I have also attached the MCFD specific consent form which will need to be signed by both yourself and the constituent before we are able to make any further enquiries. This consent form is needed for privacy reasons. I just want to make sure as well that this is MCFD assistance you are referring to and not SDPR?
I also attached the MLA office Quick Guide to MCFD services and contacts for your future reference. Once you have the MCFD consent form signed and filled in please scan back to me and I can ask Ministry staff to look into the case and provide you with information.

Hello Edena,

I hope you are doing well on this sunny afternoon.

Can you please help me with an inquiry? Does your Ministry offer any resources (whether financial or not) to families with children who have autism?

Many thanks,

Hi Nubwa,
MCFD does provide Autism resources. I have asked Ministry staff to send me a list of them and in particular any local contacts for your area.

As soon as I receive them I will send to you.

Any questions please let me know.

Dear Minister Conroy;

Re: Clean Energy BC's Spring Conference – Powering Generations 2019

Clean Energy BC is hosting our spring conference, Powering Generations, in Trail, BC. We are very excited to showcase the projects and successes in the Kootenays from Nelson's Solar Garden to Waneta Dam & Canal Flats.

CleanBC proposes an exciting future for BC residents and our members are here; ready and willing to bring our international experience to help BC achieve these goals. Through aligning CleanBC with our Electrification of BC white paper – electrifying industry, built environment and transportation will generate job opportunities across the province. The conference is taking place over 3 days. June 4th is a workshop day, June 5th is the main conference and June 6th is a day of site visits; including Nelson's Hydro and solar projects. We would like to invite you to present and attend our spring conference, Powering Generations, in Trail on June 5th, 2019.

We hope that you are able to accept this invitation. Please confirm if you are able to attend.

Sincerely,

Jae Mather

Firstly, no luck yet with an audio clip of MKC's AM 1150 interview. Looking at their audio vault, I'm not sure how often they add stuff and update it, but I will keep checking.

Also, are CRT Estimates still scheduled for 3:30 today?

Hi All,

MKC's MCFD estimates did not start yesterday as was expected. She is however starting at 11am this morning.

Paula feels that this means the earliest Columbia estimates might start is tomorrow afternoon (Wednesday afternoon) and possibly even Thursday. Depends how long the critic takes with MCFD/Childcare questioning.

As the Childcare portion starts to wind down Paula will give me a heads up and Columbia will be after that.

Any questions please let me know.

Hi Amna,

Thanks for your email.

We have a couple different ways of approaching this concern from your constituent.

If you can get the constituent to sign the MCFD consent form I can send to Ministry staff for further information and then send back to you MLA bullets.

If that is not possible or there are other issues Ministry staff can be asked to reply directly to the constituent. That way there is no consent form needed. We are not allowed to share any constituent information with the MLA staff unless there is a signed consent form.

Please let me know what you think might work best in this situation and we can proceed from there.

Thanks,

Thanks very much, much appreciated.

To make sure we have the right staff for your MCF questions (i.e. not childcare) it would be helpful to know the order of those questions.

Also will MLAs be coming in for both MCF and Childcare? If so, will the MLAs with questions for Minister Conroy follow you, prior to the start of the Childcare session?

Hi Grant,

Thanks for emailing me regarding your constituents questions.

I can certainly make enquires however I will need the MCFD specific consent form signed by both yourself and the constituent. Due to privacy regulations we cannot share any information with MLA and staff unless the constituent has authorized this with the MCFD specific form. If this is difficult we can also reply directly to the constituent with the relevant information. We would need contact information from them if this is the request.

I have attached here for your use the MCFD consent form and the MLA guide to MCFD. I hope both are helpful. If you have any questions on either please let me know.

Let me know how you would like to proceed and we can go from there.

Dear Minister Conroy,

I am still concerned about the lack of a safe house for adolescents/youth in my community, especially because of the homelessness that seems so explosive here in Maple Ridge.

Reading the letter below from Gareth Griffiths, written on your behalf, leaves me with more questions than answers. Does it ever happen that a youth is not eligible for the programs offered? Would such a youth be likely/(eligible!) to fall-through-the-cracks? I have heard that there are youths in my community who are 13 years old and who are homeless. If a child/youth has been in care, and because of his/her terrible life experiences, is not able to accept what the Ministry offers, what does the Ministry do for such an individual? How does your ministry provide for these children/youths likely to fall-through-the-cracks?

I look forward to hearing from you, and I hope my questions will be answered seriously.

Sincerely,

Dear s.22 Thank you for your e mail to the Hon. Katrine Conroy, Minister for the Ministry of Children and Family Development dated February 24th 2018. I am the Director of Operations for the Ministry of Children and Family Development (MCFD) in Maple Ridge and Pitt Meadows and am responding on behalf of the Minister.

You have raised concerns about youth advocacy and youth services in the community including the absence of a safe house.

In collaboration with others, MCFD is active in the community in supporting youth and their needs. This is through direct MCFD youth services, youth justice and child and youth mental health supports. MCFD provides a number of services in the community of Maple Ridge and Pitt Meadows to maintain youth in their own

homes wherever possible.

MCFD also funds a number of contracts with community agencies that directly support youth. These services include direct youth support work, counselling programs and family based support work such as parent / teen mediation programming.

Where youth are unable to live in their own homes and where appropriate, MCFD also provides a Youth Agreement program enabling youth to live independently, with youth agency supports, in their home community.

You have raised concerns about youth that potentially may become involved in the court system. MCFD provides services to youth in the community that may already be involved in the Youth Justice system. Youth Justice services are in place to enforce Youth Court orders but also to provide services for youth to direct them away from future youth justice and court involvement.

In this community MCFD also has a significant number of foster placements and extended family placements providing family based care for youth who are unable to live at home.

I want to thank you for your interest in the youth of our community and your e mail to Minister Conroy. Should you require any more information on services in this community that support youth please don't hesitate to contact either myself or our youth services Team Leader, Sherri Logan, at 604 476 2800.

Information on Ministry services can also be found on the MCFD website at <https://www2.gov.bc.ca/gov/content/governments/organizational-structure/ministries-organizations/ministries/children-and-family-development>

Hi Ryan and Adam, thanks for getting back to us. I have attached the signed consent form (sorry it's upside-down). You also have our permission to share the email with Sonia.

Hi s.22

Thanks for reaching out about this, and apologies for taking a while to get back to you. I could reach out to the Ministry and inquire as to the status of this application. In order to do so I would need s.22 to sign a consent form for us to contact the Ministry on her behalf. It wouldn't necessarily speed things up, as they are the ultimate decision makers, but at least we would have a clearer picture of what might be taking so long.

