Hello again,

I sent you an email indicating you would be required to take an English language proficiency test. And I said it would not be waived.

I have spoken at length with the Director of Certification and she has agreed to waive the test requirement on the strength of your teaching experience in BC. Therefore - please ignore the email requesting the test. Instead, I have evaluated your file and you qualify for a Subject Restricted Certificate for Counselling, Hebrew and Judaic Studies. The certificate will be in the mail to you tomorrow.

Hello s.22

On your application for an Independent School Teaching Certificate, you have checked off the box for a **Subject Restricted** certificate. Your previous/current certificates are all **School and Subject Restricted** certificates.

For the **Subject Restricted** certificate, you will need to have at least 4 years of post-secondary study including a degree and 30 semester credits (one full year's worth) of university credit in each subject you want on the certificate. This certificate does not tie you to a single school and will allow you to teach the subject(s) on your certificate at any independent school.

Please indicate if this is the certificate type you want. I will send you a list of documents still needed, once I have your reply.

Hello again,

I sent you an email indicating you would be required to take an English language proficiency test. And I said it would not be waived.

I have spoken at length with the Director of Certification and she has agreed to waive the test requirement on the strength of your teaching experience in BC. Therefore - please ignore the email requesting the test. Instead, I have evaluated your file and you qualify for a Subject Restricted Certificate for Counselling, Hebrew and Judaic Studies. The certificate will be in the mail to you tomorrow.

Regards,

Mary Grant

Hi Doug and Theo,

Thank you so much for your note and for following up.

After I spoke with Theo yesterday, I anticipated that the inspection would not be possible. Unfortunately, given all that is happening at VTT and^{s.22} I don't know that I will be able to be a part of the inspection team. I am very sorry about this and trust you will be able to find someone in my stead.

Please know that if there are any further opportunities, I would be happy and grateful to be a part of the team and work with you again.

Again, my apologies and all my best,
Jessica

Good evening Alison and Jessica,

As I alluded to this morning, there was a slight confusion with the dates of the St. John's School inspection. After discussing with Theo, the best solution is to keep the dates of October 4th to 6th, as well as the current team of Alison, Jessica and myself. However, because^{s.22}

^{s.22}, Jessica will not be able to join us until October 5th and 6th.

Therefore, I have informed the school that the evaluation will stay on October 4th to 6th, but on the first day, there will only be Alison and myself, with Jessica joining us on the second and third days. The good news is that we will have a full day on the third day. This should not affect the process too much because, if we had moved the dates to October 5th to 7th, the school only has a half-day on the 7th so our time would have been cut short.

Jessica, is it okay if you cover the PYP and help Alison out in the Humanities at the senior levels? I will help out in the senior levels as well, after I have completed the administration side of the school.

I will let you know about final plans for the pre-evaluation meeting.

If you have any questions, feel free to phone or email me.

Doug

Hi Cathy, hope your summer is going well, sounds like you got one trip under your belt already. Thanks for letting me know about the date conflict—I've made a substitution. At this point I can't guarantee you an inspection assignment but I'll keep you in mind as other scheduling conflicts come out of the woodwork between now and October.

Take care!

Good morning, Theo,

I hope you are having a great start to the summer. I just ^{s.22} and am now back at work, getting ready for the move to the new campus!

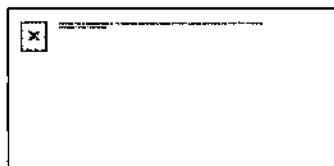

I must apologize but I am not able to commit to the evaluation team in October. This is my mistake because somehow it was not recorded in my calendar that these are ^{s.22}

^{s.22}

It was not recorded because the dates change every year according to ^{s.22} and it is rarely in October. This is my fault and so I extend my sincere apologies for any headache this will now cause you.

Thanks Theo, hope to see you soon,

Cathy

Good morning, Theo,

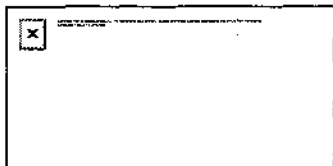

I have Maureen Dockendorf here at VTT this morning. My faculty is fully engaged with her and I am grateful to have her for our Pro D Day

Her presentation really speaks to our teachers in a meaningful and authentic way about putting learners at the center!

Have a great day!

Hi Theo,

I hope this email finds you well.

I've left you a voice mail message, but wanted to follow-up as well via email. Cathy Lowenstein has asked me to reach out to you about something that has come up at the school (Cathy is away). I would really welcome the opportunity to connect with you and fill you in.

Please let me know when might work for you?

Thanks so much,
Jessica

Dear Theo,

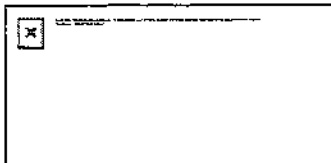

I hope you are doing well. I am in the US for a meeting but we had a serious situation with a teacher^{s.22} VTT. My Assistant Head, Jessica Neville has advised me and we then had a discussion with our school lawyers.

While we will be reporting this to the TRB, I think it would be prudent to let your office know.

Would it be ok if Jessica gave you a call in the morning?

I am at a conference tomorrow but will be back in Vancouver in the evening but I don't think it should wait until then.

Many thanks,
Cathy
