September 03-2019

Hi Jinny Sims,

If you and colleagues are able to influence local city govt officials at all, in my view they should be reminded that it would be in the public interest for them to take actions to have ride-hailing issues put (as a late resolution) on the agenda of the upcoming UBCM conference (Sept 23- 27)...

At the conference, in my view, UBCM attendees should deliberate, and be asked to vote on:

- 1) Should ride-hailing companies be subject to the same or substantially similar regulations as BC's Taxi companies??
- 2) Should ride-hailing companies be required to have wheelchair accessible vehicles available for hire??
- 3) Should ride-hailing companies be required to ensure that their drivers have training in how to deal with persons with disabilities/ with mobility impairments??
- 4) Should ride-hailing companies be required to have a specified number of wheelchair accessible vehicles available for hire throughout the day (24/7)??
- 5) Should ride-hailing companies that are deeply in debt, and that rely on (massive, multi-billion dollar) loans annually to remain in business (such as Uber and Lyft!!), be allowed to establish subsidiaries in BC (and compete against taxi companies that are not reliant on and could never obtain similar loans to pay for their operations)??

6) Should ride-hailing companies Uber and Lyft be barred from establishing subsidiaries in BC until they are no longer reliant on (massive) loans to stay in business??

7) Should ride-hailing companies be required to treat their drivers as employees, and provide their drivers with the same benefits and workplace rights as employees receive in other sectors??

There is **zero** BC govt funding committed for the **\$3.2 Billion** Surrey- Langley SkyTrain line project...

Feds appear to be going to not commit any (additional) funds for the project (over and above the **\$483 Million** that has already been committed)...

Have BC officials impeded feds from committing additional funding for the project??

->>> Completion of Business Case **NOT** required before BC govt and federal funding can be committed to the project!!

The Business Case*** for the **\$3 Billion** "Broadway Subway" (BS) project (Phase 1 of the **\$8.5 Billion** "UBC Line subway project")- was prepared, and publicly released by the govt of BC's Ministry of Transportation in **March-2018**:

This was over **one-year AFTER** the federal govt committed- in its 2017/ 2018 annual budget documents- to provide funding for the BS project...:

ZERO BC Govt funding has been committed or promised to pay for the Surrey-Langley SkyTrain project:

At the December 13-2018 Translink Mayors Council meeting, \$1.6 Billion was identified by Translink staff as ***potentially*** commit-able funding for the proposed (Surrey-Langley) Fraser Highway SkyTrain project

... *if* the proposed project is eventually approved, the \$1.6 Billion could, potentially, be formally transferred from the "on hold" King George Highway street-car ("LRT") line project)...

The \$1.6 Billion of funding that has been formally committed to the on-hold South of Fraser street-car ("LRT") line project=

From Translink: \$1.12 billion

From Federal govt: \$483.8 million

From BC govt: \$ ZERO!! ...

Sept 04-2018 BC govt press release re the (now cancelled) Surrey-Newton-Guildford street-car line (LRT) project:

https://archive.news.gov.bc.ca/releases/news_releases_2017-2021/2018MAH0112-001691.pdf - 4 pages;

- See page #4:

"The funding breakdown.... is:

- Government of Canada: \$483.8 million

- TransLink/ Regional: \$1.12 billion "

The street-car ("LRT") line project's \$1.6 Billion of committed-funding has ***not*** been formally transferred to the Surrey-Langley SkyTrain project (Fraser Highway SkyTrain project)

.... it has come to my attention that some recipients of my emails on this subject may be under the wrong impression that they and their cities/ public bodies are not able to submit resolutions for the Sept 23- 27, 2019 UBCM conference agenda, as the June 30-2019 deadline for submitting "regular resolutions" has passed...

Late resolutions can be submitted to the UBCM executive (for consideration, debate and vote at the conference) at any time leading up to the conference, and at the conference:

Late resolutions received after the deadline are handled in accordance with the **Conference Rules and Procedures** and (in exigent matters) can be distributed to delegates

before the conference, or are distributed to delegates at the conference:

<https://www.ubcm.ca/EN/main/resolutions/resolutions/resolutions-procedures.html> -

"(UBCM Conference) Resolutions Procedures

"Analysis of late resolutions- those received after June 30- is undertaken in the Resolutions Committee's 'Report on Resolutions Received After the Deadline.'

"This report may be considered after Section A (categories of resolutions) has been debated (by conference attendees), but not before the time printed in the Convention program.

"Historically, this report has been presented to the membership on the last day of Convention, at the beginning of the final policy session... "

But, this report could, potentially, be presented to the membership before the last day of the Convention... (depending on exigencies, and the views of the UBCM executive members)

BC taxpayers would be liable for (potentially) \$\$Billions of court ordered payments to taxi companies for Uber and Lyft being wrongfully allowed (by the BC govt) to establish an egregiously unfair market place in the province!!

How long until BC govt is sued for \$\$ Billions by the province's taxi companies?? (similar to current class action lawsuits in Ontario and Quebec, and in several U.S. jurisdictions):

C) Unless and until Uber and Lyft:

a) Demonstrate to the BC govt, the BC PTB and BC cities and municipalities that they (as individual companies) are based on sustainable business models, and are financially viable;

b) Commit that their subsidiary entities in British Columbia (if allowed) will be self-sustaining financially, and will not accept or use any funds from outside of BC;

c) Commit to allowing their drivers to unionize (if drivers vote for this);

d) Commit to providing their drivers with a specified number of paid weeks off annually;

e) Commit to providing their drivers with maternity leave and paternity leave benefits;

f) Commit to paying their drivers overtime whenever they exceed 10 work hours per day;

Hey Kim and Kirsten,

Glenda Luynes just called from the Vancouver Sun seeking to speak to the Minister about the issue that's going on over in Surrey about the Taxi industry seeking to do a recall.

She called in and wanted to speak to the Minister directly and her deadline was 3pm today.

Hey just following up with this.
Am I supposed to be forwarding this to someone or are you.

I just got another call from Alan Regan calling from CKNW Vancouver and CHNL seeking to speak to the Minister on air at 12pm for a call about ride hailing.

Yes, could you please? Minister Sims will want this briefing.

Thanks,
K

Hi Kathleen,

Unfortunately, staff are not able to call in for members on these calls. Would you like me to reach out to Roseanne and schedule an additional briefing for Minister Sims?

Best,

Hi Kaylee,

s.22

Can you advise if her EA, Mindy Bansal can call in on her behalf?

Thanks,
K