I've attached a copy of the form which she could fill out and send back to us (or mail it: 215-2506 Beacon Ave, Sidney, BC V8L 4T9)

I can also raise this issue generally with our colleague, Sonia Furstenau, who is the BC Green spokesperson for the Ministry of Children and Families (no form needed for that) so she is aware of how long these applications are taking and could include this issue as part of her advocacy on behalf of BC families in the legislature. I would be happy to forward your email her way with your permission.

All the best,

Subject: RE: Japan Adoption
Date: March 8, 2019 10:59:05 AM

Good morning Nick,

Thanks for your patience on this. I do have some new updated bullets on this file I can share with you.

The Ministry of Children and Family Development (MCFD) is committed to resolving the Japan Adoption Program suspension as soon as possible. We acknowledge the heartache and stress this situation is causing many families and their friends.

The reason for the suspension is that significant concerns were brought to the attention of MCFD in May 2018 regarding possible legal irregularities involving the adoption of Japanese children by Canadian families. The program was immediately suspended and remains suspended.

Throughout the suspension the Office of the Provincial Director of Adoption has worked with Immigration, Refugees and Citizenship Canada and the Government of Japan to understand the Japanese adoption laws and processes.

On January 25, 2019, a teleconference was held with representatives from IRCC, the Federal Ministry of Justice, the Office of the Provincial Director of Adoption and Legal Services Branch to discuss the responses. The Provincial Director of Adoption was informed by IRCC that the BC Japan Adoption process of Japanese children being adopted in BC, under the *Adoption Act* was not illegal.

On January 30, 2019, the Provincial Director of Child Welfare/ Assistant Deputy Minister and the Provincial Director of Adoption met with the Federal Director General of the Immigration Program Guidance Branch to discuss the documentation received from the Japanese Government and to discuss a plan to implement a strengthened BC Japan Adoption program.

The following next steps were agreed to:

BC will strengthen its BC Japan Adoption Program to ensure that all parties are acting in the *Spirit of The Hague Convention* and that additional safeguards (eg. additional oversight), is in place to support Japanese birth parents when providing consent. Ways to achieve this are currently being explored and will be reviewed and agreed to by BC and Canada.

Agreements between BC and the Japanese Adoption Agencies will only be made with those Japanese adoption agencies that are licensed by the Japanese Ministry of Health, Labour and Welfare.

Given the complexity of this matter it is difficult to estimate when the strengthened BC Japan Adoption Program will open. Addressing the next steps is a priority for BC and Canada.

In addition, prospective BC adoptive parents can choose to adopt through the Japan Special Adoption Program which is independent of the BC Japan Adoption Program.

I hope this information is helpful. Any questions please let me know.

Thanks,

Edena

Subject: RE: Japan Adoption

Hello Nick,

Just following up on the Japanese adoption file and making sure you have the most updated notes. The Ministry of Children and Family Development (MCFD) is committed to resolving the Japan Adoption Program suspension as soon as possible. We acknowledge the heartache and stress this situation is causing many families and their friends.

To some, the suspension of the program appears unwarranted. The reason for the suspension is that significant concerns were brought to the attention of the ministry in May 2018 regarding possible legal irregularities involving adoption of Japanese children by Canadian families. We immediately suspended the program and it will remain suspended until there is confirmation that all processes align with the laws of both countries.

At the time that the suspension was imposed, eight families were awaiting a match with an infant. Once the suspension came into effect, the matching process discontinued, because until the concerns were resolved, the families would not receive a Letter of No Objection (LONO) from the Provincial Director of Adoption to bring the infants to British Columbia to finalize the adoption and therefore, Immigration, Refugees and Citizenship Canada (IRCC) would not issue a visa for the infant's entry into Canada.

IRCC will issue visas for children that have been adopted from Japan under the Special Adoption process. This refers to the adoption of Japanese children that is finalized by the Japanese Family Court. For those British Columbian families seeking to finalize the adoption of a Japanese child in British Columbia, IRCC has discontinued issuing visas.

Since the beginning of the suspension, a weekly or bi-weekly teleconference has been held with the licensed adoption agencies to keep them informed. The ministry in partnership with the Federal Government of Canada is continuing to try to understand the legal process to complete an adoption of a Japanese infant by prospective adoptive parents from a foreign jurisdiction.

Recently, a series of questions were finalized by the Federal Government and sent to the Canadian Embassy in Japan, who will provide these to the Japanese Foreign Affairs Ministry for further response.

On November 14, 2018, we were informed that responses have been received from two Ministries in the Japanese government and these are being translated. The Federal Government continues to work with their legal counsel to determine how the various pieces of legislation in the each country align.

The areas of concern that are being assessed are:

- that the placement or adoption of a child is not validated or authorized by competent Japanese authorities;
- that the biological or legally designated parent(s) concerned may not have been properly counselled prior to giving their consent; and
- that safeguards preventing improper financial gain are insufficient.

On November 16, 2018, an update was provided to the Provincial Director of Child Welfare by Intercountry Adoption Services (IAS) on behalf of Director General, Immigration Program Guidance Branch.

The update provided the following information:

- Immigration, Refugees and Citizenship Canada (IRCC) Tokyo had a discussion with Japan's Ministry of Health, Labour and Welfare (MHLW) regarding the Japanese agency Baby Life. They did not consider the process used by Baby Life to be a valid basis for an adoption to be completed in Canada given that there is no involvement by the Family Court in Japan.
- Baby Life's application to be a registered adoption agency under the new system established in Japan in April 2018 is still pending. IRCC Tokyo indicates that given Canada's specific questions to MHLW regarding this agency, similar to earlier concerns raised by the Americans, Baby Life's registration application is being thoroughly scrutinized.
- Given the complexity of this matter and the multiple parties involved, the Office of the Provincial Director of Adoption is addressing this matter as a priority; however, is not able to provide a timeline for resolution.

I hope this is helpful.

On January 25, 2019, a teleconference was held with representatives from IRCC, the Federal Ministry of Justice, the Provincial Director of Adoption Office and Legal Services Branch to discuss the responses. The Provincial Director of Adoption was informed by IRCC that the BC Japan Adoption process of Japanese children being adopted in BC under the *Adoption Act* was not illegal. On January 30, 2019, the Provincial Director of Child Welfare/Assistant Deputy Minister and the Provincial Director of Adoption met with the Federal Director General of the Immigration Program Guidance Branch to discuss the documentation received from the Japanese Government and to discuss a plan to implement a strengthened BC Japan Adoption program.

