NOTE: no Annual Reviews have resulted in the "removal" of a child or youth. AR's rarely, if ever, result in a placement disruption. The Director does not use the term "removal" of a child or youth who is in care. Going from one resource to another would be considered a placement move or placement disruption. These would be situational circumstance, and not normally occurring as a result of an annual review of a resource. No placement moves or disruptions have occurred during the annual reviews in this tracking sheet.
