Subject: MLA Weaver / Tour of CSI Lab
Attachments: FW: Andrew Weaver to visit CSI?

Hi There,

This email is a follow up to the voicemail I left at 250-472-8528. As per the email chain attached, I understand MLA Andrew Weaver is interested in touring our CSI lab.

Minister Jinny Sims and staff would be thrilled to take MLA Weaver on this tour. Can you please advise if the following option would work for MLA Weaver:

- Wednesday, July 25 from 12:30 to 1:30pm

Thank you,

Kathleen Fleurant | Administrative Coordinator
Honourable Jinny Sims' Office | Minister of Citizens' Services
Parliament Buildings

Hi there,

As mentioned this morning, Andrew Weaver is interested in touring the CSI lab. Over to you for scheduling.

Thanks.
JC

Jeannette,

One of the people working at the lab – Jason - was in social conversation with a person that turns out to be in Andrew Weaver's office. Apparently, their conversation turned to "what do you do" and this has resulted in interest from Andrew Weaver to see the CSI Lab.

Can you advise me on the next steps I should take, or if the follow up would be through MO/DMO?

Thanks.

.p

Hi Stefan,

Great running into you today. Sounds like Andrew is interested in a visit to the lab; that's super exciting and like I said, I think he'll like what we're up to here. I've included Peter Watkins on this email. Peter's the visionary behind the lab and will coordinate on our side to make sure Andrew gets a warm welcome and a grand tour.

Take Care,

J.

Thanks Jason. I've just send a message to Andrew and I'll get back to you once I've heard from him.
These projects sound amazing.

Hi Stefan,

LMK if/when and I'll include someone here at the lab who can coordinate to make sure someone is here who can speak to all the projects; they're quite eclectic ranging from: wells, liquor control and cannabis, blockchain tech, ranching, and general analytics. We've also reformed the procurement process and that's pretty exciting. In fact we had a delicate here from Ontario Public Sector and there minds were blown by what we've accomplished.

Regards,

Jason

Hi Kathleen,

Waiting until September is not a problem at all. Thank you for your understanding.

I will be in touch in August.

Best wishes,

Judy

Hi Judy,

Thank you for your email. I can certainly work with you in August to reschedule. s.22
s.22 can you advise if MLA Weaver would be willing to wait until September for the tour?

Kind Regards,

Kathleen

Good Morning Kathleen,

Thank you kindly for the information you provided, that is very helpful. I apologize for the delay in getting back to you regarding July 25. Unfortunately MLA Weaver is not available on July 25. s.22
Would it be alright if we get back to you in August to arrange another date for a tour?

I'm sorry for any inconvenience this may have caused.

Best wishes,

Judy Fainstein | **Director of Operations**

Hello again,

- Here is some information regarding the CSI Lab. Could you please confirm if a tour on Wednesday, July 25 from 12:30 to 1:30pm will work for MLA Weaver.

The CSI Lab is demonstrating that government teams are able to make rapid improvements in government services using leading practices for agile methods and state of the art information technologies similar to those used by leading BC Tech firms. This represents a break from the traditional government procurement and contracting model for information systems.

Teams currently working at the CSI Lab include:

- **Ministry of Forests, Lands, Natural Resource Operations and Rural Development: Crown Land Range Digital Services**
- **Ministry of Energy Mines and Petroleum Resources: Mines Digital Service**
- **Environmental Assessment Office: Project Information and Collaboration**
- **Natural Resource Sector: Public Review and Commenting**
- **Government Communications and Public Engagement: Government Digital Experience**
- **Public Service Agency: Innovation Hub**
- **Public Service Agency: Behavioral Insights Group**
- **Citizens' Services: Service BC - Corporate Names and Registrations**

- Citizens' Services: Government Chief Information
Officer - BC Developers' Exchange

The tour is an opportunity to learn how these teams are pursuing innovation and the potential for broader adoption of continuous service improvement approaches across government.

The work at the lab connects with topics such as IT procurement reform, priorities for service improvement, engagement and opportunity for BC Tech firms and the modernization of the BC Public Service work environment.

Thank you,

Kathleen

Hello,

Further to our conversation this morning; here is a bit of information on the CSI Lab:

The Continuous Service Improvement (CSI) Lab is a creative BC Gov Accelerator for testing new ways of working. The Lab is an innovative collaboration space where the BC Government and the private sector come together to engineer software solutions for the province. They design, develop and ship digital platforms using modern software practices and open development to advance the state of the art in public services.

The address is 1012 Douglas Street.

I hope this is helpful - I have requested our DMO reach out to CIRMO for an info note, but it may take a little while before I get it.

Thank you,
Kathleen