The following next steps were agreed to:

BC will strengthen its BC Japan Adoption Program to ensure that all parties are acting in the spirit of *The Hague Convention* and that additional safeguards (eg. additional oversight), are put in place to support Japanese birth parents when providing consent. Ways to achieve this are currently being explored and will be reviewed and agreed to by BC and Canada.

Agreements between BC and the Japanese Adoption Agencies will only be made with those Japanese adoption agencies that are licensed by the Japanese Ministry of Health, Labour and Welfare.

Given the complexity of this matter it is difficult to estimate when the strengthened BC Japan Adoption Program will open and addressing the next steps as agreed to by Canada and BC is a priority.

In addition, prospective BC adoptive parents can choose to adopt through the Japan Special Adoption Program which is independent of the BC Japan Adoption Program.

I hope this is helpful. Any questions please let me know.

Thanks,

Edena

Subject: FW: International Adoptions – Support for the Japan Program

Hi Edena,

Please see the below email for details. Are there any updates on this matter?

Specifically, the constituents want the following questions answered:

- 1) We want to know the specifics of what the Director of Adoptions is looking for. What are the items she is looking for clarification? She should have parameters of what her investigation needs to satisfy.
- 2) On what information did she stop adoptions from Japan? For a process that has been in place for many years and many successful adoptions, what is the information she is using for justifying the suspension?
- 3) What needs to be in place before the program suspension can be lifted? Can we get a commitment that it will be lifted?

Thanks!

I am looking for clarification on the point about caregivers receiving support equal to that of foster parents:

The Budget Highlights page has two paragraphs about this (page 3):

"Family-based caregivers looking after children will see their support payments increase by \$179 per month starting April 1, 2019 . . . "

"Extended family, like grandparents and aunties who support children and keep them out of care, will have their support payments increased to match those of foster parents"

We have met with Grandparents who are raising their grandchildren and have legal custody or guardianship of them. Will this group be affected by these changes.

I am concerned because if the second group noted above in the line "Extended family, like grandparents etc" refers to those who are part of the Extended Family Program – then grandparents who have legal custody or guardianship will not receive the foster parents support because they are not eligible for the EFP. The Extended Family Program reads like the intent is to get the children reunited with their parent(s) ...

Here is the wording from the Extended Family Program:

The person looking after your children is called their **care provider**.

Your children are placed with their care provider through an Extended Family Program agreement (sometimes called an **EFP agreement**). This program gives your children's care provider financial support and other support services.

Not everyone is eligible for the program:

- If your children are already with a care provider who has court-ordered **custody** or **guardianship** of them, they're *not* eligible.

Would really appreciate receiving confirmation on this. Thanks so much Nan

Ms. Chen and Ms. Conroy,

On behalf of the Canadian Child Care Federation (CCCCF) and the Early Childhood Educators of BC (ECEBC), we would like to invite you to attend our co-hosted national conference being held in Vancouver at the Hyatt Regency on April 11-13/19 and address the conference delegates as to the NDP of BC vision for Early Care and Learning.

The full conference agenda can be accessed [here](#) and as you will see, we have arranged a wonderful range of speakers and presenters focusing on local, provincial, national and international ELCC practice and policy. We are hoping you would consider attending Friday April 12, 2019 keynote with Cindy Blackstock and then participate in an all delegates dialogue with government ministers both provincially and federally starting at 11:00 AM. This is an excited time in BC and want to highlight the future direction and investment being made in Early Care and Learning.

ECEBC is celebrating its 50th Anniversary and is interested if you would give special acknowledgement of the achievement at the soiree that evening. Please see the attached invite.

We look forward to hearing from you.

On behalf of the CCCC and ECEBC,

Emily

Please see the draft response below. Debbie has approved the substantive aspects of this but I gather the Ministers' office wants to review before it goes direct to s.22 Please forward as appropriate to whoever in the Minister's office that will be.

"CLIFF 242134.

Dear s.22 thank you for your updated e mail correspondence to the Minister for the Ministry of Children and Family Development, Hon. Katrine Conroy , dated March 5th 2019. I am responding on behalf of the Minister as the Director of Operations in the Maple Ridge / Pitt Meadows Local Service Area.

In your updated e mail you indicate that you would like some additional answers to the original reply information I sent to you on March 1st 2019, including "eligibility" for service.

When youth contact MCFD youth services, an assessment is made of their circumstances to look at what services are the most appropriate to be provided. That could include youth agreement support, youth development support, Mental Health services etc as I have described in my previous reply to you.

"Eligibility" for service is based on assessment. From that assessment, support programs can be offered and implemented.

MCFD cannot assess the best service options for youth if we are not made aware of who they are either by them self-referring or being referred by individuals or agencies in the community. You mention that there are 13 year old's in this community that are homeless. If you directly have information about these youth I would ask that you connect with us so that an assessment can occur. If you are receiving this from other individuals in the community I would ask that you have them connect directly with us.

If you believe that some of the homeless young people are former youth in care they will also be potentially eligible for MCFD's Agreement with Young Adults program (AYA) that provides support to youth aged 19 to 27 years of age. That will again require the young person to connect with MCFD so that an assessment can occur.

I can assure you that MCFD staff take the welfare and needs of youth very seriously and I would strongly encourage you to have youth contact MCFD directly or indirectly through community members.

Thank you again for your e mail to Minister Conroy."

Please forward to the appropriate staff in the Minister's office so that I can then reply to^{s.22}

Good Morning Edena,

Hope you're well and recovered from estimates!

Round 6 is quickly approaching; I was wondering if you could provide some times for Les, Kathy and I to brief the MKC the week of April 1.

Right now Kathy and I have a deal of flexibility (this will change) – I'll also have to check Les' schedule.

Let me know what times work, and I'll confirm at least one for the calendar!

Hi Mary,

I have information from the Ministry for Minister Trevena's questions from March 1st regarding funding in Budget 2019.

You had specifically requested information on whether Budget 2019 included an increase in funding for Early Intervention Therapy programs or funding for Child Development Centres to provide "Early Years" mental health services.

The Ministry of Children and Family Development (MCFD) contacted the Ministry of Mental Health and Addictions (MMHA) regarding this request, and the response below is from approved messaging provided by MMHA.

