Subject: Request for Information - TPGS review

Hi Alison and David,

I am following up with you both as the identified points of contact, for VSB and UBC respectively, for the review of the Transition Program for Gifted Students.

As one of the first steps of the review, Deetken is looking to gather a range of documentation about the program as outlined in the attached. Could you please review the list with your teams and send relevant documents to s. 19 at your earliest convenience? A reminder to please anonymize any personal data before sending. Also, if the files you are looking to send to s. 19 are too large for email, please let s. 19 know and her team can coordinate with you to access our Secure File Transfer service for that purpose.

The Deetken team will also be following up with you directly to arrange interviews with your respective leadership teams, for that phase of the review.

Thank you again for your collaboration on this important project, and please let me know if you have any questions.

Cheers,

s. 19

Hi Alison,

Thanks for your email. I think it would be best if we arrange to get this from you via our Secure File Transfer Service.

s. 19 – can you please have your team follow up to send Alison an upload link via the SFTS?

Cheers,

Hi s. 19

I have the contact information for students and families in a spreadsheet. Is this something you're comfortable with me emailing to you or is there a portal that I can upload it to that would be more secure?

Alison

Hi s. 19

We've had a few conversations here and have a way to get the contact information for students, families, and alumni for the survey to Deetken. We are able to share the contact information with the Ministry and then you would be able to pass that along, as you've contracted them. Happy to have a conversation about this if necessary – either with you or Deetken – or both.

Alison

Thank you for your quick response, s. 19

Thank you for the info about the TPGS PAC funding. They would have applied as "UTP PAC" so that's why that reference.

Thanks for letting me know about the information session. You're right, it probably isn't appropriate timing. It would be better as part of a Ministry review/overview of the program but there won't be another information session now until the Fall.

On another note, I will be in Victoria on January 22 and 23 for meetings. Let me know if you need/want to meet with me regarding the review. I have to do some careful planning around informing the Transition Program community and would like your input. The meetings I have are booked for 9am until 4:30 pm over on Garbally Rd so it would have to be either an early morning meeting or a late afternoon meeting. Unfortunately, I have a meeting booked on Wednesday morning so can't stay an additional night. Let me know.

Have a great rest of the day.

Hi Ankie,

Unfortunately no one from ECC can attend the Information Session, and I am not sure it would be appropriate for the ministry to be there at this time either.

Also no we have no record of TPGS PAC receiving the \$2000.

Hello s. 19

A thought occurred to me regarding the PAC. I am not sure if the PAC funding side is connected to the education side at the Ministry of Education and Child Care – I was wondering if the UTP PAC received their funding of \$2 000 this year. They received official notice they were not a recognized PAC from the VSB in mid-October but that would have been after the notification date for funding of Sept 30. Just wanting everything to be on the same page.

Also, would you be able to confirm if someone from the Ministry can attend the Info Session? I think it is really important for someone to hear the information that is being presented.

Thanks,
Ankie

Hi
It's actually in the body of the original email on this email chain. I've copied it below for quick reference.
Ankie

1. Professional Development Funds - will be tied to each individual. We are keeping a spreadsheet with the amounts each teachers requests for the purpose of pursuing a course or workshop, including the purchase of professional books. If a teacher leaves, I will not request the funds be retained the following year. New teachers will accrue Professional Development Funds from their start year up to a maximum of 5 years.

Hi Ankie,

I wanted to reach out as I think I forgot to request one additional thing (apologies if we've already discussed this, if we have, could you please re-forward the email to bring to the top of my inbox, Thank you!!)

In regard to the Professional Development request: Teachers who leave will have their funds retained the following year. Our teams asked me to connect with you in regard to the collective agreement and if it will be tied to each position or to the employee? If the employee is to leave, will they be taking those funds with them?

Any clarification would be greatly appreciated.
