

School Completion Certificate Program

The School Completion (“Evergreen”) Certificate is intended to celebrate success in learning that is not recognized in a Certificate of Graduation (Dogwood Diploma). It is used to recognize the accomplishments of students with special needs and an Individual Education Plan, who have met the goals of their education program, **other than graduation** (and not all students with special needs should be in an Evergreen Certificate Program.) **The Evergreen Certificate is not a graduation credential**; students who receive an Evergreen have not graduated. It is important that students and their parents clearly understand that the Evergreen represents the completion of personal learning goals but does not represent graduation.

Some students may be unable to meet graduation requirements due to their special needs. However, the decision to put a student in an Evergreen Program should not be made prior to Grade 10, and should include the informed consent of the student’s parent(s)/guardian(s).

All students of school age are entitled to an education program, whether or not that program leads to graduation. For students pursuing an Evergreen Certificate, their education program should enable them to meet their individual learning goals. Accordingly, they should have an Individual Education Plan (IEP) that indicates their personal education goals, how the goals will be achieved, and on-going monitoring and assessment to know when the goals have been met and an Evergreen Certificate should be issued. Parents and, wherever appropriate, the student are to be provided an opportunity to be consulted about the preparation of the IEP.