Subject: RE: Constituent Question
Date: March 13, 2019 10:23:32 AM

Hi Nubwa,

I have received information from Ministry regarding your questions on resources to families with children who have autism.

Request for information on supports financial or not relating to Autism Programs

Overview of MCFD Autism Funding Program:

- B.C. is committed to an integrated and coordinated range of services and supports for children and youth with Autism Spectrum Disorder (ASD) and their families.
- Children and youth with diagnosed ASD have access to a range of Children and Youth with Special Needs (CYSN) services.
- The Ministry provides autism funding, through an individualized funding model, to assist with the costs of autism intervention services:
 - children under the age of six are eligible for \$22,000 per year; and
 - children age 6-18 are eligible for \$6,000 per year
- B.C. is the only province that has a no-waitlist policy for families to access autism funding upon confirming eligibility and signing a funding agreement.

Process for Receiving Autism Funding Support from MCFD:

- The family receives a public multi-disciplinary assessment through BC Autism Assessment Network (BCAAN) or through private clinicians. Once confirmation of an ASD diagnosis, the family is then referred to a MCFD office to meet with a Children, Youth with Special Needs (CYSN) social worker in their local service delivery area.
- The CYSN social worker determines eligibility for the CYSN program. Once eligibility is determined, the CYSN social worker notifies the Autism funding branch that the family is eligible for funding.
- The Autism Funding Branch will contact the family and send out the Autism agreements. Once signed and returned the family receives a welcome letter outlining the funding available.
- With autism funding, families are able to choose the type of intervention that best meets the needs of their child. Families are able to choose interventions, based on best practices to support their children's communication, social-emotional, academic and functional life-skills development.

Additional Support beyond Autism Funding Program:

- Families of children with ASD are also eligible for other services and supports through MCFD, such as early intervention therapies, school-aged therapies, infant development, supported child development and family support services, including respite.
- Autism Information Services BC (AIS BC):
 - Provincial information centre that assists families in making informed decisions about best practice treatment options in their community. The program provides navigation support, information and training for families.
 - AIS BC also manages the Registry of Autism Service Providers (RASP) to support families to connect with qualified service providers who have the professional education and training to design, supervise and implement effective autism treatment programs.
 - Families can contact AIS BC In person: 3688 Cessna Drive, Richmond, B.C.; Toll Free

Line: 1 844 878-4700; or by Email: AutismInformation@gov.bc.ca

- Registry of Autism Service Providers:
 - The RASP ensures that parents of young children with ASD have access to professionals with the education, training and experience that qualify them to implement intensive, comprehensive, and effective behavioural treatment programs.
 - Families receiving funding through the Autism Funding: Under Age 6 Program must select their professionals from the RASP.
 - Professionals serving children in the Autism Funding: Ages 6-18 Program are not required to be on the RASP.
- Ministry of Education:
 - For school aged children, supplemental funding of \$19,400 per year is provided to school districts (over and above per pupil funding) through the Ministry of Education for each student diagnosed with ASD to provide in-school services.

I hope this helps. Any further questions please let me know.

Thanks,

Edena

Hi Taya,

Selkirk email! Lol. Always sketchy.

My thought is the 24th is better. Less chance of possible disruption from possible events elsewhere.
😊

I will double check that with Ministry staff in Victoria but let's slot it in there for now.

Sound ok?

Hi Taya,

Thanks for your message. Break week for the Legislature is May 20-24th. That week, at the moment, has no bookings. ☺

That being said they sometimes like Kat to travel during part of her break weeks to other areas of the province. I can flag for Victoria however that she has a request by the College's ECE program for an event. I would think it likely that we can get the time approved. ☺

Let me know what you think and if some day that week works for you and the event organizers.

Hi Edena,

This year marks 40 graduating classes of the ECCE program at Selkirk College. Katrine was in that first class!

In May (child care month) we will be planning an event. I was wondering if Kat has any planned time in Castlegar during that month so that we could coordinate?

I'm in Victoria for a meeting until Friday and will be meeting with s.22 in the next few weeks. If you had a few dates, I will try and coordinate. Plans are still very preliminary, so we've got some flexibility.

Hi Paula,

I have put a hold in MKC's calendar for an event on May 24th.

It is from Selkirk College's ECE program. They are celebrating their 40th anniversary and MKC was in that first class. They would like to do an event with her there.

It looks like there is a possible tour that week so I thought I should flag this for you.

Subject: Help Us Support Students with Special Needs!

Dear Ms. Katrine Conroy

I am writing to you to express my concern with the Report of the Funding Model Review Panel.

On July 16, 2017, you wrote a mandate letter to the Minister of Education, Rob Fleming, and tasked him with, among other things, reviewing “the funding formula to develop a stable and sustainable model for the K-12 education system” and fast-tracking “enhancements to K-12 funding. The Funding Model Review Panel’s set of 22 recommendations do not address the question of adequate funding, nor do they provide a sustainable model for the K-12 system. While many of the recommendations are cause for concern, as a teacher I am particularly concerned with two recommendations of the panel.

Recommendation 6 proposes a single inclusive education supplement to replace allocations for special needs, ELL, and Community LINK. Funding for these categories would no longer be based on need, but rather calculated from third party data, also known as the prevalence model. The Panel recommends identification of special needs will no longer be necessary for most students. However, I rely on assessment and identification provided by specialist colleagues to inform my practice and allow me to differentiate instruction for these students. Without this information, my students will not receive the supports they need in a timely way, if at all. If anything, I would like to see more students have access to assessment and supports, not fewer.

Recommendation 8 links the Classroom Enhancement Fund (CEF) with the what the Panel refers to as “the prescriptive nature of the restored language” (p. 24). The Ministry of Education sets the guidelines for the CEF, not the restored Collective Agreement. In fact, if it weren’t for the hard work of teachers and our win at the Supreme Court of Canada, School District 68 would not have seen 100 new teachers added to the system and smaller class sizes. Prior to the Supreme Court win, Nanaimo had some of the largest class sizes in the province. Collective Agreement provisions guarantee funding levels. What the Panel bemoans as inequity across Districts right now is in fact because the Ministry is only providing additional funds to Districts with class size and composition language. Without that language, Districts continue to try to provide services with the same amount of funds they have had for the past several years, which has never been enough.

This report is not about supporting students. It is about finding ways to continue to underfund the system and undermine collective bargaining. I oppose this report, and I hope you will call on the Minister of Education to start over, by first assessing the actual needs of the system, and then proposing authentic ways to address those needs.

