowna, here is some contact info for him:

Hi Kate,

I have been asked by staff to see if you can correct your consent form a little.

You have, in the first attachment, had the constituent sign in the area for the CA and then you have not signed as well. Can you please sign the form? ☺

Also can you fill in the dates that the consent form can be used? It is up to six months that it can be still valid.

Any questions please ask.

Cheers,

Edena

Hello Prab,

Sorry for the delay. It has proven to be complicated in that the MCFD staff say this is not an issue they have any records for. They have checked all divisions of the Ministry and can find nothing. Perhaps you and the constituent can check with Public Safety and Solicitor General Ministry and see if they can assist?

The EA for PSSG is Talea Pecora and her email is talea.pecora@gov.bc.ca and maybe she can help check their files.

If you have new or different information that you think would help show it is a MCFD issue please send to me and I will see what else we can do.

From: Pellatt, Nan
Sent: February 20, 2019 3:44 PM
To: Sather, Kelly FIN:EX
Subject: Grandparents receiving support like Foster Parents

I am looking for clarification on the point about caregivers receiving support equal to that of foster parents:

The Budget Highlights page has two paragraphs about this (page 3):

"Family-based caregivers looking after children will see their support payments increase by \$179 per month starting April 1, 2019 . . . "

"Extended family, like grandparents and aunties who support children and keep them out of care, will have their support payments increased to match those of foster parents"

We have met with Grandparents who are raising their grandchildren and have legal custody or

guardianship of them. Will this group be affected by these changes.

I am concerned because if the second group noted above in the line "Extended family, like grandparents etc" refers to those who are part of the Extended Family Program – then grandparents who have legal custody or guardianship will not receive the foster parents support because they are not eligible for the EFP. The Extended Family Program reads like the intent is to get the children reunited with their parent(s) ...

Here is the wording from the Extended Family Program:

The person looking after your children is called their **care provider**.

Your children are placed with their care provider through an Extended Family Program agreement (sometimes called an **EFP agreement**). This program gives your children's care provider financial support and other support services.

Not everyone is eligible for the program:

- If your children are already with a care provider who has court-ordered **custody** or **guardianship** of them, they're *not* eligible.

Would really appreciate receiving confirmation on this. Thanks so much Nan

Good morning Kim,

Thank you for your email.

As Executive Assistant to Minister Conroy I am the MLA office liaison for MCFD. Any constituent enquiries please send to me.

I have also attached the MCFD specific consent form which will need to be signed by both yourself and the constituent before we are able to make any further enquiries. This consent form is needed for privacy reasons. I just want to make sure as well that this is MCFD assistance you are referring to and not SDPR?

I also attached the MLA office Quick Guide to MCFD services and contacts for your future reference. Once you have the MCFD consent form signed and filled in please scan back to me and I can ask Ministry staff to look into the case and provide you with information.

Any questions please let me know.

Hi Taya,

That being said they sometimes like Kat to travel during part of her break weeks to other areas of the province. I can flag for Victoria however that she has a request by the College's ECE program for an event. I would think it likely that we can get the time approved. ☺

Let me know what you think and if some day that week works for you and the event organizers.

Hi Edena,

This year marks 40 graduating classes of the ECCE program at Selkirk College. Katrine was in that first class!

In May (child care month) we will be planning an event. I was wondering if Kat has any planned time in Castlegar during that month so that we could coordinate?

I'm in Victoria for a meeting until Friday and will be meeting with Judy Pollard and Toni Hoyland in the next few weeks. If you had a few dates, I will try and coordinate. Plans are still very preliminary, so we've got some flexibility.

Hi Katja,

Since your question is in relation to an individual and their child, the privacy requirements are such that we must ask the constituent to give permission to the Ministry to share information regarding their file with the MLA office. Another option is that the Ministry can contact the constituent directly to discuss without the information being shared with the MLA office and then no consent form is required. If you are looking for general information on funding then that as well would not need a consent form.

Any case file enquiries with a constituent that is named needs to have a signed MCFD consent form allowing Ministry to share details of their case with an MLA office and staff.

I hope this information is helpful.

Please ask any questions.

Cheers,

Edena

Hi Brooke and Nicole,

MKC is meeting US Consul General Katherine Dhanani this morning with Kathy E. Protocol question ... can I call into that meeting? I usually call into all Columbia meetings.

Also we are pretty sure but wanting to confirm with you guys that this is the same person who was at the BBQ at the Conroy's farm last summer on the tour correct? I am pretty sure she came up for the BBQ but she wasn't on the tour itself.

Also Nicole do you know how you address the Consul General? Madame Consul? Lol. MKC is asking. The meeting is at 11:30 this morning so if you can help before that it would be great. ☺
