Thanks Jay. Yup Glen will need to know who is the SME of each area to work with / connect with for mapping the path.

Appreciate you all – thanks for your collaboration

Hi Natalie,

Most of the stuff that I like to add were either mentioned by Ryan or David. I will certainly raise my comments when I think will be needed.

Thank you for the follow-up.

Cheers... Jay

Hi folks.

Just checking in with you as you were very quiet on the call today – are you in agreement with the comments so far on the call?

We will get to the nitty gritty tech conversations very shortly and I hope that you folks will be able to voice your opinions there.

Let me know if anything is not sitting well or you need more information on the 'why'.

Have a great Thursday!

Kate

We should therefore schedule the introduction to Stu Hackett prior to this meeting below.

I will connect with Cai on timing.

Thanks

Good morning everyone,

Further to our action items, I'd like to ask my colleague, Cai, to schedule a meeting to focus on financial reporting, budgeting and planning next week.

**David** - do you have the info assembled as Natalie requested? I am also copying our EFO, Hilary Woodward, as she is coordinating our final organizational budget build.

Hilary and Cai - I will send you the attachment from the earlier email.

Many thanks

Kate

Hi Kate

Apologies for the tardy reply to this note, however I believe that the request below has also been discussed with Alex. On Tuesday, Alex and I worked to determine how best OCIO can assist and which resources would be necessary to do so. I provide an update on each request **attached** and the actions underway or required.

A summary of activities from today and ongoing are below. (Note Matt has sent a separate SD update also, we are looking to amalgamate to have one Priority Response update as we settle and implement governance).

Should you require any further clarification, please do not hesitate to contact me. We will be in touch shortly to introduce colleagues accordingly.

Thank you

I'll have Keegan connect with you (smaller audience) to determine what Network can do with Leg WAPs - we can monitor the network<sup>s.15</sup> for the Leg.

Keegan will connect on what we are and are unable to do

**Subject:** Estimates - LEG/BCGOV WiFi in the LP  
**Importance:** High

**LEG and OCIO teams:** appreciate everyone's work so far on these BCNGN WiFi issues in the LP.

Next week, there will be **3 Estimates sessions on concurrently** during the week AND regular House Sessions.

There will be a larger number of BCGov staff in each Minister Office – safely – for support to Minister requiring BCNGN WiFi. It is critical that the BCNGN WiFi is running at 100% efficiency.

Can it be TRIPLE checked from both sides for all offices prior to this to ensure all is operating as required?

Many thanks!