Sincerely,
s.22

Hi Edena,

Thank you for sending this information. I had a questions regarding the following statement:

Now that AHM program staff are aware of the circumstances, they have contacted the parent requesting a time to discuss her concerns.

Has this discussion happened? If so has anything come out of it? I will provide the information to the constituent but it seems they still likely have to pay and they have to keep reaching out to more individuals when likely the outcome will be the same.

Just wanted you to see that Avery is recommending I register the Minister and myself as quickly as possible. And book a room! This will be a job for Monday. ☺

Edena,

If you are both planning on attending the entire conference, it would be a good idea to register soon.

We are not offering any special rates this year as we have reduced the registration fee down to only \$199 to make it affordable for everyone.

We do have a special accommodation rate available at the ^{s.15}
would recommend booking that soon if you can.

Thank you kindly,

Hi Avery,

I received an email regarding registration for the Transboundary Conference and I was wondering if I need to register Minister Conroy and myself?

If so... is there a government rate?

Thanks,

Wondering if you have any updates on the Waneta Legacy event? We have a hold in MKC's calendar right now for April 25th.

It is a very busy week with many different demands on her so I am wondering if you know if this date is still being held for an event?

Hello Minister Conroy. By way of introduction, I am Shane Picken, the Executive Director of ARC Programs, a community-based social services agency. ARC Programs provides an array of services for vulnerable children, youth and families in the West Kootenays and Okanagan, many of which are funded by MCFD. We have met a couple times, and the occasion that stands out for me was when you participated in signing the MOU between the Metis Nation and MCFD, in Kamloops. That was such an important milestone in the journey towards reconciliation with the Metis people, and I was proud to bear witness to the event.

I am writing you about a matter of grave concern to me, our employees and those of so many other community-based agencies across the province. I am sure you are aware of the many challenges that community-based agencies share with the Ministry in delivering our services to the vulnerable kids and families in our communities. One of those challenges relates to the recruitment and retention of skilled, qualified and caring professionals to deliver our services. The compensation for practitioners in the community-based social services sector has been woefully low, and especially when compared to working within government, School Districts, Health Authorities, etc. Therefore, I was so pleased to learn that the (NDP) government had provided significantly increased funding for our sector to implement the new (CSSEA) Collective Agreement that comes into effect next month, and up until recently I fully expected that equitable funding would be provided to both unionized and non-union agencies

for staff compensation increases. This has been the case for many years, at least since 1999 when the NDP provided low-wage redress funding for non-unionized agencies.

However, yesterday I received a letter from Phylip Twyford, your ADM and Executive Financial Officer, that the Ministry will not be providing equitable funding increases between unionized and non-union agencies. In fact, the unionized agencies will be getting almost 3 times the level of increase that the non-union agencies will be provided, for each year of the next 3 years! This is outrageous, and so demeaning to the staff of non-unionized agencies. ARC Programs has always provided the best compensation we could for our employees, which is controlled by the funding we receive from the Ministry. We have an excellent track record in recruiting and retaining qualified and skilled staff, which has enabled us to deliver responsive and effective services. We will now face even greater challenges in retaining our excellent staff, which eventually may impact the quality of services we provide to vulnerable kids and families. I don't understand why the Ministry, and your government, thinks that the kids and families served by unionized agencies deserve better services than those served by non-union agencies.

I am sure you will be hearing a similar message from other agencies across the province, and our representatives such as the Federation of Community Social Services of BC and others. I would like the opportunity to speak with you about this issue.

Thank you for your attention to this matter,

Shane Picken

Subject: Douglas College Bachelor of Social Work Program

Dear Ministers and Honorable Members,

I am concerned that as of this date no resolution has been announced to the impasse between the College of Social Workers of BC and the Bachelor of Social Work program at Douglas College, regarding the full accreditation of this program for Social Work professionals in BC.

There is reportedly a shortage of qualified personnel in Social Work, a vocation which in our province largely services government and government-funded agencies. It is beyond my understanding how an otherwise accredited, government-funded school offering a BSW program, the College of Social Workers of BC, the Ministry of Education, and the Ministry of Children and Family Development, could be unable after several years to harmonize their requirements such that successful completion of the program would qualify a student for membership in the College and graduate studies in the profession.

I submit that whatever obstacles remain are impeding not only students' progress, but also the mission of all four of the above entities and a prudent use of tax and tuition dollars. This seems exactly the kind of problem that goodwill and a meeting of decision-makers could resolve.

I implore you to do whatever is required, and look forward to a timely and successful resolution of this matter.

Subject: Banning conversion therapy in B.C.
Dear Minister Dix, Minister Conroy, Dr. Weaver and Mr. Chandra Herbert:

I am writing to ask that you consider banning conversion therapy in British Columbia. A petition was presented to the House of Commons on February 1, 2019, calling on the government to "(a) enact legislation banning conversion therapy to minors in Canada; (b) enact legislation prohibiting transporting minors outside of the country for such purposes; and (c) have conversion therapy included in the Canadian Human Rights Act and the Criminal Code, to protect children from abuse." The federal government's response, which was tabled yesterday, March 18th, states that "This issue primarily implicates the regulation of the health profession, which is a provincial and territorial responsibility."

I urge you to consider banning this harmful and discriminatory practice in our province. It is crucial that we protect our children and youth from this type of abuse.

The federal petition and the government's response are available at <https://petitions.ourcommons.ca/en/Petition/Details?Petition=e-1833>.

Thank you.

Sincerely,

Hi Edena,

There is significant overlap in subject matter between the three different emails (all three speak of child apprehension, resulting mental illness, and CIHR/respice funding, but there is more weight given to each of these subjects in each respective email). I think it would make sense to address all of it in one response if possible, but let me know what you think!

Hello Colette,

I am just touching base on what our next step is. Please let me know what I can do to possibly assist in whatever stage we are in at this point.

I am hopeful that we can meet at some point to see some movement in the near

future.

I do understand there are some other issues, as well as Mr. Plecas has a full plate as of late.

Hoping we can catch up at some point.

Thank you in advance,

Wondering as well about adding this gentleman to the list for the event but also possibly meeting with Minister Sims. His name is Brian Fry.

I gather that he and Lorri Fehr had a short conversation with Minister Sims, Shannon Russel and Susan Stanford at the BC Tech Summit. Susan explained that they would like to discuss the delivery of the Columbia Lake Technology Center/PodTech model throughout rural BC.

