

Please note that it is approved CCFRI child care spaces rather than “families” (this is consistent with previous records provided on similar CCFRI FOI requests; we don’t have family information for this program).

CCFRI Approved Spaces

October 2020 - January 2021

| Month | Approved Core Eligible Spaces |
|--------------|--------------------------------------|
| Oct-20 | 65,401 |
| Nov-20 | 65,723 |
| Dec-20 | 65,945 |
| Jan-21 | 65,876 |

Data source: CCOF system

Notes:

1. Approved core eligible spaces include spaces of the following care types: Group 0-3 Years, Group 3-5 Years, Group Multi-Age and Family
2. School age spaces are not included in the table as only children aged 5 years and under are eligible for the CCFRI. Facilities with school age spaces are able to opt-in to the CCFRI program if they have eligible children however we expect only a small percentage of these spaces would qualify to receive the CCFRI.
3. Preschool spaces are not eligible for the CCFRI
4. Approved space counts do not reflect space utilization. A space may be shared between multiple children or it may not be filled at all.
5. Data is as of 1 Feb 2021
