

MINISTRY OF EDUCATION AND CHILD CARE
INFORMATION BRIEFING NOTE

DATE: May 3, 2023
CLIFF: 288676

PREPARED FOR: Hon. Grace Lore, Minister of State for Child Care – **FOR INFORMATION**

SUBJECT: \$10 a Day ChildCareBC Expansion

PURPOSE: Pathway to expanding \$10 a Day spaces in 2023/2024.

BACKGROUND:

Under the Canada-Wide Early Learning and Child Care Agreement (CW-ELCC), the Province committed to continuing “work[ing] towards achieving [...] an average of \$10 per day for all regulated child care spaces by the end of the five year Agreement¹.” The \$10 a Day ChildCareBC program (TDAD) has onboarded over 265 child care providers (over 12,700 spaces²) through three separate open intakes since 2018. For each intake the open application process took approximately nine months from initiating the planning phase to onboarding all child care providers.

The Child Care Division has developed options for further expansion of TDAD in 2023/24 to support BC’s upcoming Action Plan under the CW-ELCC.^{s.13; s.17}
s.13; s.17

DISCUSSION:

The TDAD team has evaluated the feasibility of adding spaces through several options based on considerations such as CW-ELCC priorities and draft spending plan, enabling equitable access across the province, the administrative burden for providers, and the level of effort required to support an eligible expenses based funding model.^{s.13; s.17}

^{s.13; s.17}

- Invite CCOF providers to join the TDAD program based on their location in communities with no TDAD sites or with few TDAD spaces, based on population density, and EDI score^{3, s.13}. The targeted location approach leverages CCOF data and will address some gaps in regional distribution of \$10 a Day spaces in the province.

¹ The CW-ELCC Agreement term concludes March 31, 2026.

² Including provincial and federal investments.

³ Early Development Instrument (EDI) measures children’s ability to meet age-appropriate developmental expectations in five general domains. Higher scores indicate higher levels of vulnerability.

- **Appendix A:** Community Need Assessment (scoring based on no TDAD site in that community, high population density, and high EDI scores).
 - **Appendix B:** CCOF and TDAD spaces in communities identified in the Need Assessment.
- 2) Taking into account priority communities identified in the Needs Assessment, invite existing TDAD organizations to negotiate onboarding 'sibling-sites' (i.e. organizations with multiple facilities, some of which that are not yet TDAD).^{s.13}
- **Appendix C:** Sibling Sites
- 3) s.13; s.17

s.13

In the event that the proposed pathway to expansion does not yield sufficient spaces, the team can explore targeted invitations to specific Indigenous-led child care sites, and sites operated by School Districts and Municipal into the program.

FINANCIAL IMPLICATIONS:

s.13; s.17

The team anticipates completing all three approaches to expansion by November 1, 2023,
s.13; s.17

CONCLUSION:

s.13; s.17

s.13; s.17

The ministry will also return with a fully developed communications plan to support the sector in understanding the process in 2023/24 and future opportunities to participate in the program.