Subject: Loss of Community Liaison Officer at Vic West Elementary

Hello,

I am writing to express my disappointment that Vic West Elementary no longer has a community liaison officer. As an inner city school, Vic West needs support from its community in this regard. Why is it always the lower income schools that get targeted with cuts when they often need these services the most?

The fact that the City of Victoria and Esquimalt think that city boulevards and trees are more important than crime prevention goes to show how the decision regarding municipal police should not be made by these ideologically driven councils. The complexity of policing and crime prevention in the Greater Victoria area needs better coordination and leadership. The Province should create a regional police force answerable to a regional board with representation from all Greater Victoria municipalities.

Thank you,

I am hopeful that we can meet at some point to see some movement in the near future.

I do understand there are some other issues, as well as Mr. Plecas has a full plate as of late.

Hoping we can catch up at some point.

Thank you in advance,

Dear s.22

Alan and I had the opportunity to meet with Minister Conroy today, with her Ministerial Assistant Paula Gunn. Minister Conroy and Paula were very sympathetic to your concerns, and they gave us the good news that the funding for special needs children is

under broad review, and we should see changes and improvements coming in the future.

They understood exactly the frustration that the funding is partitioned as is it within the At Home Program. The Minister and Paula suggested that they connect you directly with Danielle Smith, who is now the Acting E.D. in this area.

I have cc'd this to Paula, so she and you can be in contact, and she can help facilitate connection with Danielle.

They have also suggested that we touch base with the Ministry again a few months down the road for an update on progress made in this area.

Warm regards,

Colette

Hi Rhea,

A slightly odd request.... ☺ We are doing EA training the last week of March and as a part of this they have asked us to reach out to our correspondence team and request a meeting on the Monday. They are suggesting we review CLIFF policies. I don't use CLIFF. And I also don't want to use CLIFF. I have enough I deal with. ☺

I mentioned this to the organizer of the training and she said that perhaps it may be helpful for me to review the correspondence practices of our ministry and report out on them in the second day. I am very torn about this request as I know we are also trying to set up a meeting with MO and yourself for Wednesday. I don't think I should be over there using your valuable time on Monday. So perhaps we can just have a short chat sometime this week about "correspondence" so I have things I can share?

Sorry. ☹

"March 25th: 1:30-2:30: Meet with correspondence department and review CLIFF policies. (Self guided)"

2:30-4: Giving and Receiving feedback

March 26th: 10am-11:00am, QP

11-12: Security Protocol

12-1:30 Lunch

1:30-2:30: CLIFF. Findings and best practices

2:30-3: Mental Health 101"

Thoughts?

They understood exactly the frustration that the funding is partitioned as is it within the At Home Program. The Minister and Paula suggested that they connect you directly with Danielle Smith, who is now the Acting E.D. in this area.

I have cc'd this to Paula, so she and you can be in contact, and she can help facilitate connection with Danielle.

They have also suggested that we touch base with the Ministry again a few months down the road for an update on progress made in this area.

Hi Joseph,

I do have more information to share on this.

On budget day, government announced that family-based caregivers will receive higher support payments and care providers receiving financial support through the Extended Family Program will have their support payments increased by 75 percent to match those of foster caregivers.

Constituents have been inquiring if grandparents that have custody or guardianship of their grandchildren and do not receive financial support from the Ministry of Children and Family Development (the ministry) are eligible for the funding announced on budget day.

The ministry is looking to make immediate improvements to its current system, and the rate increases announced on budget day are focused on enhancing existing programs with extended family members that are currently supported directly by the ministry.

This includes grandparents who have an agreement with the Ministry of Children and Family Development under the *Child, Family, Community and Service Act* or who have adopted under the *Adoption Act*. Agreements are either under the Extended Family Program; a temporary or permanent transfer of custody; or adoption of a child or youth.

Caregivers with these types of agreements already receive financial assistance from MCFD (called the maintenance rate) that covers the basic living costs of the child or youth in their home. The maintenance rate was increased in Budget 2019.

For the Extended Family Program, the maintenance rates were increased to match those of foster caregivers, and they are also eligible to access the income-tested Federal benefits (Canada Child Benefit and Child Disability Benefit).

Grandparents who have court-ordered custody or guardianship of their grandchildren under the *Family Law Act* have different circumstances. They do not have any interaction or agreements with the MCFD, nor do they receive the maintenance rate. However, if a grandparent has custody or guardianship of their grandchild under the *Family Law Act* then they can apply for financial assistance provided by the Government of Canada such as the Federal Canada Child Benefit and the Child Disability Benefit. The guardian should contact the Canada Revenue Agency to determine eligibility for federal benefits.

If grandparents do not have guardianship under the *Family Law Act* and are caring for their grandchildren more informally through an agreement with the parent(s), then they may be eligible for the Extended Family Program and can call MCFD's Client Relations Branch at 1-877-387-7027 for more information.

In addition, some grandparents receive financial assistance through the Child in the Home of a Relative Program. This program, which stopped new applications in 2010, is administered by the Ministry of Social Development and Poverty Reduction. It does not provide a maintenance rate, but provides financial assistance through a lump sum amount depending on the number and age of the child(ren) in the home. Caregivers receiving support through this program may be eligible for alternative funding through the Extended Family Program. Each caregiver will have unique circumstances and custody arrangements and may call MCFD at 1-877-387-7027 for more information.

Parent Support Services Society of BC offers support to kinship care providers and could provide

guidance on the support that is available to grandparents. They have a guide for grandparents on their website: <https://www.parentsupportbc.ca/for-grandparents>

There is also a support line for grandparents raising grandchildren. The phone number is 1-855-474-9777.

The focus of the ministry is to support all children and youth to live in safe, healthy, and nurturing families. If anyone is concerned about children and youth being at risk, they can connect directly with the ministry office in their community, or contact Provincial Centralized Screening at 1-800-663-9122 or 604-660-4927 (Lower Mainland & outside BC).

The family can search for their local office on this website:

<https://www2.gov.bc.ca/gov/content/safety/public-safety/protecting-children>

If you or the constituent have further questions please let me know and I can try and get those answered as well.

Subject: Grandparents receiving support like Foster Parents

I am looking for clarification on the point about caregivers receiving support equal to that of foster parents:

The Budget Highlights page has two paragraphs about this (page 3):

"Family-based caregivers looking after children will see their support payments increase by \$179 per month starting April 1, 2019 . . . "

"Extended family, like grandparents and aunties who support children and keep them out of care, will have their support payments increased to match those of foster parents"

We have met with Grandparents who are raising their grandchildren and have legal custody or guardianship of them. Will this group be affected by these changes.

