Dear Colleagues:

Thank you for joining me at the Canada Northwest FASD Partnership Ministers' Meeting held on March 19, 2021. Through this meeting, we learned of the advancements in FASD prevention, support and research that our joint efforts and partnership with the Canada FASD Research Network have produced. Additionally, we set strategic priorities that will continue to progress our work on FASD.

As a follow-up to this meeting, a draft Record of Decisions is attached for your review and approval. Please confirm that you approve the Record of Decisions by way of email to Ms. Mary Ann Ho at [maryann.ho@gov.ab.ca](mailto:maryann.ho@gov.ab.ca). If you have feedback or edits, please provide those by email to Ms. Ho as well.

Thank you for your attention to this, and for your continued collaboration on FASD and commitment to this partnership.

Sincerely,

Rajan Sawhney  
Minister of Community and Social Services

Hi Krista,

MMD and I reviewed these docs, and she has some edits and further questions that I have included in the comments of the QA. She will have more time to review this in full tomorrow.

Thanks

Ashley

Paula – can you run these by MMD? The team wants to put together the final package to support the Minister at TB, but perhaps a quick review of these docs first would be helpful<sup>s.13</sup>

I wouldn't be adverse to further edits, but wonder if

MMD would like to take a quick look first

Hi Allison,

Please find attached the Minister's speaking notes and updated QAs. <sup>s.13</sup>

s.13

In terms of process to confirm these, will you share these with the MO and MMD? I understand that Nicole Andersen is preparing a binder for the Minister, which will include the final speaking notes and the QAs. I just need approval of these materials, direction on how to get these in front of MMD to confirm before they are put into the binder? Please advise.

Many thanks,

Hi Allison,

Danielle is off right now and I have been working with GCPE and our comms team to get these CYSN TB sub notes ready for your review.

We are making a few finishing touches to the QAs and will get those to you shortly. There is one comment still in the notes. Danielle is back tomorrow and I need her lens to confirm that we have framed this number correctly.
