Subject: Recommendation for Thursday, Feb 19/15

The tech support for our Maggie app informed us that someone attempted to put the following message on our Maggie app. I've been hearing that there's someone threatening to do a shoot out at the school tomorrow(feb. 19th)

I have spoken to the RCMP tonight and have forwarded the entire email including the attempted message posting to the RCMP.

Parents are asking on facebook what safety measures will we have in place on Thursday, February 19/15. They are asking if we will do back pack searches as students enter the building.

I plan on having the building in semi lock down – front main door open and all other doors locked. RCMP will be on site from 7:30 am – 4:00 pm. I would like to have an administrator at the front door greeting all those entering the building. Would you recommend back pack checking?

Don I will not be at our Secondary Admin meeting. I need to be at the school when the first students start arriving – that is usually around 7:00 am. Trevor and Sandra can provide me with the meeting details.

Let me know your thoughts on back pack checks.

Thanks have a good night - Terry

Hi Wendy,

Yes, the letter went home with students last Monday and was posted to the Website on the same day. It was not mailed home. I will be writing a second letter tonight after our staff meeting debrief with Staff Sgt. Kurt Losinski. We are planning to keep the perimeter doors locked indefinitely, which is something I wanted to do when I first got here. I like the added dimension of access control and safety it brings us, and I believe parents find it reassuring too. I will follow-up the letter with a Synervoice reminder to parents indicating that they should be expecting a letter and that

they can find more information about our safety plan on our school website. I'll forward a copy of the letter I write your way before posting it. Do you have any other suggestions? -Alan

School District No. 67 (Okanagan Skaha)

MEDIA RELEASE

Sunday, February 22, 2015

Update from Community Meeting

As many of you are probably aware we have been working closely with the RCMP on a community issue that involves two school districts; SD 67, Okanagan Skaha and SD 53, Okanagan-Similkameen.

We are confident there is no immediate threat, however, we want to assure you that we take the safety of our students and staff seriously. Based on the extended media coverage we felt it was important to come together as a community to share with you the most current information we have available.

While we have been assured there is no immediate threat we have taken a number of steps out of caution and from our Threat Assessment Protocol that we would like to share with you today.

Next Week at schools in the district

Schools will be open on Monday, but out of an abundance of caution we will be continuing increased adult supervision.

We will also be restricting access to the schools involved, through controlled entrances. These schools include Penticton Secondary, Princess Margaret Secondary and Skaha Lake Middle School. We will be encouraging all schools to return to normal operating procedures as soon possible as we know that returning to normal routines minimizes trauma in youth and children. We know that both adult and student responses to this incident will vary and that each site will determine what best meets the needs of its students.

The RCMP has indicated that for the short term, they will maintain their presence at PSS, PMSS and SLMS. With increased adult presence and staff, parent and community vigilance, we will be able to notice anything out of the ordinary and report it right away.

District and school counsellors will be on site at schools and available to students who are experiencing any anxiety

We ask each of you, as part of our community, that if you see anything that doesn't look or feel right that you act on that immediately by contacting the police or Crime Stoppers

As this is a police investigation, that is all the information that can be shared at this time. I do want to assure you we are taking every precaution from the district to operations for students. We will continue to work closely with the RCMP, Provincial Safe Schools with the Ministry of Education and we will continue to work closely with staff to refine or adjust their safe school procedures with their input.

In closing, the district would like to express appreciation for the support and communication we have received from the RCMP on this matter.

Hi Sherri,

Any feedback/input you can provide would be great. Bev and I are working to provide a consistent message. Thanks for all of your guidance and assistance with this. Take care,

Wendy

As many of you are probably aware we have been working closely with the RCMP on a community issue that involves two school districts; SD 67, Okanagan Skaha and SD 53, Okanagan-Similkameen.

While we have been assured there is no immediate threat, we did want to come together as a community this afternoon to ensure we are sharing with you the most current information we have available.

While we have been assured there is no immediate threat we have taken a number of steps out of caution and from our Threat Assessment Protocol that we would like to share with you today.

Next Week at schools in the district

Schools will be open on Monday but out of an abundance of caution we will be continuing increased adult supervision.

We will also be restricting access to the schools involved, through controlled entrances. These schools include Penticton Secondary, Princess Margaret Secondary and Skaha Lake Middle School. We will be encouraging all schools to return to normal operating procedures as soon possible as we know that returning to normal routines minimizes trauma in youth and children. We know that both adult and student responses to this incident will vary and that each site will determine what best meets the needs of its students.

The RCMP has indicated that for the short term, they will maintain a presence during morning rush periods. With increased adult presence and staff, parent and community vigilance, we will be able to notice anything out of the ordinary and report it right away.

District and school counsellors will be on site at schools and available to students who are experiencing any anxiety

We ask each of you, as part of our community, that if you see anything that doesn't look or feel right that you act on that immediately by contacting the police or Crime Stoppers

As this is a police investigation, that is all the information that can be shared at this time. I do want to assure you we are taking every precaution from the district to operations for students. We will continue to work closely with the RCMP, Provincial Safe Schools with the Ministry of Education and we will continue to work closely with staff to refine or adjust their safe school procedures with their input.

In closing, the district would like to express appreciation for the support and communication we have received from the RCMP on this matter.

Subject: Update

Good morning everyone,

Just to follow up on last night's email, please do the following:

1. Keep all exterior doors locked with the exception of the front door
2. Classroom doors closed and locked - extra precaution
3. Recommend an "in" day for students to ensure student safety

The two schools targeted in the threats were PSS and PMSS, but given the news releases many parents are concerned and we need to assure them that we are doing our utmost to protect all of our students. As we get more info, we will let you know.

Glad tomorrow is a pro. d day. This morning I am in interviews for the Director of Instruction position, so if you need info or have any questions, Don is assisting with this situation and as our Safe Schools Coordinator is very knowledgeable in assisting with such situations.

Have a good day! The police are working hard to support our schools

Wendy

Please see attached press release that will be sent out...as advised we will be sending a copy of the received letter in hopes of generating a response or TIPS to the identity of the author. Any questions please contact me directly.

As indicated we will have police officers posted at the schools again tomorrow (19th) from 0730 hrs to 1600 hrs

Unidentified Threats found on School Grounds

On Wednesday, February 18, 2015, at 9:15 A.M., Penticton RCMP were advised that photo copies containing threats were located on the grounds of Skaha Middle School and Princess Margaret Secondary School. Penticton RCMP and the local schools and administration are actively engaged in an ongoing investigation involving the threats. Although there is no known imminent danger to students or staff, Penticton RCMP are concerned and taking pro-active investigative steps in an effort to determine who is responsible. Officers have been deployed to several schools as a precaution to ensure their continued safety until a suspect can be identified.

Penticton RCMP at this time are releasing a copy of the threats as written in hopes that the public can assist further in this investigation. Anyone with any information is asked to contact Penticton RCMP or Crime Stoppers. at 1-800-222-TIPS.