I am concerned because if the second group noted above in the line "Extended family, like grandparents etc" refers to those who are part of the Extended Family Program – then grandparents who have legal custody or guardianship will not receive the foster parents support because they are not eligible for the EFP. The Extended Family Program reads like the intent is to get the children reunited with their parent(s) ...

Here is the wording from the Extended Family Program:

The person looking after your children is called their **care provider**.

Your children are placed with their care provider through an Extended Family Program agreement (sometimes called an **EFP agreement**). This program gives your children's care provider financial support and other support services.

Not everyone is eligible for the program:

- If your children are already with a care provider who has court-ordered **custody** or **guardianship** of them, they're *not* eligible.

Would really appreciate receiving confirmation on this. Thanks so much Nan

Good morning Shawn,

Ministry staff have provided the following information.

You can provide the following link to the constituent if they wish – it is a public document from the MCFD website that lists all of the key contacts for the Delegated Aboriginal Agencies. When the document is open, if you click 'Ctrl – F' on your keyboard and then search 'Ayas', it will take you to the contact information for Ayas Men Men.

https://www2.gov.bc.ca/assets/gov/family-and-social-supports/services-supports-for-parents-with-young-children/reporting-monitoring/04-accountability/04-5-delegated-child-family-service-agencies/agency_list.pdf.

Alternatively, the constituent contact us at Client Relations Branch (1 877 387-7027) and we can take notes with their concerns, and forward the concerns to a Practice Analyst with MCFD in the Aboriginal Services Branch, who then reaches out to the DAA on the client's behalf to discuss the concerns brought forth. Most clients will contact us to make a complaint vs. calling the DAA directly. I hope this is helpful.

Cheers,

Edena

Hi Edena,

When you have a moment, would you be able to call me at 604-981-0033 to discuss the complaints process that a constituent could use with Ayas Men Men? It's unclear to me if they have their own process, or if they should go through the general MCFD processes. Thanks so much!

Dear Minister Conroy and Minister Bond,

I am writing on behalf of 'BC Parents of Complex Kids', a group of approximately 300 parents that all have children with severe disability and complex health care needs currently receiving funding from the At Home Program (AHP).

During the last two years, through social networks and various other means of participation, we have identified common challenges and experiences arising from the care of our complex children as we navigate the current system of support. We have been sharing our ideas and knowledge with each other, and our group has become an important sphere of family support, allowing parents to connect and exchange information in a consistent and effective way.

As CYSN is embarking on a research project to create a new service framework upon which to build improvements to the services offered to our children, we have collated these experiences and created a report to summarize the issues that represent the greatest challenges and most urgent needs that our children and families are facing.

Recognizing that our children are the target population of the At Home Program, we believe we possess invaluable knowledge and expertise with regards to this program and have managed to pinpoint several critical areas that will be summarized in a series of recommendations and suggestions throughout the attached document.

This document has been shared with the CYSN team that is undertaking the research but we wanted to share it directly with you and your team as well with hope that it informs the CYSN research efforts. We are also sharing it with other ministries and organizations in hopes that it will help to shed light on the situation for the decision makers in our province. Thank you in advance for taking the time to review this report as it is the result of a long process in which all families have invested valuable time to provide input.

We are available to answer any questions that arise.

Regards,

Brenda Lenahan

Hello, Minister Conroy.

I am reaching out to you today to draw your attention to an exciting partnership taking place in your constituency.

Beginning April 1, 2019, the Family Action Network (FAN) and UBC's Human Early Learning Partnership are embarking on a two-year project to gather critical information on the developmental health of children between ages 1 and 2 years old and on the well-being of their families. Working closely with our community partners in Trail and Castlegar we will be able to gather important data that can be used to enhance early years supports and services in our region.

Please see this recently published article from the Our Stories site of the Columbia Basin Trust about the project: <http://bit.ly/2TqadWj>

I would love the opportunity to provide you with more information about this exciting project and would also like to invite your participation to a community meeting with the team at UBC who will be coming to our area during the first week of May. Their dates are not yet finalized, but I am hoping that we can align their visit with a time you may be home so that you could be present for one of (or part of, given your busy schedule) the two community meetings planned for this project in either Trail or Castlegar. May 7-9th are the dates the UBC Team will be coming to our region. With all of the great work to support the Early Years at a provincial level, this project further demonstrates how rural communities are finding innovative ways to further support families with young children, outside of urban areas.

If there is a time before May when you may be available for a meeting I would prioritize your availability and welcome the opportunity to give you more information about the project and its intended outcomes. FAN is based in Trail, and I (as you know) live in Castlegar. I can be available at very short notice, if there is a time when we could chat further.

Thank you for all the amazing work that's happening to support families with young children in our Province. It's an exciting time to be a part of the Early Years sector in BC.

Hi both,

Just wanted to update you on the lunch options in the Legislature.

There are two smaller rooms that can be booked. They hold 12 people each and are somewhat private. One is the speaker's room so permission must be granted through the speaker's office but I think that this type of event would qualify. They are separate from one another so privacy is kept.

The rooms are free after 1pm for both the 10 and 11th of April.

If you would like me to book just let me know. Sooner the better if interested as they can get busy and we would have to ask speaker's permission as well.

Reporter: Greg Scruggs, Thomson Reuters Foundation

Deadline: Friday, March 29, 2019 12:00 PM

Request: I have the following queries for Minister Conroy's office:

- Is the BC/Canada negotiating team advocating for "ecosystem-based function" as co-equal to hydropower and flood risk management in a modernized Columbia River Treaty?
- Specifically, does the BC/Canada negotiating team support salmon passage upstream of Chief Joseph Dam and if so, how do you propose accomplishing that goal?
- Does restoring ecosystem-based function, namely the passage of salmon upstream of Chief Joseph Dam, create a trade-off with hydropower and flood risk management (ie if salmon are restored, will there be less hydropower/less predictable flood management)? How so?
- Why did you not allow First Nations members the opportunity to serve on the negotiating team, similar to how the Pacific Salmon Treaty negotiations were conducted?

