Chantille – as requested, below are updates on investigations by the ECE Registry into two incidents in child care facilities in Mission. Essentially, both are on hold pending the outcome of RCMP and Child Death Coroner investigations.

- Allegation of child drowning in neighbour's pool – as of April 8, 2019, the Child Death Coroner's investigation is still active; no estimated conclusion dates available at this time. We are waiting for a status update from the RCMP. The ECE registrant currently does not hold a valid ECE Certificate as her Certificate expired on November 29, 2017.
- Allegation of new born infant placed in the dumpster at the daycare centre – as of April 8, 2019, the RCMP and Child Death Coroner's investigations are still active; no estimated conclusion dates available at this time. The involved ECE Assistant's Certificate remains suspended at this time.
