Subject: Re: Surrey fibre announcement

Hello Team,

We have received an updated time for the media event, agenda follows below.

Joanne / Sarah can you please advise if we are able to shift the 10AM requested time for Minister Virk to the new time?

1230PM Guest check in

1PM Formal program begins

130PM Event concludes

Thank you for being so accommodating while we nail things down here, much appreciated.

Nav Dhillon

Subject: Surrey fibre announcement

Hi Nick/Tasha,

We're looking at Jan 17th 10am for a media announcement for our exciting fibre build in Surrey. We're still confirming with the City but want to check Min Virk's calendar as well.

Can you let us know?

Thx!

Kim

Hello Sarah,

My name is Nav Dhillon and I am the TELUS Project Manager for the Surrey announcement. The formal invite will be sent out in the new year, in the interim I can provide you with some details surrounding the event. Below is a proposed agenda, which will be updated in more detail once we have all speakers confirmed.

Tuesday January 17th, 2017

Surrey City Hall Atrium

9:30 am 9:55 am: Guest Check in

10:00 am 10:30 am: Formal speaking program

10:30 am 10:45 am: Event concludes, any Media Q&A

Ideally we would like to have Minister Virk be present right at the 10AM kick off and ask that he stay for the remainder of the speaking program.

Please let me know if you have any questions or concerns.

Cheers & Happy Holidays!

Nav Dhillon

TELUS is pleased to invite you to join us at TELUS Garden for an important announcement:

New technology is stimulating economic growth at a staggering pace. However, many people are excluded due to low income and lack of opportunity.

At TELUS, we are improving lives in our local communities through the power of technology. We are excited to announce a new program to support families in need in British Columbia.

Please join us for a very important announcement.

Date and time

Friday, October 14

10- 11:00 a.m.

Registration at 9:30 a.m.

Location

TELUS Garden, 5th Floor

510 West Georgia Street, Vancouver, B.C.

Directions to the building can be found

Hi Nick/Debbie: I wanted to let you know that we have a date for our announcement with Minister Stilwell to offer low cost internet to single parents on income assistance in BC. I know your Ministers have an interest in attending so below are the details:

Fri Oct. 14

10 am

TELUS Garden, 510 W. Georgia, Vancouver

Please let me know if your Minister is able to attend. We will have more details about the event once the planning firms up.

Cheers!

Hi Rosa,

TELUS has offered MLA quotes for the attached news releases. They will send us the final \$\$ figures as soon as they have them. I have included our messaging on connectivity below. If I have these back with approved quotes by Friday, that would be appreciated as TELUS would like them by then as well.

Thanks,
Brandon

- **As part of our #BCTECH Strategy, we are committed to providing high-speed Internet access to 100% British Columbians by 2021.**
- **Today 95% of British Columbians have access to high-speed Internet, making B.C. one of the most connected jurisdictions in the world.**
- **Access to high-speed Internet provides rural and remote communities with better opportunities to learn, do business, find services and stay connected.**
- **We are working with other levels of government and the private sector, including large and small Internet service providers, to give every British Columbian access to high-speed internet:**
 - **Thanks to our agreement with TELUS, we are 96% of the way to our target for additional cellular coverage along highways.**

- More than 1,600 kilometers of new cellular coverage has been completed along unconnected primary and secondary highway segments, with the rest to be complete by end of 2016.
- Over 400 of our public schools are being upgraded to high-speed fibre optic cables to enable faster access to information for our youngest learners. As of June 2016, 363 schools have been upgraded.
- With our support, the First Nations led Pathways to Technology project has connected 193 of 203 First Nations communities, up from 85 in 2008.
- Nearly \$7 million of the Province's \$10M investment has been spent through the province-wide Connecting British Columbia grant program to help expand access in over 150 communities, with more to come.
- Through the BC Broadband Satellite Initiative, over 3,100 rural and remote customers were connected to high-speed Internet service for the first time.

Hi Tasha/Brandon/Nick,

Attached are draft releases for some fibre announcements we have planned for next week.

Apologies we don't have the investment numbers included yet, we're still putting that together.

These builds were moved up from their original schedule, which is great for the communities of course but leaves us with little time to get the news out before the trucks roll into the community.

Quotes by the end of this week would be very much appreciated. Liz, please let us know if you need them earlier than Friday.
