Dear Premier Horgan,

We are writing you today to request a meeting to discuss the elimination of individual autism funding.

It has become clear since the Budget Estimates that you do not fully understand the impacts this decision will have on some of the most vulnerable children in British Columbia. The terms you used during this debate were concerning and triggering for many families.

We request this meeting be directly with you, not a member of your staff.

We appreciate your prompt response with a date and time.

Thank you,

BC Autism Advocacy

FYI! I've responded back to Jenelyn informing that MMD met recently so we won't be meeting again now.
