Subject: RE: Tech Summit

Hi Keith,

I don't know a lot about this. Scott mentioned that it had been discussed at the DM level. We offered our help as needed going forward to Scott. We also discussed the potential for including this as an initiative in the refreshed Tech and Innovation strategy. No final decisions were made on whether it would be a good fit or not.

Unfortunately I don't know much else.

Kevin

Subject: Tech Summit

Kevin,

I'm participating in a call tomorrow with Athana Mentzelopoulos and John Jacobson re "Tech Summit". I believe you connected with my ADM, Scott MacDonald, last week regarding this – as I'm acting for him this week, wondering if there was any background on this or advice how I can support our DMs.

Thanks,
Keith