For your reference, here are two examples of stories I have written for Thomson Reuters Foundation about tribal/First Nations issues. The first story is about how coal

and freight trains impact fishing rights in the Columbia River Gorge: “Salmon fishing in the U.S. – new threats to age-old Native life”. The second story is about a Cheyenne Nation cartographer at the University of Lethbridge mapping missing and murdered indigenous women and girls: <http://www.thisisplace.org/i/?id=e383e7ad-fc4c-4a9a-a0d0-bc53d4926ac6>

Yes she has been asked to speak on "All things Columbia" and it is very vague. Nothing specific so allows us some latitude.

Dear Minister Shane Simpson and Parliamentary Secretary Mable Elmore,
I am pleased to see that you recognize the importance of a comprehensive framework with cross-ministry responsibilities and investments. Your report, however, does not mention the big reason why people are poor – poor people don't have enough money.
I would urge you to go back to the drawing board and come up with a basic income policy that provides money to the poor. Free money under a basic income policy will:

reductions in crime

Lower child mortality

End of malnutrition in people

Teenage pregnancies,

Truancy

Increased attendance in schools and other forms of education will support economic growth and employment

Money is spent locally enhancing the economy at the local level.

So, a basic income policy is my first response to your report.
Secondly, I am old enough to remember the presidencies of J.F. Kennedy and Lyndon Johnson. It was during their administrations that a new secretariat evolved- HEW. Health, Education and Welfare were combined because of the close relationship between needs and solutions in these three general areas. It worked.
My recommendation to you is that you pursue this kind of consolidation of services.
The creation of this super ministry would co-ordinate services provided by:

Health

Education

Children and Family

Social development

Addiction and Mental Health

poverty Reduction

You and your cabinet colleagues need to agree on the efficacy of service delivery from this combined approach. If agreement exists at that level, deputy ministers and their staff need to be asked to make this happen – they have the skills, training and incentive to make this combination work.

s.22

s.22 I am painfully aware of the needs of children, their parents and their grandparents. I am aware of the consequences for community, individuals and families of poverty and homelessness.

Hi Edena,

For the Ned de Beck Lounge – you would need to request space from the Speaker’s office. However, I understand if the Ned de Beck lounge is booked for an event – the event must invite all MLAs – I believe – Speaker’s office will be able to confirm this.

Another option would be is to book the Hemlock Room (or another meeting space) and have the dining room provide the catering (or an outside catering company if the dining room cannot do it – however, if given enough notice they should be able to). Hope this helps.

Cheers,

Angela

Hi Angela,

Quick question. ☺

The Columbia River Treaty negotiations are being held in Victoria April 10th and 11th. MKC is the Minister Responsible for the file but the CRT Team is under EMPR.

They are looking for a place to perhaps host a lunch for the US and the Canadian negotiation teams.

MKC wondered about the Ned de Beck room? Do you know who I need to ask if it is even available on those dates? We would need from 12-1:30.

The Dining room is not available at the right times and is not quite large enough.

Any thoughts would be appreciated.

Cheers,

Hi Rhea and Melissa,

As a part of our continuing refinement of the correspondence process I have an update.

I met with Kathy Eichenberger this past week and we chatted about the increase in emails and letters we are receiving pertaining to the Columbia River Treaty in particular. As negotiations continue we feel that we will only get an increase in correspondence from residents in the basin and the province.

At the moment the correspondence is not large but best if we put in place a system so that it can handle increases and also they can all be "cliffed" and responded to by the appropriate staff person. The system Kathy and I discussed was as follows.

1. MKC receives email or letter from residents via her Minister email/address or her MLA email/address.
2. This is forwarded to Edena.
3. Edena forwards to Rhea with direction. (reply direct from staff or Minister response)
4. Rhea forwards to Melissa to cliff and she e-apps to appropriate staff. (Kathy Eichenberger, Brooke McMurchy or Les MacLaren)
5. EMPR Staff receive E-App and review and draft response.
6. This is then sent back to Edena to review.
7. Once Edena reviews after EMPR staff have drafted then response sent out from MCFD correspondence.

Rhea is this how you understood our discussion this morning as well?

Please let me know your thoughts or any concerns. We can tweak this as needed.

Thanks so much,

Edena

Good morning Heather,

I am very sorry. I am in Victoria this week and my computer was "in the shop" for a day and half for updating! I feel very behind.

So the issue I think as you have below is that the ID presented has a different name then what is on the consent form? As long as you identify the person from the ID I think it will be ok. You don't need to photocopy the ID as well. As long as the CA checks the ID and feels that the person who is giving consent for enquiries is who they say they are it should be fine.

Hoping that made sense?

I will forward this to staff as well and if there are any questions from them I will get back to you right away.

Apologies again.

Thanks,

Edena

Hi Edena,

We have not exactly defined a role for MKC so are open to ideas. I was thinking about having her address the "Plenary" group (everyone) on Thursday late afternoon/early evening. That is part of the conference opening. Is she available on the Thursday?

If you could please register for the conference that would be great. For MKC is she planning on taking in more of the conference or just coming in for her part?

Cheers

Thank you Alex for the information.

As there are no open files, it seems that routing to the SDA for a reply may not be the best option. I think a reply to s.22 with information regarding other options available to pursue this if he wishes is the best idea.

He will most likely not be satisfied with this reply, but given no open file, it seems the appropriate option at this time.

The only other thing he can do as a parent is s.15; s.22
s.15; s.22

Maybe he can seek out support services at a local Family Justice Centre?

Hi Alex,
I think perhaps a file?
He says he travels to BC but not a constituent so I think we can leave as is.
Sound ok?
Cheers,

Hi Edena,
Looks like you were right about it being the wildlife contests. FLNRO has advised that it's theirs, but they are not responding. What would you like done with our copy?
Thanks,
Alex

Hello,
We are not responding to these as we get about 300 emails per day on this issue. It has been logged as an FYI batch. Thank you,

Hi there,

I'm not sure if FLNRO received the below email, but it looks like you were supposed to. MCFD has also received this incoming. It looks like the issue at hand may be the predator killing contests, but it's tough to be sure. Is this something your ministry would be able to respond to? Please let me know either way!

Thanks,

Alex Gordon

Dear Minister Conroy,
On behalf of the BCAAFC Board of Directors I sincerely thank you for taking the time to come to the Gathering Our Voices Indigenous Youth Wellness event, and joining us for the Youth In Care dinner. Your demonstrated commitment to Indigenous children and youth was so welcomed and deeply appreciated.
We spoke about setting up a meeting with our Board of Directors, and I wonder if your office is able to propose some dates and time.
Once again, we sincerely thank you and your Ministry staff for continued support of Gathering Our Voices Indigenous Youth Leadership. I look forward to hearing from your office.
