I hope this email finds you well. I am emailing on behalf of the Dhahan Prize with regard to Punjabi Literature Week for 2019.

We are currently working on finalizing the dates in our calendar for our events leading up to the Dhahan Prize awards ceremony on Saturday, November 2nd. We would like to know whether the Proclamation could be held on Thursday, October 30th in the Assembly.

Additionally, Minister Sims had mentioned last time that she would like to host a larger reception in partnership with the Dhahan Prize in the evening. Would that be possible?

Please let us know whether this works and how we may proceed.

Thank you,

APRIL 2019

## Taking a Look at Ec Dev in B.C.

One of our aims at the ministry of Jobs, Trade and Technology is to ensure we are reaching people, businesses and communities in all of the province's economic development regions – providing them with tools, resources and programs to realize their economic development potential.

This month we announced the expansion of the popular [Export Navigator](#) program, with support from Western Economic Development Canada, to help more rural business owners in B.C. get their goods to international and interprovincial markets. Now, the program will be available to support for businesses owned by Indigenous peoples, women and youth.

We also have teams travelling throughout B.C. connecting with Indigenous leaders in the Okanagan to better understand current and future needs and visiting local government officials at UBCM area association meetings, ensuring we meet the people representing our regions to better understand what they need to grow their local economies.

The [BC Provincial Nominee Program](#) (BC PNP) have launched a new communication tool, the [Immigration Insights newsletter](#) to provide in-depth information about the BC PNP and other immigration programs to B.C. employers, associations, third-party representatives and immigration development staff on a quarterly basis. The goal is to provide readers with beneficial content and actionable takeaways that can be used by stakeholders and communities. Readers can also choose to receive program news and announcements, and notifications of updates.

The Ministry organized and delivered a trade program at Seafood Expo North America (SENA), North America's largest seafood trade show, held in Boston. The team brought 18 co-exhibiting companies to the B.C. pavilion. Seven company attendees and seven stand-alone exhibitors participated jointly in programs.

While the program was led by JTT Ministry staff and US Trade and Investment Representatives, the B.C. Minister of Agriculture and Food, Deputy Minister Wes Shoemaker attended SENA in support of the trade initiative and B.C. companies present. B.C. co-exhibitors at the show, and we expect that number to increase to \$13.9 M over the next 6-9 months.

## Okanagan Indigenous Outreach

This past month, the Ministry developed a comprehensive outreach to First Nation communities in the Okanagan to understand their potential and areas for development with local First Nation bands, businesses, and economic development offices.

The Ministry also conducted outreach programs to the Osoyoos Indian Band, Penticton Indian Band, Westbank First Nation, and others, with identified areas of interest for business development, such as land development for agriculture, tourism, and industrial development. Through this program, specific trade development potential was identified in tourism and inland fisheries.

Hi – attached is your package for tomorrow. Note that there is an updated number added to the speaking points for Code with Us (highlighted in yellow). Apparently 40 business are attending so it will be a big crowd. We're getting the list and will send it as soon as we have it. The private meeting with businesses after the main event is now cancelled as they figure it will already be a robust enough meeting as is.

Mindy, can you please print a copy of this package for Minister.

Kathleen, the itinerary is attached.

Thanks,  
Shannon

Hi there – here are materials for the Delta Chamber of Commerce next week. There is just over 40 people registered (they may get more too). The roundtable that was to occur at the end had to be cancelled, the Chamber passes along their apologies for the change.

Also, for the QA, the Chamber will be collecting questions from the audience, which the Executive Director (Garry Shearer) will read out loud. We have the opportunity to provide some questions to be held back pocket if need to stimulate the conversation. Hoping we can chat about this during our comms meeting this aft.

Attached:

- SN Outline for MJS (plz note: updated figures for Code With Us highlighted in yellow)

- Issues Scan and KMs Delta (and area)

**Subject:** Fwd: Updated statement for sign off

Here are the TWO statements. A general statement that was sent to SA media and an additional statement to be used in case there are specific questions about the letters.

### STATEMENT

*These allegations are completely untrue. I follow the rules and best practices on records management and advise my staff to as well. I help people in our community because it is my job as a representative. I do not take money for it and I'm offended that anyone would suggest otherwise.*

*This matter is related to a challenging HR situation regarding a former employee and due to privacy I can't get into further details. When the letter was received in March after her employment had ended, the claims she made were reviewed and there was no evidence to support them. The issue was dealt with by Caucus as she was not a government employee.*

*Ministers use their government account for government business and legislative account for legislative or constituency business. That is how the system is meant to work and that is what I explained to staff. That's appropriate. I use my government email for government business and I do not use Whatsapp for government work.*

*The Opposition appears to be raising this because they have nothing more substantive to talk about at the moment. Our government continues to work hard to make life better for people in B.C.*

**Importance:** High

Hi Minister,

Media are reporting that boxes containing ICBC documents with personal information including names and addresses have been found at a shoe store in Metrotown. ICBC is investigating the breach, including the identity of the previous tenant at the store location as this was not an ICBC location.

Here are the Key Messages that have been approved by AG (per ICBC) and CIRMO staff. Call me if you need more details.

### ***Key Messages – ICBC Breach (shoe store in Metrotown)***

May 3, 2019

---

#### **Key Messages**

- Protecting the privacy of British Columbians is – and must be – a critical priority.
- That is why we take any breach of privacy very seriously and are committed to resolving any government breach as quickly as possible.
- ICBC is investigating this issue and working to recover the documents.
- The Ministry of Citizens' Services does not have a role in investigating privacy breaches in non-ministry public bodies, although my ministry's staff are ready to help should they require assistance.
