Hi Minister,

As per the email below, you have been scheduled as the Primary Minister on Duty for e-OIC signing Sept 4 to 10.

I spoke with Lisa Prsiak to get more details as you will be at the FNLG most of the week.

She said that currently, the only e-OICs you should receive that week would be for staffing (no cabinet OICs expected so far). She usually gives the Minister's 4 to 5 hours to return e-OIC's signed and anticipates a few staffing OICs that could be signed in the evening on Tuesday and an OIC for Thursday evening as well.

I'm sure you already know this... To sign the OIC's:

- Open OIC on iPad
- On the court order there will be only your signature required
- Place finger down where you would sign and your digital signature will appear
- Once signed – then you sync your iPad

Since you still don't have an MA in place, let me know if you want me to reach out to Minister Dix (as noted in the email below), to see if he is willing to be the primary and have you as a secondary (since he is fully staffed, from what I understand).

Kathleen

Good morning,

A friendly reminder that Minister Sims is scheduled as Primary Minister on Duty for e-OIC signing Sep 4 to 10, and Minister Dix as back-up. I anticipate there will be some orders early in the week.

Thanks in advance for your assistance.

Please be advised that Presiding Member signature is required as soon as possible for a time-sensitive Bill, which will be uploaded to the Minister's iPad momentarily.

Two documents require Presiding Member initial/signature in the following places:

These documents will be accessible on the Minister's iPad in PDF Expert in the "Signing" folder (please note that the Minister will need to do a Full Sync in order to retrieve the item – and "push changes" and "full Sync" once the Bill has been signed).

Trish has produced a news release schedule to go out on Monday regarding Cyber Security Awareness Month and she is looking for sign off from you on the quote. Please see below for the draft and let me know if it works.

Quote:

Jinny Sims, Minister of Citizens' Services –

"One of the greatest assets we have to ensure British Columbians stay safe online is our neighbours. By taking the time to learn how to keep our own families safe online we can help reduce online risks for our friends and colleagues. This is why protection of government data and networks is a top priority for government – especially where it concerns British Columbians' personal information."

Thanks,

Karl
